News Man On Trip With Rickenbacker Tells Of Record Hop

American Ace Makes Plane Flight Across U. S. In 12 Hours, 3 Minutes

ONE STOP MADE AT KANSAS CITY

EDITOR'S NOTE—James L. Kilgallen, International News Service staff writer, flew with Captain Eddie Rickenbacker from Los Angeles to New York in the amazing time of twelve hours and three minutes, a new trans-continental record for passenger airplanes. In the accompanying article Kilgallen gives a graphic description of the epic flight.

NEW YORK, Nov. 9.—California is today as close to New York by passenger airplane as Pittsburgh is by railroad.

In other words, twelve hours away.

This writer was one of six persons who flew from Los Angeles to New York in a powerful, twin-motored Douglas airliner in the bristling time of twelve hours, three minutes and fifty seconds.

I had breakfast in Los Angeles, dinner in New York.

Captain Eddie Rickenbacker, leading American ace in the World war, established his second transcontinental speed record this year when he landed the plane at 8:45:50 o'clock last night on Newark airport after a one-stop flight of 12 hours, 3 minutes and 50 second from Los Angeles.

Stop Made At Kansas City

The single stop was made at Kansas City where it took only twelve minutes to re-fuel and change the radio crystals.

Rickenbacker, eager to do even better, intended to stop at Chicago. But his gasoline ran low and there wasn't anything to do but to go into Kansas City.

Dawn was just breaking when the airliner took off with a crowd of spectators looking at 5:40 a. m. P. C. time.

It was a nice take off over the

(International News Service)

HARRISBURG, Nov. 9. — The Pennsylvania Power company has requested the public service commission to dismiss the complaint of the city of New Castle relative to rates, conditions and terms of a street lighting contract, the commission announced today.

The company also challenged the commission's authority to extend the city officials permission to examine its books and facilities.

In its answer the company alleged there was no power vested in the city or authority granted to it to inquire into or prosecute a complaint relative to rates for domestic or commercial uses within the city limits or elsewhere.

It averred further the power vested in a third class city to appropriate and expend public funds was limited solely to the furtherance of municipal projects.

The company asked that it be relieved from filing an answer to the petition for a subpoena duces tecum or for the privilege of examination of its books and records until the commission has acted upon its motion to dismiss the complaint.

Denies Right To Books.

The company also denied the authority of the commission to issue an order giving the city permission to inspect the books, records and plants of the company, alleging that the city's application was "in the

French Cabinet Works On Budget

France Looks Calmly On, Pacified By Make-up Of Cabinet

(International News Service)

PARIS, Nov. 9.—Practical-minded Premier Pierre-Etienne Flandin, heading a widely inclusive second "truce" cabinet that was substituted with lightning speed for the fallen government of veteran Gaston Doumergue, today set aside basic problems of constitutional reform to grapple with immediate budget necessities.

France looked calmly on, pacified by the cabinet's makeup, which covers the political composition of the chamber of deputies from right to left, and apparently willing to give Flandin a chance to succeed in the face of economic emergency at home and recurrent friction with Germany.

The problem which Flandin, still youthful former finance minister, was understood to be sketching to his cabinet at its first meeting today, had as its first principle restoration of optimistic confidence through immediate passage of a budget.

Five Victims Of Slaying Buried

Mining Community Pays Last Tribute To Dead In Political Feud

DEMOCRAT LEADERS ATTEND FUNERAL

(International News Service)

HAZLETON, Pa., Nov. 9.—Sadly and solemnly with grief unrestrained, the twin anthracite mining communities of Kelayres and McAdoo bore their five election eve massacre victims to their graves today.

Pennsylvania's newly chosen Democratic Senator and Governor, Joseph F. Guffey and George H. Earle, led the doleful procession of mourners down the winding roads of the drab anthracite countryside to the cemetery on the outskirts of McAdoo where the five men were laid to rest.

Democrats Attend

Pennsylvania's new senator and her new chief executive wept as they visited the sorrowing households of the five victims, Andrew Kostishian, 37, and John Galosky, 25, in McAdoo, and then Frank Fiorella 65, William Forke, 32, and Dominick Perna, 37, in Kelayres.

From house to house they went with David L. Lawrence, Democratic state chairman, and Attorney Charles J. Margiotti, the Punxsutawney attorney who rejected his Republicanism to support the Democrats in the last election, to pay their final tribute to the dead.

The funerals of the five men, shot down in a crossfire of bullets as they marched in a Democratic parade last Monday night, was accompanied by one of the greatest community outpourings of grief in the history of Pennsylvania.

For their deaths, Joseph Bruno, county detective and Republican political [illegible], his two sons, James and Alfred, and a nephew, Paul, were held without bail in the Schuylkill county prison at Pottsville on five separate charges of murder.

Two Ballot Boxes Ordered Opened

Clerical Errors Show More Votes Credited To Candidates Than Cast

NO ACTION ON PULASKI REPORT

Errors found by tellers making the official count of Tuesday's vote resulted today in Judge R. L. Hildebrand ordering ballot boxes from the third ward, Ellwood City, and the first precinct of the sixth ward, brought into court.

In the Ellwood ward it was found that five more ballots were counted for candidates for United States senator, than the total number of votes cast.

In the first of the sixth ward four more votes were counted for some of the candidates than were cast.

Check up of the ballots in the two boxes showed that the mistakes were due to clerical errors and were not intentional.

At any rate, they put the county to the expense of sending for the ballot boxes, a contingency that might have been avoided by more care on the part of the election boards.

Reports are to the effect that in one precinct of Pulaski township the election board threw out 26 or 27 votes on the wet and dry question for the reason that the voters had written in the word "yes" instead of making a cross opposite the question.

No official notice of such action has come before the court and no notice can be taken out unless a petition is presented setting forth the facts.

Only Informal Observance Of Day Will Be Made In Local District

TRI-COUNTY EVENT WILL NOT BE HELD

There will be no big formal celebration of Armistice Day in the local district this year, it is learned.

For some time past, a Tri-county celebration, sponsored by the World War Veterans of Lawrence, Mercer and Butler counties, has been held annually in New Castle, Sharon and Butler. Last year, the event took place in New Castle, but because of difficulty in raising funds to finance the celebration, the Sharon veterans, who were to have been hosts, have called off the celebration this year.

There will be church services Sunday morning in Trinity Episcopal church, sponsored by the Overseas Service League, and Monday evening, World War Veterans will have their customary dinner in The Castleton.

HOPE TO CREATE BUILDING JOBS

Part Of Better Housing Program Of Federal Administration

Following the approval of a better housing program as an RWD project, a meeting of the general committee, headed by J. W. Pattison, was held at 10 o'clock this morning in the Chamber of Commerce rooms, to discuss plans for putting the program into immediate operation.

Marcus Feuchtwanger, who was appointed some time ago to head the project, stated that over one hundred investigators will be employed in making a check up of every house in New Castle. He exhibited literature and questionaires sent out by the National Housing Administration. The questionaire, with a few changes, was adopted by the committee.

The General committee was appointed by Chairman Pattison soon after the National Housing act was signed, and several meetings were held to determine whether or not a campaign would be put on in New Castle.

To Kansas City

It was realized that it would require the services of a large number of people to make a check up of homes, and there was no way to pay them. One of the speakers who was here from Washington, D. C., stated that several cities had succeeded in getting funds through the RWD. The matter was taken up with George Mudehart, head of the RWD. While he was in correspondence with officials higher up, nothing more could be done by the General committee.

Mr. Mudehart has now had it approved. This means that over one hundred jobs will be opened for RWD workers who are competent to fill the places.

The names of possible investigators are to be sent to Mr. Feuchtwanger by the RWD. They will be given questionaires which they are to fill out, stating their qualifications. The object will be to secure the persons best fitted for the jobs.

The investigators will make a thorough check of the homes in

Naval Proposals Being Studied

Japanese Cabinet And Foreign Navy Ministries Study British Proposal

(International News Service)

TOKYO, Nov. 9—The cabinet and foreign navy ministries today studied Britain's compromise navy treaty proposals, but all indications were that they would not prove acceptable to Japan.

"We appreciate Britain's endeavor to bring our differences to an amicable settlement," said a spokesman for the foreign office, "but the British suggestion is far from the original Japanese proposals."

While the compromise ostensibly offered parity to Japan, Tokyo recognized that in fact it meant a "hidden ratio."

DEMOCRAT LEADERS ATTEND FUNERAL

(International News Service)

HAZLETON, Pa., Nov. 9.—Sadly and solemnly with grief unrestrained, the twin anthracite mining communities of Kelayres and McAdoo bore their five election eve massacre victims to their graves today.

Pennsylvania's newly chosen Democratic Senator and Governor, Joseph F. Guffey and George H. Earle, led the doleful procession of mourners down the winding roads of the drab anthracite countryside to the cemetery on the outskirts of McAdoo where the five men were laid to rest.

Democrats Attend

Pennsylvania's new senator and her new chief executive wept as they visited the sorrowing households of the five victims, Andrew Kostishian, 37, and John Galosky, 25, in McAdoo, and then Frank Florella 65, William Forke, 32, and Dominick Perna, 37, in Kelayres.

From house to house they went with David L. Lawrence, Democratic state chairman, and Attorney Charles J. Margiotti, the Punxsutawney attorney who rejected his Republicanism to support the Democrats, in the last election, to pay their final tribute to the dead.

The funerals of the five men, shot down in a crossfire of bullets as they marched in a Democratic parade last Monday night, was accompanied by one of the greatest community outpourings of grief in the history of Pennsylvania.

For their deaths, Joseph Bruno, county detective and Republican political boss, his two sons, James and Alfred, and a nephew, Paul, were held without bail in the Schuylkill county prison at Pottsville on five separate charges of murder.

Two Ballot Boxes Ordered Opened

Clerical Errors Show More Votes Credited To Candidates Than Cast

NO ACTION ON PULASKI REPORT

Errors found by tellers making the official count of Tuesday's vote resulted today in Judge R. L. Hildebrand ordering ballot boxes from the third ward, Ellwood City, and the first precinct of the sixth ward, brought into court.

In the Ellwood ward it was found that five more ballots were counted for candidates for United States senator, than the total number of votes cast.

In the first of the sixth ward four more votes were counted for some of the candidates than were cast.

Check up of the ballots in the two boxes showed that the mistakes were due to clerical errors and were not intentional.

At any rate, they put the county to the expense of sending for the ballot boxes, a contingency that might have been avoided by more care on the part of the election boards.

Reports are to the effect that in one precinct of Pulaski township the election board threw out 26 or 27 votes on the wet and dry question for the reason that the voters had written in the word "yes" instead of making a cross opposite the question.

No official notice of such action has come before the court and no notice can be taken out unless a petition is presented setting forth the facts.

No Celebration On Armistice Day

Only Informal Observance Of Day Will Be Made In Local District

TRI-COUNTY EVENT WILL NOT BE HELD

There will be no big formal celebration of Armistice Day in the local district this year, it is learned.

For some time past, a Tri-county celebration, sponsored by the World War Veterans of Lawrence, Mercer, and Butler counties, has been held annually in New Castle, Sharon and Butler. Last year, the event took place in New Castle, but because of difficulty in raising funds to finance the celebration, the Sharon veterans, who were to have been hosts, have called off the celebration this year.

There will be church services Sunday morning in Trinity Episcopal church, sponsored by the Overseas Service League, and Monday evening, World War Veterans will have their customary dinner in The Castleton.

Part Of Better Housing Program Of Federal Administration

Following the approval of a better housing program as an RWD project, a meeting of the general committee, headed by J. W. Pattison, was held at 10 o'clock this morning in the Chamber of Commerce rooms, to discuss plans for putting the program into immediate operation.

Marcus Feuchtwanger, who was appointed some time ago to head the project, stated that over one hundred investigators will be employed in making a check up of every house in New Castle. He exhibited literature and questionaires sent out by the National Housing Administration. The questionaire, with a few changes, was adopted by the committee.

The General committee was appointed by Chairman Pattison soon after the National Housing act was signed, and several meetings were held to determine whether or not a campaign would be put on in New Castle.

To Kansas City

It was realized that it would require the services of a large number of people to make a check up of homes, and there was no way to pay them. One of the speakers who was here from Washington, D. C., stated that several cities had succeeded in getting funds through the RWD. The matter was taken up with George Mudehart, head of the RWD. While he was in correspondence with officials higher up, nothing more could be done by the General committee.

Mr. Mudehart has now had it approved. This means that over one hundred jobs will be opened for RWD workers who are competent to fill the places.

The names of possible investigators are to be sent to Mr. Feuchtwanger by the RWD. They will be given questionaires which they are to fill out, stating their qualifications. The object will be to secure the persons best fitted for the jobs.

The investigators will make a thorough check of the homes in

Japanese Cabinet And Foreign Navy Ministries Study British Proposal

(International News Service)

TOKYO, Nov. 9—The cabinet and foreign navy ministries today studied Britain's compromise navy treaty proposals, but all indications were that they would not prove acceptable to Japan.

"We appreciate Britain's endeavor to bring our differences to an amicable settlement," said a spokesman for the foreign office, "but the British suggestion is far from the original Japanese proposals."

While the compromise ostensibly offered parity to Japan, Tokyo recognized that in fact it meant a "hidden ratio."

American Ace Makes Plane Flight Across U. S. In 12 Hours, 3 Minutes

ONE STOP MADE AT KANSAS CITY

EDITOR'S NOTE—James L. Kilgallen, International News Service staff writer, flew with Captain Eddie Rickenbacker from Los Angeles to New York in the amazing time of twelve hours and three minutes, a new trans-continental record for passenger airplanes. In the accompanying article Kilgallen gives a graphic description of the epic flight.

NEW YORK, Nov. 9.—California is today as close to New York by passenger airplane as Pittsburgh is by railroad.

In other words, twelve hours away.

This writer was one of six persons who flew from Los Angeles to New York in a powerful, twin-motored Douglas airliner in the bristling time of twelve hours, three minutes and fifty seconds.

I had breakfast in Los Angeles, dinner in New York.

Captain Eddie Rickenbacker, leading American ace in the World war, established his second transcontinental speed record this year when he landed the plane at 8:45:50 o'clock last night on Newark airport after a one-stop flight of 12 hours, 3 minutes and 50 second from Los Angeles.

Stop Made At Kansas City

The single stop was made at Kansas City where it took only twelve minutes to re-fuel and change the radio crystals.

Rickenbacker, eager to do even better, intended to stop at Chicago. But his gasoline ran low and there wasn't anything to do but to go into Kansas City.

Dawn was just breaking when the airliner took off with a crowd of spectators looking at 5:40 a. m. P. C. time.

It was a nice take off over the

Denies State Commission Has Right To Grant City's Demands

SAYS DATA SOUGHT FOR PRIVATE USE

(International News Service)

HARRISBURG, Nov. 9. — The Pennsylvania Power company has requested the public service commission to dismiss the complaint of the city of New Castle relative to rates, conditions and terms of a street lighting contract, the commission announced today.

The company also challenged the commission's authority to extend the city officials permission to examine its books and facilities.

In its answer the company alleged there was no power vested in the city or authority granted to it to inquire into or prosecute a complaint relative to rates for domestic or commercial uses within the city limits or elsewhere.

It averred further the power vested in a third class city to appropriate and expend public funds was limited solely to the furtherance of municipal projects.

The company asked that it be relieved from filing an answer to the petition for a subpoena ducus tecum or for the privilege of examination of its books and records until the commission has acted upon its motion to dismiss the complaint.

Denies Right To Books.

The company also denied the authority of the commission to issue an order giving the city permission to inspect the books, records and plants of the company, alleging that the city's application was "in the

French Cabinet Works On Budget

France Looks Calmly On, Pacified By Make-up Of Cabinet

(International News Service)

PARIS, Nov. 9.—Practical-minded Premier Pierre-Etienne Flandin, heading a widely inclusive second "truce" cabinet that was substituted with lightning speed for the fallen government of veteran Gaston Doumergue, today set aside basic problems of constitutional reform to grapple with immediate budget necessities.

France looked calmly on, pacified by the cabinet's makeup, which covers the political composition of the chamber of deputies from right to left, and apparently willing to give Flandin a chance to succeed in the face of economic emergency at home and recurrent friction with Germany.

The problem which Flandin, still youthful former finance minister, was understood to be sketching to his cabinet at its first meeting today, had as its first principle restoration of optimistic confidence through immediate passage of a budget.

And then, too, too big a victory ain't so good. We need quite a few in there just as detectives, or watchdogs.

Then, too, you want to remember that an awful lot of these Democratic voters this time are really at heart Republicans, and they can revert back to type mighty quick.

REMNANT OF G. O. P. IN SENATE IS LIBERAL

Insurgent Bloc Comprises Most

West Will Control Republican Delegation In U. S. Senate

TEN G. O. P. SENATORS REMAIN IN EAST

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Nov. 9.—**The Republican party in the senate, after decades of conservatism, was definitely liberal today as a result of Tuesday's elections.**

For the first time in history, the west will control the senate Republican side—and, more amazing, the old insurgent bloc will dominate it. The slaughter of conservative Republican senators in Tuesday's elections not only wiped out eastern control of the party in the senate, but actually left the insurgents with a dominating voice in the party's councils.

Insurgent Bloc Remains.

Out of of 25 Republicans in the new senate, 15 will come from the west. Of these, 10 were affiliated at one time or another with the insurgent bloc, which was fought for years by the eastern conservative Republican leadership. Four more of the westerners are definitely liberal. Only ten Republican senators will come from eastern states, and one of them is a liberal.

One of the ironies of the new senate lineup will be the fact that Senator Lynn J. Frazier (R) of North Dakota, has been re-elected while Senator David A. Reed (R) of Pennsylvania has been defeated. Frazier is the only remaining insurgent who was ousted from the Republican party after the 1924 election for having supported the late Robert M. Lafollette for president against Calvin Coolidge. And Senator Reed was the author of that ouster resolution. Now Frazier is a bulwark in the Republican ranks of the senate, while Reed has been retired to private life.

Ten Senators In East.

The east's ten senators will be Hale and White of Maine, Austin and Gibson of Vermont, Keyes of New Hampshire, Metcalf of Rhode Island, Barbour of New Jersey, Davis of Pennsylvania and Townsend and Hastings of Delaware.

From Pennsylvania Iowa, the Republicans will be without a senator.

The influence of the western group will dominate the determination of Republican congressional policies. Regardless of the attitude of house Republicans, who will be silenced and rendered impotent by house rules, the party's record must be made in the senate, where debate is unlimited. Consequently, the Republican party faces a liberal future, so far as its public declarations are concerned.

Indeed, it would not surprise observers if Henry P. Fletcher, the conservative Republican national chairman, resigns. His leadership was repudiated in the last campaign by Senator McNary, Republican leader of the senate. If McNary has influence, Fletcher will go.

Straight ahead the black San Bernardino mountains loomed ominously. Looking down we saw, like a massive jewel, the lights of Los Angeles, Pasadena and other cities and towns in the valley. It was a beautiful sight.

The glittering, colorful lights disappeared as we went out toward the east and up into the sky, higher and higher. Darkness melted and the red glare of the sun came over the mountains from the east.

Across Western States

Over the Mohave desert, pale yellow in hue, we shot, now at an altitude of 12,000 feet. On the plane roared across the northern tip of Arizona and the southern edge of Nevada.

At 7 a. m. Boulder Dam came into sight. The sun cast black and white shades on the mountains and gullies below. We were now at 13,000 feet altitude and still climbing. There were no tail winds, however, and this disappointed Rickenbacker a bit.

Soon the blazing sun was glittering down upon snow-capped mountains. Red, yellow and green colors in mountain passes intermingled.

The Rocky Mountain range was sighted, huge, impressive rock formations.

Then came the thrill of the trip. As we passed over the high, rugged mountainous ranges in Colorado a little south of Cripple Creek, and at an altitude of 16,000 feet, the powerful motors suddenly began to lose power and peter out.

Engines Shutting Down

We in the back noticed the motors were shutting down and the plane dropping toward the ominous peaks of the mountains. Of all places for a forced landing!

Rickenbacker and the other two in the cockpit were not alarmed, however. It seemed the tremendous speed had taken out all the gas from the tanks in the cabin and they were dry. In changing over to the tanks beneath the wings something happened and the contact was not immediate.

But conditions righted themselves in a few minutes. And once again we felt the powerful pull of the motors and we were again going up and on.

We landed at Kansas City at 2:26 Central time. We had made the 1,474 miles from Los Angeles to Kansas City in six hours and fifty six minutes.

In twelve minutes we were off on the last leg.

Rain In East

By the time we reached Philadelphia it was raining. The city below, aglow with lights, was a dazzling sight. A broadside wind had been whipping the plane south and weakening its speed.

In to the Newark airport we went, arriving there at 8:45 p. m. eastern time.

Pilot Morehouse calculated the plane's average speed for the flight from Los Angeles to New York was 219 miles an hour, as compared with the 202 miles an hour average by Captain Rickenbacker last February. On that occasion Rickenbacker made three stops—at Albuquerque, Kansas City and Columbus.

The previous Rickenbacker flight was completed in thirteen hours and two minutes.

Rickenbacker was pleased with having bettered his old mark by just about an hour. He said:

"It was a great flight. I think the time is coming—in a few years—when a twelve hour flight beyween Los Angeles and New York and vice versa will be a matter of fact schedule."

The right to examine its books and plants was vested by law solely in the commission and cannot be delegated, the company contended. If the right is exercised, it must be exercised by the commission, it was argued.

The power company further alleged that the data sought was not for the use of the city but "solely for the use of private interests who seek to obtain the same at the expense of the city for personal reasons."

The commission announced it will make a study of the company's reply before deciding on the next step in the case.

Coal Shortage At Grove City Is Threatened

Four Of Largest Mines In Grove City District Closed by Strike

(International News Service)

GROVE CITY, Nov. 9—Advancing winter weather brought fear of an acute coal shortage here today as four of the largest mines in the district continued idle in the grip of the miner's strike, effective now for 10 days.

Four mines which produce 90 per cent of the coal used by this community—the Bessemer Coal Company mine and the Gilson Cookson and Pine township mines—are reported near no immediate settlement. The miners are asking 100 per cent unionization and a ten cents per ton wage increase.

Declare Man Was Revived From Death

Lived 22 Hours After Being Revived But Failed To Regain Consciousness

(International News Service)

PHILADELPHIA, Nov. 9.—Twelve minutes after he had died, science brought Linzie Williams, 46, back to life. Although he lived for 22 hours after his reincarnation, Williams failed to regain consciousness.

The remarkable medical experiment was achieved with two injections of adrenalin, it was revealed today by physicians at the Philadelphia General hospital.

Injections of adrenalin have restored life before, but not after the patient's heart stopped beating for so long a period. Neither have the patients so treated held to life for almost a day afterward, asserted the physicians who believe Williams' case sets a new record in medical history.

Brain Suffering.

Williams died from a brain swelling induced by a toxic condition. When a stethoscopic examination failed to disclose any lung action or beating of the heart, Dr. James Greenwood, assistant chief resident physician at the institution, injected 10 minims of adrenalin into the heart.

The needle through which the adrenalin was injected failed to move, convincing physicians the heart was not beating that Williams was dead.

To make sure, however, Dr. Greenwood left the needle sticking in the heart for five minutes. Then it was withdrawn and a second injection of 15 minims of adrenalin was made. Two minutes later Williams' heart resumed beating and five minutes later the patient began to breath. During his reincarnation, Williams moaned and moved his arms but did not regain consciousness.

It isn't cynical to wonder how the successful man keeps on getting by. He does, too.

the stone fence along the sidewalk, appears to most residents of New Castle to be getting the cart before the horse. Completion of the stone balustrade along the sidewalk is more to be desired than the continuation of piling up the great stone wall on the hillside. It is to be hoped that authorization for completion of the balustrade will soon be granted and the work resumed. That half completed project is one that by all means should be finished by the RWD.

Work of repaving a portion of the Highland avenue hill between Lincoln avenue and Grant street, is under way. Part of the paving has been torn up. This improvement is one that has been badly needed for a long time, as the paving on this part of Highland avenue has been exceedingly rough.

CANVASS OF CITY WILL BE STARTED IN NEAR FUTURE

(Continued From Page One)

New Castle needing repairs. Provisions has been made whereby the home owner who desires to make repairs can borrow money at the banks. The loans made by the banks are guaranteed up to 20 per cent by the government. It is claimed that the twenty per cent guarantee is sufficient to cover any possible loss. The loans are not guaranteed individually but collectively. That is if a bank loans $50,000 to a number of individuals, the 20 per cent is figured on the gross loan.

To Check Reports

Many property owners have been unable to make necessary repairs on the houses that have been rented for the reason that in some cases the houses are occupied by tenants who are on relief and they have not been able to pay the rent. This has worked a great injustice to the owner of the property, as it is not only deteriorating, but the taxes are running against it.

A. W. Chilton, secretary of the Chamber of Commerce, has sent a wire to Eric Biddle, relief head, setting forth that it is reported that rents are being paid for persons on relief in Allegheny and other counties, and it is felt that discrimination has been shown, since nothing has been done along that line in New Castle. Mr. Chilton has not yet received a reply.

Canvass of New Castle will begin just as soon as the workers can be organized. It is estimated that it will result in furnishing thousands of dollars worth of business for business men and unemployed mechanics of New Castle.

WILL TEST WATER

HARRISBURG—The Health Department today sent application blanks to distributors of bottled water for permits to do business within the State during 1935. While the majority of the supplies are in Pennsylvania, there are a number of inter-state operators involved.

Members of the engineering bureau will start the examination of the supplies within the next few days. Purity of the sources of supplies will be investigated. The preventive measures involved in maintaining that purity will also be checked. Methods of handling and bottling the supplies will receive official attention.

Law Violations Will Be Probed

(International News Service)

SCRANTON, Pa., Nov. 9.—A sweeping probe of alleged election law violations in Luzerne county will be instituted within a day or two, Dr. Leo C. Mundy, collector of internal revenue for the middle Pennsylvania district and a Democratic leader, announced today after a conference with United States Attorney Frank J. McDonnell here.

Reports submitted to federal authorities at Scranton by department of justice agents were expected to form the basis of a possible grand jury investigation of last Tuesday's Luzerne county vote.

HOLD DRUNKEN DRIVERS

HARRISBURG—During September, State Highway Patrolmen arrested 103 motorists on charges of operating motor vehicles while under the influence of intoxicants. The patrol's campaign against this class of law violators has resulted in 886 arrests during nine months.

Out of 803 patrol cases involving this charge, and disposed of by the end of September, 649 defendants were convicted and 154 were discharged.

Unidentified Man Is Found Dead In Pittsburgh Today

(International News Service)

PITTSBURGH, Nov. 9.—With the initials "A. H."—tattooed on his left arm—their only clue, police today sought to determine the identity of a man, aged about 65, found dead under the north side approach to the Manchester bridge.

Death, an autopsy revealed, was due to heart failure.

Alleged Robber Held By Police

(International News Service)

PITTSBURGH, Nov. 9—Captured in Akron, O., after a two-year search for him on charges of having participated in a $12,500 mail robbery here, Herbert Hollander, alias Herbert Keller, 32, was returned to Pittsburgh today and held for trial.

Taken with him was Samuel Cohen, who with Albert W. Douglas, pleaded guilty to robbing a Pennsylvania railroad car in January, 1932, and served two years in the Federal penitentiary.

REMNANT OF G. O. P. IN SENATE IS LIBERAL

Insurgent Bloc Comprises Most

West Will Control Republican Delegation In U. S. Senate

TEN G. O. P. SENATORS REMAIN IN EAST

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Nov. 9.—**The Republican party in the senate, after decades of conservatism, was definitely liberal today as a result of Tuesday's elections.**

For the first time in history, the west will control the senate Republican side—and, more amazing, the old insurgent bloc will dominate it. The slaughter of conservative Republican senators in Tuesday's elections not only wiped out eastern control of the party in the senate, but actually left the insurgents with a dominating voice in the party's councils.

Insurgent Bloc Remains.

Out of of 25 Republicans in the new senate, 15 will come from the west. Of these, 10 were affiliated at one time or another with the insurgent bloc, which was fought for years by the eastern conservative Republican leadership. Four more of the westerners are definitely liberal. Only ten Republican senators will come from eastern states, and one of them is a liberal.

One of the ironies of the new senate lineup will be the fact that Senator Lynn J. Frazier (R) of North Dakota, has been re-elected while Senator David A. Reed (R) of Pennsylvania has been defeated. Frazier is the only remaining insurgent who was ousted from the Republican party after the 1924 election for having supported the late Robert M. Lafollette for president against Calvin Coolidge. And Senator Reed was the author of that ouster resolution. Now Frazier is a bulwark in the Republican ranks of the senate, while Reed has been retired to private life.

Ten Senators In East.

The east's ten senators will be Hale and White of Maine, Austin and Gibson of Vermont, Keyes of New Hampshire, Metcalf of Rhode Island, Barbour of New Jersey, Davis of Pennsylvania and Townsend and Hastings of Delaware.

From Pennsylvania Iowa, the Republicans will be without a senator.

The influence of the western group will dominate the determination of Republican congressional policies. Regardless of the attitude of house Republicans, who will be silenced and rendered impotent by house rules, the party's record must be made in the senate, where debate is unlimited. Consequently, the Republican party faces a liberal future so far as its public declarations are concerned.

Indeed, it would not surprise observers if Henry P. Fletcher, the conservative Republican national chairman, resigns. His leadership was repudiated in the last campaign by Senator McNary, Republican leader of the senate. If McNary has influence, Fletcher will go.

The needle through which the adrenalin was injected failed to move, convincing physicians the heart was not beating that Williams was dead.

To make sure, however, Dr. Greenwood left the needle sticking in the heart for five minutes. Then it was withdrawn and a second injection of 15 minims of adrenalin was made. Two minutes later Williams' heart resumed beating and five minutes later the patient began to breath. During his reincarnation, Williams moaned and moved his arms but did not regain consciousness.

New Castle needing repairs. Provisions has been made whereby the home owner who desires to make repairs can borrow money at the banks. The loans made by the banks are guaranteed up to 20 per cent by the government. It is claimed that the twenty per cent guarantee is sufficient to cover any possible loss. The loans are not guaranteed individually but collectively. That is if a bank loans $50,000 to a number of individuals, the 20 per cent is figured on the gross loan.

To Check Reports

Many property owners have been unable to make necessary repairs on the houses that have been rented for the reason that in some cases the houses are occupied by tenants who are on relief and they have not been able to pay the rent. This has worked a great injustice to the owner of the property, as it is not only deteriorating, but the taxes are running against it.

A. W. Chilton, secretary of the Chamber of Commerce, has sent a wire to Eric Biddle, relief head, setting forth that it is reported that rents are being paid for persons on relief in Allegheny and other counties, and it is felt that discrimination has been shown, since nothing has been done along that line in New Castle. Mr. Chilton has not yet received a reply.

Canvass of New Castle will begin just as soon as the workers can be organized. It is estimated that it will result in furnishing thousands of dollars worth of business for business men and unemployed mechanics of New Castle.

WILL TEST WATER

HARRISBURG—The Health Department today sent application blanks to distributors of bottled water for permits to do business within the State during 1935. While the majority of the supplies are in Pennsylvania, there are a number of inter-state operators involved.

Members of the engineering bureau will start the examination of the supplies within the next few days. Purity of the sources of supplies will be investigated. The preventive measures involved in maintaining that purity will also be checked. Methods of handling and bottling the supplies will receive official attention.

Law Violations Will Be Probed

(International News Service)

SCRANTON, Pa., Nov. 9.—A sweeping probe of alleged election law violations in Luzerne county will be instituted within a day or two, Dr. Leo C. Mundy, collector of internal revenue for the middle Pennsylvania district and a Democratic leader, announced today after a conference with United States Attorney Frank J. McDonnell here.

Reports submitted to federal authorities at Scranton by department of justice agents were expected to form the basis of a possible grand jury investigation of last Tuesday's Luzerne county vote.

HOLD DRUNKEN DRIVERS

HARRISBURG—During September, State Highway Patrolmen arrested 103 motorists on charges of operating motor vehicles while under the influence of intoxicants. The patrol's campaign against this class of law violators has resulted in 886 arrests during nine months.

Out of 803 patrol cases involving this charge, and disposed of by the end of September, 649 defendants were convicted and 154 were discharged.

(International News Service)

PITTSBURGH, Nov. 9.—With the initials "A. H."—tattooed on his left arm—their only clue, police today sought to determine the identity of a man, aged about 65, found dead under the north side approach to the Manchester bridge.

Death, an autopsy revealed, was due to heart failure.

Alleged Robber Held By Police

(International News Service)

PITTSBURGH, Nov. 9—Captured in Akron, O., after a two-year search for him on charges of having participated in a $12,500 mail robbery here, Herbert Hollander, alias Herbert Keller, 32, was returned to Pittsburgh today and held for trial.

Taken with him was Samuel Cohen, who with Albert W. Douglas, pleaded guilty to robbing a Pennsylvania railroad car in January, 1932, and served two years in the Federal penitentiary.

REMNANT OF G. O. P. IN SENATE IS LIBERAL

Insurgent Bloc Comprises Most

West Will Control Republican Delegation In U. S. Senate

TEN G. O. P. SENATORS REMAIN IN EAST

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Nov. 9.—**The Republican party in the senate, after decades of conservatism, was definitely liberal today as a result of Tuesday's elections.**

For the first time in history, the west will control the senate Republican side—and, more amazing, the old insurgent bloc will dominate it. The slaughter of conservative Republican senators in Tuesday's elections not only wiped out eastern control of the party in the senate, but actually left the insurgents with a dominating voice in the party's councils.

Insurgent Bloc Remains.

Out of of 25 Republicans in the new senate, 15 will come from the west. Of these, 10 were affiliated at one time or another with the insurgent bloc, which was fought for years by the eastern conservative Republican leadership. Four more of the westerners are definitely liberal. Only ten Republican senators will come from eastern states, and one of them is a liberal.

One of the ironies of the new senate lineup will be the fact that Senator Lynn J. Frazier (R) of North Dakota, has been re-elected while Senator David A. Reed (R) of Pennsylvania has been defeated. Frazier is the only remaining insurgent who was ousted from the Republican party after the 1924 election for having supported the late Robert M. Lofollette for president against Calvin Coolidge. And Senator Reed was the author of that ouster resolution. Now Frazier is a bulwark in the Republican ranks of the senate, while Reed has been retired to private life.

Ten Senators In East.

The east's ten senators will be Hale and White of Maine, Austin and Gibson of Vermont, Keyes of New Hampshire, Metcalf of Rhode Island, Barbour of New Jersey, Davis of Pennsylvania and Townsend and Hastings of Delaware.

From Pennsylvania Iowa, the Republicans will be without a senator.

The influence of the western group will dominate the determination of Republican congressional policies. Regardless of the attitude of house Republicans, who will be silenced and rendered impotent by house rules, the party's record must be made in the senate, where debate is unlimited. Consequently, the Republican party faces a liberal future so far as its public declarations are concerned.

Indeed, it would not surprise observers if Henry P. Fletcher, the conservative Republican national chairman, resigns. His leadership was repudiated in the last campaign by Senator McNary, Republican leader of the senate. If McNary has influence, Fletcher will go.

NEWS MAN ON TRIP WITH RICKENBACKER TELLS OF RECORD HOP

(Continued From Page One)

long runway. But we passengers heard a straining of the structure—like the crackling of wood—as the plane got away with its heavy load.

Straight ahead the black San Bernardino mountains loomed ominously. Looking down we saw, like a massive jewel, the lights of Los Angeles, Pasadena and other cities and towns in the valley. It was a beautiful sight.

The glittering, colorful lights disappeared as we went out toward the east and up into the sky, higher and higher. Darkness melted and the red glare of the sun came over the mountains from the east.

Across Western States

Over the Mohave desert, pale yellow in hue, we shot, now at an altitude of 12,000 feet. On the plane roared across the northern tip of Arizona and the southern edge of Nevada.

At 7 a. m. Boulder Dam came into sight. The sun cast black and white shades on the mountains and gullies below. We were now at 13,000 feet altitude and still climbing. There were no tail winds, however, and this disappointed Rickenbacker a bit.

Soon the blazing sun was glittering down upon snow-capped mountains. Red, yellow and green colors in mountain passes intermingled.

The Rocky Mountain range was sighted, huge, impressive rock formations.

Then came the thrill of the trip. As we passed over the high, rugged mountainous ranges in Colorado a little south of Cripple Creek, and at an altitude of 16,000 feet, the powerful motors suddenly began to lose power and peter out.

Engines Shutting Down

We in the back noticed the motors were shutting down and the plane dropping toward the ominous peaks of the mountains. Of all places for a forced landing!

Rickenbacker and the other two in the cockpit were not alarmed, however. It seemed the tremendous speed had taken out all the gas from the tanks in the cabin and they were dry. In changing over to the tanks beneath the wings something happened and the contact was not immediate.

But conditions righted themselves in a few minutes. And once again we felt the powerful pull of the motors and we were again going up and on.

We landed at Kansas City at 2:26 Central time. We had made the 1,474 miles from Los Angeles to Kansas City in six hours and fifty six minutes.

In twelve minutes we were off on the last leg.

Rain In East

By the time we reached Philadelphia it was raining. The city below, aglow with lights, was a dazzling sight. A broadside wind had been whipping the plane south and weakening its speed.

In to the Newark airport we went, arriving there at 8:45 p. m. eastern time.

Pilot Morehouse calculated the plane's average speed for the flight from Los Angeles to New York was 219 miles an hour, as compared with the 202 miles an hour average by Captain Rickenbacker last February. On that occasion Rickenbacker made three stops—at Albuquerque, Kansas City and Columbus.

The previous Rickenbacker flight was completed in thirteen hours and two minutes.

Rickenbacker was pleased with having bettered his old mark by just about an hour. He said:

"It was a great flight. I think the time is coming—in a few years—when a twelve hour flight between Los Angeles and New York and vice versa will be a matter of fact schedule."

The right to examine its books and plants was vested by law solely in the commission and cannot be delegated, the company contended. If the right is exercised, it must be exercised by the commission, it was argued.

The power company further alleged that the data sought was not for the use of the city but "solely for the use of private interests who seek to obtain the same at the expense of the city for personal reasons."

The commission announced it will make a study of the company's reply before deciding on the next step in the case.

Coal Shortage At Grove City Is Threatened

Four Of Largest Mines In Grove City District Closed by Strike

(International News Service)

GROVE CITY, Nov. 9—Advancing winter weather brought fear of an acute coal shortage here today as four of the largest mines in the district continued idle in the grip of the miner's strike, effective now for 10 days.

Four mines which produce 90 per cent of the coal used by this community—the Bessemer Coal Company mine and the Gilson Cookson and Pine township mines—are reported near no immediate settlement. The miners are asking 100 per cent unionization and a ten cents per ton wage increase.

Declare Man Was Revived From Death

Lived 22 Hours After Being Revived But Failed To Regain Consciousness

(International News Service)

PHILADELPHIA, Nov. 9.—Twelve minutes after he had died, science brought Linzie Williams, 46, back to life. Although he lived for 22 hours after his reincarnation, Williams failed to regain consciousness.

The remarkable medical experiment was achieved with two injections of adrenalin, it was revealed today by physicians at the Philadelphia General hospital.

Injections of adrenalin have restored life before, but not after the patient's heart stopped beating for so long a period. Neither have the patients so treated held to life for almost a day afterward, asserted the physicians who believe Williams' case sets a new record in medical history.

Brain Suffering.

Williams died from a brain swelling induced by a toxic condition. When a stethoscopic examination failed to disclose any lung action or beating of the heart, Dr. James Greenwood, assistant chief resident physician at the institution, injected 10 minims of adrenalin into the heart.

The needle through which the adrenalin was injected failed to move, convincing physicians the heart was not beating that Williams was dead.

To make sure, however, Dr. Greenwood left the needle sticking in the heart for five minutes. Then it was withdrawn and a second injection of 15 minims of adrenalin was made. Two minutes later Williams' heart resumed beating and five minutes later the patient began to breath. During his reincarnation, Williams moaned and moved his arms but did not regain consciousness.

EVENING COURTESY FOR ELEANOR TRAVERS

Miss Eleanor Irene Travers, a bride-to-be of next week, was again complimented, Thursday evening, at an informal party in the home of Miss Gertrude Dagnon, on Moore avenue.

Three tables of bridge were in play during the evening with lovely favors being awarded to Miss Travers and Miss Edith Hamilton.

For a delicious luncheon served at the dining room table, appointments were developed in blue and gold. A centerpiece of baby mums, between yellow crystal holders with blue tapers, accented the idea. Misses Mac and Helen Dagnon, the hostess' sister, were aides.

Mrs. Glenn Hays, of Beaver Falls, was among the guests.

Miss Travers will be feter this evening, at a similar party, over which Miss Mary Emma McLafferty will preside, at her home, on Shenango street.

SEVERAL GUESTS AT CLUB GATHERING

Singles and doubles had three guests at their club session Thursday, evening, in the home of Miss Harriet Beadel, on Reis street. They were Mrs. Harry Lampe, Miss Elizabeth Gilfillan and Miss Sara L. Cobau.

Miss Cobau won the card award, and serving a dainty refection, Mrs. Fred Lee assisted.

Plans for the next assembly are incomplete.

P. 12 P Club.

Mrs. Frederick Droder was hostess to the P. 12 P. club Wednesday evening when cards were in play at two tables. Miss Tillie Pignon, Mrs. Marshall Budzowski and Miss Wanda Potoczna were club guests. Luncheon was served at a later time.

November 21, Mrs. Anthony Kacenski will entertain at her home in Beaver Falls.

NEW CASTLE COLONY AT ST. PETERSBURG

St. Petersburg, Florida, is getting ready for a gay and busy social season for the pleasure of its hundreds of winter guests.

Among the large number of tourists attracted to this popular spot, even this early in the season, there is already a colony of seven New Castleites including Mrs. Jessie Cham, Wilmington avenue, Mr. and Mrs. Ruben Chapman, West Washington street, Mrs. Catherine A. Jackson, North Mercer street and Mr. and Mrs. Charles Rohn, North Mercer street. This number will probably be trebled by December.

PAST MATRON'S NIGHT WILL FEATURE DINNER

Miss Bessie Durant, worthy matron of New Castle chapter, 105 Order of Eastern Star, has planned a delightful evening for the past matrons of the chapter for Monday, November 26.

Mrs. W. O. Williams will have charge of the dinner, which will be served at 6 o'clock when the families of the members will be guests. After dinner, while the members are in a business session, there will be an entertainment provided for the families.

Ever Ready Class

Ever Ready class is a new name chosen by Sunday school pupils of Simpson M. E. church, taught by Mollie Komarc, meeting Thursday evening in the home of Edna Parkinson, on Lathrop street.

Besides selecting their name, the group discussed plans for the winter's work, planning a tureen dinner for December, in the home of Arthur Llewellyn, North Liberty street. Owen Snyder and Arthur Llewellyn were named to check up on attendance of absentees.

The social period was enlivened with games, and refreshments were served.

SPLENDID PROGRAM AT GARDEN MEETING

The November meeting of Mahoning Valley Garden club was an interesting event of Thursday evening at the home of Mr. and Mrs. E. M. Byler at Parkstown Corners, with 30 members present.

Miss Edna Robison, president, was in the chair, the meeting being opened by the singing of "America". Mrs. A. E. Michaels gave the report of the nominating committee which retained all of the 1934 officers, with the exception of Miss Elma Robinson, who on account of teaching duties is too busy to take care of the office. Mrs. W. W. Wallace was suggested in her place.

The club has decided to have an advisory board this year and also a question box. The latter has been prepared by Mrs. C. F. McCullough and occupied a prominent place last evening. Members will place questions in the box at each meeting, these to be distributed and answered for the meeting, following.

Four new members were welcomed, Mrs. Bertha Bonnett, Leslie Whiting, A. E. Michaels and G. E. Hink. Other recent members, Miss Effie Porter, Mrs. Merle Davis and Mrs. P. E. Cochran, were present for the first time.

The president appointed Mrs. W. G. Wilkins to review the book "The Garden Year Book" in the near future. She also named Miss Vera Cox and Mrs. Merle Davis to secure trays for club use.

An interesting program followed the business sesion. Mrs. W. G. Wilkins gave a paper on "Chrysanthemums" and "Lilies and Lily Pools" were discussed by Miss Elizabeth Wallace.

A number of clippings of interest were passed around, among these being one, with an accompanying picture, of the kind of pitchfork used in France for digging flowers, and another, one which told of the Market Place, in Cleveland.

During a social hour, dainty refreshments were served by the hostess and her aides, Mrs. G. E. Hink, Mrs. C. C. Stump, Misses Katherine and Mary Teresa Byler.

Special guests included Mrs. George R. Hudson, Robert and Walter Wallace, Lawrence Trushel, E. M. Byler, Lawrence, Katherine and Mary Teresa Byler.

For the December, on the 13th, Mr. and Mrs. W. W. Wallace will be hosts at their home on the New Castle-Youngstown road. This affair will be in the nature of a Christmas party, and it will be featured by an exchange of seeds, bulbs and flowers.

Meet At Weingartners.

Thursday afternoon the members of the Women's Bible class of the Epworth Methodist church met at the home of Mrs. George T. Weingartner, Butler road, for a business and social meeting.

After a short business period the social committee of the class presented a program, with Miss Eva Donaldson giving a humorous reading.

Refreshments were served by the hostess and her associates, Mrs. J. A. Weingartner and Mrs. Robert Stitzinger.

The December meeting will be dispensed with on account of the holidays.

King's Daughters Party

An enjoyable meeting of the King's Daughters class of the Calvary Presbyterian church was held Wednesday evening in the home of Mrs. William Holzhauser on Edison avenue.

The hours were spent in games and prizes were awarded Mrs. Josephine Shaffer and Mrs. W. Brunton, after which a tasty lunch was served 20 by the hostess, assisted by Mrs. Hilda Fredericks, Mrs. Lois Hanna and Mrs. Lou McClain.

Mrs. Ethel Mayberry, East New Castle, will be hostess at the December meeting.

Daniel Leasure Auxiliary

The members of the Daniel Leasure Auxiliary will attend the Armistice Day Memorial service in the Trinity church Sunday morning, meeting at 10:45 at the church to go in a body into the auditorium.

At 2 p. m. Sunday they will also go to Oil City to attend the Northwestern district council meeting when Mrs. Hattie Prazenfeld of Philadelphia, department president, will be present.

The auxiliary and camp will unite in a card and bingo party Wednesday November 14, at 8 o'clock.

Boston Wedding

Relatives of Gordon Rohrer, Boston, Mass., and son of Mr. and Mrs. William Rohrer, of Sharon have received announcements of his marriage to Miss Vivian Farrell, also of Boston.

The ceremony was performed on November 5 in New York and the couple has taken up their residence in Boston where Mr. Rohrer is employed.

Mr. Rohrer has visited a number of times in this vicinity, and his many friends will be interested in learning of the event.

T. O. T. Club

Miss Estella Wilson, of Franklin avenue, entertained the T. O. T. club at her home, Wednesday evening. Cards were the evening's diversion, with prizes going to Misses Anna Marian Critchlow and Coletta Preisel. Mrs. Amy Wilson assisted the hostess' mother with refreshments.

In two weeks, the club will meet at the Preisel home, on Etna street.

Miss Cobau won the card award, and serving a dainty refection, Mrs. Fred Lee assisted.

Plans for the next assembly are incomplete.

P. 12 P Club.

Mrs. Frederick Droder was hostess to the P. 12 P. club Wednesday evening when cards were in play at two tables. Miss Tillie Pignon, Mrs Marshall Budzowski and Miss Wanda Potoczna were club guests. Luncheon was served at a later time.

November 21, Mrs. Anthony Kacenski will entertain at her home in Beaver Falls.

NEW CASTLE COLONY AT ST. PETERSBURG

St. Petersburg, Florida, is getting ready for a gay and busy social season for the pleasure of its hundreds of winter guests.

Among the large number of tourists attracted to this popular spot, even this early in the season, there is already a colony of seven New Castleites including Mrs. Jessie Chain, Wilmington avenue, Mr. and Mrs. Ruben Chapman, West Washington street, Mrs. Catherine A. Jackson, North Mercer street and Mr. and Mrs. Charles Rohn, North Mercer street. This number will probably be trebled by December.

PAST MATRON'S NIGHT WILL FEATURE DINNER

Miss Bessie Durant, worthy matron of New Castle chapter, 105 Order of Eastern Star, has planned a delightful evening for the past matrons of the chapter for Monday, November 26.

Mrs. W. O. Williams will have charge of the dinner, which will be served at 6 o'clock when the families of the members will be guests. After dinner, while the members are in a business session, there will be an entertainment provided for the families.

Ever Ready Class

Ever Ready class is a new name chosen by Sunday school pupils of Simpson M. E. church, taught by Mollie Komarc, meeting Thursday evening in the home of Edna Parkinson, on Lathrop street.

Besides selecting their name, the group discussed plans for the winter's work, planning a tureen dinner for December, in the home of Arthur Llewellyn, North Liberty street. Owen Snyder and Arthur Llewellyn were named to check up on attendance of absentees.

The social period was enlivened with games, and refreshments were served.

SPLENDID PROGRAM AT GARDEN MEETING

The November meeting of Mahoning Valley Garden club was an interesting event of Thursday evening at the home of Mr. and Mrs. E. M. Byler at Parkstown Corners, with 30 members present.

Miss Edna Robison, president, was in the chair, the meeting being opened by the singing of "America". Mrs. A. E. Michaels gave the report of the nominating committee which retained all of the 1934 officers, with the exception of Miss Elma Robinson, who on account of teaching duties is too busy to take care of the office. Mrs. W. W. Wallace was suggested in her place.

The club has decided to have an advisory board this year and also a question box. The latter has been prepared by Mrs. C. F. McCullough and occupied a prominent place last evening. Members will place questions in the box at each meeting, these to be distributed and answered for the meeting, following.

Four new members were welcomed, Mrs. Bertha Bonnett, Leslie Whiting, A. E. Michaels and G. E. Hink. Other recent members, Miss Effie Porter, Mrs. Merle Davis and Mrs. P. E. Cochran, were present for the first time.

The president appointed Mrs. W. G. Wilkins to review the book "The Garden Year Book" in the near future. She also named Miss Vera Cox and Mrs. Merle Davis to secure trays for club use.

An interesting program followed the business sesion. Mrs. W. G. Wilkins gave a paper on "Chrysanthemums" and "Lilies and Lily Pools" were discussed by Miss Elizabeth Wallace.

A number of clippings of interest were passed around, among these being one, with an accompanying picture, of the kind of pitchfork used in France for digging flowers, and another, one which told of the Market Place, in Cleveland.

During a social hour, dainty refreshments were served by the hostess and her aides, Mrs. G. E. Hink, Mrs. C. C. Stump, Misses Katherine and Mary Teresa Byler.

Special guests included Mrs. George R. Hudson, Robert and Walter Wallace, Lawrence Trushel, E. M. Byler, Lawrence, Katherine and Mary Teresa Byler.

For the December, on the 13th, Mr. and Mrs. W. W. Wallace will be hosts at their home on the New Castle-Youngstown road. This affair will be in the nature of a Christmas party, and it will be featured by an exchange of seeds, bulbs and flowers.

Meet At Weingartners.

Thursday afternoon the members of the Women's Bible class of the Epworth Methodist church met at the home of Mrs. George T. Weingartner, Butler road, for a business and social meeting.

After a short business period the social committee of the class presented a program, with Miss Eva Donaldson giving a humorous reading.

Refreshments were served by the hostess and her associates, Mrs. J. A. Weingartner and Mrs. Robert Stitzinger.

The December meeting will be dispensed with on account of the holidays.

King's Daughters Party

An enjoyable meeting of the King's Daughters class of the Calvary Presbyterian church was held Wednesday evening in the home of Mrs. William Holzhauser on Edison avenue.

The hours were spent in games and prizes were awarded Mrs. Josephine Shaffer and Mrs. W. Brunton, after which a tasty lunch was served 20 by the hostess, assisted by Mrs. Hilda Fredericks, Mrs. Lois Hanna and Mrs. Lou McClain.

Mrs. Ethel Mayberry, East New Castle, will be hostess at the December meeting.

Daniel Leasure Auxiliary

The members of the Daniel Leasure Auxiliary will attend the Armistice Day Memorial service in the Trinity church Sunday morning, meeting at 10:45 at the church to go in a body into the auditorium.

At 2 p. m. Sunday they will also go to Oil City to attend the Northwestern district council meeting when Mrs. Hattie Prazenfeld of Philadelphia, department president, will be present.

The auxiliary and camp will unite in a card and bingo party Wednesday November 14, at 8 o'clock.

Boston Wedding

Relatives of Gordon Rohrer, Boston, Mass., and son of Mr. and Mrs. William Rohrer, of Sharon have received announcements of his marriage to Miss Vivian Farrell, also of Boston.

The ceremony was performed on November 5 in New York and the couple has taken up their residence in Boston where Mr. Rohrer is employed.

Mr. Rohrer has visited a number of times in this vicinity, and his many friends will be interested in learning of the event.

T. O. T. Club

Miss Estelia Wilson, of Franklin avenue, entertained the T. O. T. club at her home, Wednesday evening. Cards were the evening's diversion, with prizes going to Misses Anna Marian Critchlow and Coletta Preisel. Mrs. Amy Wilson assisted the hostess' mother with refreshments.

In two weeks, the club will meet at the Preisel home, on Etna street.

W. L. C. CLUB HAS ANNIVERSARY DINNER

Members of the W. L. C. club enjoyed the second anniversary of the club's organization at a delightful dinner party Thursday evening in the home of Mrs. Mont Forney, Carlisle street, at which time Mrs. Jack Flynn and Mrs. Roy Allshouse were associate hostesses.

Places were arranged for 18 about a handsomely appointed table and a most delicious menu issued from the casseroles brought by the members.

A business meeting followed dinner, with an election of officers resulting in Mrs. Pansy Reiber being named president, Mrs. Mary Wilson, secretary and Mrs. Hilda Wilson, treasurer. Prizes at games were won by Mesdames Katherine Eckles, Jessie McCann and Hilda Wilson.

Plans were made for a Christmas party December 13 in the home of Mrs. Hilda Wilson, Lorain avenue, with Mrs. Catherine Eckles and Mrs. Blodwin Leslie as associate hostesses.

Reunited League

The Reunited League met Thursday evening with Mrs. Rebecca Strong, Neshannock avenue, for an evening of business and bingo, with Mrs. Nancy Van Horn, Anna Martin and Mrs. Rebecca Strong winning the prizes.

A menu of dainty refreshments was served, the hostess being assisted by her daughters, Mrs. Della Siddall and Miss Nina Strong.

November 15 the league will meet with Mrs. Anna Nolte, Cumberland avenue.

BESTYETTE BRIDGE CLUB ENTERTAINED

The Bestyette Bridge club enjoyed the hospitality extended Thursday evening, in the home of Mrs. Ned Chapman, Highland avenue, when they were entertained at their regular session. Mrs. Chester Craig was a special guest.

Contract bridge occupied the early hours, and Mrs. Clair Montgomery was awarded the prize for holding high score. The serving of a delicious repast by the hostess, was a feature. Her mother, Mrs. J. C. Leohner, assisted with the menu, and the appointments were carried out in blue and white. Radio music and chat also filled in the leisure moments.

In two weeks, Mrs. Samuel Frank, of Meyer avenue, will entertain.

Amerita Club

Mrs. A. Nocera, Cameron avenue, was hostess to the Amerita club Thursday evening, with two visitors present, Misses Rose and Mary Chill. Miss Rose Chill won the high score favor at cards, while the club award fell to Miss Angeline Iacobucci. A nicely arranged luncheon was served in the dining room at a suitable time.

On November 22, Mrs. A. Villani, East Reynolds street will entertain.

Students Recital.

Mrs. D. Duff Scott, assisted by Mrs. James N. Rugh and Salvatore Cresce, will present a number of her students in concert Monday evening, November 12, in Highland U. P. church at 8 o'clock.

O. M. K. MEMBERS GUESTS THURSDAY

Members of the O. M. K. club were received in the home of Mrs. Daisy Brown, Hillcrest avenue, on Thursday evening. Sixteen were in attendance, and during the business period, two new members were admitted into the organization, Miss Anna Patterson and Mrs. Nell Knox.

Cards formed the pastime, and at the close of play, the hostess served a delicious lunch.

Before adjourning, names were drawn for their annual exchange of Christmas gifts in December at a Yuletide party.

In two weeks Mrs. Jessie Camblin of Beaver street will entertain at her home.

Kids Party

What proved to be a delightful affair was the Kids Party held Wednesday evening in the home of Mrs. Lena Ciafella, of Phillips street, by members of the Neis-Bros club.

Following a brief business meeting, games, music and dancing were enjoyed. Delicious refreshments were served at a late hour.

Saturday Events.

W. C. B. Meeting

Mrs. William Pattison, a former teacher, was a special guest at the meeting of the W. C. B. class, of Wesley M. E. church, Thursday evening, in the home of Mrs. Nicholas Raymond, Scotland Lane.

After the devotional period which was conducted by Mrs. Ella Rhodes, there was a business meeting in charge of Mrs. R. G. Leslie, president, during which plans were made for dinner at the church, Thursday December 13. The regular meeting will follow, when new officers for the year will be elected.

During the social hour, delicious homemade candy was served by the hostess.

Shenango Chapter Choir

The choir of Shenango Chapter, 333, O. E. S. will hold a practice Monday evening, at 7:45 at the home of Mrs. Edward McBride, 320 Boyles avenue.

WE-FU CLUB GUESTS AT YOUNGSTOWN HOME

Associates of the We-Fu-Bridge club, motored to Youngstown on Thursday afternoon where they were entertained by Mrs. Robert Allshouse at a tea room. The occasion was in the form of a one o'clock luncheon, and after partaking of the delicious menu, the group motored to Mrs. Allshouse home, on Avendale avenue, where they participated in a card contest. Mrs. Earl Yoho and Mrs. Vernie Dumbaugh were winners of the lovely trophies. Mrs. William Bryan of Youngstown was a special guest.

The next meeting of the club will be held at the home of Mrs. Yoho on Beckford street.

Mahoning Book Club

Eighteen members of the Mahoning Book Club were the guests of Mrs. J. J. Cunningham, of West Clayton street, Thursday afternoon.

Books were exchanged, followed by fifteen minutes of current events discussion. Later, a tasty luncheon was served by Mrs. Cunningham assisted by Mrs. R. W. Hamilton.

In two weeks the club will meet with Mrs. F. W. Guy, North Liberty street.

NO MORE HEADS—

THERE seems to be little reason for searching for reasons or alibis for the political upheaval of Tuesday.

The thing that all of us are interested in now is what is to come.

From the Atlantic to the Pacific the Democrats have swept into power or an unprecedented tidal wave of votes. Inside of the next ninety days they will have absolute control of the federal and practically all of the state government.

It may be for the best.

For years the Democrats have pointed out the fallacies of government, criticized what was being done and argued that only the mismanagement of Republicans was responsible for the depression. The people have accepted their statements at full value and they now have the opportunity of remedying the defects they have complained of. Certainly they can blame nobody but themselves if they fail, for the Republicans will soon have not the least vestige of party responsibility.

As Pennsylvanians interested in the welfare of our state all of us should join in the hope that the state of Pennsylvania will not suffer by the drastic change. Whether we are Republicans or Democrats, we are Pennsylvanians first. Nothing should be put in the way of the new administration that will handicap their being given the fullest opportunity to make good.

They must make good if they expect to survive as a party. As cataclysmic as was the defeat of the Republicans on Tuesday it will be nothing compared to what will happen to the Democrats if they do not bring about their long promised "change for the better."

As to those Republicans who met defeat on Tuesday they are evidence of that age old practice of cutting off all the heads of those in power. We have apparently reached the end of the head-chopping era, for there are no more Republican heads to chop off.

The Democrats have the government securely in their grasp or will have after the middle of January. It is up to them to make good. If they use their power for better government it may be a long time before they are dislodged. If they use it largely to build a political machine they are writing their own ticket to extinction.

IT WAS NO EPIC VICTORY

The defeat of Upton Sinclair for governor of California was foreshadowed, but its decisiveness speaks well for the common sense of the people of that state.

California Democrats are to be commended on their refusal to swallow the EPIC cure-all. Moreover, the outcome may furnish a ray of hope for the nation. Had Sinclair won, it was his intention to spread the EPIC doctrines to other states. Defeated, his vagaries should now be consigned to the junk yard of political hokum.

It is probable that the Washington administration, which had shown a disposition to flirt with Sinclair when it seemed that he had a chance of winning, breathes a sigh of relief for sidestepping EPIC before it was too late.

SOMETHING ELSE TO TALK ABOUT

Now that the election is over, we can turn our attention to subjects other than candidates and platforms. The election was, of course, a bitter disappointment to some, while others looked upon it as a huge success. It all depended upon the viewpoint. But that's the way of all elections, and the bitterness will be forgotten in a short time. So, today let's talk about something else.

In looking over this publication, more or less buried in the mass of political news, we saw an item dealing with the annual sale of Christmas seals. During the past few days there has been a number of articles which reminds one that the holidays are not far in the distance. They're coming too fast for most of us. And one of these reminders is the sale of seals, the proceeds of which are used to help in maintaining the continual battle with tuberculosis. That war has been in progress for a long time, and will be continued as long as the disease remains a menace to health. It is a fight in which there can be no arbitration.

The seals are important weapons in the battle. A big advantage of the plan is that the cost of them is so low that everybody can purchase at least a few. The sale starts Thanksgiving day and will continue until Christmas.

EXPLANATIONS THE VOGUE

Everybody's business just now seems to be adopting resolutions, disseminating information and writing to the newspapers in defense of one's particular vocation or avocation. The number of "defensive movements" would indicate a saturnalia of fault-finding from which few, if any, occupations or professions are escaping.

The "big butter and egg men from the West" were the first to revolt. By solemn resolution they publicly disclaimed credit for buying diamonds, automobiles and fur coats New York chorus girls are reputed to possess.

Then the models who "show-off" the gowns in Fifth avenue shops organized to prove the fallacy of the universal belief that clothing models are jazz mad gold-diggers, whose chief aim in life is marrying a millionaire.

Even politicians have been telling the constituency, which "must be served," that they are not politicians at all, but high-minded, self-sacrificing statesmen consecrating their lives to the public service.

One by one the old, time-honored illusions are being shattered. But this should not be cause for concern for an illusion-loving nation. The imagination of the few and the credulity of the many are co-operating in the manufacture of new illusions faster than the iconoclasts and unjustly accused can shatter old ones.

Middle-age is that indefinite period when the doctor doesn't know what makes you hurt.

Kentucky's customary election killings have taken place in Pennsylvania this year.

Hoover says the nation needs a virile, aggressive G. O. P., and many a defeated Republican candidate will swear to this.

IF YOU HAVE KNOWN INGRATITUDE—

MY FRIEND, you asked me to write something about gratitude and ingratitude.

You told me that "the knife of ingratitude has cut you at times," and you wish me to write something that might remind some ungrateful wretch of the unpaid debt he owes to those who have helped him, yielded to his prayers, and shared their little when he begged them.

My friend, the task is too great for me....Great writers have already said all that can be said of ingratitude. Shakespeare, you remember, wrote this on the subject: "Blow, blow, thou winter wind, thou art not so unkind as man's ingratitude—freeze, freeze, thou bitter sky, thou dost not bite so nigh, as benefits forgot.....And Shakespeare said: "I hate ingratitude more in man than lying, vainness, babbling, drunkenness, or any taint of vice, whose strong corruption inhabits our frail blood." The hatred of ingratitude was often in his mind and he spoke his thoughts freely on the subject. There is no need to attack ingratitude, because it has no friends, no defenders, and even the ungrateful man finds excuse for his actions and denies his crime.

But there is a balm for ingratitude which any man may lay upon his spirit. The knives of selfishness and ingratitude cannot cut so deeply if you guard yourself with this miraculous compound of sense and understanding. . . Say to yourself whenever you do help another. "I do this for myself. I am moved by your need only. I grieve for your sufferings. I would not sleep sound this night if I did not help you. If you thank me, if you love me for the aid I give you, I shall be happier for it, thankful that I have bound a friend to my side; but I have no right to ask any profit out of this transaction. I have already, in my own self-approval, gained all that any man should ask of life. . . If you turn against me, humiliated by your need, and become my envious enemy, I shall sigh over the meager spirit of man. And you, distilling that bitter drop within me, will have made yourself the enemy of mankind's better self. But it is your task to think of gratitude and to pass on my help to some other, less fortunate than you. It is not mine to brood over your ingratitude and shape myself into a meaner, harder, more selfish mortal than I was before you came into my life."

Think such thoughts as these, and though men may marvel at your strangeness, you will be armored for ever against the treachery and meanness of ingratitude.

PEACE OF MIND

If all the curious facts were known
No man succeeds or fails alone.
A leader fell, so runs the tale,
Because a horseshoe lacked a nail.
Behind the victor there must be
Others as stout of heart as he;
For many a man with strength and skill
Has failed because his child was ill.

Machines at certain speed can make
Their revolutions till they break.
And what was yesterday their feat
Today they surely can repeat,
But lathe and drill and whirring wheel
No touch of pain or anguish feel.
Nor are they subject to the cares
Of home and family affairs.

An expert misses! Watchers sigh
That one so sure should go awry.
But strength and cleverness depart
When grief and doubt and worry start.
Upon a woman's smile or frown
Have turned both fortune and renown.
Who journeys forth success to find
Must labor with an easy mind.

'Tis strange that all achievement swings
Upon so many little things.
Yet plain it is before our eyes
In peace of mind man's glory lies.
Who looks for happiness ahead
Must leave no grief behind to dread.
Despair at home, however concealed,
Means failure on the battlefield.

Once Overs

By J. J. MUNDY

DARKEST HOUR COMES BEFORE DAWN

Have you given up trying?
No longer feel the pleasure of anticipated success?
You have not been defeated until you, yourself, give up.
Often the darkest hour comes before the opening of the brightest one.
It is true in nature—why not in your case?
It is so easy to give up.
It means not keeping on when things grow hard and thick with problems.
But in most cases determined effort eventually succeeds.
Reward would not have come if the victors in any contest had not struggled, sometimes with almost insurmountable obstacles, with a desperate spirit.
In other words it is the spirit to do or die that goes over the top.
You want to gain too much at one time.
The little step forward does not satisfy you, and you feel it is not worth accepting.
But after all, a step forward is not going backward.
It is easier to ascend from a low position than from no position at all.
You may not be able to get the job you deserve and with just remuneration, according to what you have put into it, but something is better than nothing.

What will the five-hour day do to the fellow who needs eight to get into his overalls and out of 'em?

A VERSE FROM THE BIBLE

Ask and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you.—St. Matthew 7:7.

Muskrat colonies are threatening the entire levee system of the Sacramento river in California.

When old-fashioned things come back in style, we usually find there's a leg busted off, or the mirror's broke.

In the old days a fellow used to wait 10 to 20 minutes for a street car that was late, but now he lets out a holler if he misses the first space in a revolving door.

The bashful bridegroom recalls how startled he was back in high school when he walked into the girls' cloakroom by mistake.

POINTS FOR ADVERTISERS

American advertisers could get some good ideas from the Japanese. A store in Osaka displays a sign which says: "Step inside. You will be welcomed as fondly as a ray of sunshine after a rainy day. Each one of our assistants is as amiable as a father seeking a husband for his dowerless daughter. Goods are dispatched to customers' houses with the rapidity of a shot from the cannon's mouth. We have just received a stock of superfine vinegar. This honorable condiment is more acid than the tongue of the most fiendish mother-in-law. Step inside."

Newspapers must be good. Solicitors get subscribers without telling a sad story to work up sympathy.

One thing the schools still need is a course in saying no to a slick talker.

The brain isn't so wonderful. It often accepts a quality of stuff that the old stomach would send back.

If daughter is safely past the period from 13 to 16, and you didn't go crazy, no further mental test is necessary.

So we're losing the foreign cotton market? Well, who wants a market that pays him a nickel for pies that cost him a dime?

The world needs one helpless nation, it only to provide villains that the movies can use without a row.

To obtain a list of easy marks who can't say no, just circulate some kind of foolish petition.

A man may be down but he isn't out until he begins to brood over dumb acts of the past.

Family pride has one advantage. A slump in the stock market can't take it away from you.

But think how respectfully the world would listen to reformers if they had a lot of money.

Large families are out of the question now. In the old days there wasn't any bathroom to quarrel over.

Another way to get educated is to give the peddler money for something he promises to deliver later.

G. O. P. Presidential Candidate In 1936?

NEW YORK, Nov. 9.—New York financial interests are trying to determine who possibly could be the Republican presidential candidate in 1936.

Senator Arthur Vandenburg of Michigan had been looked upon as a possibility. But his narrow margin in Michigan and the extent of the Roosevelt landslide elsewhere seem to preclude him.

Business of course would like to see a conservative as the nominee. But business realizes that a conservative of the old Republican type would stand no chance. He might not carry even one state against President Roosevelt.

Business, therefore, is looking for a progressive who will appeal to the people as a man who at the same time could be described as "sane and sensible" in regard to spending. But there is none fitting the description.

Business hopes there will be a reaction against "Roosevelt spending."

Business will blame any increase in taxation on that spending—and on "Brain Trust ideas."

That is the sole hope of financial New York as to the next presidential campaign. Wall Street today is the gloomist spot in the nation.

* * *

ONE DIFFICULTY

There is one difficulty which confronts the financial interests.

The people themselves may demand more spending than President Roosevelt is willing to permit.

The people may demand that, to pay for this spending, taxes be increased and further increased against the rich."

President Roosevelt may call a halt thus, before this new congress ends. Mr. Roosevelt may be looked upon as the real conservative. In fact, he may become too conservative in the minds of the mass of voters.

Thus the Republican party may be swallowed by the progressives—who may lead a very popular opposition to the administration.

Two years hence the Republican nominee may be a Robert La Follette rather than an Arthur Vandenberg.

And that, though, is causing much concern in financial New York, although even a La Follette may seem conservative in the end—as compared to some who would open the treasury wide.

TODAY Is The Day

FRIDAY, NOV. 9

The World War Day-By-Day—Nov. 9, 1914—The Emden landed a force under Lieut. Karl Mucke to destroy the wireless station at Keeling, or Cocos Island. A wireless operator who saw the visitors before they saw him, flashed news to the British naval base at Singapore.

Just before Mucke began putting the transmitter out of commission, the operator congratulated him on having been awarded the Iron Cross.

"How do you know I have the Iron Cross?" asked the surprised German.

"I have just caught the message from Nauen," was the answer. It was the last one received at Cocos for some time.

Mucke was still busy with his destructive work when he heard the Emden's siren signalling him to return aboard. Before he could get his men into boats and started toward the ship, the cruiser steamed away at top speed, with her battle pennant flying. The Searching Sydney, which was only 55 miles away when the Cocos operator flashed his warning to Singapore, had found the Emden at last.

The Sydney's eight 6-inch guns made the action short. The Emden and her ten 4-inch guns was driven ashore, blazing.

Tus ended the trail of the most destructive sea raider in history. Months later, when a shot-pierced searchlight and a rusty gun from the Emden were on exhibition in London, a British officer drawled:

"Now these were two real gentlemen. If only the German army had the instincts of Muller and Mucke . . ."

Muller and Mucke survived the engagement. Muller was captured and taken to England. Mucke's memoirs provide a classic anecdote having to do with British nonchalance.

"The battle over, I went back to the people of the island. Their belief for was characteristic. While we had all sorts of things to do to put the strand in a proper state of defense, and the battle was but a f[illegible] minutes over, one of them came to me and exclaimed, 'Do you play tennis? We always play about this time of day.' Then one of them told me they were really very glad that their cables to Australia were out of commission, as it would save them many hours of extra work each day."

Mucke and men escaped from the island and the Sydney in a small schooner. The genial British owner of the schooner bade them a good-bye with the comforting words. "The bottom of the schooner is rotten, but I wish you a pleasant voyage."

History Up-To-Date—Nov. 9, 1824—Andrew Jackson got the highest number of votes in the election, but was not elected president! On the basis of returns he was entitled to 99 electoral vots, to 84 for John Quincy Adams and 76 for minor candidates.

The election was thrown into the House of Representatives, and Adams, son of the second president, was chosen.

When Jackson got the highest number of votes four years later he was declared elected, and Adams refused to attend the inauguration.

Nov. 9, 1888—Steve Brodie tried to get himself back into the limelight by leaping off another bridge—across the Hudson at Poughkeepsie. One Patrick Breen dived in and saved him, and provided some confirmation for the belief that Brodie didn't jump off Brooklyn bridge in 1886.

Mail is delivered now to remote farms, but residents of small towns still have to go and get it.

You're Wrong If You Believe—That no women have fought in the ranks of the United States army.

The cases of "Molly Pitcher" Hays and Deborah Sampson are well known. Mrs. Hays was an irregular and Miss Sampson concealed her identity behind a man's name.

Joseph J. Johnen, historian of post 485, American Legion, McDonald, Pa., sends a reminder of Elizabeth Berry Gilmore, a regularly enlisted member of the Colonial army. She left Ireland at 18, fell in love with another passenger, John Berry, on the way over. He enlisted in the Continental army as a soldier, she entered as a nurse. Eventually she enrolled as a private and fought at his side.

Also you're wrong if you believe—That William Harvey discovered the circulation of the blood.

Dr. David Cerna, San Antonio, Tex., corrects us:

"It was Michael Servetus, a Spaniard, who in his work, Christianismi Restitutio, published in 1532, clearly described the lesser or pulmonary circulation of the blood. There seems to be no doubt that the English physician based his studies on the work of Servetus."

WHAT'S A MERE OFFICER?

During recent military operations in the Far East, one side captured the other's general. An envoy was sent to negotiate his exchange.

"We will give you four colonels for him," said the officer.

The offer was declined.

"Eight majors?"

"No."

"What, then?"

"We have given the matter most careful consideration, and the least we can accept are two dozen tins of condensed milk."

HARRISBURG—Because of an increase in the number of teachers, one hundred more school districts in Pennsylvania qualified for a higher rate of state appropriation for the two years beginning June 1, 1933, than for the two previous years, the Department of Public Instruction reports. It is said that in at least one-third of these districts there was no increase in the number of pupils, emphasizing the need for revision of the existing system of school support. Such revision is one of the aims of the department in its school recovery program.

That is, it is a crime to send anybody a threatening letter unless you are a code authority.

NO MORE HEADS—

THERE seems to be little reason for searching for reasons or alibis for the political upheaval of Tuesday.

The thing that all of us are interested in now is what is to come.

From the Atlantic to the Pacific the Democrats have swept into power or an unprecedented tidal wave of votes. Inside of the next ninety days they will have absolute control of the federal and practically all of the state government.

It may be for the best.

For years the Democrats have pointed out the fallacies of government, criticized what was being done and argued that only the mismanagement of Republicans was responsible for the depression. The people have accepted their statements at full value and they now have the opportunity of remedying the defects they have complained of. Certainly they can blame nobody but themselves if they fail, for the Republicans will soon have not the least vestige of party responsibility.

As Pennsylvanians interested in the welfare of our state all of us should join in the hope that the state of Pennsylvania will not suffer by the drastic change. Whether we are Republicans or Democrats, we are Pennsylvanians first. Nothing should be put in the way of the new administration that will handicap their being given the fullest opportunity to make good.

They must make good if they expect to survive as a party. As cataclysmic as was the defeat of the Republicans on Tuesday it will be nothing compared to what will happen to the Democrats if they do not bring about their long promised "change for the better."

As to those Republicans who met defeat on Tuesday they are evidence of that age old practice of cutting off all the heads of those in power. We have apparently reached the end of the head-chopping era, for there are no more Republican heads to chop off.

The Democrats have the government securely in their grasp or will have after the middle of January. It is up to them to make good. If they use their power for better government it may be a long time before they are dislodged. If they use it largely to build a political machine they are writing their own ticket to extinction.

IT WAS NO EPIC VICTORY

The defeat of Upton Sinclair for governor of California was foreshadowed, but its decisiveness speaks well for the common sense of the people of that state.

California Democrats are to be commended on their refusal to swallow the EPIC cure-all. Moreover, the outcome may furnish a ray of hope for the nation. Had Sinclair won, it was his intention to spread the EPIC doctrines to other states. Defeated, his vagaries should now be consigned to the junk yard of political hokum.

It is probable that the Washington administration, which had shown a disposition to flirt with Sinclair when it seemed that he had a chance of winning, breathes a sigh of relief for sidestepping EPIC before it was too late.

SOMETHING ELSE TO TALK ABOUT

Now that the election is over, we can turn our attention to subjects other than candidates and platforms. The election was, of course, a bitter disappointment to some, while others looked upon it as a huge success. It all depended upon the viewpoint. But that's the way of all elections, and the bitterness will be forgotten in a short time. So, today let's talk about something else.

In looking over this publication, more or less buried in the mass of political news, we saw an item dealing with the annual sale of Christmas seals. During the past few days there has been a number of articles which reminds one that the holidays are not far in the distance. They're coming too fast for most of us. And one of these reminders is the sale of seals, the proceeds of which are used to help in maintaining the continual battle with tuberculosis. That war has been in progress for a long time, and will be continued as long as the disease remains a menace to health. It is a fight in which there can be no arbitration.

The seals are important weapons in the battle. A big advantage of the plan is that the cost of them is so low that everybody can purchase at least a few. The sale starts Thanksgiving day and will continue until Christmas.

EXPLANATIONS THE VOGUE

Everybody's business just now seems to be adopting resolutions, disseminating information and writing to the newspapers in defense of one's particular vocation or avocation. The number of "defensive movements" would indicate a saturnalia of fault-finding from which few, if any, occupations or professions are escaping.

The "big butter and egg men from the West" were the first to revolt. By solemn resolution they publicly disclaimed credit for buying diamonds, automobiles and fur coats New York chorus girls are reputed to possess.

Then the models who "show-off" the gowns in Fifth avenue shops organized to prove the fallacy of the universal belief that clothing models are jazz mad gold-diggers, whose chief aim in life is marrying a millionaire.

Even politcians have been telling the constituency, which "must be served," that they are not politicians at all, but high-minded, self-sacrificing statesmen consecrating their lives to the public service.

One by one the old, time-honored illusions are being shattered. But this should not be cause for concern for an illusion-loving nation. The imagination of the few and the credulity of the many are cooperating in the manufacture of new illusions faster than the iconoclasts and unjustly accused can shatter old ones.

Middle-age is that indefinite period when the doctor doesn't know what makes you hurt.

Kentucky's customary election killings have taken place in Pennsylvania this year.

Hoover says the nation needs a virile, aggressive G. O. P., and many a defeated Republican candidate will swear to this.

IF YOU HAVE KNOWN INGRATITUDE—

MY FRIEND, you asked me to write something about gratitude and ingratitude.

You told me that "the knife of ingratitude has cut you at times," and you wish me to write something that might remind some ungrateful wretch of the unpaid debt he owes to those who have helped him, yielded to his prayers, and shared their little when he begged them.

My friend, the task is too great for me... Great writers have already said all that can be said of ingratitude. Shakespeare, you remember, wrote this on the subject: "Blow, blow, thou winter wind, thou art not so unkind as man's ingratitude—freeze, freeze, thou bitter sky, thou dost not bite so nigh, as benefits forgot.....And Shakespeare said: "I hate ingratitude more in man than lying, vainness, babbling, drunkenness, or any taint of vice, whose strong corruption inhabits our frail blood." The hatred of ingratitude was often in his mind and he spoke his thoughts freely on the subject. There is no need to attack ingratitude, because it has no friends, no defenders, and even the ungrateful man finds excuse for his actions and denies his crime.

But there is a balm for ingratitude which any man may lay upon his spirit. The knives of selfishness and ingratitude cannot cut so deeply if you guard yourself with this miraculous compound of sense and understanding. . . Say to yourself whenever you do help another. "I do this for myself. I am moved by your need only. I grieve for your sufferings. I would not sleep sound this night if I did not help you. If you thank me, if you love me for the aid I give you, I shall be happier for it, thankful that I have bound a friend to my side; but I have no right to ask any profit out of this transaction. I have already, in my own self-approval, gained all that any man should ask of life. . . If you turn against me, humiliated by your need, and become my envious enemy, I shall sigh over the meager spirit of man. And you, distilling that bitter drop within me, will have made yourself the enemy of mankind's better self. But it is your task to think of gratitude and to pass on my help to some other, less fortunate than you. It is not mine to brood over your ingratitude and shape myself into a meaner, harder, more selfish mortal than I was before you came into my life."

Think such thoughts as these, and though men may marvel at your strangeness, you will be armored for ever against the treachery and meanness of ingratitude.

PEACE OF MIND

If all the curious facts were known
No man succeeds or fails alone.
A leader fell, so runs the tale,
Because a horseshoe lacked a nail.
Behind the victor there must be
Others as stout of heart as he;
For many a man with strength and skill
Has failed because his child was ill.

Machines at certain speed can make
Their revolutions till they break,
And what was yesterday their feat
Today they surely can repeat.
But lathe and drill and whirring wheel
No touch of pain or anguish feel.
Nor are they subject to the cares
Of home and family affairs.

An expert misses! Watchers sigh
That one so sure should go awry.
But strength and cleverness depart
When grief and doubt and worry start.
Upon a woman's smile or frown
Have turned both fortune and renown.
Who journeys forth success to find
Must labor with an easy mind.

'Tis strange that all achievement swings
Upon so many little things,
Yet plain it is before our eyes
In peace of mind man's glory lies.
Who looks for happiness ahead
Must leave no grief behind to dread.
Despair at home, howe'er concealed,
Means failure on the battlefield.

DARKEST HOUR COMES BEFORE DAWN

Have you given up trying?

No longer feel the pleasure of anticipated success?

You have not been defeated until you, yourself, give up.

Often the darkest hour comes before the opening of the brightest one.

It is true in nature—why not in your case?

It is so easy to give up.

It means not keeping on when things grow hard and thick with problems.

But in most cases determined effort eventually succeeds.

Reward would not have come if the victors in any contest had not struggled, sometimes with almost insurmountable obstacles, with a desperate spirit.

In other words it is the spirit to do or die that goes over the top.

You want to gain too much at one time.

The little step forward does not satisfy you, and you feel it is not worth accepting.

But after all, a step forward is not going backward.

It is easier to ascend from a low position than from no position at all.

You may not be able to get the job you deserve and with just remuneration, according to what you have put into it, but something is better than nothing.

The people themselves may demand more spending than President Roosevelt is willing to permit.

The people may demand that, to pay for this spending, taxes be increased and further increased against the rich."

President Roosevelt may call a halt thus, before this new congress ends. Mr. Roosevelt may be looked upon as the real conservative. In fact, he may become too conservative in the minds of the mass of voters.

Thus the Republican party may be swallowed by the progressives—who may lead a very popular opposition to the administration.

Two years hence the Republican nominee may be a Robert La Follette rather than an Arthur Vandenberg.

And that, though, is causing much concern in financial New York, although even a La Follette may seem conservative in the end—as compared to some who would open the treasury wide.

TODAY Is The Day

FRIDAY, NOV. 9

The World War Day-By-Day—Nov. 9, 1914—The Emden landed a force under Lieut. Karl Mucke to destroy the wireless station at Keeling, or Cocos Island. A wireless operator who saw the visitors before they saw him, flashed news to the British naval base at Singapore.

Just before Mucke began putting the transmitter out of commission, the operator congratulated him on having been awarded the Iron Cross.

"How do you know I have the Iron Cross?" asked the surprised German.

"I have just caught the message from Nauen," was the answer. It was the last one received at Cocos for some time.

Mucke was still busy with his destructive work when he heard the Emden's siren signalling him to return aboard. Before he could get his men into boats and started toward the ship, the cruiser steamed away at top speed, with her battle pennant flying. The Searching Sydney, which was only 55 miles away when the Cocos operator flashed his warning to Singapore, had found the Emden at last.

The Sydney's eight 6-inch guns made the action short. The Emden and her ten 4-inch guns was driven ashore, blazing.

Tus ended the trail of the most destructive sea raider in history. Months later, when a shot-pierced searchlight and a rusty gun from the Emden were on exhibition in London, a British officer drawled: "Now these were two real gentlemen. If only the German army had the instincts of Muller and Mucke . . ."

Muller and Mucke survived the engagement. Muller was captured and taken to England. Mucke's memoirs provide a classic anecdote having to do with British nonchalance.

"The battle over, I went back to the people of the island. Their behavior was characteristic. While we had all sorts of things to do to put the strand in a proper state of defense, and the battle was but a few minutes over, one of them came to me and exclaimed, 'Do you play tennis? We always play about this time of day.' Then one of them told me they were really very glad that their cables to Australia were out of commission, as it would save them many hours of extra work each day."

Mucke and men escaped from the island and the Sydney in a small schooner. The genial British owner of the schooner bade them a good-bye with the comforting words, "The bottom of the schooner is rotten, but I wish you a pleasant voyage."

History Up-To-Date—Nov. 9, 1824—Andrew Jackson got the highest number of votes in the election, but was not elected president! On the basis of returns he was entitled to 99 electoral vots, to 84 for John Quincy Adams and 78 for minor candidates.

The election was thrown into the House of Representatives, and Adams, son of the second president, was chosen.

When Jackson got the highest number of votes four years later he was declared elected, and Adams refused to attend the inauguration.

Nov. 9, 1888—Steve Brodie tried to get himself back into the limelight by leaping off another bridge—across the Hudson at Poughkeepsie. One Patrick Breen dived in and saved him, and provided some confirmation for the belief that Brodie didn't jump off Brooklyn bridge in 1886.

Mail is delivered now to remote farms, but residents of small towns still have to go and get it.

You're Wrong If You Believe—That no women have fought in the ranks of the United States army.

The cases of "Molly Pitcher" Hays and Deborah Sampson are well known. Mrs. Hays was an irregular and Miss Sampson concealed her identity behind a man's name.

Joseph J. Johnen, historian of post 485, American Legion, McDonald, Pa., sends a reminder of Elizabeth Berry Gilmore, a regularly enlisted member of the Colonial army. She left Ireland at 18, fell in love with another passenger, John Berry, on the way over. He enlisted in the Continental army as a soldier, she entered as a nurse. Eventually she enrolled as a private and fought at his side.

Also you're wrong if you believe—That William Harvey discovered the circulation of the blood.

Dr. David Cerna, San Antonio, Tex., corrects us:

"It was Michael Servetus, a Spaniard, who in his work, Chrianismi Restitutio, published in 1552, clearly described the lesser or pulmonary circulation of the blood. There seems to be no doubt that the English physician based his studies on the work of Servetus."

WHAT'S A MERE OFFICER?

During recent military operations in the Far East, one side captured the other's general. An envoy was sent to negotiate his exchange.

"We will give you four colonels for him," said the officer.

The offer was declined.

"Eight majors?"

"No."

"What, then?"

"We have given the matter most careful consideration, and the least we can accept are two dozen tins of condensed milk."

HARRISBURG—Because of an increase in the number of teachers, one hundred more school districts in Pennsylvania qualified for a higher rate of state appropriation for the two years beginning June 1, 1933, than for the two previous years, the Department of Public Instruction reports. It is said that in at least one-third of these districts there was no increase in the number of pupils, emphasizing the need for revision of the existing system of school support. Such revision is one of the aims of the department in its school recovery program.

NO MORE HEADS—

THERE seems to be little reason for searching for reasons or alibis for the political upheaval of Tuesday.

The thing that all of us are interested in now is what is to come.

From the Atlantic to the Pacific the Democrats have swept into power on an unprecedented tidal wave of votes. Inside of the next ninety days they will have absolute control of the federal and practically all of the state government.

It may be for the best.

For years the Democrats have pointed out the fallacies of government, criticized what was being done and argued that only the mismanagement of Republicans was responsible for the depression. The people have accepted their statements at full value and they now have the opportunity of remedying the defects they have complained of. Certainly they can blame nobody but themselves if they fail, for the Republicans will soon have not the least vestige of party responsibility.

As Pennsylvanians interested in the welfare of our state all of us should join in the hope that the state of Pennsylvania will not suffer by the drastic change. Whether we are Republicans or Democrats, we are Pennsylvanians first. Nothing should be put in the way of the new administration that will handicap their being given the fullest opportunity to make good.

They must make good if they expect to survive as a party. As cataclysmic as was the defeat of the Republicans on Tuesday it will be nothing compared to what will happen to the Democrats if they do not bring about their long promised "change for the better."

As to those Republicans who met defeat on Tuesday they are evidence of that age old practice of cutting off all the heads of those in power. We have apparently reached the end of the head-chopping era, for there are no more Republican heads to chop off.

The Democrats have the government securely in their grasp or will have after the middle of January. It is up to them to make good. If they use their power for better government it may be a long time before they are dislodged. If they use it largely to build a political machine they are writing their own ticket to extinction.

IT WAS NO EPIC VICTORY

The defeat of Upton Sinclair for governor of California was foreshadowed, but its decisiveness speaks well for the common sense of the people of that state.

California Democrats are to be commended on their refusal to swallow the EPIC cure-all. Moreover, the outcome may furnish a ray of hope for the nation. Had Sinclair won, it was his intention to spread the EPIC doctrines to other states. Defeated, his vagaries should now be consigned to the junk yard of political hokum.

It is probable that the Washington administration, which had shown a disposition to flirt with Sinclair when it seemed that he had a chance of winning, breathes a sigh of relief for sidestepping EPIC before it was too late.

SOMETHING ELSE TO TALK ABOUT

Now that the election is over, we can turn our attention to subjects other than candidates and platforms. The election was, of course, a bitter disappointment to some, while others looked upon it as a huge success. It all depended upon the viewpoint. But that's the way of all elections, and the bitterness will be forgotten in a short time. So, today let's talk about something else.

In looking over this publication, more or less buried in the mass of political news, we saw an item dealing with the annual sale of Christmas seals. During the past few days there has been a number of articles which reminds one that the holidays are not far in the distance. They're coming too fast for most of us. And one of these reminders is the sale of seals, the proceeds of which are used to help in maintaining the continual battle with tuberculosis. That war has been in progress for a long time, and will be continued as long as the disease remains a menace to health. It is a fight in which there can be no arbitration.

The seals are important weapons in the battle. A big advantage of the plan is that the cost of them is so low that everybody can purchase at least a few. The sale starts Thanksgiving day and will continue until Christmas.

EXPLANATIONS THE VOGUE

Everybody's business just now seems to be adopting resolutions, disseminating information and writing to the newspapers in defense of one's particular vocation or avocation. The number of "defensive movements" would indicate a saturnalia of fault-finding from which few, if any, occupations or professions are escaping.

The "big butter and egg men from the West" were the first to revolt. By solemn resolution they publicly disclaimed credit for buying diamonds, automobiles and fur coats New York chorus girls are reputed to possess.

Then the models who "show-off" the gowns in Fifth avenue shops organized to prove the fallacy of the universal belief that clothing models are jazz mad gold-diggers, whose chief aim in life is marrying a millionaire.

Even politicians have been telling the constituency, which "must be served," that they are not politicians at all, but high-minded, self-sacrificing statesmen consecrating their lives to the public service.

One by one the old, time-honored illusions are being shattered. But this should not be cause for concern for an illusion-loving nation. The imagination of the few and the credulity of the many are cooperating in the manufacture of new illusions faster than the iconoclasts and unjustly accused can shatter old ones.

Middle-age is that indefinite period when the doctor doesn't know what makes you hurt.

Kentucky's customary election killings have taken place in Pennsylvania this year.

Hoover says the nation needs a virile, aggressive G. O. P., and many a defeated Republican candidate will swear to this.

IF YOU HAVE KNOWN INGRATITUDE—

MY FRIEND, you asked me to write something about gratitude and ingratitude.

You told me that "the knife of ingratitude has cut you at times," and you wish me to write something that might remind some ungrateful wretch of the unpaid debt he owes to those who have helped him, yielded to his prayers, and shared their little when he begged them.

My friend, the task is too great for me....Great writers have already said all that can be said of ingratitude. Shakespeare, you remember, wrote this on the subject: "Blow, blow, thou winter wind, thou art not so unkind as man's ingratitude—freeze, freeze, thou bitter sky, thou dost not bite so nigh, as benefits forgot.....And Shakespeare said: "I hate ingratitude more in man than lying, vainness, babbling, drunkenness, or any taint of vice, whose strong corruption inhabits our frail blood." The hatred of ingratitude was often in his mind and he spoke his thoughts freely on the subject. There is no need to attack ingratitude, because it has no friends, no defenders, and even the ungrateful man finds excuse for his actions and denies his crime.

But there is a balm for ingratitude which any man may lay upon his spirit. The knives of selfishness and ingratitude cannot cut so deeply if you guard yourself with this miraculous compound of sense and understanding. . . Say to yourself whenever you do help another, "I do this for myself. I am moved by your need only. I grieve for your sufferings. I would not sleep sound this night if I did not help you. If you thank me, if you love me for the aid I give you, I shall be happier for it, thankful that I have bound a friend to my side; but I have no right to ask any profit out of this transaction. I have already, in my own self-approval, gained all that any man should ask of life. . . If you turn against me, humiliated by your need, and become my envious enemy, I shall sigh over the meager spirit of man. And you, distilling that bitter drop within me, will have made yourself the enemy of mankind's better self. But it is your task to think of gratitude and to pass on my help to some other, less fortunate than you. It is not mine to brood over your ingratitude and shape myself into a meaner, harder, more selfish mortal than I was before you came into my life."

Think such thoughts as these, and though men may marvel at your strangeness, you will be armored for ever against the treachery and meanness of ingratitude.

PEACE OF MIND

If all the curious facts were known
No man succeeds or fails alone.
A leader fell, so runs the tale,
Because a horseshoe lacked a nail.
Behind the victor there must be
Others as stout of heart as he;
For many a man with strength and skill
Has failed because his child was ill.

Machines at certain speed can make
Their revolutions till they break.
And what was yesterday their feat
Today they surely can repeat.
But lathe and drill and whirring wheel
No touch of pain or anguish feel.
Nor are they subject to the cares
Of home and family affairs.

An expert misses! Watchers sigh
That one so sure should go awry.
But strength and cleverness depart
When grief and doubt and worry start.
Upon a woman's smile or frown
Have turned both fortune and renown.
Who journeys forth success to find
Must labor with an easy mind.

'Tis strange that all achievement swings
Upon so many little things.
Yet plain it is before our eyes
In peace of mind man's glory lies.
Who looks for happiness ahead
Must leave no grief behind to dread.
Despair at home, howe'er concealed,
Means failure on the battlefield.

DARKEST HOUR COMES BEFORE DAWN

Have you given up trying?
No longer feel the pleasure of anticipated success?
You have not been defeated until you, yourself, give up.
Often the darkest hour comes before the opening of the brightest one.
It is true in nature—why not in your case?
It is so easy to give up.
It means not keeping on when things grow hard and thick with problems.
But in most cases determined effort eventually succeeds.
Reward would not have come if the victors in any contest had not struggled, sometimes with almost insurmountable obstacles, with a desperate spirit.
In other words it is the spirit to do or die that goes over the top.
You want to gain too much at one time.
The little step forward does not satisfy you, and you feel it is not worth accepting.
But after all, a step forward is not going backward.
It is easier to ascend from a low position than from no position at all.
You may not be able to get the job you deserve and with just remuneration, according to what you have put into it, but something is better than nothing.

G. O. P. Presidential Candidate In 1936?

Central Press
New York Bureau

By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, Nov. 9.—New York financial interests are trying to determine who possibly could be the Republican presidential candidate in 1936.

Senator Arthur Vandenburg of Michigan had been looked upon as a possibility. But his narrow margin in Michigan and the extent of the Roosevelt landslide elsewhere seem to preclude him.

Business of course would like to see a conservative as the nominee. But business realizes that a conservative of the old Republican type would stand no chance. He might not carry even one state against President Roosevelt.

Business, therefore, is looking for a progressive who will appeal to the people as a man who at the same time could be described as "sane and sensible" in regard to spending. But there is none fitting the description.

Business hopes there will be a reaction against "Roosevelt spending."

Business will blame any increase in taxation on that spending—and on "Brain Trust ideas."

That is the sole hope of financial New York as to the next presidential campaign. Wall Street today is the gloomist spot in the nation.

* * *

ONE DIFFICULTY

There is one difficulty which confronts the financial interests.

The people themselves may demand more spending than President Roosevelt is willing to permit.

The people may demand that, to pay for this spending, taxes be increased and further increased against the rich."

President Roosevelt may call a halt thus, before this new congress ends. Mr. Roosevelt may be looked upon as the real conservative. In fact, he may become too conservative in the minds of the mass of voters.

Thus the Republican party may be swallowed by the progressives—who may lead a very popular opposition to the administration.

Two years hence the Republican nominee may be a Robert La Follette rather than an Arthur Vandenberg.

And that, though, is causing much concern in financial New York, although even a La Follette may seem conservative in the end—as compared to some who would open the treasury wide.

Nov. 9, 1888—Steve Brodie tried to get himself back into the limelight by leaping off another bridge—across the Hudson at Poughkeepsie. One Patrick Breen dived in and saved him, and provided some confirmation for the belief that Brodie didn't jump off Brooklyn bridge in 1886.

Nov. 9, 1889—Birthdate of the joke about the gray-clad mail carriers being shot by the Union veteran. Free home delivery of mail in all cities in towns over 5,000 was begun by the United States.

Mail is delivered now to remote farms, but residents of small towns still have to go and get it.

You're Wrong If You Believe—That no women have fought in the ranks of the United States army.

The cases of "Molly Pitcher" Hays and Deborah Sampson are well known. Mrs. Hays was an irregular and Miss Sampson concealed her identity behind a man's name.

Joseph J. Johnen, historian of post 485, American Legion, McDonald, Pa., sends a reminder of Elizabeth Berry Gilmore, a regularly enlisted member of the Colonial army. She left Ireland at 18, fell in love with another passenger, John Berry, on the way over. He enlisted in the Continental army as a soldier, she entered as a nurse. Eventually she enrolled as a private and fought at his side.

Also you're wrong if you believe—That William Harvey discovered the circulation of the blood.

Dr. David Cerna, San Antonio, Tex., corrects us:

"It was Michael Servetus, a Spaniard, who in his work, Christianismi Restitutio, published in 1552, clearly described the lesser or pulmonary circulation of the blood. There seems to be no doubt that the English physician based his studies on the work of Servetus."

The World AND THE *Mud Puddles*

WHAT'S A MERE OFFICER?

During recent military operations in the Far East, one side captured the other's general. An envoy was sent to negotiate his exchange.

"We will give you four colonels for him," said the officer.

The offer was declined.

"Eight majors?"

"No."

"What, then?"

"We have given the matter most careful consideration, and the least we can accept are two dozen tins of condensed milk."

Bible Thought For Today

Every man shall kiss his lips that giveth a right answer. — Proverbs 24:26.

Correctly Speaking—

A complex sentence is a sentence that contains a dependent clause.

GET HIGHER RATING

HARRISBURG—Because of an increase in the number of teachers, one hundred more school districts in Pennsylvania qualified for a higher rate of state appropriation for the two years beginning June 1, 1933, than for the two previous years, the Department of Public Instruction reports. It is said that in at least one-third of these districts there was no increase in the number of pupils, emphasizing the need for revision of the existing system of school support. Such revision is one of the aims of the department in its school recovery program.

That is, it is a crime to send anybody a threatening letter unless you are a code authority.

New Kensington Girl Back Home

Eva Hazelett, 14, Was Not Kidnaped, Went To Visit Father In Dayton, O.

(International News Service)

NEW KENSINGTON, Pa., Nov. 9.—Fourteen-year-old Eva Hazelett, whose disappearance two weeks ago brought fears that she had been abducted, was at home today—herself the "kidnaper"—but impatient to go again.

With her father, Sherman C. Hazelett, and Mrs. Zora Good, the child was returned from Dayton, O., yesterday. Telling how she was dissatisfied with living at home with her mother, Pearl, and sister, she said she communicated with her father.

"He sent me $10 and I had $6.25 for my own so I bought a bus ticket and went to him in Dayton. I didn't want to come back and as soon as I see all my friends, I want to go back to Dayton."

Hazelett and Mrs. Good were held under bond pending a hearing on charges of misconduct.

Police Collect $3,378 In October

Most Of This Sum Paid By Motorists Taken In Traffic Crusade

Mayor Charles B. Mayne presented his report of police receipts for the month of October to city council which met in formal meeting in city hall today. The receipts for the department totalled $3,378.55, which was derived mainly from fines for violation of the automobile laws.

"What shall be done with the report?" asked the city clerk, W. T. Burns.

"I move the report be filed and framed," said Councilman Hoyland.

"Any remarks?" asked the mayor.

"The remarks were made when you collected the money," replied Councilman Davies jestingly.

It is believed to be the "banner month" insofar as receipts of the police department are concerned, since Mayor Mayne took office.

SURETY CASE GOES BEFORE ALDERMAN; DEFENDANT IS HELD

Charged with surety of the peace, Pasquale Mone, Vine street, was held for the December court by Alderman Wallace J. Ewing following a hearing last night. He posted $500 bail and was released.

Pasquale, it was alleged by Laura Dearborn, a neighbor and the complainant, maliciously threatened her with bodily harm and threatened to damage her property.

WOMAN IS INJURED IN FALL THURSDAY

Miss Lizzie Thellman, of 701 Harbor street, received bruises about the face when she fell Thursday evening, while returning home from her work at the Jameson Memorial hospital.

Miss Thellman, who is a mute, fell while walking along the Pennsylvania railroad tracks near the Grant street crossing. She was removed to the Jameson Memorial hospital where she received treatment for her injuries, which were not of a serious nature, it was stated at the hospital this morning.

SEVERAL ARRESTS MADE FOR SPEEDING

Making good his threat to have police resume their crusade against autoists who speed their cars in a manner dangerous to pedestrians and others, Chief Haven last night instructed officers to watch for speeders. Several of them were arrested.

Commenting today on the arrests the chief declared: "It appears that some autoists did not take the warning seriously. Speeding must stop."

PIECE OF COAL BREAKS WINDOW

INDIANA ALUMNI HAVE INFORMAL TIME

About twenty members of the Indiana State Teachers' College alumni enjoyed an informal gathering Thursday evening in the home of Mrs. E. G. Diefenderfer, on Logan avenue.

At the business session, which was in charge of the president, Mrs. J. A. McNeill, three new members were received, Mrs. W. C. Byers, Mrs. Stanley Long and Mrs. Nellie Clark.

Mrs. W. C. Falls gave an interesting account of the home-coming day which was held at Indiana State Normal, in October, and a very instructive talk on birds in this vicinity, was given by another of the members.

Dainty refreshments featured the social hour, Mrs. J. A. McNeill presiding at the tea service. Other aides were Mrs. W. C. Falls and Mrs. J. B. Hunt. Beautiful chrysanthemums were used throughout the home in decorating.

January 10, the group will hold a similar meeting at the home of Mrs. David Silverman, corner of Euclid and Albert streets.

AUTUMN TEA PARTY BY CHOIR MEMBERS

All the brilliancy of the gay autumn colors were intermingled cleverly Thursday evening in the parlors of the St. John's Lutheran church when the choir entertained a hundred or more at a tea party.

The Ladies' Aid Society was in charge of the decorations, and arrangement of the small tables which were centered with yellow candles.

An entertaining program was presented: Dorothy Kleckner played several trombone numbers: Elizabeth Milholland gave a group of humorous readings and a group of Miss Clara Hartsuff's dramatic pupils of the senior high school, under the direction of the student coach. Miss Willie Lenhart presented a playlet "The Maid's Mistake" with Betty Cole taking the part of Mrs. Black: Bob Moore, Mr. Black and Florence Snyder the Swedish Maid.

Closing the program a "tea" menu was served with Mrs. John Baer, chairman, being aided by Mrs. Ben Agnew, Misses Esther Trent, Virginia Gilbert, Elizabeth Brudin and Grace Thompson.

CIRCLE '06 ENJOYS THURSDAY PROGRAM

An interesting paper on "The Calvin Coolidge Nobody Knew," by Mrs. W. R. McKnight, featured the meeting of The Reading Circle '06 yesterday afternoon in the Winter avenue residence of Mrs. H. C. Mitchell.

Mrs. C. N. Lockhart presented a timely reading on Armistice Day, and Mrs. J. A. Wilson conducted a mental quiz on "Do You Know This?" Roll call was answered by giving current events.

Mrs. W. E. Burrows, Morton street, is scheduled for the meeting, November 22.

Octava Club

At the home of Mrs. Robert Dailey on Meyer avenue Thursday evening associates in the Octava club were extended pleasing hospitality.

Mrs. Perry Rodgers won high score at cards, and aides to the hostess in serving luncheon were Mrs. Robert Adams and Mrs. Oliver Smith.

Mrs. Harold Pyle of Fairmont avenue will entertain the group in two weeks.

S. J. Club

A delightful afternoon of cards was spent by the S. J. club in St. Joseph's hall Wednesday afternoon, with Mrs. V. V. Veach and Mrs. Peter Capitola winning the high score prizes.

Wednesday, November 14, the club will again meet.

Y MEN HONOR OWN ORGANIZERS, WOMEN

Bridge and dancing were the diversions last night when the New Castle Y Men's club entertained for the members of Youngstown's Y Men's club at a party in New Wilmington, at which the wives and young women friends of the members of both clubs were special guests.

Winning prizes in the progressive bridge contests were the following: auction, Miss Muriel Edmunds and Elroy Lockley, New Castle; contract, Miss Arabella Bonde and C. S. Benedict, Youngstown.

Following bridge, the group adjourned to a dining room table shaped like a "Y" and partook of a tasty lunch. The Y Men's colors of red and white were carried out and novel favors were provided for the women. Singing featured. After the lunch the group enjoyed dancing.

Serving on the committee on arrangements were James Messner, chairman; Ralph Huffman and Harold Ramsey.

The Youngstown club organized the local group several months ago.

HIGHLAND BOOK CLUB AT CAMPBELL HOME

Mrs. Amelia Wilson, who is the guest of Mrs. George A. Rigby, of Lincoln avenue, was an out-of-town guest, and Mrs. Luella Brownlee was another club visitor at the meeting of Highland Book club, Thursday afternoon, in the Moody avenue home of Mrs. W. L. Campbell.

Following the customary book exchange, a dainty refection was served by the hostess, assisted by her sister, Mrs. Brownlee, and Mrs. C. H. Fischer.

Mrs. W. G. Eckles, of Moody avenue, will be hostess for the next gathering, in two weeks.

Fort-Nighters

The Fort Nighters club members were pleasingly received for their bi-weekly session in the home of Miss Bernie Semler on Highland avenue Thursday evening.

Cards occupied their attention, prizes going to Mary Lou Thomas and Eleanor Bollinger. As a special guest they had Ronnie DeLillo.

Lunch was served at an appropriate hour, the appointments being in keeping with the season.

Plans were discussed for a theatre party for the coming week, and on November 22, their regular meeting will take place at the home of Miss Bollinger, Winter avenue.

Club Organized

Last evening Mrs. Jesse Kennedy of Walnut street entertained a group of ladies in her home, and at this time they decided to organize, choosing the name of the E. D. D. club.

Three tables of 500 formed the pastime, Mrs. Carl Staeber and Mrs. Lyle Wimer, prize winners.

Officers elected were Mrs. Fred Nicklin, president, and Mrs. Orville Potter, press reporter.

Refreshments were served and they adjourned to meet again on November 26 with Mrs. Fred Nicklin, Croton avenue.

Ritz Club Meeting

Mrs. Fred Ferrone, Center street, was hostess Thursday evening to members of the Ritz club. A short business period was conducted, and following a social time, spent with bingo and cards, was in order. Mrs. Curtis Guckert and Mrs. Anthony Panella were presented with the prizes for their success.

After partaking of a dainty lunch, served by the hostess, they adjourned to meet in two weeks, with Mrs. Guckert, on Center street.

Blue Eagle Club

The Blue Eagle club members were guests at the home of Mrs. Bertha Kienest, Park Way, with Miss Mary Ellen Davis, hostess, on Thursday night. Tables of 500 occupied the leisure period, Mrs. Francis Sheridan being winner of the trophy, and also, she won the club gift. Lunch was served.

Members will meet in the home of Mrs. Eleanor Skundor, Brooklyn avenue, in two weeks.

T. W. C. Quilting Club

The T. W. C. Quilting club members enjoyed an all day session Thursday in the home of Mrs. Orville Potter, Hillcrest avenue. Luncheon was served at 1 o'clock, the hostess being assisted by her mother, Mrs. Sarah Potter.

The usual routine of quilting and chatting, filled the remainder of the day.

Conclude Visit.

Mrs. E. H. Robinson has concluded a visit with her daughters, Mrs. Ruth Prowitt of Park avenue and Mrs. S. E. Patterson of Delaware avenue, and returned to her home in Battle Creek, Mich. She was accompanied by Mrs. Gertrude Pringle of Battle Creek, Mich., who has also been here for a ten-day period.

Tuesday Bridge

The meeting of the Tuesday Bridge club planned for next week with Mrs. Ivan Holsinger, of Edgewood avenue, has been postponed indefinitely.

Service Star Legion

Members of the Service Star Legion will meet Sunday at 10:45 at the Trinity Episcopal church to attend the services in a body.

Home Department

The American Home Department of the New Castle Woman's Club will meet Tuesday, November 13, at 2:30 p. m., in the home of Mrs. Lloyd W. Strayer, 141 Winter avenue.

REPORTS AND PAPERS FEATURE PROGRAM

Interesting to a large attendance of Stevenson Circle members of the First M. E. church was the November meeting, Thursday evening, in the home of Mrs. John Emery on Euclid avenue.

Appropriate devotionals were led by Miss Mayme White, after which roll call was answered by giving words of thankfulness. Following, were excellent reports of the Grove City missionary conference held at Mercer last week, by Mrs. B. H. Kannenberg, Mrs. Robert Meermans and Mrs. H. C. Weaver.

Mrs. J. H. Templeton presented, in a most interesting manner, a paper from the year book, entitled Japan. A story from "The Friend," the study book, was read by Mrs. E. B. Bartlett and held the close attention of those present.

The social hour was in charge of Mrs. E. C. Beahm and her group.

Mrs. Book Hostess

Mrs. Floyd Book, East Washington street, extended delightful hospitality to the members of Section E of the Y. L. B. class of the Third United Presbyterian church Thursday evening in her home for an informal business and social meeting.

Needlework and visiting were pastimes of the evening with a most appetizing lunch served by the hostess, assisted by her daughter, Mrs. Bruce O'Neil.

Mrs. A. B. Coulter, Harrison street, will be hostess to the group November 22.

Gramoda Luncheon

Delightfully informal and enjoyable was the one o'clock luncheon of the members of the Gramoda Kensington Thursday afternoon in the home of Mrs. Mayo Porter, Wallace avenue, with places arranged for nine at a table attractive in its autumnal decorations.

Mrs. Norman Shaffer was a special guest.

An afternoon of conversation concluded with the group accepting Mrs. Robert Groom's invitation to meet with her November 22, at her home on Greenwood avenue.

Farewell Luncheon

Mrs. H. L. Allen, of North Mill St. entertained a group of friends at a one o'clock luncheon in the Elk's Club Thursday afternoon in honor of her niece, Mrs. J. M. Butler, of Wallace avenue, who is leaving in a few days to make her home in Altoona, Pa.

Two tables of bridge were in play during the afternoon and high score honors went to Mrs. A. E. Tullis and Mrs. David Nesbitt.

J. F. F. Club To Meet

Members of the J. F. F. Club will meet in regular session, Friday evening, November 16, at the home of Eleanor Rohrer, Long avenue.

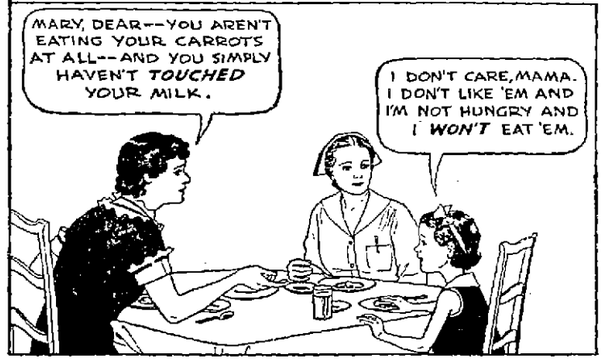
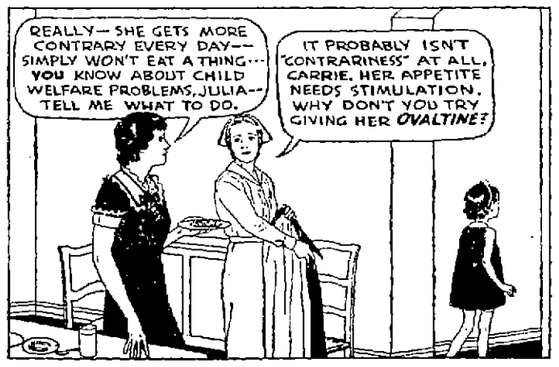
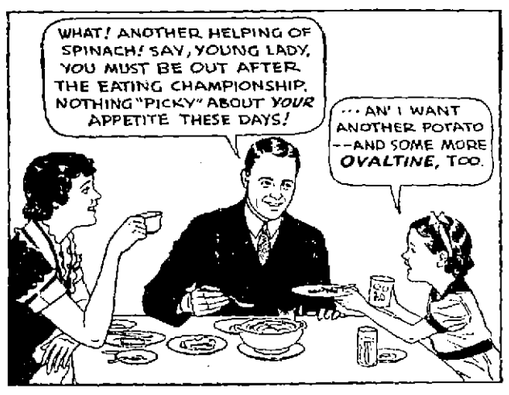
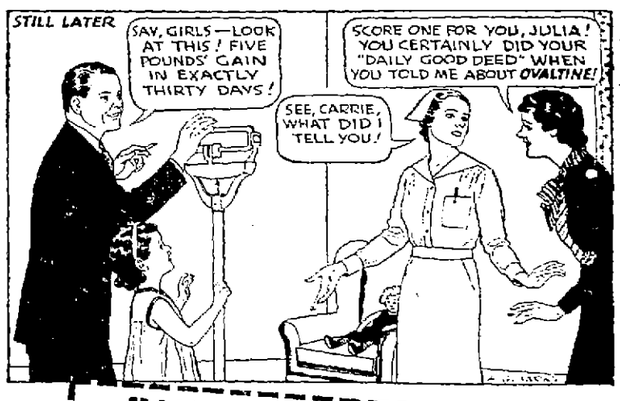
CONTRARY MARY

WOULDN'T EAT VEGETABLES AND HATED MILK — UNTIL....









Mothers! Here's How Ovaltine Helps to Make a Child Hungry!

WHEN a child seems "contrary" and "won't eat" there are two important things you can do to help. First, give him food that is very easy to digest. Second, give him food that is rich in appetite-producing Vitamin B.

It is for these, amongst other virtues, that Ovaltine is gaining world recognition as an important food for child building. For Ovaltine is not only rich in Vitamin B—but is processed so that it digests very quickly—even at times when digestion is impaired.

These features are tremendously important. For specialists will tell you that a poor eater is usually a child with poor or slow digestion. The stomach doesn't empty soon enough to produce the feeling of hunger for the next meal. That's why he shuns his regular food, such as vegetables and milk.

But once appetite is stimulated in a scientific way—the old objection to every-day foods gradually disappears. Very frequently he even relishes vegetables and other foods to which he formerly objected . . . and weight is often added at the rate of a pound a week or more.

For the sake of your child, try Ovaltine. You can get Ovaltine at any drug or grocery store—and results may surprise you. Or, if you like, send the coupon for a trial supply.

NOTE: *Thousands of people, men and women, are using Ovaltine to restore vitality when fatigued. It is also highly recommended by physicians as a strengthening food for nursing mothers, convalescents, and the aged. When taken as a hot drink at bedtime, it usually induces sound sleep quickly*

Mothers! Here's How Ovaltine Helps to Make a Child Hungry!

WHEN a child seems "contrary" and "won't eat" there are two important things you can do to help. First, give him food that is very easy to digest. Second, give him food that is rich in appetite-producing Vitamin B.

It is for these, amongst other virtues, that Ovaltine is gaining world recognition as an important food for child building. For Ovaltine is not only rich in Vitamin B—but is processed so that it digests very quickly—even at times when digestion is impaired.

These features are tremendously important. For specialists will tell you that a poor eater is usually a child with poor or slow digestion. The stomach doesn't empty soon enough to produce the feeling of hunger for the next meal. That's why he shuns his regular food, such as vegetables and milk.

But once appetite is stimulated in a scientific way—the old objection to every-day foods gradually disappears. Very frequently he even relishes vegetables and other foods to which he formerly objected . . . and weight is often added at the rate of a pound a week or more.

For the sake of your child, try Ovaltine. You can get Ovaltine at any drug or grocery store—and results may surprise you. Or, if you like, send the coupon for a trial supply.

NOTE: *Thousands of people, men and women, are using Ovaltine to restore vitality when fatigued. It is also highly recommended by physicians as a strengthening food for nursing mothers, convalescents, and the aged. When taken as a hot drink at bedtime, it usually induces sound sleep quickly*

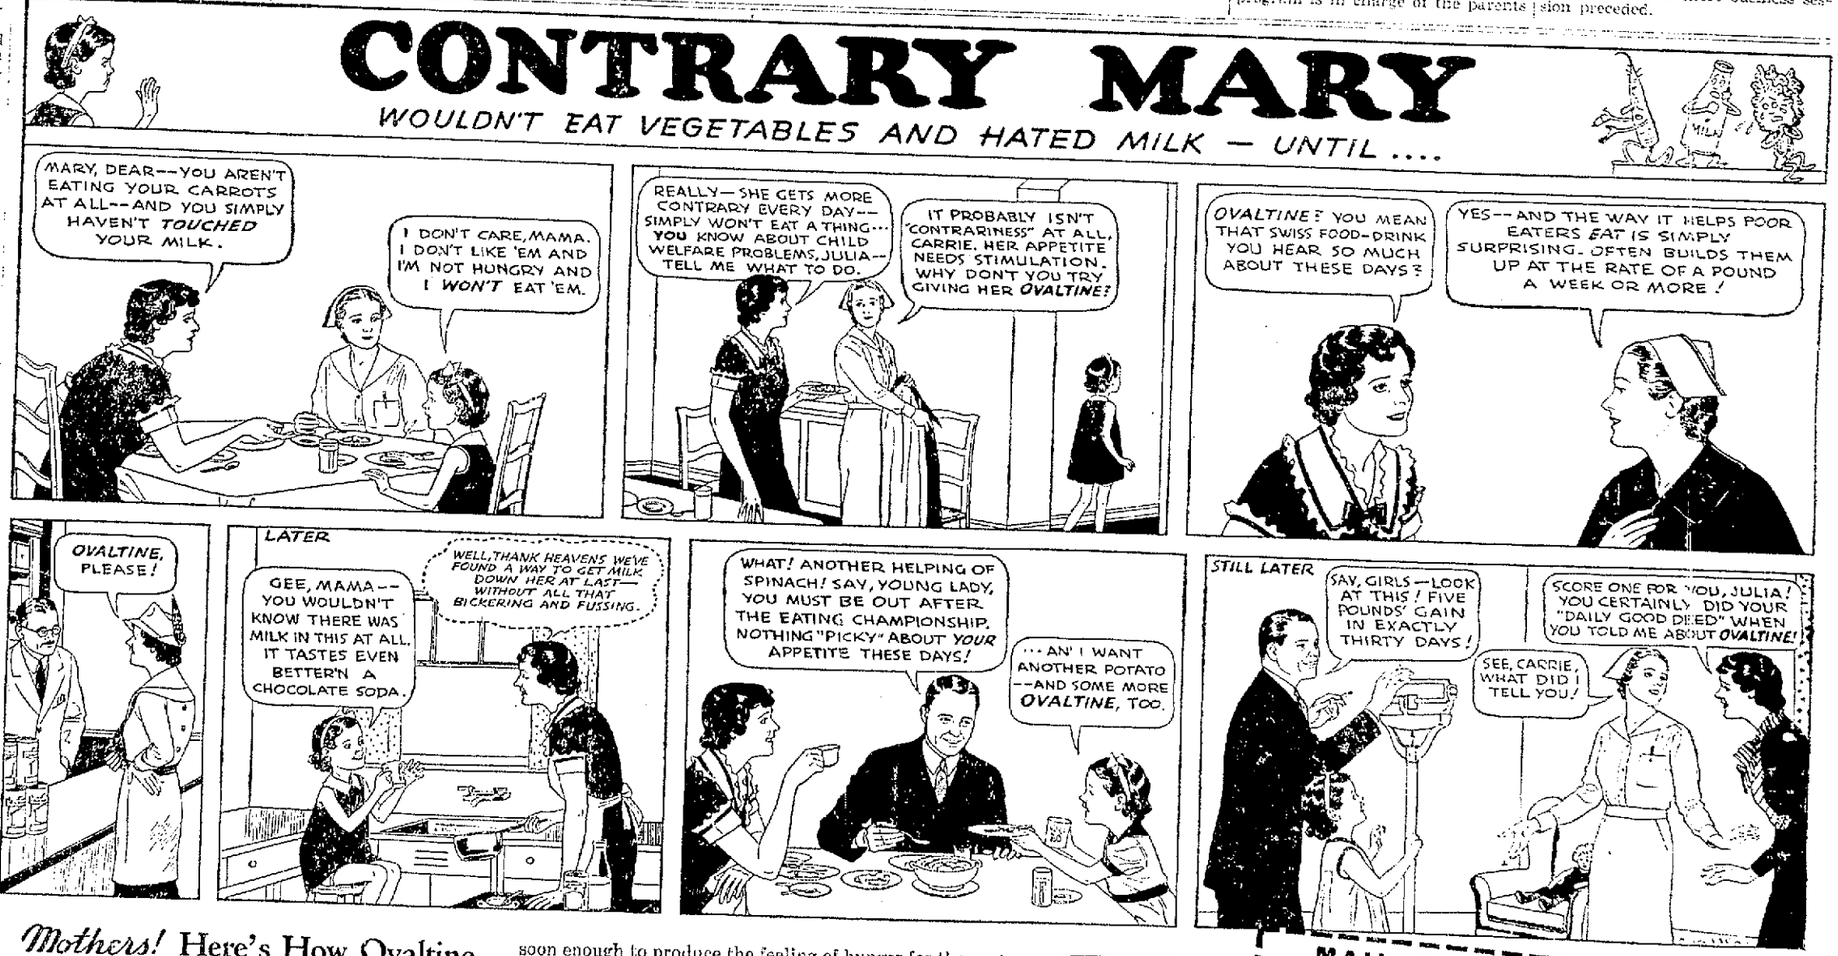
CONTRARY MARY

WOULDN'T EAT VEGETABLES AND HATED MILK — UNTIL ....



Mothers! Here's How Ovaltine Helps to Make a Child Hungry!

WHEN a child seems "contrary" and "won't eat" there are two important things you can do to help. First, give him food that is very easy to digest. Second, give him food that is rich in appetite-producing Vitamin B.

It is for these, amongst other virtues, that Ovaltine is gaining world recognition as an important food for child building. For Ovaltine is not only rich in Vitamin B—but is processed so that it digests very quickly—even at times when digestion is impaired.

These features are tremendously important. For specialists will tell you that a poor eater is usually a child with poor or slow digestion. The stomach doesn't empty soon enough to produce the feeling of hunger for the next meal. That's why he shuns his regular food, such as vegetables and milk.

But once appetite is stimulated in a scientific way—the old objection to every-day foods gradually disappears. Very frequently he even relishes vegetables and other foods to which he formerly objected . . . and weight is often added at the rate of a pound a week or more.

For the sake of your child, try Ovaltine. You can get Ovaltine at any drug or grocery store—and results may surprise you. Or, if you like, send the coupon for a trial supply.

NOTE: *Thousands of people, men and women, are using Ovaltine to restore vitality when fatigued. It is also highly recommended by physicians as a strengthening food for nursing mothers, convalescents, and the aged. When taken as a hot drink at bedtime, it usually induces sound sleep quickly*

Hitler Is Ready For Capture Of Rich Saar Prize

Hitler Plan Legal And Peaceful Seizure Of Valuable Saar Territory

By PIERRE HUSS

(Copyright 1934 By International News Service

BERLIN, Nov. 9 —Reichsleader, Adolph Hitler is ready to capture the Saar territory peacefully and legally for Germany despite any dilatory maneuvers on the part of France to delay the plebiscite scheduled for next January.

Der Fuehrer and his chief advisors, International News Service learned today, have been spending long hours recently going over every possible situation likely to arise in the Saar, including the plebiscite postponement possibility, reported strong in some dispatches from Paris.

Iron Clad Orders

In the latter event, Hitler's iron-clad orders will remain in force: all Germans are to keep calm, and the German front in the Saar will stand steady, maintaining peace and order.

Secondly, der Fuehrer is convinced a postponement through French agitation would be the last straw of "a grave injustice" being inflicted upon Germany, and that it would draw tremendous sympathy to the German case, cementing the bonds between Saarlanders and Germans and at the same time dealing a severe blow to French political honor.

It was pointed out Hitler then would be in a position to execute any one of several highly advantageous manouvers, such as appealing to the world for "fair play" in a well timed address and subsequently transporting thousands of Saarlanders to Germany for the purpose of having them cast a straw vote regarding the Saar question.

Null And Void

Thirdly, it was intimated der Fuehrer believes he then would be in a position to announce that since France had junked the treaty of Versailles herself through a violation of the Saar plebiscite clause, Germany must henceforth regard the treaty null and void in all respects.

Germany, Hitler would then say, would be entitled to assume immediately the front rank position among the big powers, with all equality and rearmament rights.

Finally, Hitler would continue a peaceful campaign to convince the world of the injustice inflicted upon Germany, and that France sooner or later must reconcile herself to the fact that the Saar will return finally to the Fatherland.

"Bloody" Cap Gives This Hunter Shock

Believed He Was Wounded But Couldn't Find Where Shot Had Entered

(International News Service)

HARRISBURG, Nov. 9 —Theodore Theodoropoulos, a local hunter, has temporarily forsaken rabbit hunting to trail a new quarry—the man who sold him his hunting cap.

Ending a day of hunting in the woods during a steady rain, Theodoropoulos boarded his automobile for the homeward trip, settled himself in the driver's seat and glanced into the mirror.

"I'm shot!" he exclaimed as he discovered what he believed was blood dripping from his face.

A frantic examination disclosed his clothing was saturated with a strange red fluid.

Believing he was shot in the head, he hastily removed his new hunting cap. Discovering no wound and feeling no pain, the hunter was puzzled until he examined his "bloody" cap.

A sigh of relief came with Theodoropoulos' discovery that the blood was merely the red dye of the cap, which had mixed with the rain and trickled down his face and clothes.

Wearying of explaining to friends and sympathetic hunters that he was not shot, Theodoropoulos resolved:

"No one shot me, but I'm after the fellow who sold me this hat."

Fish Stories Are Delayed In Transit

Two Outstanding Records Are Discovered By State Fish Commission

(International News Service)

HARRISBURG, Nov. 9—Records for size and weight were toppled by Pennsylvania anglers this season in at least three divisions of game fish—brown trout, large mouth bass and wall-eyed pike—the First Commission reported.

William Percival, of Matamoras, headed the brown trout catches, hooking one that measured 30 inches long with a girth of 15½ inches and weighing nine pounds, seven ounces. He caught it on an artificial fly in the Lackawanna river, Pike county.

A bass, 24 inches long and weighing eight and one-half pounds, was hooked in Harvey's Lake, Luzerne county, by John Warzechowski, of Nanticoke.

Frank L. Seas, of Easton, while trolling caught a wall-eyed pike weighing 13 pounds, eight ounces and measuring 34 inches, in Zimmerman's Eddy on the Upper Delaware river.

STOMACH DISTRESS CAUSED BY DEEP-SEATED IMPURITY

Common Symptoms Are Gas Pains, Rifting of Half-Digested Food, Shortness of Breath and Dizziness.

New Scientific Medicine Is Found That Works With Our Food, Called Indo-Vin; Brings Relief in Minutes and Costs Only a Trifle.

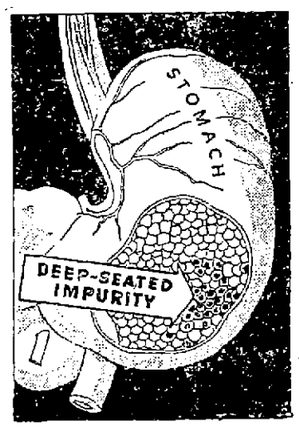
There has been a notable discovery for the relief of stomach distress. Not a cure-all, not a patent" medicine, but a new, scientific formula that works with the sufferer's food, known as Indo-Vin, now being introduced to crowds daily here in New Castle at Eckerd's drug store. It was first introduced in New Castle a few weeks ago, and has become a complete sensation, and druggists and public alike state that it is helping people who had never been really helped before by ANY medicine, bringing relief in some of the worst cases of stomach trouble found in this city.

G. H. MOSBY
Originator of Indo-Vin

What It Is

Indo-Vin is made from natural Plants, and taken shortly after meals it mixes with the food in one's stomach, thus throwing off the poisons that foster stomach troubles and permitting the kidneys and liver to function properly. It acts within 10 minutes to stop acid risings, bloat and belching and will bring out awful gases and impurities (frequently from the first dose) which may have been inside of you for a long time, contaminating your blood and inner-organs.

Indo-Vin clears out old fermented substances, half-digested food and other impure "matter". Such impurities often half-fill the stomach and intestines and form a coating on the lining, thus causing stomach "trouble". Cleansing out these impure substances permits freer flow of the digestive juices, makes the digestive organs sweet and clean and gives complete relief from indigestion, heart palpitation from gas, spitting up of food, shortness of breath, lump in stomach and dyspepsia. Likewise, it has a great action upon the Kidneys, Liver and Bowels, and thus it cleanses and improves the whole system in general.



The Stomach Lining Is a Series of Small Pits. Impurity Clings Deep in These Pits, Often Causing Serious Disorders.

This is no mere tablet or pill, and not a powder, syrup or capsule, and it does not contain alcohol or a single habit-forming drug, but it is a scientific LIQUID mixture from 22 Medicinal Plants, all blended into one remarkable compound. It is vastly different from any previously known formula, contains perhaps more ingredients than three ordinary medicines put together. While it is being introduced in New Castle every suffering person can try it at the small cost of only a few cents a day. So if stomach affliction, or even some little digestive difficulty, is bringing you misery it would certainly be a mistake not to try it.

Indo-Vin is now being introduced to the public daily here in New Castle at

New Castle Man Receives Patent

Albert S. Fox Awarded Patent On Liquid Explosives Ingredient

(Special To The News)

NEW YORK, Nov. 9—For his invention of a new explosive having a liquid explosive ingredient absorbed in hemp hurds to reduce its density, Albert Stanley Fox, of New Castle, was awarded a patent this week by the United State Patent Office. He was associated in the invention with Floyd Rape, of Edenburg, Pa.

Their application for the grant, based on 4 claims of originality and improvement, has been before the examiners since December 23, 1931. It was approved yesterday as to all features.

The commercial rights to the patent have been acquired by Burton Explosives Inc., Cleveland.

Examinations For Liquor Store Jobs Are Being Planned

(International News Service)

HARRISBURG, Nov. 9—Competitive examinations for positions as clerks in the state liquor stores will be held in convenient points throughout the state late this month or early in December, according to an announcement from the state liquor control board today.

Examinations for higher positions will not be held at that time although they may be held later, it was announced. No examinations will be held in Pike, Union and Forest counties where there are no state stores.

Application blanks for the clerkships can be obtained at any of the state liquor stores. They must be returned to the board before noon of November 16. Those who pass will be eligible for appointment to positions which the board expects will occur from time to time.

Merchants Plan Big Mass Meeting

(International News Service)

WILKES-BARRE, Pa.—The Pennsylvania merchants' present and future participation in the state-wide picture of retailing will be depicted by William H. Hager of Lancaster, president of the Pennsylvania Retailers association, at a huge mass meeting of merchants from the northeastern section of the state here November 12.

The speaking program also will include addresses by David B. Ovens, president of the National Dry Goods association, and Harold S. Young, Washington, D. C., a representative of the National Retail organization.

Invite Scouters To Boy Scout Program

Lawrence county scouts and scouters are invited to attend an entertaining program to be announced by the First Christian church Troop 15, Tuesday evening, November 13 at 7:30 o'clock. A magic show and scout movies will be featured. The regular troop meeting will be dispensed with, Scoutmaster Sid Smith states.

LICENSE MORE DRIVERS

HARRISBURG—The ranks of licensed Pennsylvania motor vehicle operators have been increased by 15,229 persons who passed drivers' examinations during September. At the same time, 8,629 others who took examinations failed to qualify for licenses. The nine-month records of the Highway Patrol show that 127,811 persons have passed examinations this year and 60,922 have failed.

AT HOTEL CONVENTION

Manager Thomas Boyle, of The Castleton and George Z. Miller, member of the hotel staff, are at Allentown attending the annual convention of Pennsylvania hotel managers. They will go to New York City from Allentown.

Counties Billed For Riot Costs

(International News Service)

NORRISTOWN, Pa., Nov. 9.—Costs of the trials of 26 convicts charged with participating in the recent riot at the "model" Graterford penitentiary have been prorated among the counties from which the prisoners were originally committed.

The total costs of the trials were $887.61.

The counties billed and the number of convicts from each involved in the riot were:

Philadelphia, 12 prisoners, $506.55; Bucks, three, $59.25; Berks, two, $44.36; Montgomery, two, $49.61; Delaware, two, $124.35; Schuylkill, one, $23.25; Lackawanna, one, $19.25.

ASPINWALL DAM TO BE REMOVED

(International News Service)

PITTSBURGH, Nov. 9—Army engineers here opened bids November 5 for the removal of old lock and dam No. 2, Allegheny river, known as the Aspinwall dam. The old dam, which has been replaced by a modern structure, was built in 1908 at a cost of about $540,000.

PICKS 235 BUSHELS OF APPLES IN DAY

(International News Service)

STEWARTSTOWN, Pa., Nov 8—A state-wide record for picking apples was believed established recently when Ralph McCleary picked 235 bushels in one day at the H. W. Anderson orchards.

On October 23, McCleary picked 172 bushels, believing it to be a record, until he was informed later that an apple picker in Adams county picked 230 bushels several years ago.

CHEAP SOAP-CHIPS A RISK

Hard Rubbing and Strong Alkalies Cause Worn Spots, Faded Colors

"THAT'S A BARGAIN," you think, when you see a great big box of soap-chips for a few cents. But wait... what happens when those cheap soap-chips get in your tub?

"Where are the suds?" you wonder. For the thin, sluggish suds are more like scum. You must rub... *scrunch... scrunch... scrunch...* across your washboard. And every "scrunch" takes the life from your clothes.

"Strong Alkalies" Fade Colors

And look... the "tubfast" color is beginning to run. That tells you in plain words, "This soap is strong". It attacks colors. It rots threads. Soon your clothes look worn, dingy. The color is gone... "thin spots" split out.

Weekly Wash A Costly Bundle!

Have you ever counted up the cost of clothes and linens in the week's wash? The blouses and frocks... the linens... sheets and towels? A costly bundle they make! Too many dollars to risk for saving a few cents on soap.

Chipso's Suds Get Dirt

So little Chipso makes such a pile of suds! Lively, bustling suds that go right after dirt. Send it scampering away! Just 15 minutes soaking with Chipso... a few swishes... a quick rinse... and the dirt is GONE. Clothes still look new.

Chipso Keeps Clothes New

Yes... Chipso cared-for clothes *do* stay like new. For Chipso saves rubbing. Chipso has no harsh alkalies to harm even your finer clothes.

Cheap Soap-Chips Ruin Good Impression

Did he get the job? That's a question. "How I regret ever trying cheap soap-chips," writes one young wife. "I soon found I wasn't saving... *I was spending dollars* to replace our faded, worn clothes. But since I've gone back to Chipso, our clothes look nice all the time."

"Neighbors Praise Our White Clothes," Say Chipso Users, "Colored Things Stay New"

THERE'S PRIDE... *real pride*... in the voices of these Chipso users as they tell about their snowy-white clothes—their bright colored clothes! "Our clothes *keep* their fresh-from-the-store look!" they say.

Red hands say, "Strong soap"

Three small children make *two or three washings a week* for Mrs. Harvey Fell. "It wouldn't take long for the clothes to wear out if we used *harsh* soap as often as that," she knows. "But with Chipso, the colors hold up bright and the materials don't get thin and sleazy."

Thank Chipso for bright colors

Yes... Mrs. Fell *can* thank Chipso for its gentle washing. For she never—with all the care in the world—could keep her children's clothes looking so well if she used a soap with strong, harsh, bleaching alkalies in it.

"Besides," she adds, "you don't have to break your back rubbing. Dirt *soaks* right out in those good suds."

Why do Chipso suds whisk out the dirt... *more quickly?* It's because Chipso suds are thick, solidly packed bubbles that surround every fleck of dirt. And it's soap bubbles... *plenty of them*... that lift dirt out.

A soap-saver... a money-saver

Get a box of Chipso today... use Chipso every washday. You'll delight in your clean fresh wash... in its sweet fragrance. And your budget will delight in your savings on clothes... your savings on soap.

"Bloody" Cap Gives This Hunter Shock

Believed He Was Wounded But Couldn't Find Where Shot Had Entered

(International News Service)

HARRISBURG, Nov. 9 —Theodore Theodoropoulos, a local hunter, has temporarily forsaken rabbit hunting to trail a new quarry—the man who sold him his hunting cap.

Ending a day of hunting in the woods during a steady rain, Theodoropoulos boarded his automobile for the homeward trip, settled himself in the driver's seat and glanced into the mirror.

"I'm shot!" he exclaimed as he discovered what he believed was blood dripping from his face.

A frantic examination disclosed his clothing was saturated with a strange red fluid.

Believing he was shot in the head, he hastily removed his new hunting cap. Discovering no wound and feeling no pain, the hunter was puzzled until he examined his "bloody" cap.

A sigh of relief came with Theodoropoulos' discovery that the blood was merely the red dye of the cap, which had mixed with the rain and trickled down his face and clothes.

Wearying of explaining to friends and sympathetic hunters that he was not shot, Theodoropoulos resolved:

"No one shot me, but I'm after the fellow who sold me this hat."

Two Outstanding Records Are Discovered By State Fish Commission

(International News Service)

HARRISBURG, Nov. 9—Records for size and weight were toppled by Pennsylvania anglers this season in at least three divisions of game fish—brown trout, large mouth bass and wall-eyed pike—the First Commission reported.

William Percival, of Matamoras, headed the brown trout catches, hooking one that measured 30 inches long with a girth of 15½ inches and weighing nine pounds, seven ounces. He caught it on an artificial fly in the Lackawanna river, Pike county.

A bass, 24 inches long and weighing eight and one-half pounds, was hooked in Harvey's Lake, Luzerne county, by John Warzechowski, of Nanticoke.

Frank L. Seas, of Easton, while trolling caught a wall-eyed pike weighing 13 pounds, eight ounces and measuring 34 inches, in Zimmerman's Eddy on the Upper Delaware river.

Albert S. Fox Awarded Patent On Liquid Explosives Ingredient

(Special To The News)

NEW YORK, Nov. 9—For his invention of a new explosive having a liquid explosive ingredient absorbed in hemp hurds to reduce its density, Albert Stanley Fox, of New Castle, was awarded a patent this week by the United State Patent Office. He was associated in the invention with Floyd Rape, of Edenburg, Pa.

Their application for the grant, based on 4 claims of originality and improvement, has been before the examiners since December 23, 1931. It was approved yesterday as to all features.

The commercial rights to the patent have been acquired by Burton Explosives Inc., Cleveland.

Examinations For Liquor Store Jobs Are Being Planned

(International News Service)

HARRISBURG, Nov. 9—Competitive examinations for positions as clerks in the state liquor stores will be held in convenient points throughout the state late this month or early in December, according to an announcement from the state liquor control board today.

Examinations for higher positions will not be held at that time although they may be held later, it was announced. No examinations will be held in Pike, Union and Forest counties where there are no state stores.

Application blanks for the clerkships can be obtained at any of the state liquor stores. They must be returned to the board before noon of November 16. Those who pass will be eligible for appointment to positions which the board expects will occur from time to time.

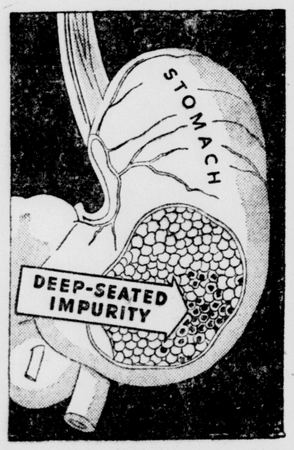
STOMACH DISTRESS CAUSED BY DEEP-SEATED IMPURITY

Common Symptoms Are Gas Pains, Rifting of Half-Digested Food, Shortness of Breath and Dizziness.

New Scientific Medicine Is Found That Works With Our Food, Called Indo-Vin; Brings Relief in Minutes and Costs Only a Trifle.

There has been a notable discovery for the relief of stomach distress. Not a cure-all, not a patent" medicine, but a new, scientific formula that works with the sufferer's food, known as Indo-Vin, now being introduced to crowds daily here in New Castle at Eckerd's drug store. It was first introduced in New Castle a few weeks ago, and has become a complete sensation, and druggists and public alike state that it is helping people who had never been really helped before by ANY medicine, bringing relief in some of the worst cases of stomach trouble found in this city.

G. H. MOSBY
Originator of Indo-Vin



The Stomach Lining Is a Series of Small Pits. Impurity Clings Deep in These Pits, Often Causing Serious Disorders.

What It Is

Indo-Vin is made from natural Plants, and taken shortly after meals it mixes with the food in one's stomach, thus throwing off the poisons that foster stomach troubles and permitting the kidneys and liver to function properly. It acts within 10 minutes to stop acid risings, bloat and belching and will bring out awful gases and impurities (frequently from the first dose) which may have been inside of you for a long time, contaminating your blood and inner-organs.

Indo-Vin clears out old fermented substances, half-digested food and other impure "matter". Such impurities often half-fill the stomach and intestines and form a coating on the lining, thus causing stomach "trouble" Cleansing out these impure substances permits freer flow of the digestive juices, makes the digestive organs sweet and clean and gives complete relief from indigestion, heart palpitation from gas, spitting up of food, shortness of breath, lump in stomach and dyspepsia. Likewise, it has a great action upon the Kidneys, Liver and Bowels, and thus it cleanses and improves the whole system in general.

This is no mere tablet or pill, and not a powder, syrup or capsule, and it does not contain alcohol or a single habit-forming drug, but it is a scientific LIQUID mixture from 22 Medicinal Plants, all blended into one remarkable compound. It is vastly different from any previously known formula, contains perhaps more ingredients than three ordinary medicines put together. While it is being introduced in New Castle every suffering person can try it at the small cost of only a few cents a day. So if stomach affliction, or even some little digestive difficulty, is bringing you misery it would certainly be a mistake not to try it.

Indo-Vin is now being introduced to the public daily here in New Castle at

CHEAP SOAP-CHIPS A RISK

Hard Rubbing and Strong Alkalies Cause Worn Spots, Faded Colors

"THAT'S A BARGAIN," you think, when you see a great big box of soap-chips for a few cents. But wait... what happens when those cheap soap-chips get in your tub?

"Where are the suds?" you wonder. For the thin, sluggish suds are more like scum. You must rub... *scrunch... scrunch... scrunch...* across your washboard. And every "scrunch" takes the life from your clothes.

"Strong Alkalies" Fade Colors

And look... the "tubfast" color is beginning to run. That tells you in plain words, "This soap is strong". It attacks colors. It rots threads. Soon your clothes look worn, dingy. The color is gone... "thin spots" split out.

Weekly Wash A Costly Bundle!

Have you ever counted up the *cost* of clothes and linens in the week's wash? The blouses and frocks... the linens... sheets and towels? A costly bundle they make! Too many dollars to risk for saving a few cents on soap.

Chipso's Suds Get Dirt

So little Chipso makes such a pile of suds! Lively, bustling suds that go right after dirt. Send it scampering away! Just 15 minutes soaking with Chipso... a few swishes... a quick rinse... and the dirt is GONE. Clothes still look new.

Chipso Keeps Clothes New

Yes... Chipso cared-for clothes *do* stay like new. For Chipso saves rubbing. Chipso has no harsh alkalies to harm even your finer clothes.

Cheap Soap-Chips Ruin Good Impression

Did he get the job? That's a question. "How I regret ever trying cheap soap-chips," writes one young wife. "I soon found I wasn't saving... *I was spending dollars* to replace our faded, worn clothes. But since I've gone back to Chipso, our clothes look nice all the time."

"Neighbors Praise Our White Clothes," Say Chipso Users, "Colored Things Stay New"

THERE'S PRIDE... *real pride*... in the voices of these Chipso users as they tell about their snowy-white clothes—their bright colored clothes! "Our clothes *keep* their fresh-from-the-store look!" they say.

Red hands say, "Strong soap"

Three small children make *two or three washings a week* for Mrs. Harvey Fell. "It wouldn't take long for the clothes to wear out if we used *harsh* soap as often as that," she knows. "But with Chipso, the colors hold up bright and the materials don't get thin and sleazy."

Thank Chipso for bright colors

Yes... Mrs. Fell *can* thank Chipso for its gentle washing. For she never—with all the care in the world—could keep her children's clothes looking so well if she used a soap with strong, harsh, bleaching alkalies in it.

"Besides," she adds, "you don't have to break your back rubbing. Dirt *soaks* right out in those good suds."

Why do Chipso suds whisk out the dirt... *more quickly?* It's because Chipso suds are thick, solidly packed bubbles that surround every fleck of dirt. And it's soap bubbles... *plenty of them*... that lift dirt out.

A soap-saver... a money-saver

Get a box of Chipso today... use Chipso every washday. You'll delight in your clean fresh wash... in its sweet fragrance. And your budget will delight in your savings on clothes... your savings on soap.

Hitler Is Ready For Capture Of Rich Saar Prize

Hitler Plan Legal And Peaceful Seizure Of Valuable Saar Territory

By PIERRE HUSS
International News Service Staff Correspondent
(Copyright 1934 By International News Service

BERLIN, Nov. 9 —Reichsleader, Adolph Hitler is ready to capture the Saar territory peacefully and legally for Germany despite any dilatory maneuvers on the part of France to delay the plebiscite scheduled for next January.

Der Fuehrer and his chief advisors, International News Service learned today, have been spending long hours recently going over every possible situation likely to arise in the Saar, including the plebiscite postponement possibility, reported strong in some dispatches from Paris.

Iron Clad Orders

In the latter event, Hitler's iron-clad orders will remain in force: all Germans are to keep calm, and the German front in the Saar will stand steady, maintaining peace and order.

Secondly, der Fuehrer is convinced a postponement through French agitation would be the last straw of "a grave injustice" being inflicted upon Germany, and that it would draw tremendous sympathy to the German case, cementing the bonds between Saarlanders and Germans and at the same time dealing a severe blow to French political honor.

It was pointed out Hitler then would be in a position to execute any one of several highly advantageous manouvers, such as appealing to the world for "fair play' in a well timed address and subsequently transporting thousands of Saarlanders to Germany for the purpose of having them cast a straw vote regarding the Saar question.

Null And Void

Thirdly, it was intimated der Fuehrer believes he then would be in a position to announce that since France had junked the treaty of Versailles herself through a violation of the Saar plebiscite clause, Germany must henceforth regard the treaty null and void in all respects.

Germany, Hitler would then say, would be entitled to assume immediately the front rank position among the big powers, with all equality and rearmament rights.

Finally, Hitler would continue a peaceful campaign to convince the world of the injustice inflicted upon Germany, and that France sooner or later must reconcile herself to the fact that the Saar will return finally to the Fatherland.

Physics Teachers Meet Saturday

Gathering To Take Place At Westminster College Buildings

(Special To The News)

NEW WILMINGTON, Pa., Nov. 9—Members of the American Association of Physics Teachers, western Pennsylvania district, will meet on Saturday at Westminster College, Dr. J. A. Swindler, head of the physics department at Westminster College and a member of the executive committee of the association announces.

Sessions will start at 11 o'clock. Topics to be discussed at the morning session include: "Modern Physics in the Elementary course," by Dr. P. O. Blackwood, University of Pittsburgh; and "A Non-Laboratory and Non-mathematical Course in Physics" by Prof. C. O. Riggs, Waynesburg College.

Luncheon will be served the members of the association at noon in Browne Hall. A business meeting will follow the luncheon. The afternoon will be devoted to demonstration of apparatus and inspecting laboratories. A number of members of the association will bring apparatus for demonstration purposes.

The executive committee in charge of the meeting includes Dr. J. A. Swindler, Westminster; Prof. C. O. Riggs, Waynesburg and Dr. W. H. Michener, Carnegie Tech.

Lilies of the valley are the first of the bulbs that will bloom in the winter garden, because they require no rooting time and can be forced in about two weeks. It is important to buy the cold storage pips for indoor planting, for the clumps are meant only for outdoor growing. The cold storage pips will be good for outdoor planting in the spring.

SHE ATE ALL-BRAN TWELVE YEARS WITH FINE RESULTS

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter:

"Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market.

"My friends often laugh at my fondness for ALL-BRAN. It gives such a *clean* taste in the mouth, and I do not feel satisfied until I have had my ALL-BRAN.

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Amy Person, University Park, Iowa.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines—often harmful. Just eat two tablespoonfuls daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

Earl Wimer, controller for the city has compiled an audit of Cascade Park affairs from January 1 to October 26 and there's a deficit of $328.73. The park did a gross business of $30,070, of which the city received $5,984.47.

Sometime ago the controller, Earl Wimer, suggested to council that an inventory of all city property be taken. The communication was referred to committee. It is not known what council's final action on the communication will be.

Only 12 cases of contagion were reported during October to City Health Officer, Dr. W. L. Steen. Seven of the patients have scarlet fever and the remaining five had chickenpox.

For the first time in a long while the owner of an uninspected dairy here was fined $25.00. for selling milk. The health officer, Dr. W. L. Steen caused the arrest of the owner of the dairy last month, his report shows.

Due to the operation of house furnaces garbage collection has dropped off here. During October it was necessary to collect only 993 tons, which were burned at the city furnace. Garbage in summer months was several hundred tons heavier.

Enforcement of the State Law pertaining to dancing in beer parlors will start Saturday night. The chief of police, John F. Haven, has stated that no dancing will be allowed in any place that has failed to comply with the law.

Two janitors are employed in city hall, namely, John Anderson and James McDevitt. Anderson reports for work at 4:30 a. m. and McDevitt at 5:30 p. m. Anderson has worked in that capacity for years. McDevitt has been employed about a year.

Harry Hoskins, the city engineer, has returned from Pittsburgh where he went to inspect a drill which the city may buy. While there he also looked at a grader. The present grader is undergoing repairs.

Within a few days the police patrol will again be in operation. The old auto body has been removed and a body which was purchased for $25 is practically installed on the chassis.

Wayne Sines, who built the Police radio station here has almost completed the work of installing a fire alarm system in the schools. He has been engaged in that work for several weeks.

On Court House Hill

D. C. Hancher, one of the pioneers of Ellwood City, who was at the court house on business yesterday, has had a long experience as an assessor having held the office 25 years. He is at present assessor of the second ward.

Judge R. L. Hildebrand has changed the date for holding divorce court from November 26, as previously announced to November 27. Applications to be heard must be filed ten days before that date.

A writ in attachment has been filed at the prothonotary's office by Isaac Jackson against E. S. Kelly, and T. Howard, garnishee in which the sheriff is directed to attach any money due the defendant from T. Howard Kelley, executor in the estate of Charles R. Kelley, in satisfaction of a claim of $500.

Summons in assumpsit has been filed at the prothonotary's office in a case of John H. Boyd against the Union Trust Company, administrator in the estate of Charlotta Magee. The prothonotary is directed to index the plaintiff's claim of $8,060.

The American Slicing Machine Company has issued a writ of replevin against Mrs. Mary Richards to secure possession of a meat slicing machine valued at $110. The machine was sold on a bailment lease, and it is claimed that the payments has not been kept up.

Republican office holders are convalescing from the effects of last Tuesday's election, and some of them are wondering what the future holds for them in little Lawrence. It is conceded that the outlook is not as rosy as it was a short time ago, but they are hoping that the fog will lift before next year, when there is a long list of local offices to be filled. Register and Recorder, William R. Hanna, lone Democrat at the court house, hasn't much to say but is doing a lot of thinking.

An appeal from the decision of Alderman Richard R. Lewis, has been filed at the prothonotary's office by the defendant in the case of Cora B. Haley, 919 Franklin avenue against Elizabeth Boyer, 102 West Lincoln avenue. The case is one growing out of an automobile accident at the intersection of Beaver street with West Washington street. Wm. Haley was driving the plaintiff's car on West Washington St. when the defendant, going south on Beaver street, collided with it. Plaintiff claims that defendant called a repair man and agreed to pay for damage. The bill, amounting to around $35 has not been paid and the alderman gave judgement for the plaintiff. The case will now be tried in court.

Counting the vote cast at last Tuesday's election to secure the official totals, is now in progress by the return judges under the supervision of Judge R. L. Hildebrand. "Counting the vote" as it is called, is really somewhat of a misnomer. What is actually done is to count the returns made by the election boards. No actual ballots are counted, except in cases where errors or irregularities are alleged and the ballot boxes are brought in by order of the court. The returns as brought in by the judges of election in each precinct show the number of votes cast for each candidate. The total is given, not only in figures, but the number is written out in long hand, preceding the figures. Two return sheets are made out by the board. One sheet is sealed in an envelope not to be opened until the return judges meet to make the official count. A duplicate sheet is placed in an envelope and left unsealed for the use of the press or any person who is interested. The prothonotary prepares large books with a list of the precincts in the county and the names of the candidates for the different offices. Two of these books are given to return judges who sit at different tables. The other return judges open the envelope and read out the names of the candidates and the vote they received, the latter being entered in the two books. The figures are compared to see that the two books correspond. If there is any doubt as to figures the return judges can check up from the tally sheet, used by the election boards, which is inclosed in the sealed envelopes. After the figures are all written in the books they are totaled on an adding machine, and the figures compared before the official total is written down.

Crime Is Symptom Of Maladjustment

Miss Helen Pigeon Of The Welfare Department Gives Her Views

(International News Service)

HARRISBURG—The present plan of placing offenders on probation is likened by Miss Helen Pigeon of the bureau of probation, department of welfare, to a medical system which examines and treats a patient for some ill before a diagnosis is made.

Explaining the state's probation system in a recent address, Miss Pigeon said:

"Crime is a symptom of some maladjustment in a man, and probation is a treatment based on study which aims at rehabilitation before a prison sentence is pronounced. It differs slightly from parole, inasmuch as parole comes after a sentence has been given. Probation is a social process which rests on the individual case, and the mental make-up, the physical make-up and the social basis must be taken into consideration in every case."

Proper case work is the secret of probational success, Miss Pigeon said. She stressed the importance of an organization in which each trained officer can deal specifically with the type case for which he is best suited, whether it be the child, the adolescent or the domestic relations problem.

Aluminum Company Gets Color Plant

(International News Service)

PITTSBURGH—Seeking to retain its control over aluminum and its various appliances, Aluminum Company of America has acquired the plant and patents of Aluminum Colors, Inc., Indianapolis.

The base of operations for the process has been moved to the New Kensington plant of Alcoa.

The patents acquired cover a process of applying color to aluminum surfaces and is being used at the present time on small products such as kitchenware. It is claimed that every color of the rainbow can be reproduced through the process.

Alcoa, it is understood, will soon license the process to other manufacturers of aluminum products.

Physics Teachers Meet Saturday

Gathering To Take Place At Westminster College Buildings

(Special To The News)

NEW WILMINGTON, Pa., Nov. 9—Members of the American Association of Physics Teachers, western Pennsylvania district, will meet on Saturday at Westminster College, Dr. J. A. Swindler, head of the physics department at Westminster College and a member of the executive committee of the association announces.

Sessions will start at 11 o'clock. Topics to be discussed at the morning session include: "Modern Physics in the Elementary course," by Dr. P. O. Blackwood, University of Pittsburgh: and "A Non-Laboratory and Non-mathematical Course in Physics" by Prof. C. O. Riggs, Waynesburg College.

Luncheon will be served the members of the association at noon in Browne Hall. A business meeting will follow the luncheon. The afternoon will be devoted to demonstration of apparatus and inspecting laboratories. A number of members of the association will bring apparatus for demonstration purposes.

The executive committee in charge of the meeting includes Dr. J. A. Swindler, Westminster: Prof. C. O. Riggs, Waynesburg and Dr. W. H. Michener, Carnegie Tech.

Lilies of the valley are the first of the bulbs that will bloom in the winter garden, because they require no rooting time and can be forced in about two weeks. It is important to buy the cold storage pips for indoor planting, for the clumps are meant only for outdoor growing. The cold storage pips will be good for outdoor planting in the spring.

SHE ATE ALL-BRAN TWELVE YEARS WITH FINE RESULTS

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter:

"Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market.

"My friends often laugh at my fondness for ALL-BRAN. It gives such a *clean* taste in the mouth, and I do not feel satisfied until I have had my ALL-BRAN.

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Amy Person, University Park, Iowa.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines—often harmful. Just eat two tablespoonfuls daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

HARRISBURG—The present plan of placing offenders on probation is likened by Miss Helen Pigeon of the bureau of probation, department of welfare, to a medical system which examines and treats a patient for some ill before a diagnosis is made.

Explaining the state's probation system in a recent address, Miss Pigeon said:

"Crime is a symptom of some maladjustment in a man, and probation is a treatment based on study which aims at rehabilitation before a prison sentence is pronounced. It differs slightly from parole, inasmuch as parole comes after a sentence has been given. Probation is a social process which rests on the individual case, and the mental make-up, the physical make-up and the social basis must be taken into consideration in every case."

Proper case work is the secret of probational success, Miss Pigeon said. She stressed the importance of an organization in which each trained officer can deal specifically with the type case for which he is best suited, whether it be the child, the adolescent or the domestic relations problem.

Aluminum Company Gets Color Plant

(International News Service)

PITTSBURGH—Seeking to retain its control over aluminum and its various appliances, Aluminum Company of America has acquired the plant and patents of Aluminum Colors, Inc., Indianapolis.

The base of operations for the process has been moved to the New Kensington plant of Alcoa.

The patents acquired cover a process of applying color to aluminum surfaces and is being used at the present time on small products such as kitchenware. It is claimed that every color of the rainbow can be reproduced through the process.

Alcoa, it is understood, will soon license the process to other manufacturers of aluminum products.

PONDER FUTURE OF REPUBLICAN PARTY IN STATE

Different Views Held By Leaders

Some Forsee Establishment Of New Party Alignments In Nation

CONSERVATIVES AND RADICALS LINEUP

By WILLIAM J. KELLY
International News Service Staff Correspondent

PITTSBURGH, Nov. 9.—The "new deal" brought to Pennsylvania by sweeping Democratic victory today caused a wave of speculation as to how Republicans can rise from the mass of wreckage under which they were buried when citidels of a half century crashed.

Few expected such a collapse of the pillars of Republican supremacy. Now the rulers of that once powerful Pennsylvania kingdom—the Republican party—find it difficult to gaze at the unholy sight.

Not only was a powerful seat in the United States senate pulled from its grasp, but all state-wide offices, except treasurer, vent to the Democrats. In addition, the state house of representatives is controlled by the Democrats increased their power in the state senate.

Must Revive Elephant

On the heels of this chance, devastating to the G. O. P. came many expressions of opinion as to what must be done to breathe new life into the Republican elephant. Many leaders saw the organization of a new national party while others think the desired results can be obtained by purging the existing organization of "undesirables." The general belief was that the time is now ripe for leaders of the Republican party to have a better understanding with the rank and file of the voters.

Gov. Gifford Pinchot, independent who campaigned in behalf of the G. O. P., pointed out one avenue for revival, many observers believe, when he asserted the Republican party must go "progressive or stay bust."

Staunch supporters of the G. O. P. think only continual disaster faces the party if present policies are retained. They suggest and confidently expect radical changes.

Sees New National Party

William H. Coleman, chairman of the Republican party in Allegheny county where the Democrats received the decisive vote Tuesday, observed:

"In my opinion ther'll be a new national party come out of it all. There will be one party for the conservatives and another for the radicals.

"Many of the southern Democrats who do not approve of the present Democratic policies and Republicans will join together. The southerners present will not subscribe to the Republican name, so the new party will probably have a new name."

But General Edward Martin, former Republican state chairman, had a different view. He thinks the G. O. P. will stage a come-back.

"If the new deal policies now in force are successful a new party will not be required," Martin said.

"On the other hand, if they do not meet the continued approval of the American people, after further practice, there will be a natural drift to a party in opposition and the Republican party will be that party."

John S. Herron, former Republican mayor of Pittsburgh, who lost to a Democrat last year, saw a necessity for "leaders of the Republican party to have a better understanding with the rank and file of the voters."

Thine The Prophet's Vision.
No Man On Horseback Here.
California Says No EPIC.
Florida's Pleasant News.
By ARTHUR BRISBANE

DEARLY beloved, WHAT an election!

This nation of considerable size and power turning toward the Roosevelt residence, Hyde Park or the White House, exclaims, wit' Longfellow:

"Thine was the prophet's vision, thine
The exaltation, the diven
Insanity of noble minds,
That never falters nor abates,
But labors and endures and waits,
Till all that it foresees it finds
Or what it cannot find creates."

POLITICALLY speaking, water runs uphill. Pennsylvania goes Democratic, and Postmaster General Farley, who worked for it and predicted it, proves again that he knows politics.

Pennsylvania has been the Republican fortress for sixty years. On election after election, Democrats have read above the door to the polls:

"Leave hope behind, all ye (Democrats) that er

WOODROW WILSON
apture that fortress wit.
war to help.

But Franklin D. Roosevelt the big depression war has capt. Pennsylvania and now becon. "Roosevelt the Great."

The Democratic landslide was a Franklin D. Roosevelt landslide. People voted "for Roosevelt" or

"against Roosevelt," and the old ballad writer's "child that is unborn" might have guessed what would happen.

THIS ELECTION is far more important than the election of 1932. It is such a tribute to Franklin D. Roosevelt as no man has ever received from a great nation in time of peace.

In 1932 F. D. Roosevelt was elected to try any experiment he chose. He has tried the experiment for two years, and a gigantic vote shouts approval.

For another man than President Roosevelt such overwhelming applause, encouragement and vindication might be dangerous.

A great nation's invitation, "here we are, do with us as you please," might, for some other man that Roosevelt, offer a tempting door to dictatorship and fascism.

It was a feeble demonstration, in comparison, that changed the second Napoleon from president of the French republic to emperor of the French nation.

THE DICTATOR'S door seems to be wide open, but President Roosevelt, who knows the American people, will present to this nation no "man on horseback."

He knows that the highest peak is the most dangerous spot in a mountain range.

His ideas and beliefs date back a long way in his United States ancestry, to the men that built this country on the theory that men should govern themselves.

Anybody offering him the sword of a Boulanger or the castor oil bottle of a Mussolini would hear a polite:

"Much obliged, but no, thanks!"

UPTON SINCLAIR and his "End Poverty in California" have been rejected by California voters. Perhaps Sinclair, well meaning and sincere, is not much disappointed now.

Thee days hence he may be glad. The cold necessity of making good difficult promises disappears from his horizon. He need not give a life pension of fifty dollars a month to everybody over fifty years of age, or face the problem of making profitable farms and factories that former owners could not keep running.

Kipling's butterfly that frightened his wife with threats to stamp his foot and bring a giant magician that would lift the caterpillars' garden high in air was terribly embarrassed when his wife said:

"Go on, stamp your foot, let see your magician."

Mr. Sinclair, though well meaning, might have been embarrassed had California said,

"Go, on, let's see you end poverty in California."

In his first surprise and disappointment, Mr. Sinclair predicts "public discontent amounting to fury," and promises to have the elected Governor, Merriam, recalled by popular vote, predicting for California a deficit of more than $100,000,000 next year.

Mr. Sinclair says "the reactionaries will be chiefly concerned with putting down strikes and starting fascism," but they may be wiser than that. "Reactionaries" have often shown surprisingly good judgment in emergencies.

PLEASANT NEWS from Florida announces passage, two to one, of a sensible, humane bill. Col. Frank B. Shutts, Miami newspaper owner wires:

"The five thousand dollar homstead exemption amendment has been adopted by more than two to one vote, your cooperation in this matter very helpful and it is appreciated. The large financial interests of the state opposed it. The press was almost unanimously against it."

Col. Shutts adds that a constitutional amendment exempting moving picture enterprises from all taxes and assessments for fifteen years was also adopted. This is less important to Hollywood than it would have been had not Mr. Sinclair been defeated.

A SIMILAR telegram signed John E. Cecil, executive secretary, Home Owners' League of Florida, announcing passage of the bill "exempting small homes and farms up to one hundred and sixty acres, together with all improvements thereon, from taxation," says.

"Your excellent editorials were a large factor and were extensively quoted by papers, large and small, throughout the state. Opposing papers made a strong but futile effort to discredit statements made by you."

It is pleasing to have had a hand in making it possible for Americans, in one state at least to say:

"I own a roof and a piece of land that tax gatherers cannot take away from me or my children."

THE NEW YORK State voters agreed with Mrs. Franklin D. Roosevelt that the latter's good friend, Mrs. Caroline O'Day, would make a first class congressman-at-large from New York. They gave her a plurality of more than six hundred thousand.

HERBERT H. LEHMAN, New York Governor running for re-election, carried the state by nearly a million.

When former Commissioner Dorman, of New York, sent word to this writer that he would like to have a contribution for Mr. Lehman's campaign, the answer was:

Gov. Lehman doesn't need any contributions and needs no campaigning. He will be re-elected by at least 600,000."

Lehman added about 300,000 to that estimate.

Till all that it foresees it finds
Or what it cannot find creates."

POLITICALLY speaking, water runs uphill. Pennsylvania goes Democratic, and Postmaster General Farley, who worked for it and predicted it, proves again that he knows politics.

Pennsylvania has been the Republican fortress for sixty years. On election after election, Democrats have read above the door to the polls:

"Leave hope behind, all ye (Democrats) that er"

WOODROW WILSON
apture that fortress wit.
war to help.

But Franklin D. Roosevelt
he big depression war has capt.
Pennsylvania and now becon.
"Roosevelt the Great."

The Democratic landslide was a
Franklin D. Roosevelt landslide.
People voted "for Roosevelt" or

"against Roosevelt," and the old ballad writer's "child that is unborn" might have guessed what would happen.

THIS ELECTION is far more important than the election of 1932. It is such a tribute to Franklin D. Roosevelt as no man has ever received from a great nation in time of peace.

In 1932 F. D. Roosevelt was elected to try any experiment he chose. He has tried the experiment for two years, and a gigantic vote shouts approval.

For another man than President Roosevelt such overwhelming applause, encouragement and vindication might be dangerous.

A great nation's invitation, "here we are, do with us as you please," might, for some other man that Roosevelt, offer a tempting door to dictatorship and fascism.

It was a feeble demonstration, in comparison, that changed the second Napoleon from president of the French republic to emperor of the French nation.

THE DICTATOR'S door seems to be wide open, but President Roosevelt, who knows the American people, will present to this nation no "man on horseback."

He knows that the highest peak is the most dangerous spot in a mountain range.

His ideas and beliefs date back a long way in his United States ancestry, to the men that built this country on the theory that men should govern themselves.

Anybody offering him the sword of a Boulanger or the castor oil bottle of a Mussolini would hear a polite:

"Much obliged, but no, thanks!"

UPTON SINCLAIR and his "End Poverty in California" have been rejected by California voters. Perhaps Sinclair, well meaning and sincere, is not much disappointed now.

Thee days hence he may be glad. The cold necessity of making good difficult promises disappears from his horizon. He need not give a life pension of fifty dollars a month to everybody over fifty years of age, or face the problem of making profitable farms and factories that former owners could not keep running.

Kipling's butterfly that frightened his wife with threats to stamp his foot and bring a giant magician that would lift the caterpillars' garden high in air was terribly embarrassed when his wife said:

"Go on, stamp your foot, let see your magician."

Mr. Sinclair, though well meaning, might have been embarrassed had California said.

"Go, on, let's see you end poverty in California."

In his first surprise and disappointment, Mr. Sinclair predicts "public discontent amounting to fury," and promises to have the elected Governor, Merriam, recalled by popular vote, predicting for California a deficit of more than $100,000,000 next year.

Mr. Sinclair says "the reactionarics will be chiefly concerned with putting down strikes and starting fascism," but they may be wiser than that. "Reactionaries" have often shown surprisingly good judgment in emergencies.

PLEASANT NEWS from Florida announces passage, two to one, of a sensible, humane bill. Col. Frank B. Shutts, Miami newspaper owner wires:

"The five thousand dollar homstead exemption amendment has been adopted by more than two to one vote, your cooperation in this matter very helpful and it is appreciated. The large financial interests of the state opposed it. The press was almost unanimously against it."

Col. Shutts adds that a constitutional amendment exempting moving picture enterprises from all taxes and assessments for fifteen years was also adopted. This is less important to Hollywood than it would have been had not Mr. Sinclair been defeated.

A SIMILAR telegram signed John E. Cecil, executive secretary, Home Owners' League of Florida, announcing passage of the bill "exempting small homes and farms up to one hundred and sixty acres, together with all improvements thereon, from taxation," says.

"Your excellent editorials were a large factor and were extensively quoted by papers, large and small, throughout the state. Opposing papers made a strong but futile effort to discredit statements made by you."

It is pleasing to have had a hand in making it possible for Americans, in one state at least to say:

"I own a roof and a piece of land that tax gatherers cannot take away from me or my children."

THE NEW YORK State voters agreed with Mrs. Franklin D. Roosevelt that the latter's good friend, Mrs. Caroline O'Day, would make a first class congressman-at-large from New York. They gave her a plurality of more than six hundred thousand.

HERBERT H. LEHMAN, New York Governor running for re-election, carried the state by nearly a million.

When former Commissioner Dorman, of New York, sent word to this writer that he would like to have a contribution for Mr. Lehman's campaign, the answer was:

Gov. Lehman doesn't need any contributions and needs no campaigning. He will be re-elected by at least 600,000."

Lehman added about 300,000 to that estimate.

Guard Caffery Close In Cuba

Fear American Ambassador In Constant Danger Of Being Assassinated

TERRORISTS ARE BECOMING ACTIVE

By KINGSBURY SMITH
International News Service Staff Correspondent
Copyright, 1934, By International News Service

WASHINGTON, Nov. 9—Ambassador Jefferson Caffry, at Havana is in constant danger of assassination by Cuban terrorists.

The danger has become so grave that he is constantly guarded by Cuban detectives and soldiers. His motor car is always preceded by a government machine carrying detectives or soldiers. Government troops are constantly on guard at the American embassy.

Terrorists Active

Terrorists have fired on the American embassy several times, wounding a soldier guard on one occation.

Those who have recently visited Caffery stated today his staff fear he may bme assassinated if terroristic conditions continue to prevail. The state department is worried.

However, the danger lies not from the fact that there is any personal animosity toward him. On the contrary, the witty diplomat from Louisiana is considered well liked by the Cuban populace as a whole. It is because of his position. Officials here feel the same situation would apply to any American ambassador appointed to Havana at the present time.

Different Elements

The danger lies from terrorists belonging to three different political elements all of whom are vehemently opposed to the existing government of President Carlos Mendieta. These three factions are followers of former President Grau San Martin; dissatisfied members of the dreaded A. B. C. powerful secret political organization: and communistic elements.

All three groups wish to see the overthrow of the Mendieta government. By maintaining unrest through terroristic activities, they hope to cause popular dissatisfaction with the Mendieta government and thus pave the way for its overthrow.

American Support

The greatest danger to Caffery is believed to be from the Grau San Martin and A. B. C. elements, both of whom are seeking to create the belief that the Mendieta government is being maintained in power solely by American support.

Fear prevails here that these political factions might believe the assassination of the ambassador would cause the downfall of the Mendieta government and pave the way for their rise to power.

PRAGUE, Nov. 9.—Josef Prochazka has only one leg—but the police have just given him orders forbidding him to enter the town of Olomouc, owing to his "violent behaviour."

A quarrel some years ago caused Josef's loss of his leg. The loss has done nothing to lessen his love of a fight. Now Josef, having provoked a quarrel, quickly unscrews his wooden leg and uses it as a weapon.

The police ban is the sequel of Josef's sixteenth appearance in court charged with inflicting grievous bodily harm. Josef's defense was that he had been insulted as a "helpless cripple."

Joseph Owrey, aged 3, of Harbor street, who is in the New Castle hospital, continues to show improvement. The youngster was burned when he felt into a bonfire near his home recently.

New Faces In United States Senate Are All Democrats

Fourteen new faces will appear in the United States senate when congress convenes January 3 and every one belongs to a Democrat, owing to the greatest political triumph since the Civil war in an off-year election. The Democrats actually gain 10 seats in the senate, increasing their total to 70. The new senators are (1) Walter D. Chavez, N. M.; (2) Joseph F. Guffey, Pa.; (3) Edward R. Burke, Neb.; (4) A. Harry Moore, N. J.; (5) Sherman Minton, Ind.; (6) Francis T. Maloney, Conn.; (7) George W. Radcliffe, Md.; (8) Vic Donahey, O.; (9) James E. Murray, Mont. (short term); (10) Rush D. Holt, W. Va.; (11) Lewis B. Schwellenbach, Wash.; (12) Theodore G. Bilbo, Miss.; (13) Peter G. Gerry, R. I., and (14) Harry S. Truman, Mo.

Killer, 19, Faces Trial Third Time

(International News Service)

COLORADO SPRINGS, Nov. 9—Walter Reppin, 19-year-old Newark, N. J. orphan, who pleaded guilty to the murder of Vincent Regan, Colorado college student and taxicab driver, will be tried for his life for the third time here.

At his first trial Reppin was sentenced to be executed in the lethal gas chamber at the State penitentiary. Three days before the date on which he was to die, Phillip Hornbein and David Rosner, Denver attorneys who voluntarily took his case, filed an appeal. The second trial, held here in August, resulted in a jury disagreement.

The only question the jury is to dicide is whether Reppin will die or be sentenced to life imprisonment, as he has already pleaded guilty to the murder.

Donation Day For Henry Home

Donations Being Left At Hoyt Block On Public Square

Pickles and peaches and canned goods of various sorts are beginning to make their appearance in the Hoyt Block, on the Public Square, today, the opening day of the two-day drive for donations for the Margaret Henry Home.

Under the direction of Charles W. Read, general chairman of the drive, an appeal has been made for the past week for donations of canned goods to keep the home supplied for the coming winter. The appeal is not a usual thing, it is a genuine appeal for help for the home has no stock of canned goods for the coming winter.

There are few people who cannot spare a jar of canned vegetables or fruit or jelly. The need is dire and unless there is a warm response to the appeal, the home will be short of provisions this winter.

Any donation from one jar up to a case will be welcome. Those people who did not can fruits or vegetables can accomplish the same thing by either buying canned goods or sending down the money with which they can be bought.

The donation days end Saturday night. New Castle residents are urged to aid in this most worthy cause and donate a little that the youngsters may eat properly this winter. The ingathering point is located in the Hoyt Block, on the Public Square.

Cottage Prayers

The Primitive Methodist church will have a cottage prayer service this evening at the home of James Elliott, 432 Maryland avenue, at 7:30.

Harry Hettenbaugh will be the leader.

Dames Of Malta

A special afternoon and evening gathering of the Dames of Malta members will take place Tuesday, November 13, at Malta Hall, commencing promptly at 2:00 p. m.

At 6:00 o'clock the women will go to the Mahoning M. E. church for dinner, later returning to Malta hall for a social period with their families and friends as invited guests.

Reservations for the dinner are being taken by Mrs. John M. Bevan, of West Clayton street.

Revival Continues.

The revival meeting in the First Free Methodist church, Arlington avenue, is increasing in interest and attendance. Evangelist Webb spoke last night from the theme "What must I do to be saved." The message was enlightening and timely. This will be Young People's Night and the evangelist has an address for them. Service every night.

Cottage Prayers.

This evening at 7:30 there will be cottage prayers in the home of Harold Critchlow, Youngstown hill, with Albert Martin leader; and at the home of Robert Campbell, 513 Young street, E. B. Emery leader.

These are held by the congregation of the Christian Missionary Alliance Gospel Tabernacle.

The young people will meet at the same time in the church.

Saturday evening at 7:30 there will be a Harvesters' prayer service.

Missionary Meeting.

The Women's Missionary society of the First Presbyterian church met Thursday afternoon in the church with Mrs. S. E. McCleary presiding.

Mrs. J. L. Patterson gave the secretary's report and Mrs. S. C. Gillespie conducted the query corner. A tribute was paid to the memory of Mrs. A. R. Kerr, one of the oldest members of the organization, who passed away this week.

Mrs. R. E. Long served refreshments.

Merry Maid Class

The Merry Maid class of the City Rescue Mission held their monthly class meeting at the home of Elsie and Betty Boalich, 113 South street, Thursday evening, with 23 members in attendance. A short business meeting was held in charge of the president, Elsie Boalich, at which plans were made for the class to have a Thanksgiving dinner. Music and games passed away the evening and a delicious lunch was served by the hostesses, assisted by their mother and sister, Mrs. Dorothy Jenkins. The next meeting will be held at the home of the teacher, Mabel Wehner.

O. U. Girls

Miss Margaret Pringle was hostess, Thursday evening, to the O. U. Girls of the Central Presbyterian church.

The national topic "Southern Mountaineers" was discussed by Miss Elizabeth Shelatree, while Miss Ina Tucker had the foreign subject. After the business session, refreshments were served by the hostess and her sister, Miss Edna Pringle, and Miss Adah Carpenter.

Mrs. Myrtle Tucker, West Washington street, will be hostess the second Thursday in December.

Pictures At Mission

Pictures, music and singing will take the place of the usual sermon at tonight's service of Evangelist H. L. Davis at the City Rescue Mission. The "Ninety and Nine" will be portrayed by the evangelist and his sister.

A crowd heard last night's message on "Why Don't You Practice What You Preach?"

Broadhead Class

The Alma Broadhead class of the First Baptist church will meet Monday evening at the home of Mrs. S. W. Freed, 619 South Ray street. Misses Charlotte Emery and Genevieve Schugers will be joint hostesses.

GIRL SCOUTS

TROOP NO. 3

The regular meeting of Troop No. 3 was held at the First Christian church Thursday evening. The meeting opened with check-up upon attendance. Then came two games, "Indians" and "Zip, Zap."

Final plans were made for a style show on November 22. First class girls were further instructed on junior first aid by Sidney Smith. The meeting was closed with friendship circle and taps.

BETTE WOODS, Scribe.

BLUEBONNET TROOP

Although a bit late there were many spooks and witches still roaming around on Monday night for the girls of troop 4. After an initiation by the members of patrol 1, games were played. Prizes were given for the cutest, funniest and most original costumes. Winning these were Jean Kemp, Virginia Patton and Virginia Pence. After all sorts of fun refreshments were served by the committee, followed by friendship circle, singing and with "Taps" the spooks disappeared as quietly as they had come.

Scribe, JUNE FORINGER.

STORY BOOK TROOP

The Girl Scouts of Storybook Troop No. 9 met Wednesday evening in the Epworth M. E. church. The meeting was opened by the favorite song of the scouts. Games were played. Later the girls were divided into interest groups.

A number of candidates passed the tenderfoot test and are to be invested at the next meeting. Parents will be invited to attend at that time.

Scribe,

Donation Day For Henry Home

Donations Being Left At Hoyt Block On Public Square

Pickles and peaches and canned goods of various sorts are beginning to make their appearance in the Hoyt Block, on the Public Square, today, the opening day of the two-day drive for donations for the Margaret Henry Home.

Under the direction of Charles W. Read, general chairman of the drive, an appeal has been made for the past week for donations of canned goods to keep the home supplied for the coming winter. The appeal is not a usual thing, it is a genuine appeal for help for the home has no stock of canned goods for the coming winter.

There are few people who cannot spare a jar of canned vegetables or fruit or jelly. The need is dire and unless there is a warm response to the appeal, the home will be short of provisions this winter.

Any donation from one jar up to a case will be welcome. Those people who did not can fruits or vegetables can accomplish the same thing by either buying canned goods or sending down the money with which they can be bought.

The donation days end Saturday night. New Castle residents are urged to aid in this most worthy cause and donate a little that the youngsters may eat properly this winter. The ingathering point is located in the Hoyt Block, on the Public Square.

Guard Caffery Close In Cuba

Fear American Ambassador In Constant Danger Of Being Assassinated

TERRORISTS ARE BECOMING ACTIVE

By KINGSBURY SMITH
International News Service Staff Correspondent
Copyright, 1934, By International News Service

WASHINGTON, Nov. 9—Ambassador Jefferson Caffry, at Havana is in constant danger of assassination by Cuban terrorists.

The danger has become so grave that he is constantly guarded by Cuban detectives and soldiers. His motor car is always preceded by a government machine carrying detectives or soldiers. Government troops are constantly on guard at the American embassy.

Terrorists Active

Terrorists have fired on the American embassy several times, wounding a soldier guard on one occation.

Those who have recently visited Caffery stated today his staff fear he may bme assassinated if terroristic conditions continue to prevail. The state department is worried.

However, the danger lies not from the fact that there is any personal animosity toward him. On the contrary, the witty diplomat from Louisiana is considered well liked by the Cuban populace as a whole. It is because of his position. Officials here feel the same situation would apply to any American ambassador appointed to Havana at the present time.

Different Elements

The danger lies from terrorists belonging to three different political elements all of whom are vehemently opposed to the existing government of President Carlos Mendieta. These three factions are followers of former President Grau San Martin; dissatisfied members of the dreaded A. B. C. powerful secret political organization: and communistic elements.

All three groups wish to see the overthrow of the Mendieta government. By maintaining unrest through terroristic activities, they hope to cause popular dissatisfaction with the Mendieta government and thus pave the way for its overthrow.

American Support

The greatest danger to Caffery is believed to be from the Grau San Martin and A. B. C. elements, both of whom are seeking to create the belief that the Mendieta government is being maintained in power solely by American support.

Fear prevails here that these political factions might believe the assassination of the ambassador would cause the downfall of the Mendieta government and pave the way for their rise to power.

'HOPELESS CRIPPLE' BARRED BY POLICE

(International News Service)

PRAGUE, Nov. 9.—Josef Prochazka has only one leg—but the police have just given him orders forbidding him to enter the town of Olomouc, owing to his "violent behaviour."

A quarrel some years ago caused Josef's loss of his leg. The loss has done nothing to lessen his love of a fight. Now Josef, having provoked a quarrel, quickly unscrews his wooden leg and uses it as a weapon.

The police ban is the sequel of Josef's sixteenth appearance in court charged with inflicting grievous bodily harm. Josef's defense was that he had been insulted as a "helpless cripple."

SHOWS IMPROVEMENT

Joseph Owrey, aged 3, of Harbor street, who is in the New Castle hospital, continues to show improvement. The youngster was burned when he fell into a bonfire near his home recently.

Killer, 19, Faces Trial Third Time

(International News Service)

COLORADO SPRINGS, Nov. 9—Walter Reppin, 19-year-old Newark, N. J. orphan, who pleaded guilty to the murder of Vincent Regan, Colorado college student and taxicab driver, will be tried for his life for the third time here.

At his first trial Reppin was sentenced to be executed in the lethal gas chamber at the State penitentiary. Three days before the date on which he was to die, Phillip Hornbein and David Rosner, Denver attorneys who voluntarily took his case, filed an appeal. The second trial, held here in August, resulted in a jury disagreement.

The only question the jury is to dicide is whether Reppin will die or be sentenced to life imprisonment, as he has already pleaded guilty to the murder.

Club Leaders Have Meeting

Girl Reserve Cabinet Officers, Advisers, Confer Thursday At Y. W. C. A.

All the Girl Reserve clubs of the New Castle Y. W. C. A. were represented Thursday evening in the Y building at the first quarterly meeting of the Leaders' Council.

Officers, cabinet members and advisers from the Union Township and New Castle senior high school, George Washington, Benjamin Franklin and Mahoning junior high school, and Elm Street Girl Reserve clubs were present, as well as the women of the Girl Reserve Committee.

The program was underway at 5:00 p. m., when the assembly was divided into discussion groups.

Miss Ethel Kelley had charge of the group comprised of presidents and vice presidents; Miss Eleanor McGill, secretaries and treasurers; Miss Virginia Duff, program chairmen and assistants; Miss Mildred Rogers, social, menu and decoration committee chairmen.. Miss Katie Elder, service chairmen; Miss Anna Taylor, devotional chairmen; and Miss Mary McBride, publicity chairmen.

Matters of direct interest and importance to the Girl Reserve work in this community were talked over.

At 5:45 p. m. a delicious dinner was served, in charge of Mrs. Henry Lee Marvin, assisted by Mrs. Earl Douglas, Mrs. E. L. Thompson, Mrs. C. M. England and Mrs. E. C. Ruby.

Singing was led by Miss Virginia Duff, with Miss Helen Shaffer at the piano. Later recreation was enjoyed in the gymnasium in charge of Mrs. Ann Cain Earl and still later two playlets, characterizing and contrasting girls' clubs of 1883 with those of 1934 were presented by the Union High and Senior High cabinets.

Eighty-five were present in all. Miss Marian Wilson, Girl Reserve Secretary of the Y. W. C. A., gave her able assistance during the conference.

GAS VICTIM HANGS HIMSELF IN GARAGE

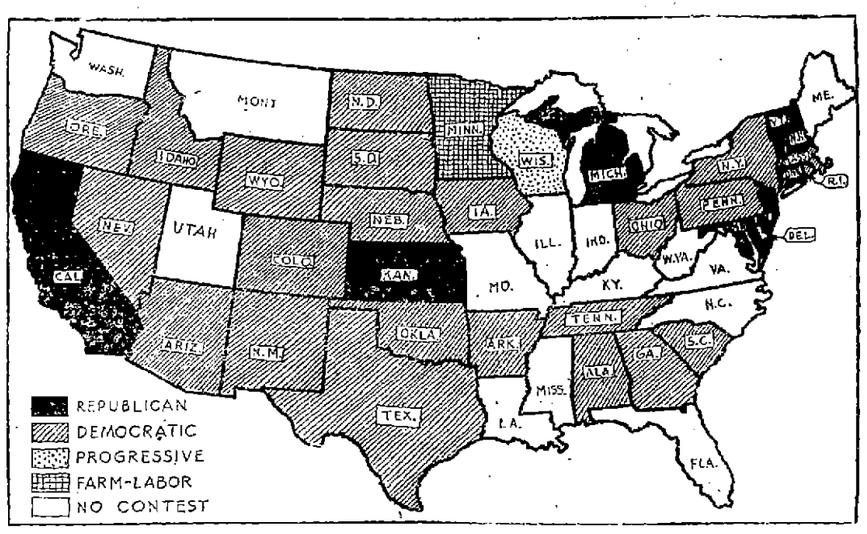
SHARON, Pa., Nov. 9.—Ross Robertson, 55, of Logan avenue, street car operator for the Shenango Valley Traction company for many years, committed suicide by hanging himself in his garage.

On October 23 Robertson was overcome by carbon monoxide gas in his garage, but was found by a neighbor and revived by city firemen. He had been in ill health for some time and despondency is believed to have prompted his act.

FOUND APPENDIX ON WRONG SIDE

WAYNESBURG, Pa., Nov. 9.—When William Graysinger, a student at Center township high school at Rogersville, entered a hospital for an operation for appendicitis, physicians were amazed to find his heart on his right side and his appendix on his left side. His appendix being reversed did not interfere with the operation and he is recovering rapidly.

MAP DEPICTS DEMOCRAT GUBERNATORIAL VICTORIES



Not only did the Democratic national landslide at the ballot boxes sweep dozens of additional "New Dealers" into congress, but it also triumphantly turned out many G. O. P. state governors. With contests in 32 states, only seven Republican candidates managed to ride out the Democratic hurricane. In Minnesota, the Farmer-Labor party retained the governorship, while in Wisconsin, the newly organized Progressive faction elected Philip La Follette governor.

Donation Day For Henry Home

Donations Being Left At Hoyt Block On Public Square

Pickles and peaches and canned goods of various sorts are beginning to make their appearance in the Hoyt Block, on the Public Square, today, the opening day of the two-day drive for donations for the Margaret Henry Home.

Under the direction of Charles W. Read, general chairman of the drive, an appeal has been made for the past week for donations of canned goods to keep the home supplied for the coming winter. The appeal is not a usual thing, it is a genuine appeal for help for the home has no stock of canned goods for the coming winter.

There are few people who cannot spare a jar of canned vegetables or fruit or jelly. The need is dire and unless there is a warm response to the appeal, the home will be short of provisions this winter.

Any donation from one jar up to a case will be welcome. Those people who did not can fruits or vegetables can accomplish the same thing by either buying canned goods or sending down the money with which they can be bought.

The donation days end Saturday night. New Castle residents are urged to aid in this most worthy cause and donate a little that the youngsters may eat properly this winter. The ingathering point is located in the Hoyt Block, on the Public Square.

Files Suit To Collect $3,000

Receiver Of Union National Bank Seeks To Force Payment By Stockholder

International News Service)

PITTSBURGH, Nov. 9—Charging she is indebted for $3,000 as a stockholder in the Union National Bank of New Castle, closed since 1931, Clarence A. Patterson, receiver of the institution, filed suit against M. Belle Emery, New Castle, in Federal Court here today.

The suit alleges the defendant is liable for 30 shares of capital stock of $100 per share par value, and that she has failed to cover her holdings as required by law.

In Religious and Fraternal Circles

Cottage Prayers

The Primitive Methodist church will have a cottage prayer service this evening at the home of James Elliott, 432 Maryland avenue, at 7:30.

Harry Hettenbaugh will be the leader.

Dames Of Malta

A special afternoon and evening gathering of the Dames of Malta members will take place Tuesday, November 13, at Malta Hall, commencing promptly at 2:00 p. m.

At 6:00 o'clock the women will go to the Mahoning M. E. church for dinner, later returning to Malta hall for a social period with their families and friends as invited guests.

Reservations for the dinner are being taken by Mrs. John M. Bevan, of West Clayton street.

Revival Continues.

The revival meeting in the First Free Methodist church, Arlington avenue, is increasing in interest and attendance. Evangelist Webb spoke last night from the theme "What must I do to be saved." The message was enlightening and timely. This will be Young People's Night and the evangelist has an address for them. Service every night.

Cottage Prayers.

This evening at 7:30 there will be cottage prayers in the home of Harold Critchlow, Youngstown hill, with Albert Martin leader; and at the home of Robert Campbell, 513 Young street, E. B. Emery leader.

These are held by the congregation of the Christian Missionary Alliance Gospel Tabernacle.

The young people will meet at the same time in the church.

Saturday evening at 7:30 there will be a Harvesters' prayer service.

Missionary Meeting.

The Women's Missionary society of the First Presbyterian church met Thursday afternoon in the church with Mrs. S. E. McCleary presiding.

Mrs. J. L. Patterson gave the secretary's report and Mrs. S. C. Gillespie conducted the query corner. A tribute was paid to the memory of Mrs. A. R. Kerr, one of the oldest members of the organization, who passed away this week.

Mrs. R. E. Long served refreshments.

Merry Maid Class

The Merry Maid class of the City Rescue Mission held their monthly class meeting at the home of Elsie and Betty Boalich, 113 South street, Thursday evening, with 23 members in attendance. A short business meeting was held in charge of the president, Elsie Boalich, at which plans were made for the class to have a Thanksgiving dinner. Music and games passed away the evening and a delicious lunch was served by the hostesses, assisted by their mother and sister, Mrs. Dorothy Jenkins. The next meeting will be held at the home of the teacher, Mabel Weimer.

O. U. Girls

Miss Margaret Pringle was hostess, Thursday evening, to the O. U. Girls of the Central Presbyterian church.

The national topic "Southern Mountaineers" was discussed by Miss Elizabeth Shelatree, while Miss Ina Tucker had the foreign subject. After the business session, refreshments were served by the hostess and her sister, Miss Edna Pringle, and Miss Adah Carpenter.

Mrs. Myrtle Tucker, West Washington street, will be hostess the second Thursday in December.

Pictures At Mission

Pictures, music and singing will take the place of the usual sermon at tonight's service of Evangelist H. L. Davis at the City Rescue Mission. The "Ninety and Nine" will be portrayed by the evangelist and his sister.

A crowd heard last night's message on "Why Don't You Practice What You Preach?"

Broadhead Class

The Alma Broadhead class of the First Baptist church will meet Monday evening at the home of Mrs. S. W. Freed, 619 South Ray street. Misses Charlotte Emery and Genevieve Schugers will be joint hostesses.

GIRL SCOUTS

TROOP NO. 3

The regular meeting of Troop No. 3 was held at the First Christian church Thursday evening. The meeting opened with check-up upon attendance. Then came two games, "Indians" and "Zip, Zap."

Final plans were made for a style show on November 22. First class girls were further instructed on junior first aid by Sidney Smith. The meeting was closed with friendship circle and taps.

BETTE WOODS, Scribe.

BLUEBONNET TROOP

Although a bit late there were many spooks and witches still roaming around on Monday night for the girls of troop 4. After an initiation by the members of patrol 1, games were played. Prizes were given for the cutest, funniest and most original costumes. Winning these were Jean Kemp, Virginia Patton and Virginia Pence. After all sorts of fun refreshments were served by the committee, followed by friendship circle, singing and with "Taps" the spooks disappeared as quietly as they had come.

Scribe, JUNE FORINGER.

STORY BOOK TROOP

The Girl Scouts of Storybook Troop No. 9 met Wednesday evening in the Epworth M. E. church. The meeting was opened by the favorite song of the scouts. Games were played. Later the girls were divided into interest groups.

A number of candidates passed the tenderfoot test and are to be invested at the next meeting. Parents will be invited to attend at that time.

Scribe,
JEAN DUFFORD.

SAVE EYELETS

If your ironing board cover with the laces wears out, do not throw away those laces and eyelets. Cut them off in a band and stitch them onto your new muslin along the edge. Then you can have a new cover with all the conveniences of the old.

Paris seems quite sold on the short jacket for the winter suit. More than half the capes and coats that French creators are showing are short, some waist length only, others hip length or three-quarters.

Girl Reserve Cabinet Officers, Advisers, Confer Thursday At Y. W. C. A.

All the Girl Reserve clubs of the New Castle Y. W. C. A. were represented Thursday evening in the Y building at the first quarterly meeting of the Leaders' Council.

Officers, cabinet members and advisers from the Union Township and New Castle senior high school, George Washington, Benjamin Franklin and Mahoning junior high school, and Elm Street Girl Reserve clubs were present, as well as the women of the Girl Reserve Committee.

The program was underway at 5:00 p. m., when the assembly was divided into discussion groups.

Miss Ethel Kelley had charge of the group comprised of presidents and vice presidents; Miss Eleanor McGill, secretaries and treasurers; Miss Virginia Duff, program chairmen and assistants; Miss Mildred Rogers, social, menu and decoration committee chairmen. Miss Katie Elder, service chairmen; Miss Anna Taylor, devotional chairmen; and Miss Mary McBride, publicity chairmen.

Matters of direct interest and importance to the Girl Reserve work in this community were talked over.

At 5:45 p. m. a delicious dinner was served, in charge of Mrs. Henry Lee Marvin, assisted by Mrs. Earl Douglas, Mrs. E. L. Thompson, Mrs. C. M. England and Mrs. E. C. Ruby.

Singing was led by Miss Virginia Duff, with Miss Helen Shaffer at the piano. Later recreation was enjoyed in the gymnasium in charge of Mrs. Ann Cain Earl and still later two playlets, characterizing and contrasting girls' clubs of 1883 with those of 1934 were presented by the Union High and Senior High cabinets.

Eighty-five were present in all. Miss Marian Wilson, Girl Reserve Secretary of the Y. W. C. A., gave her able assistance during the conference.

GAS VICTIM HANGS HIMSELF IN GARAGE

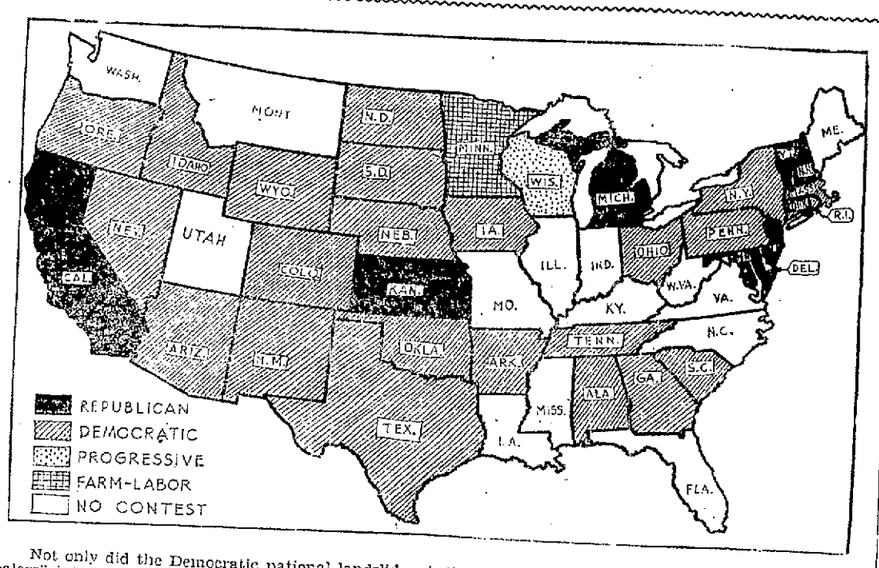
SHARON, Pa., Nov. 9.—Ross Robertson, 55, of Logan avenue, street car operator for the Shenango Valley Traction company for many years, committed suicide by hanging himself in his garage.

On October 23 Robertson was overcome by carbon monoxide gas in his garage, but was found by a neighbor and revived by city firemen. He had been in ill health for some time and despondency is believed to have prompted his act.

FOUND APPENDIX ON WRONG SIDE

WAYNESBURG, Pa., Nov. 9.—When William Graysinger, a student at Center township high school at Rogersville, entered a hospital for an operation for appendicitis, physicians were amazed to find his heart on his right side and his appendix on his left side. His appendix being reversed did not interfere with the operation and he is recovering rapidly.

MAP DEPICTS DEMOCRAT GUBERNATORIAL VICTORIES



Not only did the Democratic national landslide at the ballot boxes sweep dozens of additional "New Dealers" into congress, but it also triumphantly turned out many G. O. P. state governors. With contests in 32 states, only seven Republican candidates managed to ride out the Democratic hurricane. In Minnesota, the Farmer-Labor party retained the governorship, while in Wisconsin, the newly organized Progressive faction elected Philip La Follette governor.

Pastor's Funeral At Harrisville

Dr. William Allen Of Presbyterian Church Is Buried This Afternoon

(Special To The News)

GROVE CITY, Nov. 9.—Funeral services were held today from the Harrisville Presbyterian church, near here, for the pastor, Rev. William Elliott Allen, D. D., who died at his home Tuesday, after a six months' illness. He was 72 years of age and was widely known in western Pennsylvania, having filled pastorates in Frankfort Springs, Elm Grove, Lemington Avenue church, Pittsburgh, Harrisville and New Cumberland, W. Va.

Rev. Allen was graduated from Grove City college in 1889, and was ordained in the ministry in 1902. He received the degree of doctor of divinity from Grove City college in 1913.

Surviving are his widow; two daughters, Mrs. D. C. Sproull of Chicora and Miss Anna Allen of West View, Pittsburgh, and a son, William A., of Bellevue.

Services were in charge of Dr. C. H. Williamson of Grove City, assisted by Dr. C. C. Miller of Butler and Rev. S. A. Kirkbride of New Wilmington.

Armistice Program In Public Schools

GROVE CITY, Nov. 9.—Four local public schools were closed today for a teachers' institute, after devoting yesterday afternoon to patriotic programs marking Armistice Day.

Speakers provided by the American Legion post, assisted by local ministers, gave talks in high school and grade buildings, with pupils giving patriotic readings and music. Prof. Carl Easter spoke in the high school, Prof. F. H. Sumrall and Dr. L. S. Cass at Central school, Dr. H. B. Henderson at Lincoln school and E. S. Hassler and Rev. William Barkalow at Washington school.

Razing Church At Grove City

(Special To The News)

GROVE CITY, Nov. 9.—The razing of the old Presbyterian church will be completed early next week, Samuel Jackson, contractor, announces. The Freedom Oil Co. will begin at once the erection of a modern filling station, and contracts are being awarded this week.

All material in the church has been sold as it was torn down. Bricks have been purchased for construction of houses and silos, and the lumber went to many different purchasers. The pipe organ was purchased by the Erie concern that installed it 40 years ago. Flagstone walks were purchased by Center church, near here, and by a Clintonville firm.

J. C. Williams, of Walmo, prominent sportsman here, is officiating this week as senior trial judge at the Michigan state grouse trials at Saginaw, Mich.

Car Overturns At Stevenson's Bend

William B. Jones, colored, chauffeur for a Philadelphia salesman, last night was driving his employer's car along route 422 and failed to negotiate the turn at Stevenson's bend on the New Castle-New Bedford road. The car upset and was damaged considerably. Neither Jones nor a woman occupant of the car was injured. The accident occurred about midnight, according to the state highway patrol.

ENON VALLEY

WORK ON CHRISTIAN CHURCH

A number of the members of the Enon Valley Christian church are working this week making general repairs to the church. This congregation was organized February 5, 1860, and expects to hold a celebration on its anniversary date. The present building was dedicated in 1873. The members are desirous of putting the church home in good shape for its winter activities. C. P. Durbin is the present minister of the congregation.

CALLED BY DEATH

Mr. and Mrs. C. P. Durbin, ministers of the Christian church, were in East Liverpool, O., on Thursday, where they attended the funeral services for Mr. Durbin's grandmother, Mrs. Mary B. Purinton. Mrs. Purinton died last Saturday evening at her home in St. Petersburg, Fla. She was in her 91st year. Services were held at the home of her son, Hon. J. I. Purinton, and interment was made in Riverview cemetery.

JOYFUL REUNION

MAUCH CHUNK, Pa.—Two brothers, August Lochner of Mauch Chunk, and Carl Lochner of Dashwood, Canada, who have not seen each other for 45 years, held a joyous reunion here. They are the only survivors of the family.

Woman Who Made Flag Is Remembered

(International News Service)

ERIE, Pa.—Grade-school pupils know how Commodore Oliver Hazard Perry, with his ship "Niagara", won battles beneath a flag which bore the famous words, "Don't give up the ship!"

Few of them or their elders, however, are aware that the great-granddaughter of Margaret Forster Stuart, who designed and made the flag for the "Niagara", is alive and a resident of this city.

Bond In Robson Case Is Raised

Ask $100,000 Cash Bail Bond For Accused Kidnap Suspect

ATTORNEY TO SEEK TO FORCE REDUCTION

By ED LABOWITCH
International News Service Staff Correspondent

PHOENIX, Ariz., Nov. 9.—The incommunicado rule under which Oscar Robson, 31-year-old night club operator, charged with extortion in connection with the kidnaping of June Robles, in Tucson, has been held since his arrest Wednesday will be lifted today.

Joseph Dunn of the bureau of investigation of the department of justice, in charge of the Robles case investigation since the child was abducted while walking home from school last spring, today said Robson would be permitted visitors some time today.

Dunn's statement was made following the refusal of Federal Judge Fred C. Jacobs to grant a writ of mandamus, asked by Robson's attorney, V. L. Hash. Hash sought the writ so he could confer with his client.

United States Commissioner Daniel Hurley, before whom Robson will be given a hearing November 22, today had raised the bond under which Robson is held from $50,000 to $100,000 cash bail or $200,000 property.

It was stated that Hurley increased the bail requirements on the advice of United States Attorney Clifton Matthews, who had been informed Robson's mother, Mrs. Margaret Robson, planned to file $100,000 property bond today.

At the same time Hash announced he will go into federal court today and file formal application for reduction of the bond set by Hurley.

"We have no evidence warranting any arrests of any other suspects at this time but we may have late today or Saturday," Dunn declared today.

Revelations Is Recital Subject

Dr. H. H. Halley Will Bring Two Weeks Of Services To A Close Sunday Evening

Between 500 and 600 persons listened most intently Thursday evening to Dr. H. H. Halley of Chicago, in the Highland United Presbyterian church as he gave a recital and interpretation of the Book of Revelations. Each evening that Dr. Halley gives these remarkable Bible lecture recitals the audience grows in size.

This evening Dr. Halley will continue his recital on the Epistles and it will be Sabbath School night with the various classes of the church school sitting together.

The choir of the First Baptist church, under the direction of John W. Owens, sang two anthems at Thursday night's service and the Rev. C. H. Heaton, pastor of that church, gave the evening prayer.

This evening the choir of the First United Presbyterian church will sing.

Dr. Halley will bring his recitals to a close with the Sunday services and will be heard both at the 11 a. m. and 7:45 p. m. services.

"Brass Tacks" On The Sunday School Lesson

The Golden Text

Matt. 26:52—"All that take the sword shall perish with the sword."

(The International Uniform Lesson on the above topic for Nov. 11 is Galatians 5:13-26, the Golden Text being Matt. 26:52, "All that take the sword shall perish with the sword.")

By DR. ALVIN E. BELL

America entered the World War presumably "to make the world safe for democracy." That this end was not achieved is evidenced by an ever increasing number of dictatorships over the nations of the world. That spiritual ends could not be achieved by so carnal a means as war we might have known had we heeded God's Word, "Not by might, nor by power, but by my Spirit, saith the Lord of hosts."

Freedom's High Calling

"That all men are created equal—that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the pursuit of Happiness" is just another way of saying what Paul wrote to his Galatian friends: "For ye, brethren, were called for freedom," or what Jesus said, "If the Son shall make you free, ye shall be free indeed." But even liberty has its use and its abuse. Even liberty has its metes and bounds beyond which it may not go: "Only use not your freedom for an occasion to the flesh, but through love be servants one to another." As Luther put it, "The Christian man is the freest of all men, but he is the bond servant of all." The dominating force of his life is love, not of self, but of his Lord and of his neighbor: "For the whole law is fulfilled in one word, even in this: Thou shalt love thy neighbor as thyself." Failure to bind ourselves by this law of love results not in freedom but in bondage and self-destruction: "But if ye bite and devour one another, take heed that ye be not consumed, one of another." A war torn, war impoverished world evidences the truth of this word of God. War is not only beastial and brutal but it is suicidal and imperils the very existence of civilization.

True Use of Liberty

Much is said today of the "new freedom", "self-expression" and a type of "liberty" that knows no limit set by God or society, but gives a free rein to all of the lusts of the flesh. To this type of license Paul says, "Walk by the Spirit, and ye shall not fulfill the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh; for these are contrary the one to the other; that ye may not do the things that ye would." True liberty comes not in "doing the things that ye would" but in following the leading of God's Spirit. Self-expression is self-destructive. Our highest privilege is to express Christ and repress self: "They that are of Christ Jesus have crucified the flesh with the passions and the lusts thereof."

The Fruit Of The Spirit

What a filthy brood of unclean "works" he pictures oozing out of the flesh: "The works of the flesh are manifest, which are these fornication, uncleanness, lasciviousness, idolotry, sorcery, enmities, strife, jealousies, wrath, factions, divisions, heresies, envyings, drunkenness, revellings, and such like!" We are glad he changes the subject to say, "But the fruit of the Spirit is love, joy, peace, longsuffering, kindness, goodness, faithfulness, meekness, temperance." And all of these fruits three of them pointing Godward, three manward and three selfward are supernatural deposits made in us by the Spirit of God—his fruit and not our works. Doubtless we would get better results in personal religion and in citizenship if we ceased trying to work out things by ourselves and from ourselves and began to open our hearts and let the Spirit of God grow his fruit in us.

Many Schools Are Repaired In Mercer Co.

MERCER, Pa., Nov. 9.—The repairing and rebuilding of school houses in the 47 school districts of Mercer county has been the big item of repair in the CWA program of the past winter and spring.

It is stated at the office of County Superintendent W. H. Johnson that the benefits accruing from the CWA program has been of more than just passing benefit to directors in the 47 districts.

School buildings in need of repair that under normal conditions would have had to have waited their turn with the meagre funds available have been included in general repair programs that have been on the greatest benefit.

Providing more work of this character is provided for this winter continued operations will take place.

Deer Is Killed By Auto Truck

(Special To The News)

GROVE CITY, Nov. 9.—A buck deer died yesterday disputing the right of way with a state highway department truck, on the Foltz Hill, Butler-Slippery Rock road, according to W. A. Firm and Wm. Reese of this city, who witnessed the collision.

Running fast over the hillside, the deer crashed out of the underbrush and plunged headlong into the side of the truck. The impact did very little damage to the truck, but the deer lost an antler and collapsed in the road. When the driver got out to investigate, he found the buck dead with a broken neck.

Abandon Hope For 43 On Freighter

(International News Service)

TOKYO, Nov. 9.—After a two-day hunt for survivors, hope was abandoned today for 43 members of the crew of the freighter Ranan Maru. The steamer caught fire off Sado Island.

America entered the World War presumably "to make the world safe for democracy." That this end was not achieved is evidenced by an ever increasing number of dictatorships over the nations of the world. That spiritual ends could not be achieved by so carnal a means as war we might have known had we heeded God's Word, "Not by might, nor by power, but by my Spirit, saith the Lord of hosts."

Freedom's High Calling

"That all men are created equal—that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the pursuit of Happiness" is just another way of saying what Paul wrote to his Galatian friends: "For ye, brethren, were called for freedom," or what Jesus said, "If the Son shall make you free, ye shall be free indeed." But even liberty has its use and its abuse. Even liberty has its metes and bounds beyond which it may not go: "Only use not your freedom for an occasion to the flesh, but through love be servants one to another." As Luther put it, "The Christian man is the freest of all men, but he is the bond servant of all." The dominating force of his life is love, not of self, but of his Lord and of his neighbor: "For the whole law is fulfilled in one word, even in this: Thou shalt love thy neighbor as thyself." Failure to bind ourselves by this law of love results not in freedom but in bondage and self-destruction: "But if ye bite and devour one another, take heed that ye be not consumed, one of another." A war torn, war impoverished world evidences the truth of this word of God. War is not only beastial and brutal but it is suicidal and imperils the very existence of civilization.

True Use of Liberty

Much is said today of the "new freedom", "self-expression" and a type of "liberty" that knows no limit set by God or society, but gives a free rein to all of the lusts of the flesh. To this type of license Paul says, "Walk by the Spirit, and ye shall not fulfill the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh; for these are contrary the one to the other; that ye may not do the things that ye would." True liberty comes not in "doing the things that ye would" but in following the leading of God's Spirit. Self-expression is self-destructive. Our highest privilege is to express Christ and repress self: "They that are of Christ Jesus have crucified the flesh with the passions and the lusts thereof."

The Fruit Of The Spirit

What a filthy brood of unclean "works" he pictures oozing out of the flesh: "The works of the flesh are manifest, which are these fornication, uncleanness, lasciviousness, idolotry, sorcery, enmities, strife, jealousies, wrath, factions, divisions, heresies, envyings, drunkenness, revellings, and such like!" We are glad he changes the subject to say, "But the fruit of the Spirit is love, joy, peace, longsuffering, kindness, goodness, faithfulness, meekness, temperance." And all of these fruits three of them pointing Godward, three manward and three selfward are supernatural deposits made in us by the Spirit of God—his fruit and not our works. Doubtless we would get better results in personal religion and in citizenship if we ceased trying to work out things by ourselves and from ourselves and began to open our hearts and let the Spirit of God grow his fruit in us.

Don't forget the *plus* in today's marketing

If you're looking for *real values*, you'll put the name Sky Flake Wafers right at the head of your grocery list today. For these Sky Flakes, slightly salted, offer more in delicate flavor, in flaky light texture, in freshness and goodness. They offer, too, the *plus* of confidence in what the maker's name stands for. Many Schools Are Repaired In Mercer Co.

MERCER, Pa., Nov. 9.—The repairing and rebuilding of school houses in the 47 school districts of Mercer county has been the big item of repair in the CWA program of the past winter and spring.

It is stated at the office of County Superintendent W. H. Johnson that the benefits accruing from the CWA program has been of more than just passing benefit to directors in the 47 districts.

School buildings in need of repair that under normal conditions would have had to have waited their turn with the meagre funds available have been included in general repair programs that have been on the greatest benefit.

Providing more work of this character is provided for this winter continued operations will take place.

Deer Is Killed By Auto Truck

(Special To The News)

GROVE CITY, Nov. 9.—A buck deer died yesterday disputing the right of way with a state highway department truck, on the Foltz Hill, Butler-Slippery Rock road, according to W. A. Firm and Wm. Reese of this city, who witnessed the collision.

Running fast over the hillside, the deer crashed out of the underbrush and plunged headlong into the side of the truck. The impact did very little damage to the truck, but the deer lost an antler and collapsed in the road. When the driver got out to investigate, he found the buck dead with a broken neck.

Abandon Hope For 43 On Freighter

(International News Service)

TOKYO, Nov. 9.—After a two-day hunt for survivors, hope was abandoned today for 43 members of the crew of the freighter Ranan Maru. The steamer caught fire off Sado Island.

Only 9,830 Live In City Of London

(International News Service)

LONDON, Nov. 9—Only 83 children were born in the city of London last year, the annual report of the city medical officer shows. Its population is only 9,830.

This news will surprise Americans unfamiliar with the fact that the city of London, means only the medieval district, which was surrounded by walls in the days of William the Conquerer, with a few additions in later centuries.

The City of London has retained a political identity, quite apart from the boroughs that surround it and which comprise Metropolitan London. The city has its own municipal government, city hall, and police force distinct from the corresponding arms of greater London.

Most of this heart of the imperial capital is given over to finance, trade, newspaper publishing and the law.

TRY FOR AN *Art* SCHOLARSHIP

Copy this girl and send us your drawing—perhaps you'll win a COMPLETE FEDERAL COURSE FREE! This contest is for amateurs, so if you like to draw do not hesitate to enter.

Prizes for Five Best Drawings—FIVE COMPLETE ART COURSES FREE, including drawing outfit. (Value of each course, $190.00.)

FREE! Each contestant whose drawing shows sufficient merit will receive a grading and advice as to whether he or she has, in our estimation, artistic talent worth developing.

Nowadays design and color play an important part in the sale of almost everything. Therefore the artist, who designs merchandise or illustrates advertising has become a real factor in modern industry. Machines can never displace him. Many Federal students, both men and girls who are now commercial designers or illustrators capable of earning from $1000 to $5000 yearly have been trained by the Federal Course. Here's a splendid opportunity to test your talent. Read the rules and send your drawing to the address below.

RULES FOR CONTESTANTS

This contest open only to amateurs, 16 years old or more. Professional commercial artists and Federal students are not eligible.

1. Make drawing of girl 4½ inches high, on paper 6½ inches square. Draw only the girl, not the lettering nor background.
2. Use only pencil or pen.
3. No drawings will be returned.
4. Write your name, address, age and occupation on back of drawing.
5. All drawings must be received in Minneapolis by Dec. 1st, 1934. Prizes will be awarded for drawings best in proportion and neatness by Federal Schools Faculty.

Lawrence County Farms And Farmers

By H. E. McCulloch, County Agent

FARM MANAGEMENT MEETINGS

E. L. Moffitt from State College will discuss "General Principles of Farm Management" at a series of meetings to be held in the county next week. All farmers are invited to attend one of these meetings.

The schedule is:

November 14, 8 p. m.—New Bedford Grange Hall, Pulaski township.

November 15, 1:30 p. m.—High school building, Plaingrove township.

November 15, 8 p. m.—Home of Ross Knowlson, Little Beaver township.

BIRDS EAT AND LAY MORE UNDER LIGHTS

Use of artificial light in poultry houses to lengthen the birds' working day has been found practical and profitable. Feed consumption and egg production during the winter months are increased by the use of lights.

One light equipped with a 40-watt bulb, a 16-inch by 4-inch reflector, and hung six feet from the floor will illuminate approximately 200 square feet of floor space.

To find the number of lights that will be required for a given sized penn, divide the number of square feet of floor space by 200. The nearest whole number will be the number of lights required. For example, a 20 by 20 foot pen contains 400 square feet. This figure divided by 200 gives a total of two lights needed in the pen.

Most poultrymen in the state have found that for the best results the lights should be hung approximately six feet from the floor. The 6-foot height seems to give the proper intensity of light, a wide distribution, and light on the roosts. These three factors are important.

A cone-shaped reflector 16 inches in diameter at the base by four inches high seems to be a very satisfactory size. This reflector should be covered on the inside with aluminum bronze.

PUT IDLE LAND TO WORK GROWING FOREST TREES

Idle and submarginal land on the farm can be used to grow forest trees.

Very dry and unfertile fields should be planted with pitch, Scotch, Banks, and Red Pines; but white ash, black locust, Norway spruce, and Japanese Larch can be more successfully started on moist soils. One thousand seedlings will plant almost an acre of land if they are set six feet apart. Two men can plant this number in one day.

The state supplies forest tree seedlings to land owners at a very low cost plus expreses charges. Application for these trees can be made now. Anyone in doubt as to the kind needed for certain conditions may obtain information at the Extension Association office.

CHOOSE APPLES BEST IN SEASON AND USE

Apple varieties differ in the use to which they may be put and the time when they are at their best.

Smokehouse, an old Pennsylvania variety, is of good quality and is rated by many people as one of the best dessert apples. It is at its best in October, November and December. This apple is tart enough for baking and pie making.

McIntosh is one of the best dessert apples. Many consider it the best to eat out of hand. It also is one of the finest sauce apples. McIntosh is a juicy, high quality, rich aroma apple. Its season is October, November and December.

Grimes Golden is another old variety, long a leader in Pennsylvania. It is a mild apple, fine for eating, especially by children. It is tart enough to be a good cooking sort. Making a rich, yellow apple sauce. Grimes Golden is excellent, too, for pies and baking. This variety is at its best in October, November and December.

Delicious was the leading dessert apple for many years. Although a mild variety, it is not classed as a sweet apple. It is too mild to be a good cooking apple and should be used as a dessert apple only. Its season is in October, November, December and January.

Jonathan, one of the old-time varieties, is at its best in the fall months and is still good in many cases in January. It is an all-round apple, good both as a dessert and cooking apple.

York Imperial is truly a winter variety and is in season from November to March. This is not a dessert variety, but has its place in the baking class. It is a firm-fleshed variety and stands up well when baked. This quality enhances its value as a pie apple since the sauce does not cook out of the crust. Many prefer the York also as a stewing variety, using the cooked apple as a stewed fruit.

Rome Beauty is another true winter variety, holding well until April. It is not a high-class dessert apple but is one of the fine bakers.

Rhode Island Greening is one of the common old varieties hard to excel when well matured. This is rather a sharp acid apple. It is in season from November to April. Many consumers rate Rhode Island Greening as the best for all baking apples. When cooked, the yellow flesh breaks down into a rich sauce and for this reason many prefer this variety whenever it is available. The variety is too tart for some persons as a dessert fruit but others prefer it even for this purpose.

Northern Spy, found in nearly all old farm orchards, is an all-round variety. It stands out in the field of varieties for winter uses, as it is in season throughout the winter months. It is fine as a dessert apple and ranks with the best in the general cooking class.

Stayman is one of the newer varieties for use throughout the winter. It ranks with the Spy. It is good as a dessert apple and is rated as one of the best eating apples by many users.

It is quite likely that Baldwin is known by more consumers in Pennsylvania than any other variety. It has stood the test of time and use. It is rated by many as the leading general use winter variety and will hold well in storage through April if well grown and stored at once when harvested.

Ben Davis has its place in the apple world. It will store in good condition until June and if used as a baker or pie apple when in season, which is in most cases from January to June, will be found very satisfactory. Some have said that it is all right as a filler if spice and sugar are used, but Ben Davis really has a place in its season and it is not a dessert variety.

GOOD LIGHTS PROMOTE HEALTH AND HAPPINESS

Short days are coming along with the need of more artificial light, Miss Eleanor Drury, home economics extension representative, reminds.

As the family gathers in the home for the evening activities: Lessons for the children in school, sewing, mending, or reading for mothers, and for father his daily paper or favorite magazine, good light is essential for health and happiness.

There are several excellent sources of light for the farm home which is not supplied with electricity. Regardless of the type of lighting system used certain principles should be observed, Miss Drury emphasizes.

There should be sufficient light to allow one to see clearly and distinctly without eye strain.

The lamp should be so placed that the light falls over the left shoulder for reading, that hands when working do not throw a shadow upon the work, and that light is not reflected back from the work surface into the eyes of the worker. A shade on the lamp can be used to regulate much of this, as well as soften the glare of the light.

The source of light should be steady. Reflected light from shiny surfaces should be avoided. Lamps free from noise or odor when burning and which are attractive whether lighted or not should be used.

More than one lamp is often needed in a room if several are to work there. Lamps that are simple in design, harmonizing in color with the room furnishings, and especially serving the purpose for which intended should be selected, Miss Drury concludes.

Apartment Built For 284 Families Nearly Completed

(International News Service)

PHILADELPHIA — Philadelphia's first community housing project—the $1,200,000 apartment buildings designed to house 284 families of workers—is rapidly nearing completion.

The apartments, to be known as the "Carl Muckley Houses," have been built on a large tract of land formerly called "Juniata park". The buildings have been named for a young hosiery worker who was killed in a strike a few years ago, and are owned by the Philadelphia branch of the Full-Fashioned Hosiery Workers of America.

Thoroughly modern in construction and architecture, the buildings which are the result of A. P. W. A. grant from the federal government, are at no place more than two apartments deep.

The apartment will rent for about $8 or $9 per room a month, with heat and light included.

Indian Children Skeletons Found

(International News Service)

CHARLEROI, Pa.—Skeletons of two Indian children have been unearthed by George S. Fisher, Finleyville, at his excavations in Westmoreland county.

One of the skeletons was that of a child of about 10 years and the other was that of an infant about 18-months-old. Pottery found in one of the excavations, Fisher declared, indicate the bodies were those of Iroquois Indians.

The skulls of two other bodies found have not been located by the excavators.

Fisher said the present diggings convince him of his belief that Iriquois Indians located south of Pittsburgh although it was prevously generally believed they had never invaded this territory.

BIRDS EAT AND LAY MORE UNDER LIGHTS

Use of artificial light in poultry houses to lengthen the birds' working day has been found practical and profitable. Feed consumption and egg production during the winter months are increased by the use of lights.

One light equipped with a 40-watt bulb, a 16-inch by 4-inch reflector, and hung six feet from the floor will illuminate approximately 200 square feet of floor space.

To find the number of lights that will be required for a given sized penn, divide the number of square feet of floor space by 200. The nearest whole number will be the number of lights required. For example, a 20 by 20 foot pen contains 400 square feet. This figure divided by 200 gives a total of two lights needed in the pen.

Most poultrymen in the state have found that for the best results the lights should be hung approximately six feet from the floor. The 6-foot height seems to give the proper intensity of light, a wide distribution, and light on the roosts. These three factors are important.

A cone-shaped reflector 16 inches in diameter at the base by four inches high seems to be a very satisfactory size. This reflector should be covered on the inside with aluminum bronze.

PUT IDLE LAND TO WORK GROWING FOREST TREES

Idle and submarginal land on the farm can be used to grow forest trees.

Very dry and unfertile fields should be planted with pitch, Scotch, Banks, and Red Pines; but white ash, black locust, Norway spruce, and Japanese Larch can be more successfully started on moist soils. One thousand seedlings will plant almost an acre of land if they are set six feet apart. Two men can plant this number in one day.

The state supplies forest tree seedlings to land owners at a very low cost plus expreses charges. Application for these trees can be made now. Anyone in doubt as to the kind needed for certain conditions may obtain information at the Extension Association office.

CHOOSE APPLES BEST IN SEASON AND USE

Apple varieties differ in the use to which they may be put and the time when they are at their best.

Smokehouse, an old Pennsylvania variety, is of good quality and is rated by many people as one of the best dessert apples. It is at its best in October, November and December. This apple is tart enough for baking and pie making.

McIntosh is one of the best dessert apples. Many consider it the best to eat out of hand. It also is one of the finest sauce apples. McIntosh is a juicy, high quality, rich aroma apple. Its season is October, November and December.

Grimes Golden is another old variety, long a leader in Pennsylvania. It is a mild apple, fine for eating, especially by children. It is tart enough to be a good cooking sort. Making a rich, yellow apple sauce. Grimes Golden is excellent, too, for pies and baking. This variety is at its best in October, November and December.

Delicious was the leading dessert apple for many years. Although a mild variety, it is not classed as a sweet apple. It is too mild to be a good cooking apple and should be used as a dessert apple only. Its season is in October, November, December and January.

Jonathan, one of the old-time varieties, is at its best in the fall months and is still good in many cases in January. It is an all-round apple, good both as a dessert and cooking apple.

York Imperial is truly a winter variety and is in season from November to March. This is not a dessert variety, but has its place in the baking class. It is a firm-fleshed variety and stands up well when baked. This quality enhances its value as a pie apple since the sauce does not cook out of the crust. Many prefer the York also as a stewing variety, using the cooked apple as a stewed fruit.

Rome Beauty is another true winter variety, holding well until April. It is not a high-class dessert apple but is one of the fine bakers.

Rhode Island Greening is one of the common old varieties hard to excel when well matured. This is rather a sharp acid apple. It is in season from November to April. Many consumers rate Rhode Island Greening as the best for all baking apples. When cooked, the yellow flesh breaks down into a rich sauce and for this reason many prefer this variety whenever it is available. The variety is too tart for some persons as a dessert fruit but others prefer it even for this purpose.

Northern Spy, found in nearly all old farm orchards, is an all-round variety. It stands out in the field of varieties for winter uses, as it is in season throughout the winter months. It is fine as a dessert apple and ranks with the best in the general cooking class.

Stayman is one of the newer varieties for use throughout the winter. It ranks with the Spy. It is good as a dessert apple and is rated as one of the best eating apples by many users.

It is quite likely that Baldwin is known by more consumers in Pennsylvania than any other variety. It has stood the test of time and use. It is rated by many as the leading general use winter variety and will hold well in storage through April if well grown and stored at once when harvested.

Ben Davis has its place in the apple world. It will store in good condition until June and if used as a baker or pie apple when in season, which is in most cases from January to June, will be found very satisfactory. Some have said that it is all right as a filler if spice and sugar are used, but Ben Davis really has a place in its season and it is not a dessert variety.

GOOD LIGHTS PROMOTE HEALTH AND HAPPINESS

Short days are coming along with the need of more artificial light, Miss Eleanor Drury, home economics extension representative, reminds.

As the family gathers in the home for the evening activities: Lessons for the children in school, sewing, mending, or reading for mothers, and for father his daily paper or favorite magazine, good light is essential for health and happiness.

There are several excellent sources of light for the farm home which is not supplied with electricity. Regardless of the type of lighting system used certain principles should be observed, Miss Drury emphasizes.

There should be sufficient light to allow one to see clearly and distinctly without eye strain.

The lamp should be so placed that the light falls over the left shoulder for reading, that hands when working do not throw a shadow upon the work, and that light is not reflected back from the work surface into the eyes of the worker. A shade on the lamp can be used to regulate much of this, as well as soften the glare of the light.

The source of light should be steady. Reflected light from shiny surfaces should be avoided. Lamps free from noise or odor when burning and which are attractive whether lighted or not should be used.

More than one lamp is often needed in a room if several are to work there. Lamps that are simple in design, harmonizing in color with the room furnishings, and especially serving the purpose for which intended should be selected, Miss Drury concludes.

Only 9,830 Live In City Of London

(International News Service)

LONDON, Nov. 9—Only 83 children were born in the city of London last year, the annual report of the city medical officer shows. Its population is only 9,830.

This news will surprise Americans unfamiliar with the fact that the city of London, means only the medieval district, which was surrounded by walls in the days of William the Conquerer, with a few additions in later centuries.

The City of London has retained a political identity, quite apart from the boroughs that surround it and which comprise Metropolitan London. The city has its own municipal government, city hall, and police force distinct from the corresponding arms of greater London.

Most of this heart of the imperial capital is given over to finance, trade, newspaper publishing and the law.

TRY FOR AN *Art* SCHOLARSHIP

Copy this girl and send us your drawing—perhaps you'll win a COMPLETE FEDERAL COURSE FREE! This contest is for amateurs, so if you like to draw do not hesitate to enter.

Prizes for Five Best Drawings—FIVE COMPLETE ART COURSES FREE, including drawing outfit. (Value of each course, $190.00.)

FREE! Each contestant whose drawing shows sufficient merit will receive a grading and advice as to whether he or she has, in our estimation, artistic talent worth developing.

Nowadays design and color play an important part in the sale of almost everything. Therefore the artist, who designs merchandise or illustrates advertising has become a real factor in modern industry. Machines can never displace him. Many Federal students, both men and girls who are now commercial designers or illustrators capable of earning from $1000 to $5000 yearly have been trained by the Federal Course. Here's a splendid opportunity to test your talent. Read the rules and send your drawing to the address below.

RULES FOR CONTESTANTS

This contest open only to amateurs, 16 years old or more. Professional commercial artists and Federal students are not eligible.

1. Make drawing of girl 4½ inches high, on paper 6½ inches square. Draw only the girl, not the lettering nor background.
2. Use only pencil or pen.
3. No drawings will be returned.
4. Write your name, address, age and occupation on back of drawing.
5. All drawings must be received in Minneapolis by Dec. 1st, 1934. Prizes will be awarded for drawings best in proportion and neatness by Federal Schools Faculty.

Bond In Robson Case Is Raised

Ask $100,000 Cash Bail Bond For Accused Kidnap Suspect

ATTORNEY TO SEEK TO FORCE REDUCTION

By ED LABOWITCH
International News Service Staff Correspondent

PHOENIX, Ariz., Nov. 9.—The incommunicado rule under which Oscar Robson, 31-year-old night club operator, charged with extortion in connection with the kidnaping of June Robles, in Tucson, has been held since his arrest Wednesday will be lifted today.

Joseph Dunn of the bureau of investigation of the department of justice, in charge of the Robles case investigation since the child was abducted while walking home from school last spring, today said Robson would be permitted visitors some time today.

Dunn's statement was made following the refusal of Federal Judge Fred C. Jacobs to grant a writ of mandamus, asked by Robson's attorney, V. L. Hash. Hash sought the writ so he could confer with his client.

United States Commissioner Daniel Hurley, before whom Robson will be given a hearing November 22, today had raised the bond under which Robson is held from $50,000 to $100,000 cash bail or $200,000 property.

It was stated that Hurley increased the bail requirements on the advice of United States Attorney Clifton Matthews, who had been informed Robson's mother, Mrs. Margaret Robson, planned to file $100,000 property bond today.

At the same time Hash announced he will go into federal court today and file formal application for reduction of the bond set by Hurley.

"We have no evidence warranting any arrests of any other suspects at this time but we may have late today or Saturday," Dunn declared today.

Revelations Is Recital Subject

Dr. H. H. Halley Will Bring Two Weeks Of Services To A Close Sunday Evening

Between 500 and 600 persons listened most intently Thursday evening to Dr. H. H. Halley of Chicago, in the Highland United Presbyterian church as he gave a recital and interpretation of the Book of Revelations. Each evening that Dr. Halley gives these remarkable Bible lecture recitals the audience grows in size.

This evening Dr. Halley will continue his recital on the Epistles and it will be Sabbath School night with the various classes of the church school sitting together.

The choir of the First Baptist church, under the direction of John W. Owens, sang two anthems at Thursday night's service and the Rev. C. H. Heaton, pastor of that church, gave the evening prayer.

This evening the choir of the First United Presbyterian church will sing.

Dr. Halley will bring his recitals to a close with the Sunday services and will be heard both at the 11 a. m. and 7:45 p. m. services.

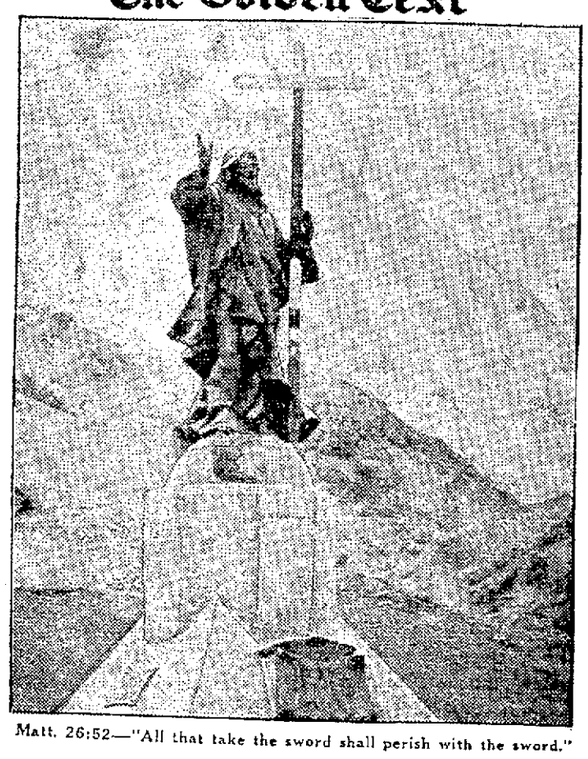
"Brass Tacks" On The Sunday School Lesson

The Golden Text



Matt. 26:52—"All that take the sword shall perish with the sword."

(The International Uniform Lesson on the above topic for Nov. 11 is Galatians 5:13-26, the Golden Text being Matt. 26:52, "All that take the sword shall perish with the sword.")

By DR. ALVIN E. BELL

America entered the World War presumably "to make the world safe for democracy." That this end was not achieved is evidenced by an ever increasing number of dictatorships over the nations of the world. That spiritual ends could not be achieved by so carnal a means as war we might have known had we heeded God's Word, "Not by might, nor by power, but by my Spirit, saith the Lord of hosts."

Freedom's High Calling

"That all men are created equal—that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the pursuit of Happiness" is just another way of saying what Paul wrote to his Galatian friends: "For ye, brethren, were called for freedom," or what Jesus said, "If the Son shall make you free, ye shall be free indeed." But even liberty has its use and its abuse. Even liberty has its metes and bounds beyond which it may not go: "Only use not your freedom for an occasion to the flesh, but through love be servants one to another." As Luther put it, "The Christian man is the freest of all men, but he is the bond servant of all." The dominating force of his life is love, not of self, but of his Lord and of his neighbor: "For the whole law is fulfilled in one word, even in this: Thou shalt love thy neighbor as thyself." Failure to bind ourselves by this law of love results not in freedom but in bondage and self-destruction: "But if ye bite and devour one another, take heed that ye be not consumed, one of another." A war torn, war impoverished world evidences the truth of this word of God. War is not only beastial and brutal but it is suicidal and imperils the very existence of civilization.

True Use of Liberty

Much is said today of the "new freedom", "self-expression" and a type of "liberty" that knows no limit set by God or society, but gives a free rein to all of the lusts of the flesh. To this type of license Paul says, "Walk by the Spirit, and ye shall not fulfill the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh; for these are contrary the one to the other; that ye may not do the things that ye would." True liberty comes not in "doing the things that ye would" but in following the leading of God's Spirit. Self-expression is self-destructive. Our highest privilege is to express Christ and repress self: "They that are of Christ Jesus have crucified the flesh with the passions and the lusts thereof."

The Fruit Of The Spirit

What a filthy brood of unclean "works" he pictures oozing out of the flesh: "The works of the flesh are manifest, which are these fornication, uncleanness, lasciviousness, idolotry, sorcery, enmities, strife, jealousies, wrath, factions, divisions, heresies, envyings, drunkenness, revellings, and such like!" We are glad he changes the subject to say, "But the fruit of the Spirit is love, joy, peace, longsuffering, kindness, goodness, faithfulness, meekness, temperance." And all of these fruits three of them pointing Godward, three manward and three selfward are supernatural deposits made in us by the Spirit of God—his fruit and not our works. Doubtless we would get better results in personal religion and in citizenship if we ceased trying to work out things by ourselves and from ourselves and began to open our hearts and let the Spirit of God grow his fruit in us.

Many Schools Are Repaired In Mercer Co.

MERCER, Pa., Nov. 9.—The repairing and rebuilding of school houses in the 47 school districts of Mercer county has been the big item of repair in the CWA program of the past winter and spring.

It is stated at the office of County Superintendent W. H. Johnson that the benefits accruing from the CWA program has been of more than just passing benefit to directors in the 47 districts.

School buildings in need of repair that under normal conditions would have had to have waited their turn with the meagre funds available have been included in general repair programs that have been on the greatest benefit.

Providing more work of this character is provided for this winter continued operations will take place.

Deer Is Killed By Auto Truck

(Special To The News)

GROVE CITY, Nov. 9.—A buck deer died yesterday disputing the right of way with a state highway department truck, on the Foltz Hill, Butler-Slippery Rock road, according to W. A. Firm and Wm. Reese of this city, who witnessed the collision.

Running fast over the hillside, the deer crashed out of the underbrush and plunged headlong into the side of the truck. The impact did very little damage to the truck, but the deer lost an antler and collapsed in the road. When the driver got out to investigate, he found the buck dead with a broken neck.

Abandon Hope For 43 On Freighter

(International News Service)

TOKYO, Nov. 9.—After a two-day hunt for survivors, hope was abandoned today for 43 members of the crew of the freighter Ranun Maru. The steamer caught fire off Sado Island.

City May Modify Law On Fireworks

Measure Making Changes In City Law Is Presented In Council

PUBLIC MEETING MAY BE CALLED

Should a bill introduced in council by Mayor Mayne be enacted into city law, the measure which now prohibits the possession, sale and discharge of fireworks here would be repealed and certain type of fireworks could be possessed, sold and set off.

The bill was advocated by W. L. Crooks, legislative agent for the Fireworks Manufacturers Association of the United States. He appeared before council and pointed out what fireworks were dangerous and should be banned.

Crooks said that it had been determined that most accidents occurred in prohibited areas, that accidents cannot be legislated out of existence and it is more satisfactory to have fireworks which comply with the law than "bootleg" sustitutes.

Asks Public Meeting

He said the bill which he advocated and which later was introduced by Mayor Mayne was patterned after the state law of Ohio. It described what fireworks would be banned. He asked council to hold a public meeting on it.

Mayor Mayne informed council that while fireworks have not been sold inside the city limits for some time persons can go to the city line and purchase all the fireworks desired.

Finance Director Hoyland substantiated the mayor's claim. However, Safety Director Davies expressed his disapproval of passing any measure that would allow the sale or discharge of fireworks here.

Present in council chambers was Mrs. Archibald Davis and receiving permission to speak, asked council "not to go back 25 years." She said "the Federated Women's clubs and millions of mothers are opposed to fireworks."

Hoyland Comments

Mrs. Davis declared that it was dangerous, whereupon Finance Director Hoyland spoke and said that "this is where two extremes meet. Women are here today asking for sled riding but want to prohib the sale of regulated fireworks."

Mrs. Davis said that there were no dangers in sled riding like there are in fireworks, to which Mr. Hoyland could not agree, as he said persons sometimes have accidents and contract pneumonia.

Mr. Crooks, who was present replied to Mrs. Davis and asked if it would be possible for people who opposed fireworks to be present at a public meeting where he could show statistics and give a display.

This was satisfactory to all parties concerned and indications are that before the bill is voted upon, an open meeting will be held.

THREE RELEASED AT GREENSBURG

Girl's Return Affects Charges Of Kidnaping At New Kensington

(International News Service)

GREENSBURG, Pa., Nov. 9.—Louis R. Gamble and Mrs. Martha Maxwell of near New Kensington, held on charges of kidnaping in connection with the disappearance of 13-year-old Eva Hazlett, Arnold, a week ago, were freed today after habeas corpus proceedings before Judge W. T. Dom.

Judge Dom, while commending Chief of Police Herman Hill of Arnold for the part he played in the case, said that neither of the pair could be held, as they were only aiding the father of the girl.

District Attorney R. D. Laird, after the hearing advised authorities to release an Arnold constable who was being held, as he could not be prosecuted for aiding the child to reach her father.

Miss Hazlett was returned to Arnold last night after being found living with her father.

Grand Jury Will Investigate Death In 1932 Of Husband Of Jean Harlow

(International News Service)

LOS ANGELES, Nov. 9.—The suicide in 1932 of Paul Bern, motion picture producer, and former husband of Jean Harlow, platinum blonde screen star again today had become a matter of grand jury investigation.

Investigators for the 1934 grand jury today had subpoenaed all documents and statements taken at the investigation into the suicide on Sept. 5, 1932, from the district attorney's office.

It was explained, however, that the grand jurors were not interested in the "actual circumstances" of Bern's death but in the expenditures made by the district attorney's office in its investigation.

FIRE TRUCK IS IN FOR REPAIRS

No. 5 fire truck is in the city garage undergoing repairs at the present time, Assistant Fire Chief James E. Thomas, states.

Garage Is Burned Thursday Evening

Loss Of $200 Sustained In Blaze At East Long Avenue Property

Fire of unknown origin, which was discovered in a garage on the rear of the property occupied by Mike Polansky, of 716 East Long avenue, at 8:20 last evening, caused a loss of $200, Assistant Fire Chief James E. Thomas reports.

Mrs. Polansky told firemen that the garage has been unoccupied for the past week, and could not account for the origin of the blaze. The property is owned by Mike Fazzone.

Correct this sentance: "You needn't appeal to me," said the mother, "for your father's word is final law."

Only 9,830 Live In City Of London

(International News Service)

LONDON, Nov. 9—Only 83 children were born in the city of London last year, the annual report of the city medical officer shows. Its population is only 9,830.

This news will surprise Americans unfamiliar with the fact that the city of London, means only the medieval district, which was surrounded by walls in the days of William the Conquerer, with a few additions in later centuries.

The City of London has retained a political identity, quite apart from the boroughs that surround it and which comprise Metropolitan London. The city has its own municipal government, city hall, and police force distinct from the corresponding arms of greater London.

Most of this heart of the imperial capital is given over to finance, trade, newspaper publishing and the law.

Sew a wide piece of tape over the top of your curtains before hanging them in order to save the strain of the curtain pins.

TRY FOR AN *Art* SCHOLARSHIP

Copy this girl and send us your drawing—perhaps you'll win a COMPLETE FEDERAL COURSE FREE! This contest is for amateurs, so if you like to draw do not hesitate to enter.

Prizes for Five Best Drawings—FIVE COMPLETE ART COURSES FREE, including drawing outfit. (Value of each course, $190.00.)

FREE! Each contestant whose drawing shows sufficient merit will receive a grading and advice as to whether he or she has, in our estimation, artistic talent worth developing.

Nowadays design and color play an important part in the sale of almost everything. Therefore the artist, who designs merchandise or illustrates advertising has become a real factor in modern industry. Machines can never displace him. Many Federal students, both men and girls who are now commercial designers or illustrators capable of earning from $1000 to $5000 yearly have been trained by the Federal Course. Here's a splendid opportunity to test your talent. Read the rules and send your drawing to the address below.

RULES FOR CONTESTANTS

This contest open only to amateurs, 16 years old or more. Professional commercial artists and Federal students are not eligible.

1. Make drawing of girl 4½ inches high, on paper 6½ inches square. Draw only the girl, not the lettering nor background.
2. Use only pencil or pen.
3. No drawings will be returned.
4. Write your name, address, age and occupation on back of drawing.
5. All drawings must be received in Minneapolis by Dec. 1st, 1934. Prizes will be awarded for drawings best in proportion and neatness by Federal Schools Faculty.

Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

FARM MANAGEMENT MEETINGS

E. L. Moffitt from State College will discuss "General Principles of Farm Management" at a series of meetings to be held in the county next week. All farmers are invited to attend one of these meetings.

The schedule is:

November 14, 8 p. m.—New Bedford Grange Hall, Pulaski township.

November 15, 1:30 p. m.—High school building, Plaingrove township.

November 15, 8 p. m.—Home of Ross Knowlson, Little Beaver township.

BIRDS EAT AND LAY MORE UNDER LIGHTS

Use of artificial light in poultry houses to lengthen the birds' working day has been found practical and profitable. Feed consumption and egg production during the winter months are increased by the use of lights.

One light equipped with a 40-watt bulb, a 16-inch by 4-inch reflector, and hung six feet from the floor will illuminate approximately 200 square feet of floor space.

To find the number of lights that will be required for a given sized pens, divide the number of square feet of floor space by 200. The nearest whole number will be the number of lights required. For example, a 20 by 20 foot pen contains 400 square feet. This figure divided by 200 gives a total of two lights needed in the pen.

Most poultrymen in the state have found that for the best results the lights should be hung approximately six feet from the floor. The 6-foot height seems to give the proper intensity of light, a wide distribution, and light on the roosts. These three factors are important.

A cone-shaped reflector 16 inches in diameter at the base by four inches high seems to be a very satisfactory size. This reflector should be covered on the inside with aluminum bronze.

PUT IDLE LAND TO WORK GROWING FOREST TREES

Idle and submarginal land on the farm can be used to grow forest trees.

Very dry and unfertile fields should be planted with pitch, Scotch, Banks, and Red Pines; but white ash, black locust, Norway spruce, and Japanese Larch can be more successfully started on moist soils. One thousand seedlings will plant almost an acre of land if they are set six feet apart. Two men can plant this number in one day.

The state supplies forest tree seedlings to land owners at a very low cost plus expreses charges. Application for these trees can be made now. Anyone in doubt as to the kind needed for certain conditions may obtain information at the Extension Association office.

CHOOSE APPLES BEST IN SEASON AND USE

Apple varieties differ in the use to which they may be put and the time when they are at their best.

Smokehouse, an old Pennsylvania variety, is of good quality and is rated by many people as one of the best dessert apples. It is at its best in October, November and December. This apple is tart enough for baking and pie making.

McIntosh is one of the best dessert apples. Many consider it the best to eat out of hand. It also is one of the finest sauce apples. McIntosh is a juicy, high quality, rich aroma apple. Its season is October, November and December.

Grimes Golden is another old variety, long a leader in Pennsylvania. It is a mild apple, fine for eating, especially by children. It is tart enough to be a good cooking sort. Making a rich, yellow apple sauce. Grimes Golden is excellent, too, for pies and baking. This variety is at its best in October, November and December.

Delicious was the leading dessert apple for many years. Although a mild variety, it is not classed as a sweet apple. It is too mild to be a good cooking apple and should be used as a dessert apple only. Its season is in October, November, December and January.

Jonathan, one of the old-time varieties, is at its best in the fall months and is still good in many cases in January. It is an all-round apple, good both as a dessert and cooking apple.

York Imperial is truly a winter variety and is in season from November to March. This is not a dessert variety, but has its place in the baking class. It is a firm-fleshed variety and stands up well when baked. This quality enhances its value as a pie apple since the sauce does not cook out of the crust. Many prefer the York also as a stewing variety, using the cooked apple as a stewed fruit.

Rome Beauty is another true winter variety, holding well until April. It is not a high-class dessert apple but is one of the fine bakers.

Rhode Island Greening is one of the common old varieties hard to excel when well matured. This is rather a sharp acid apple. It is in season from November to April. Many consumers rate Rhode Island Greening as the best for all baking apples. When cooked, the yellow flesh breaks down into a rich sauce and for this reason many prefer this variety whenever it is available. The variety is too tart for some persons as a dessert fruit but others prefer it even for this purpose.

Northern Spy, found in nearly all old farm orchards, is an all-round variety. It stands out in the field of varieties for winter uses, as it is in season throughout the winter months. It is fine as a dessert apple and ranks with the best in the general cooking class.

Stayman is one of the newer varieties for use throughout the winter. It ranks with the Spy. It is good as a dessert apple and is rated as one of the best eating apples by many users.

It is quite likely that Baldwin is known by more consumers in Pennsylvania than any other variety. It has stood the test of time and use. It is rated by many as the leading general use winter variety and will hold well in storage through April if well grown and stored at once when harvested.

Ben Davis has its place in the apple world. It will store in good condition until June and if used as a baker or pie apple when in season, which is in most cases from January to June, will be found very satisfactory. Some have said that it is all right as a filler if spice and sugar are used, but Ben Davis really has a place in its season and it is not a dessert variety.

GOOD LIGHTS PROMOTE HEALTH AND HAPPINESS

Short days are coming along with the need of more artificial light, Miss Eleanor Drury, home economics extension representative, reminds.

As the family gathers in the home for the evening activities: Lessons for the children in school, sewing, mending, or reading for mothers, and for father his daily paper or favorite magazine, good light is essential for health and happiness.

There are several excellent sources of light for the farm home which is not supplied with electricity. Regardless of the type of lighting system used certain principles should be observed, Miss Drury emphasizes.

There should be sufficient light to allow one to see clearly and distinctly without eye strain.

The lamp should be so placed that the light falls over the left shoulder for reading, that hands when working do not throw a shadow upon the work, and that light is not reflected back from the work surface into the eyes of the worker. A shade on the lamp can be used to regulate much of this, as well as soften the glare of the light.

The source of light should be steady. Reflected light from shiny surfaces should be avoided. Lamps free from noise or odor when burning and which are attractive whether lighted or not should be used.

More than one lamp is often needed in a room if several are to work there. Lamps that are simple in design, harmonizing in color with the room furnishings, and especially serving the purpose for which intended should be selected, Miss Drury concludes.

Apartment Built For 284 Families Nearly Completed

(International News Service)

PHILADELPHIA — Philadelphia's first community housing project—the $1,200,000 apartment buildings designed to house 284 families of workers—is rapidly nearing completion.

The apartments, to be known as the "Carl Mackley Houses," have been built on a large tract of land formerly called "Juniata park". The buildings have been named for a young hosiery worker who was killed in a strike a few years ago, and are owned by the Philadelphia branch of the Full-Fashioned Hosiery Workers of America.

Thoroughly modern in construction and architecture, the buildings which are the result of A. P. W. A. grant from the federal government, are at no place more than two apartments deep.

The apartment will rent for about $8 or $9 per room a month, with heat and light included.

Indian Children Skeletons Found

(International News Service)

CHARLEROI, Pa.—Skeletons of two Indian children have been unearthed by George S. Fisher, Finleyville, at his excavations in Westmoreland county.

One of the skeletons was that of a child of about 10 years and the other was that of an infant about 18-months-old. Pottery found in one of the excavations, Fisher declared, indicate the bodies were those of Iroquois Indians.

The skulls of two other bodies found have not been located by the excavators.

Fisher said the present diggings convince him of his belief that Iriquois Indians located south of Pittsburgh although it was previously generally believed they had never invaded this territory.

SENIOR HIGH SCHOOL NEWS

ARMISTICE PROGRAM

Patriotic Armistice Day programs, sponsored by the American Legion, marked the weekly assembly programs at Senior high school today and Thursday.

Today the upper classmen attentively listened to the address of Col. Daniel McQuiston, of New Wilmington, while on Thursday they heard a stirring address by Attorney W. Walter Braham.

Both speakers gave spirited addresses and the student body was greatly inspired with a feeling of reverence for not only those who sacrificed their lives in the World war but for all those who served in the titanic struggle.

Martial airs played by bugle and drum corps of the Harry L. McBride Post, V. F. W., garbed in snappy uniforms, contributed much to the exercises.

Attorney Clarence A. Patterson presided during the program. The devotional exercises were conducted by William A. Margraf, instructor in the high school. This was followed by a short speech by Mr. Patterson.

The presentation of colors was commanded by Sheriff Edward D. Pritchard. He was ably assisted by Eagle Scouts Fred McCamic, Bob Moore, and Dick Hamilton and Star Scouts, Robert Miner, James Pherson and James Hartland.

After the "Star Spangled Banner" had been played by the band, William Fletcher read "In Flander's Field." This was followed by the bugle and drum corp. The main speakers of the day were then introduced by Mr. Margraf.

The chapel concluded with the customary short period of silence as the whole assembly turned westward to salute those who never returned. The familiar taps and echo call closed the program.

SURVEY TO KEEP WATCH

On Tuesday, the first step in a state-wide survey of our educational facilities was conducted at Senior high school by Prof. W. A. Johns of Westminster college in behalf of the state department of education. The names of 250 students were selected from New Castle schools starting with their first year in junior high. These students were asked their choice of profession and a series of other questions.

An attempt will be made to find out how many of these students continued through their junior and senior high school courses. The reasons for withdrawal of those who dropped out and their present employment will be sought. In devising a new course of study the state department will make an effort to retain the interest of future students by the addition of certain subjects to the school's curriculum, corresponding to the choice of these students' employment.

The chosen professions of those who graduate from colleges and universities, will be taken into consideration. The state department of education wishes to see how well schools of Pennsylvania are equipping their students for their future careers.

LUNCH SQUAD MEETING

The Lunch squad of the high school held a meeting third period on Tuesday, November 6 in the cafeteria. President Dean Smith was in charge of the meeting. The supervisors, Mr. Sheaffer, Mr. McKenzie and Miss Riddle offered suggestions which would help to remedy the confusion in the halls during the two lunch periods. The committee consisting of various students of the high school thoroughly discussed the different means by which they might better administer their duties during the lunch periods and then the meeting was adjourned.

CORRESPONDENT SPEAKS

The students were privileged to hear E. C. Ramsey who has been a newspaper correspondent in Europe for 14 years. Mr. Ramsey vividly pictured the existing conditions in Europe at the present time.

He eagerly and earnestly urged the students to investigate the profit of war and to use the information effectively in case of an emergency arising. He stated that at the present time there are more causes for war than there were in the fateful years 1913-1914. He then dramatically concluded his address by pointing out that the wages of war always was and will be death.

Mr. Ramsey spoke in the early morning to the Problems of Democracy classes. The first period class heard Mr. Ramsey discuss conditions in Russia. The second period class was informed on conditions in Italy.

The students were highly pleased with Mr. Ramsey's address and entertain the hope that he may return in the near future.

VOTE IS DAY'S LESSON

To acquaint the students with the correct system of voting, an election was held at the Senior high school on Tuesday, November 6, election day. It was sponsored by Miss Sarah Dinsmore, instructor of Problems of Democracy. Over 150 students cast their votes for the various candidates of the several parties.

After a short instruction on the details of voting, each student went to a private booth and cast his vote. Tellers were appointed to count the votes. When the ballots were inspected, it was found that practically all were marked correctly.

It is hoped that the entire school may participate in the future and the procedure may be carried on more closely along the lines of the regular elections.

The outcome of the P. O. D. class vote was as follows:

United States Senator— Republican: Reed, 56; and Democrat: Guffey 70.

Governor—Schnader 69; and Earle 59.

Lieut. Governor—Scott 64; and Kennedy 62.

Secretary of Internal Affairs—Taylor 54; and Logue 73.

Judge of Superior Court—Trexler 56; and Rhodes 67.

Representative in Congress—Swick 67; and Eckert 63.

Representative in General Assembly—Leta 34; Eroe 66; and Independent Republican: Strickler 27.

TALK RACIAL PROBLEMS

The Ne-Ca-Hi-Y held their weekly meeting in their club rooms in the Y. M. C. A. Devotionals were conducted by Wendell Allen. An interesting discussion led by Don Huffman was held on racial prejudice. The meeting was closed with various club announcements, followed by the customary friendship circle.

GIRL RESERVES MEETING

The Girl Reserves held their regular meeting Monday night, November 5. The meeting was in charge of the president, eBtty Rice. Singing was led by Mrs. J. F. Replogle with Miss Helen Ewing as her accompanist. Devotions were led by Betty Nicholson. The guest speaker of the evening was Miss Braham from New Wilmington. Miss Braham has been a teacher in the schools of Cairo, Egypt for three years. The main phase of the Egyptian life she discussed was the manners and customs of the young girls. She made the statement that "the girls of Egypt idolize the young American girls because of their freedom and beauty but they think they are dumb." Their main interest in school life is to learn foreign languages, and be able to speak them fluently. They think that the American girls know little about the foreign countries and know less about their native land.

TEACHERS ARE IMPROVING

Students of the school are pleased to learn that Miss Mary Riffer, Park avenue, and Miss Elizabeth Parker, Laurel avenue, teachers who have been ill for several weeks, are improving.

BETWEEN FRIENDS

HARRISBURG—Lending motor vehicle license plates and operators' licenses is a policy unsafe in Pennsylvania. More than 250 motorists have been arrested by highway patrolmen on such charges this year. The patrol has arrested 186 persons for lending operators' licenses and 68, for lending registration plates.

Elimination Of Child Labor Is Discussion Theme

(International News Service)

HARRISBURG—Permanent elimination of children from industrial employment and discussion of state unemployment insurance systems have been announced as subjects for the November 16-17 meeting of the interstate conference on labor compacts here.

The conference comprises representatives of 11 states in northeastern United States which are endeavoring to unify labor standards. A minimum wage compact was signed at the last meeting of the group.

States represented in the conference in addition to Pennsylvania are New York, Rhode Island, Connecticut, Vermont, New Hampshire, Maine, New Jersey, Maryland, Delaware and Massachusetts.

Secretary of Labor and Industry Charlotte E. Carr in announcing plans and topics for the November meeting here, said an open Friday night session is planned to enable industrial and labor leaders and private citizens to speak their views.

ISSUE CHARTERS

HARRISBURG — Certificates of incorporation were issued to 150 domestic corporations during September by the secretary of the commonwealth. The fees amounted to $4,500. Certificates of authority to do business in Pennsylvania were issued to 52 foreign corporations. They paid the state $1,540.

The Lunch squad of the high school held a meeting third period on Tuesday, November 6 in the cafeteria. President Dean Smith was in charge of the meeting. The supervisors, Mr. Sheaffer, Mr. McKenzie and Miss Riddle offered suggestions which would help to remedy the confusion in the halls during the two lunch periods. The committee consisting of various students of the high school thoroughly discussed the different means by which they might better administer their duties during the lunch periods and then the meeting was adjourned.

CORRESPONDENT SPEAKS

The students were privileged to hear E. C. Ramsey who has been a newspaper correspondent in Europe for 14 years. Mr. Ramsey vividly pictured the existing conditions in Europe at the present time.

He eagerly and earnestly urged the students to investigate the profit of war and to use the information effectively in case of an emergency arising. He stated that at the present time there are more causes for war than there were in the fateful years 1913-1914. He then dramatically concluded his address by pointing out that the wages of war always was and will be death.

Mr. Ramsey spoke in the early morning to the Problems of Democracy classes. The first period class heard Mr. Ramsey discuss conditions in Russia. The second period class was informed on conditions in Italy.

The students were highly pleased with Mr. Ramsey's address and entertain the hope that he may return in the near future.

VOTE IS DAY'S LESSON

To acquaint the students with the correct system of voting, an election was held at the Senior high school on Tuesday, November 6, election day. It was sponsored by Miss Sarah Dinsmore, instructor of Problems of Democracy. Over 150 students cast their votes for the various candidates of the several parties.

After a short instruction on the details of voting, each student went to a private booth and cast his vote. Tellers were appointed to count the votes. When the ballots were inspected, it was found that practically all were marked correctly.

It is hoped that the entire school may participate in the future and the procedure may be carried on more closely along the lines of the regular elections.

The outcome of the P. O. D. class vote was as follows:

United States Senator— Republican: Reed, 56; and Democrat: Guffey 70.

Governor—Schnader 69; and Earle 59.

Lieut. Governor—Scott 64; and Kennedy 62.

Secretary of Internal Affairs—Taylor 54; and Logue 73.

Judge of Superior Court—Trexler 56; and Rhodes 67.

Representative in Congress—Swick 67; and Eckert 63.

Representative in General Assembly—Leta 34; Eroe 66; and Independent Republican: Strickler 27.

TALK RACIAL PROBLEMS

The Ne-Ca-Hi-Y held their weekly meeting in their club rooms in the Y. M. C. A. Devotionals were conducted by Wendell Allen. An interesting discussion led by Don Huffman was held on racial prejudice. The meeting was closed with various club announcements, followed by the customary friendship circle.

GIRL RESERVES MEETING

The Girl Reserves held their regular meeting Monday night, November 5. The meeting was in charge of the president, eBtty Rice. Singing was led by Mrs. J. F. Replogle with Miss Helen Ewing as her accompanist. Devotions were led by Betty Nicholson. The guest speaker of the evening was Miss Braham from New Wilmington. Miss Braham has been a teacher in the schools of Cairo, Egypt for three years. The main phase of the Egyptian life she discussed was the manners and customs of the young girls. She made the statement that "the girls of Egypt idolize the young American girls because of their freedom and beauty but they think they are dumb." Their main interest in school life is to learn foreign languages, and be able to speak them fluently. They think that the American girls know little about the foreign countries and know less about their native land.

TEACHERS ARE IMPROVING

Students of the school are pleased to learn that Miss Mary Riffer, Park avenue, and Miss Elizabeth Parker, Laurel avenue, teachers who have been ill for several weeks, are improving.

BETWEEN FRIENDS

HARRISBURG—Lending motor vehicle license plates and operators' licenses is a policy unsafe in Pennsylvania. More than 250 motorists have been arrested by highway patrolmen on such charges this year. The patrol has arrested 196 persons for lending operators' licenses and 68, for lending registration plates.

Elimination Of Child Labor Is Discussion Theme

(International News Service)

HARRISBURG—Permanent elimination of children from industrial employment and discussion of state unemployment insurance systems have been announced as subjects for the November 16-17 meeting of the interstate conference on labor compacts here.

The conference comprises representatives of 11 states in northeastern United States which are endeavoring to unify labor standards. A minimum wage compact was signed at the last meeting of the group.

States represented in the conference in addition to Pennsylvania are New York, Rhode Island, Connecticut, Vermont, New Hampshire, Maine, New Jersey, Maryland, Delaware and Massachusetts.

Secretary of Labor and Industry Charlotte E. Carr in announcing plans and topics for the November meeting here, said an open Friday night session is planned to enable industrial and labor leaders and private citizens to speak their views.

ISSUE CHARTERS

HARRISBURG — Certificates of incorporation were issued to 150 domestic corporations during September by the secretary of the commonwealth. The fees amounted to $4,500. Certificates of authority to do business in Pennsylvania were issued to 52 foreign corporations. They paid the state $1,540.

Move To Permit Sewer Facilities For Townships

Measure In Council To Provide For Township Sewer Systems

ANNUAL RENTAL WOULD BE CHARGED

Council convened in city hall today and Streets Director B. F. Butler, introduced a bill which provides for the connecting of sanitary sewers outside the city limits with the city sanitary sewer system, providing sewer facilities for properties outside the corporate limits of the city and prescribing the terms upon which the privilege will be granted. The bill was sent to committee for further consideration.

The bill was introduced this morning as a result of the conferences held between representatives of Union township and city council. The bill does not refer specifically to Union township, but instead provides for connections from all districts bordering the city.

The bill says that the property owner must apply for permission to connect, and submit a survey and description of the property. A recording fee must be paid and a rental of $7.20 per year shall be charged for each connection. The rental charge can be paid in four installments.

If one desires to open a sewer, a permit must be secured.

If repairs are to be made to the sanitary sewer system the charge can be increased. Branch sewers must be kept in good condition and the property owner shall construct all connections between the property and the city system, the bill states.

If the city should annex the land the system will become part of the sewer system of the city. The bill further prescribes also that, the owner of the property must conform to the zoning code and also the building code. Under provisions of the bill the permit for the connection can be revoked by city council.

Pittsburgh Man Held By Police

Admits To Accidental Shooting Of Wife With Pistol, Victim Critical

(International News Service)

PITTSBURGH, Nov. 9.—While the condition of Mrs. Carrie Ritter, 41, remained critical today, police said the husband, William Ritter, admitted accidentally shooting her in the head while twirling a pistol on his finger. Ritter is being held on the charge of felonious shooting that followed his arrest by officers summoned by neighbors.

FORMER LOCAL MAN MAKING GOOD

Friends of Verne Aubel, son of William H. Aubel, of Smithfield street, will be interested to learn that Mr. Aubel is now general superintendent of the Solvay Products Company, of Syracuse, N. Y., with which firm he has been associated for the past eight years. He is a graduate of New Castle high school.

RATES REDUCED

(International News Service)

HARRISBURG, Nov. 9.—The Palmerton Telephone company today filed with the public service commission a new tariff, effective December 1, which makes reductions ranging from $12 to $9 a year for residence telephone service and from $18 to $12 for business telephones.

The Palmerton company was the first of 50 utilities to file reduced rates as requested by the commission last month.

YOUTH'S DEATH IN AUTO ACCIDENT IS INVESTIGATED

(Continued from Page One)

machine, stated that the party had left New Castle after the football game between New Kensington and New Castle high schools. They had stopped for a few minutes at the home of some people in New Castle, who were known to members of their party, and then had started for home.

Tells of Crash

It was still light when the accident occurred, but the witness did not know the exact time. They were traveling at a speed of approximately 30 to 35 miles per hour, and were following another car containing friends, when suddenly they came upon the curve at the top of the hill. When the driver applied his brakes, the car seemed to swerve a little and then overturned.

The window on the side of the machine on which Schafers was riding was open, he stated, and as the car overturned, they were piled over onto that side of the car on top of Schafers. He had been riding with his head out of the window at times, Allen stated, but he did not remember whether this was the case when the machine overturned, or not.

The car did not roll over, but skidded along on its side for some little distance, the witness stated, finally coming to rest with the front end pointing uphill.

John Neuwirth, who was riding in the car which preceded the machine driven by Antoine, stated that they had been travelling just ahead of the accident car all the way from New Castle.

Saw Youth Caught

He said they had slowed up at the curve going into Harlansburg. The driver of the machine asked him to look back and see if the other car was coming. As he did so, he saw the other machine swerve. Schafer's head was out of the window when the car overturned and the youth was caught between the machine and the side of the road. He said he called to the driver of the machine to stop and they all got out and went back.

He ran back and tried to lift the car off Schafer's body, along with the others in the party, but it was too much for them, and finally a party of hunters came along and the car was finally righted. The girls went to a nearby home and later were taken back to New Kensington. He went to a phone and called the highway police and the parents of Schafers in New Kensington.

Patrolman Hoyman, of the state highway patrol stated he was called to the accident scene about 5 o'clock on Saturday evening, November 3. It was approximately 5:30 when he arrived. He described the accident scene and the condition of the machine. Marks on the road showed the car had skidded about 100 feet. The machine had been properly inspected.

Girls Testify

The two girls, Pauline Stelmech and Anna Orzulak, told practically the same story as the preceding witnesses. They stated that the car had not been going at a rapid rate of speed, and that Antoine had applied his brakes when he came to the hill.

Elmer Dean, proprietor of the garage at Harlansburg told of examining the car after the accident. He stated that it seemed in good working condition, except that one rear wheel was bent a little and the steering wheel seemed sprung.

He had been called to take his towing car to the scene to right the machine, but it had already been lifted when he got there, he stated. Schafers was lying in the rear seat when he arrived. He examined the marks on the highway which showed the car had rounded the curve and was on the short straight section of the road before the second curve.

Antoine, the driver, gave the same version of the accident as had the occupants of the car who had previously testified. He has only been driving a machine four months, he stated. When he applied the brakes as they came to the curve, the rear right brake seemed to catch and pull the car around, Antoine stated.

The jury which heard the testimony was composed of U. S. Dean, Jr., Frank C. Moorehead, C. E. Allen, Leslie T. McCracken, Clair S. Brown and G. H. Cunningham.

Group Gives Study To Far East Policy

Cause And Cure Of War Unit Talks U. S. Stand At Meeting In Y. W.

A profitable evening's roundtable discussion on "The Foreign Policy of the U. S. in the Far East" was enjoyed by members of the Lawrence County unit of the Cause and Cure of War at their meeting in the Y. W. C. A., last night. Arthur C. White conducted the discussion.

The group, now pursuing a study series provided by the national council of the Cause and Cure of War organization, learned that the principles of the United States' foreign policy and our policy in the Far East is a projection of our desire for "equality of opportunity," into international policies.

For Japan to precipitate war, they concluded, would be worse than crime. It would be a blunder. Since Japan now has control of Manchuria, the American military forces are not operating against Japan in China and should there come a war between Japan and the U. S., Japan, they feel, would be crushed economically and financially.

The council here will bring Madam Carof, French lecturer, here for an address in the near future. She is in the United States studying in preparation for a lecture tour she contemplates making back home.

Johnstown Young Man Being Held

Johnstown Man Held For Fatal Blow Struck During Election Argument

(International News Service)

JOHNSTOWN, Pa., Nov. 9.—John Gorman, 30, was free and his brother, James, 21, was held in the county jail on a charge of involuntary manslaughter today following a hearing on the brother's responsibility in the death of John L. Simler, 48, in an election day brawl.

Simler, a storekeeper, died from a fractured skull, received when he was knocked to the sidewalk. The younger Gorman, police said, admitted striking the blow.

Coyne's Re-Trial To Start Tuesday

Prosecution And Defense Counsel Adding Finishing Touches To Case

(International News Service)

PITTSBURGH, Nov. 9.—Prosecution and defense counsel today were adding finishing touches to their folios in preparation to the scheduled start Tuesday of the federal retrial of State Senator James J. Coyne and three others for alleged fraud in the November, 1932, general election.

Thomas Coyne, a brother of the Senator, is another defendant as are Patrick J. "Pat" O'Malley, Republican chairman in the "Strip" district, and Walter Butler.

The first trial that ended in the first week of last June resulted in a disagreement by the jury and since that time two of the original defendants, Assemblyman P. J. Maloney and Frank J. O'Halloran, have been dropped as trial characters due to the government's move in entering nol prosses on the grounds they had insufficient evidence.

FIREMAN WILL ATTEND REUNION

Five Suspects Held By Police

(International News Service)

PITTSBURGH, Nov. 9.—Five suspects were held here today, accused of being the youthful marauders who tried to break into the home of Mrs. V. W. Hunter, Sheraden, last night.

Identified by Mrs. Hunter, three were charged with disorderly conduct, police said.

Move To Permit Sewer Facilities For Townships

Measure In Council To Provide For Township Sewer Systems

ANNUAL RENTAL WOULD BE CHARGED

Council convened in city hall today and Streets Director B. F. Butler, introduced a bill which provides for the connecting of sanitary sewers outside the city limits with the city sanitary sewer system, providing sewer facilities for properties outside the corporate limits of the city and prescribing the terms upon which the privilege will be granted. The bill was sent to committee for further consideration.

The bill was introduced this morning as a result of the conferences held between representatives of Union township and city council. The bill does not refer specifically to Union township, but instead provides for connections from all districts bordering the city.

The bill says that the property owner must apply for permission to connect, and submit a survey and description of the property. A recording fee must be paid and a rental of $7.20 per year shall be charged for each connection. The rental charge can be paid in four installments.

If one desires to open a sewer, a permit must be secured.

If repairs are to be made to the sanitary sewer system the charge can be inereased. Branch sewers must be kept in good condition and the property owner shall construct all connections between the property and the city system, the bill states.

If the city should annex the land the system will become part of the sewer system of the city. The bill further prescribes also that, the owner of the property must conform to the zoning code and also the building code. Under provisions of the bill the permit for the connection can be revoked by city council.

Admits To Accidental Shooting Of Wife With Pistol, Victim Critical

(International News Service)

PITTSBURGH, Nov. 9.—While the condition of Mrs. Carrie Ritter, 41, remained critical today, police said the husband, William Ritter, admitted accidentally shooting her in the head while twirling a pistol on his finger. Ritter is being held on the charge of felonious shooting that followed his arrest by officers summoned by neighbors.

FORMER LOCAL MAN MAKING GOOD

Friends of Verne Aubel, son of William H. Aubel, of Smithfield street, will be interested to learn that Mr. Aubel is now general superintendent of the Solvay Products Company, of Syracuse, N. Y., with which firm he has beeen associated for the past eight years. He is a graduate of New Castle high school.

RATES REDUCED

(International News Service)

HARRISBURG, Nov. 9.—The Palmerton Telephone company today filed with the public service commission a new tariff, effective December 1, which makes reductions ranging from $12 to $9 a year for residence telephone service and from $18 to $12 for business telephones.

The Palmerton company was the first of 50 utilities to file reduced rates as requested by the commission last month.

YOUTH'S DEATH IN AUTO ACCIDENT IS INVESTIGATED

(Continued from Page One)

machine, stated that the party had left New Castle after the football game between New Kensington and New Castle high schools. They had stopped for a few minutes at the home of some people in New Castle, who were known to members of their party, and then had started for home.

Tells of Crash

It was still light when the accident occurred, but the witness did not know the exact time. They were traveling at a speed of approximately 30 to 35 miles per hour, and were following another car containing friends, when suddenly they came upon the curve at the top of the hill. When the driver applied his brakes, the car seemed to swerve a little and then overturned.

The window on the side of the machine on which Schafers was riding was open, he stated, and as the car overturned, they were piled over onto that side of the car on top of Schafers. He had been riding with his head out of the window at times, Allen stated, but he did not remember whether this was the case when the machine overturned, or not.

The car did not roll over, but skidded along on its side for some little distance, the witness stated, finally coming to rest with the front end pointing uphill.

John Neuwirth, who was riding in the car which preceded the machine driven by Antoine, stated that they had been traveling just ahead of the accident car all the way from New Castle.

Saw Youth Caught

He said they had slowed up at the curve going into Harlansburg. The driver of the machine asked him to look back and see if the other car was coming. As he did so, he saw the other machine swerve. Schafer's head was out of the window when the car overturned and the youth was caught between the machine and the side of the road. He said he called to the driver of the machine to stop and they all got out and went back.

He ran back and tried to lift the car off Schafer's body, along with the others in the party, but it was too much for them, and finally a party of hunters came along and the car was finally righted. The girls went to a nearby home and later were taken back to New Kensington. He went to a phone and called the highway police and the parents of Schafers in New Kensington.

Patrolman Hoyman, of the state highway patrol stated he was called to the accident scene about 5 o'clock on Saturday evening, November 3. It was approximately 5:30 when he arrived. He described the accident scene and the condition of the machine. Marks on the road showed the car had skidded about 100 feet. The machine had been properly inspected.

Girls Testify

The two girls, Pauline Stelmech and Anna Orzulak, told practically the same story as the preceding witnesses. They stated that the car had not been going at a rapid rate of speed, and that Antoine had applied his brakes when he came to the hill.

Elmer Dean, proprietor of the garage at Harlansburg told of examining the car after the accident. He stated that it seemed in good working condition, except that one rear wheel was bent a little and the steering wheel seemed sprung.

He had been called to take his towing car to the scene to right the machine, but it had already been lifted when he got there, he stated. Schafers was lying in the rear seat when he arrived. He examined the marks on the highway which showed the car had rounded the curve and was on the short straight section of the road before the second curve.

Antoine, the driver, gave the same version of the accident as had the occupants of the car who had previously testified. He has only been driving a machine four months, he stated. When he applied the brakes as they came to the curve, the rear right brake seemed to catch and pull the car around, Antoine stated.

The jury which heard the testimony was composed of U. S. Dean, Jr., Frank C. Moorehead, C. E. Allen, Leslie T. McCracken, Clair S. Brown and G. H. Cunningham.

Group Gives Study To Far East Policy

Cause And Cure Of War Unit Talks U. S. Stand At Meeting In Y. W.

A profitable evening's roundtable discussion on "The Foreign Policy of the U. S. in the Far East" was enjoyed by members of the Lawrence County unit of the Cause and Cure of War at their meeting in the Y. W. C. A., last night. Arthur C. White conducted the discussion.

The group, now pursuing a study series provided by the national council of the Cause and Cure of War organization, learned that the principles of the United States' foreign policy and our policy in the Far East is a projection of our desire for "equality of opportunity," into international policies.

For Japan to precipitate war, they concluded, would be worse than crime. It would be a blunder. Since Japan now has control of Manchuria, the American military forces are not operating against Japan in China and should there come a war between Japan and the U. S., Japan, they feel, would be crushed economically and financially.

The council here will bring Madam Carof, French lecturer, here for an address in the near future. She is in the United States studying in preparation for a lecture tour she contemplates making back home.

Johnstown Young Man Being Held

Johnstown Man Held For Fatal Blow Struck During Election Argument

(International News Service)

JOHNSTOWN, Pa., Nov. 9.—John Gorman, 30, was free and his brother, James, 21, was held in the county jail on a charge of involuntary manslaughter today following a hearing on the brother's responsibility in the death of John L. Simler, 48, in an election day brawl.

Simler, a storekeeper, died from a fractured skull, received when he was knocked to the sidewalk. The younger Gorman, police said, admitted striking the blow.

Coyne's Re-Trial To Start Tuesday

Prosecution And Defense Counsel Adding Finishing Touches To Case

(International News Service)

PITTSBURGH, Nov. 9.—Prosecution and defense counsel today were adding finishing touches to their folios in preparation to the scheduled start Tuesday of the federal retrial of State Senator James J. Coyne and three others for alleged fraud in the November, 1932, general election.

Thomas Coyne, a brother of the Senator, is another defendant as are Patrick J. "Pat" O'Malley, Republican chairman in the "Strip" district, and Walter Butler.

The first trial that ended in the first week of last June resulted in a disagreement by the jury and since that time two of the original defendants, Assemblyman P. J. Maloney and Frank J. O'Halloran, have been dropped as trial characters due to the government's move in entering nol prosses on the grounds they had insufficient evidence.

FIREMAN WILL ATTEND REUNION

City May Modify Law On Fireworks

Measure Making Changes In City Law Is Presented In Council

PUBLIC MEETING MAY BE CALLED

Should a bill introduced in council by Mayor Mayne be enacted into city law, the measure which now prohibits the possession, sale and discharge of fireworks here would be repealed and certain type of fireworks could be possessed, sold and set off.

The bill was advocated by W. L. Crooks, legislative agent for the Fireworks Manufacturers Association of the United States. He appeared before council and pointed out what fireworks were dangerous and should be banned.

Crooks said that it had been determined that most accidents occurred in prohibited areas, that accidents cannot be legislated out of existence and it is more satisfactory to have fireworks which comply with the law than "bootleg" sustitutes.

Asks Public Meeting

He said the bill which he advocated and which later was introduced by Mayor Mayne was patterned after the state law of Ohio. It described what fireworks would be banned. He asked council to hold a public meeting on it.

Mayor Mayne informed council that while fireworks have not been sold inside the city limits for some time persons can go to the city line and purchase all the fireworks desired.

Finance Director Hoyland substantiated the mayor's claim. However, Safety Director Davies expressed his disapproval of passing any measure that would allow the sale or discharge of fireworks here.

Present in council chambers was Mrs. Archibald Davis and receiving permission to speak, asked council "not to go back 25 years." She said "the Federated Women's clubs and millions of mothers are opposed to fireworks."

Hoyland Comments

Mrs. Davis declared that it was dangerous, whereupon Finance Director Hoyland spoke and said that "this is where two extremes meet. Women are here today asking for sled riding but want to prohib the sale of regulated fireworks."

Mrs. Davis said that there were no dangers in sled riding like there are in fireworks, to which Mr. Hoyland could not agree, as he said persons sometimes have accidents and contract pneumonia.

Mr. Crooks, who was present replied to Mrs. Davis and asked if it would be possible for people who opposed fireworks to be present at a public meeting where he could show statistics and give a display.

This was satisfactory to all parties concerned and indications are that before the bill is voted upon, an open meeting will be held.

THREE RELEASED AT GREENSBURG

Girl's Return Affects Charges Of Kidnaping At New Kensington

(International News Service)

GREENSBURG, Pa., Nov. 9.—Louis R. Gamble and Mrs. Martha Maxwell of near New Kensington, held on charges of kidnaping in connection with the disappearance of 13-year-old Eva Hazlett, Arnold, a week ago, were freed today after habeas corpus proceedings before Judge W. T. Dom.

Judge Dom, while commending Chief of Police Herman Hill of Arnold for the part he played in the case, said that neither of the pair could be held, as they were only aiding the father of the girl.

District Attorney R. D. Laird, after the hearing advised authorities to release an Arnold constable who was being held, as he could not be prosecuted for aiding the child to reach her father.

Miss Hazlett was returned to Arnold last night after being found living with her father.

Probe Suicide Of Paul Bern

Grand Jury Will Investigate Death In 1932 Of Husband Of Jean Harlow

(International News Service)

LOS ANGELES, Nov. 9.—The suicide in 1932 of Paul Bern, motion picture producer, and former husband of Jean Harlow, platinum blonde screen star again today had become a matter of grand jury investigation.

Investigators for the 1934 grand jury today had subpoenaed all documents and statements taken at the investigation into the suicide on Sept. 5, 1932, from the district attorney's office.

It was explained, however, that the grand jurors were not interested in the "actual circumstances" of Bern's death but in the expenditures made by the district attorney's office in its investigation.

Garage Is Burned Thursday Evening

Loss Of $200 Sustained In Blaze At East Long Avenue Property

Fire of unknown origin, which was discovered in a garage on the rear of the property occupied by Mike Polansky, of 716 East Long avenue, at 8:20 last evening, caused a loss of $200, Assistant Fire Chief James E. Thomas reports.

Mrs. Polansky told firemen that the garage has been unoccupied for the past week, and could not account for the origin of the blaze. The property is owned by Mike Fazzone.

BANDITS MAKE RAID ON JERSEY BANK; GET $10,000

(BULLETIN)
(International News Service)

NEWARK, N. J., Nov. 9.—Armed with sub-machine guns and tear gas bombs, four bandits raided the First National Bank of Cedar Grove, N. J., near here, today, and escaped with $10,000.

A woman patron and a five-year-old girl were among the victims forced to lie face down on the floor while the bandits looted the vault.

As they fled they tossed a tear gas bomb to cover their escape.

Anyway we have learned that a car will keep running despite the new models that make it look funny.

Business Ready To Aid Recovery

Expect Plan Of Co-operation With Administration To Be Agreed Upon

JONES URGES AID OF BUSINESS MEN

By WILLIAM S. NEAL
International News Service Staff Correspondent
Copyright, 1934, By International News Service

WASHINGTON, Nov. 9.—Organized business is prepared today to say "let's go" on a sound plan of cooperation with the administration to achieve recovery.

This was strongly indicated by business leaders today as election bitterness waned and all doubt as to the control of the "New Deal" was removed.

The outcome may be the offer by organized industry of a truce similar to that proposed by the American Bankers Association. High administration officials have indicated that such a truce would be welcomed.

Within 24 hours after Chairman Jesse H. Jones of the RFC sounded an optimistic note and urged business to "quit holding back," Robert L. Lund of St. Louis, chairman of the national association of manufacturers, said adoption of sound policies would lead to recovery.

In a message to International News Service, Lund said:

"Industry has welcomed the statements in recent weeks from President Roosevelt and other high officials that recovery is to be sought through sound methods of cooperation that will build confidence.

"If this policy is followed by congress, we shall soon be on our way to recovery. There is an abundance of private credit and purchasing power stored up awaiting the driving force of such a program."

Rudolph S. Hecht of New Orleans, president of the American Bankers' association, said that "the offer of association officials to cooperate in recovery has no relation to political events one way or the other."

The bankers' association now has committees at work cooperating with the Administration Export-Import bank in an effort to promote foreign trade.

Henry I. Harriman, president of the United States Chamber of Commerce, decided to make no comment on the election, at least until after a board meeting here next week.

Action by the board of directors looking to cooperation with the administration was forecast. Some of the directors of the chamber admittedly are friendly to the NRA. Harriman himself backed the major part of the original recovery measure.

The chief stumbling blocks in the path of an open offer of cooperation by business were the administration's plan for making NRA permanent, agitation for a 30-hour week, inflation and labor controversies.

Both the National Association of Manufacturers and the United States Chamber of Commerce are expected to offer legislative proposals to the administration.

The chamber plans to map a policy on the NRA. The manufacturers' association will hold a convention in New York early in December at which time it will take a stand on proposed legislation.

The administration, it is believed, would welcome a truce in the guerilla warfare of the past six months. Secretary of Commerce Roper has strongly intimated that the administration is prepared to abandon many forms of business control soon as the spectre of unemployment is minimized.

Hope For Early End To Gas Cuts Is Dashed Today

Stabilization Conferences Break Up Without Agreement

(International News Service)

NEW YORK, Nov. 9.—Hope for an early termination of the eastern gasoline price war was dashed today when stabilization conferences broke up without an agreement.

Failure to agree on differentials between retail prices of major companies and independents was the stalemating factor. Independents held out stubbornly for a differential of 1½ cents a gallon while majors refused to go above a cent.

The result was a resumption of price-cutting, with Socony Vacuum Oil Co., and other majors rescinding advances made early in the week. This involved slashes of 2 cents a gallon at Rochester, 4½ cents at Utica and 5 cents at Danbury, Conn. Refusal of independents to meet the boosts was given as the reason.

On the other hand, there was some improvement in Pennsylvania with Atlantic Refining increasing prices a cent a gallon in Pittsburgh and Allegheny county to 10½ cents, exclusive of taxes.

Contracts Awarded On Four Projects

(International News Service)

HARRISBURG, Nov. 9.— The State Department of Highways today announced the award of contracts for four highway projects upon which bids had previously been received. Included were:

Centre:—.55 of a mile on Route 29; F. D. Kessler, Inc., Northumberland, $55,086.

Erie:—1.7 miles on Route 88; Charles H. Fry Construction Company, Erie, $60,801.

Butler:—.04 of a mile on Route 72; Walter S. Rae, Pittsburgh $6,608.

Daring Bandit Held By Police At Pittsburgh

(International News Service)

PITTSBURGH, Nov. 9—Captured by police after he had "kidnaped" a Squirrel Hill girl and her escort and forced them to drive to East Pittsburgh, an armed bandit who was listed as Eugene Herbert, 35, was held here today.

Meanwhile, another girl, Elizabeth Howard, 26, was robbed of $57 and a coat valued at $78 by two men, but only after she had slugged one of them.

Victims of the "abduction" were Frances Bergan and H. Middleman, Pittsburgh, stepping on to the running board of their car, they said, the bandit forced them to drive to East Pittsburgh, where the victims sighted a police car. Miss Bergan's screams attracted officers who arrested Herbert.

The officers said they recovered jewelry taken from the couple.

Kills His Wife Two Children And Hangs Self

(International News Service)

STONEHAM, Mass., Nov. 9.—Indications of insanity, possibly caused by his association with inmates of an insane asylum where he formerly was employed at attendant, and unwarranted jealousy of his young wife, were blamed today by police for the action of Joel E. Lidquist in killing his wife and two babies and then taking his own life.

Mrs. Corinne Elly Elizabeth Lidquist, 26, was strangled with a leather belt; their two-year-old daughter had her throat cut and a 2-days old son was stabbed to death. Lidquist's body was found suspended by a leather belt attached to a chandelier.

Two notes and a long rambling letter to a relative were left by Lidquist. One written with the blood of the daughter read:

"Red human blood to you. The life has been a great adventure, just a dream. The death will be still another one," was written in blood on a postcard.

On the other side, written in ink was "I killed the ones I loved, but why let the innocent children suffer the horrible sufferings life is filled with."

SENIOR HIGH SCHOOL NEWS

(Gathered and Edited by Student Reporters)

ARMISTICE PROGRAM

Patriotic Armtistice Day programs, sponsored by the American Legion, marked the weekly assembly programs at Senior high school today and Thursday.

Today the upper classmen attentively listened to the address of Col. Daniel McQuiston, of New Wilmington, while on Thursday they heard a stirring address by Attorney W. Walter Braham.

Both speakers gave spirited addresses and the student body was greatly inspired with a feeling of reverence for not only those who sacrificed their lives in the World war but for all those who served in the titanic struggle.

Martial airs played by bugle and drum corps of the Harry L. McBride Post, V. F. W., garbed in snappy uniforms, contributed much to the exercises.

Attorney Clarence A. Patterson presided during the program. The devotional exercises were conducted by William A. Margraf, instructor in the high school. This was followed by a short speech by Mr. Patterson.

The presentation of colors was commanded by Sheriff Edward D. Pritchard. He was ably assisted by Eagle Scouts Fred McCamic, Bob Moore, and Dick Hamilton and Star Scouts, Robert Miner, James Pherson and James Hartland.

After the "Star Spangled Banner" had been played by the band, William Fletcher read "In Flander's Field." This was followed by the bugle and drum corp. The main speakers of the day were then introduced by Mr. Margraf.

The chapel concluded with the customary short period of silence as the whole assembly turned westward to salute those who never returned. The familiar taps and echo call closed the program.

SURVEY TO KEEP WATCH

On Tuesday, the first step in a state-wide survey of our educational facilities was conducted at Senior high school by Prof. W. A. Johns of Westminster college in behalf of the state department of education. The names of 250 students were selected from New Castle schools starting with their first year in junior high. These students were asked their choice of profession and a series of other questions.

An attempt will be made to find out how many of these students continued through their junior and senior high school courses. The reasons for withdrawal of those who dropped out and their present employment will be sought. In devising a new course of study the state department will make an effort to retain the interest of future students by the addition of certain subjects to the school's curriculum, corresponding to the choice of these students' employment.

The chosen professions of those who graduate from colleges and universities, will be taken into consideration. The state department of education wishes to see how well schools of Pennsylvania are equipping their students for their future careers.

LUNCH SQUAD MEETING

The Lunch squad of the high school held a meeting third period on Tuesday, November 6 in the cafeteria. President Dean Smith was in charge of the meeting. The supervisors, Mr. Sheaffer, Mr. McKenzie and Miss Riddle offered suggestions which would help to remedy the confusion in the halls during the two lunch periods. The committee consisting of various students of the high school thoroughly discussed the different means by which they might better administer their duties during the lunch periods and then the meeting was adjourned.

CORRESPONDENT SPEAKS

The students were privileged to hear E. C. Ramsey who has been a newspaper correspondent in Europe for 14 years. Mr. Ramsey vividly pictured the existing conditions in Europe at the present time.

He eagerly and earnestly urged the students to investigate the profit of war and to use the information effectively in case of an emergency arising. He stated that at the present time there are more causes for war than there were in the fateful years 1913-1914. He then dramatically concluded his address by pointing out that the wages of war always was and will be death.

Mr. Ramsey spoke in the early morning to the Problems of Democracy classes. The first period class heard Mr. Ramsey discuss conditions in Russia. The second period class was informed on conditions in Italy.

The students were highly pleased with Mr. Ramsey's address and entertain the hope that he may return in the near future.

VOTE IS DAY'S LESSON

To acquaint the students with the correct system of voting, an election was held at the Senior high school on Tuesday, November 6, election day. It was sponsored by Miss Sarah Dinsmore, instructor of Problems of Democracy. Over 150 students cast their votes for the various candidates of the several parties.

After a short instruction on the details of voting, each student went to a private booth and cast his vote. Tellers were appointed to count the votes. When the ballots were inspected, it was found that practically all were marked correctly.

It is hoped that the entire school may participate in the future and the procedure may be carried on more closely along the lines of the regular elections.

The outcome of the P. O. D. class vote was as follows:

United States Senator— Republican: Reed, 56; and Democrat: Guffey 70.

Governor—Schnader 69; and Earle 59.

Lieut. Governor—Scott 64; and Kennedy 62.

Secretary of Internal Affairs—Taylor 54; and Logue 73.

Judge of Superior Court—Trexler 56; and Rhodes 67.

Representative in Congress—Swick 67; and Eckert 63.

Representative in General Assembly—Leta 34; Eroe 66; and Independent Republican: Strickler 27.

TALK RACIAL PROBLEMS

The Ne-Ca-Hi-Y held their weekly meeting in their club rooms in the Y. M. C. A. Devotionals were conducted by Wendell Allen. An interesting discussion led by Don Huffman was held on racial prejudice. The meeting was closed with various club announcements, followed by the customary friendship circle.

GIRL RESERVES MEETING

The Girl Reserves held their regular meeting Monday night, November 5. The meeting was in charge of the president, eBtty Rice. Singing was led by Mrs. J. F. Replogle with Miss Helen Ewing as her accompanist. Devotions were led by Betty Nicholson. The guest speaker of the evening was Miss Braham from New Wilmington. Miss Braham has been a teacher in the schools of Cairo, Egypt for three years. The main phase of the Egyptian life she discussed was the manners and customs of the young girls. She made the statement that "the girls of Egypt idolize the young American girls because of their freedom and beauty but they think they are dumb." Their main interest in school life is to learn foreign languages, and be able to speak them fluently. They think that the American girls know little about the foreign countries and know less about their native land.

TEACHERS ARE IMPROVING

Students of the school are pleased to learn that Miss Mary Riffer, Park avenue, and Miss Elizabeth Parker, Laurel avenue, teachers who have been ill for several weeks, are improving.

BETWEEN FRIENDS

HARRISBURG—Lending motor vehicle license plates and operators' licenses is a policy unsafe in Pennsylvania. More than 250 motorists have been arrested by highway patrolmen on such charges this year. The patrol has arrested 196 persons for lending operators' licenses and 68, for lending registration plates.

Elimination Of Child Labor Is Discussion Theme

(International News Service)

HARRISBURG—Permanent elimination of children from industrial employment and discussion of state unemployment insurance systems have been announced as subjects for the November 16-17 meeting of the interstate conference on labor compacts here.

The conference comprises representatives of 11 states in northeastern United States which are endeavoring to unify labor standards. A minimum wage compact was signed at the last meeting of the group.

States represented in the conference in addition to Pennsylvania are New York, Rhode Island, Connecticut, Vermont, New Hampshire, Maine, New Jersey, Maryland, Delaware and Massachusetts.

Secretary of Labor and Industry Charlotte E. Carr in announcing plans and topics for the November meeting here, said an open Friday night session is planned to enable industrial and labor leaders and private citizens to speak their views.

ISSUE CHARTERS

HARRISBURG — Certificates of incorporation were issued to 150 domestic corporations during September by the secretary of the commonwealth. The fees amounted to $4,500. Certificates of authority to do business in Pennsylvania were issued to 52 foreign corporations. They paid the state $1,540.

Scout Troops To Vie In Contests

Field Meet Tomorrow At Washington Field Promises Thrills Galore

It looks today as if the North district Boy Scout troops would succeed in holding their postponed field meet Saturday morning at the George Washington athletic field. Arrangements have been made for Scout Executive William Bradford and two other Butler county scouters to be on hand as judges, and the meet will start at 9:30 o'clock promptly. Events on the program are water boiling, fire by friction, fire by flint and steel, antelope race, firearms carry relay race, semaphore signalling, Morse signalling, tent pitching and knot tying. A number of troops have entered teams for the various events. The trophy banner donated by a local firm has arrived, although the medal awards may have to be presented at the troop meetings or court of honor. The troop having the highest number of points wins the trophy and will defend it against competitors next year.

Commissioner Ralph F. Davis announces that the marksmanship contest for troop teams will have its practice shoot on December 6 and the contest on the 13th. Five-man teams of scouts under 18 years of age will compete, and each member must have memorized the "Marksman's Code" as stated in the merit badge requirements in marksmanship. Scouters who enter a team are themselves entitled to enter an adult match if they so desire. The Lawrence County Sportsmen's club is furnishing the ammunition for the match as a mark of its appreciation for services of scouts at its field day on October 13. Members of Troop F cavalry will act as instructors and judges, the sessions being held in Troop F armory.

Daughter Of Wealthy New Yorker Weds Alleged Negro Novelist And Poet

(International News Service)

NEW YORK, Nov. 9.—New York social circles were buzzing today as a result of the announcement that Marjorie Content, daughter of Harry Content, wealthy broker, had become the bride of Jean Toomer, novelist and poet, who is listed in anthologies as a negro.

News of the couple's marriage which took place in Taos, N. M., last September shortly after Miss Content had obtained a divorce from Leon Fpeischman, former public relations counsel to the French foreign office, was made public yesterday.

Court Orders Robinson, Sr., To Face Trial

(International News Service)

NASHVILLE, Tenn., Nov. 9.—Removal of Thomas H. Robinson, Sr., to Louisville, Ky., to stand trial for the kidnaping of Mrs. Alice Speed Stoll was ordered here Thursday afternoon by Federal Judge Harry B. Anderson.

The court's order brought to a victorious ending the government's second attempt to extradite the 61-year-old father of the kidnaper of Mrs. Stoll of Kentucky for trial. Two weeks ago United States Commissioner Julian Campbell here denied the government a removal order.

United States District Attorney Thomas J. Sparks of Louisville announced that Robinson and his daughter in law would be put on trial in federal court at Louisville on December 3rd.

Doke Jury Unable To Reach Verdict After Seven Hours

Deliberate Fate Of Coast Man On Trial For Killing Of Rival For Wife's Love

(International News Service)

WOODLAND, Cal., Nov. 9.—Deadlocked after seven hours of deliberation, the jury deciding the fate of Judson C. Doke, accused of murdering Lamar Hollingshead, clandestine lover of Doke's pretty wife, today resumed consideration of the case.

There were two unofficial reports on the jury. One was to the effect the voting stood seven to five for asquittal of the defendant who killed Hollingshead, college poet, over the "white hibiscus" love of pretty Helen Louise Doke.

The other report was that three or four jurors were holding out for acquittal.

Convict Embezzler Is Made Watchman

(International News Service)

MOSCOW, Nov. 9 —One of the paradoxes of Soviet justice is illustrated in the case of a man arrested for embezzling large sums of money.

He has been made night-watchman of a collective farm and gets a day's holiday every fortnight to visit his family.

The idea is that if the criminal is punished harshly he will only get worse. But if given a position of responsibility during his imprisonment he will soon see the error of his former ways.

Guards who watch the convicts employed in building the Moscow-Volge canal are taken from among the criminals themselves. They are even allowed to carry loaded rifles with bayonetts.

Few cases of escape are reported.

BURGLARS CURE HIS PARALYSIS

(International News Service)

WARSAW, Nov. 9—Robbers tried to break into the home of 67-year-old Piotr Milewicz, at Marjaniszki. Piotr has been paralysed for 30 years. But when he heard the robbers, he was so frightened that he jumped out of bed, seized a rifle hanging on the wall and fired.

The robbers fled—and since then Piotr has been able to walk without difficulty.

RUPTURED?

D. V. Cunning, specialist in the science of fitting trusses for Hernia (Rupture), with 27 years experience, will be at the LESLIE HOTEL, 34 E. Washington St., Saturday, Nov. 10th—hours 10 to 12 a. m. and 2 to 5 p. m. 7 to 9 evening.

I use the most sanitary, durable, comfortable and effective truss made; the kind used in the BEST fitting parlors, in the larger cities from coast to coast. Do not confuse this type of truss with those fitted and sold by "Mail Order Houses". To fit correctly, one must avoid undue pressure, on Pubic bones, spermatic cords, sacrum joints and the hips.

Good judgment must be exercised as to size and shape of rupture pad and amount of pressure given each individual case. Infants and children require special care, but I welcome such cases because the percentage of cures average about 85%.

Satisfied patients have always been my chief concern. Kindly tell your friends and don't forget the date, SATURDAY, Nov. 10th. (Adv.)

Scout Troops To Vie In Contests

Field Meet Tomorrow At Washington Field Promises Thrills Galore

It looks today as if the North district Boy Scout troops would succeed in holding their postponed field meet Saturday morning at the George Washington athletic field. Arrangements have been made for Scout Executive William Bradford and two other Butler county scouters to be on hand as judges, and the meet will start at 9:30 o'clock promptly. Events on the program are water boiling, fire by friction, fire by flint and steel, antelope race, firearms carry relay race, semaphore signalling, Morse signalling, tent pitching and knot tying. A number of troops have entered teams for the various events. The trophy banner donated by a local firm has arrived, although the medal awards may have to be presented at the troop meetings or court of honor. The troop having the highest number of points wins the trophy and will defend it against competitors next year.

Commissioner Ralph F. Davis announces that the marksmanship contest for troop teams will have its practice shoot on December 6 and the contest on the 13th. Five-man teams of scouts under 18 years of age will compete, and each member must have memorized the "Marksman's Code" as stated in the merit badge requirements in marksmanship. Scouters who enter a team are themselves entitled to enter an adult match if they so desire. The Lawrence County Sportsmen's club is furnishing the ammunition for the match as a mark of its appreciation for services of scouts at its field day on October 13. Members of Troop F cavalry will act as instructors and judges, the sessions being held in Troop F armory.

Marjorie Content Weds Jean Toomer

Daughter Of Wealthy New Yorker Weds Alleged Negro Novelist And Poet

(International News Service)

NEW YORK, Nov. 9.—New York social circles were buzzing today as a result of the announcement that Marjorie Content, daughter of Harry Content, wealthy broker, had become the bride of Jean Toomer, novelist and poet, who is listed in anthologies as a negro.

News of the couple's marriage which took place in Taos, N. M., last September shortly after Miss Content had obtained a divorce from Leon Fpeischman, former public relations counsel to the French foreign office, was made public yesterday.

Court Orders Robinson, Sr., To Face Trial

(International News Service)

NASHVILLE, Tenn., Nov. 9.—Removal of Thomas H. Robinson, Sr., to Louisville, Ky., to stand trial for the kidnaping of Mrs. Alice Speed Stoll was ordered here Thursday afternoon by Federal Judge Harry B. Anderson.

The court's order brought to a victorious ending the government's second attempt to extradite the 61-year-old father of the kidnaper of Mrs. Stoll of Kentucky for trial. Two weeks ago United States Commissioner Julian Campbell here denied the government a removal order.

United States District Attorney Thomas J. Sparks of Louisville announced that Robinson and his daughter in law would be put on trial in federal court at Louisville on December 3rd.

Doke Jury Unable To Reach Verdict After Seven Hours

Deliberate Fate Of Coast Man On Trial For Killing Of Rival For Wife's Love

(International News Service)

WOODLAND, Cal., Nov. 9.—Deadlocked after seven hours of deliberation, the jury deciding the fate of Judson C. Doke, accused of murdering Lamar Hollingshead, clandestine lover of Doke's pretty wife, today resumed consideration of the case.

There were two unofficial reports on the jury. One was to the effect the voting stood seven to five for asquittal of the defendant who killed Hollingshead, college poet, over the "white hibiscus" love of pretty Helen Louise Doke.

The other report was that three or four jurors were holding out for acquittal.

Convict Embezzler Is Made Watchman

(International News Service)

MOSCOW, Nov. 9 —One of the paradoxes of Soviet justice is illustrated in the case of a man arrested for embezzling large sums of money.

He has been made night-watchman of a collective farm and gets a day's holiday every fortnight to visit his family.

The idea is that if the criminal is punished harshly he will only get worse. But if given a position of responsibility during his imprisonment he will soon see the error of his former ways.

Guards who watch the convicts employed in building the Moscow-Volge canal are taken from among the criminals themselves. They are even allowed to carry loaded rifles with bayonetts.

Few cases of escape are reported.

BURGLARS CURE HIS PARALYSIS

(International News Service)

WARSAW, Nov. 9—Robbers tried to break into the home of 67-year-old Piotr Milewicz, at Marjaniszki. Piotr has been paralysed for 30 years. But when he heard the robbers, he was so frightened that he jumped out of bed, seized a rifle hanging on the wall and fired.

The robbers fled—and since then Piotr has been able to walk without difficulty.

RUPTURED?

D. V. Cunning, specialist in the science of fitting trusses for Hernia (Rupture), with 27 years experience, will be at the LESLIE HOTEL, 34 E. Washington St., Saturday, Nov. 10th—hours 10 to 12 a. m. and 2 to 5 p. m. 7 to 9 evening.

I use the most sanitary, durable, comfortable and effective truss made; the kind used in the BEST fitting parlors, in the larger cities from coast to coast. Do not confuse this type of truss with those fitted and sold by "Mail Order Houses". To fit correctly, one must avoid undue pressure, on Pubic bones, spermatic cords, sacrum joints and the hips.

Good judgment must be exercised as to size and shape of rupture pad and amount of pressure given each individual case. Infants and children require special care, but I welcome such cases because the percentage of cures average about 85%.

Satisfied patients have always been my chief concern. Kindly tell your friends and don't forget the date, SATURDAY, Nov. 10th. (Adv.)

Move To Permit Sewer Facilities For Townships

Measure In Council To Provide For Township Sewer Systems

ANNUAL RENTAL WOULD BE CHARGED

Council convened in city hall today and Streets Director B. F. Butler, introduced a bill which provides for the connecting of sanitary sewers outside the city limits with the city sanitary sewer system, providing sewer facilities for properties outside the corporate limits of the city and prescribing the terms upon which the privilege will be granted. The bill was sent to committee for further consideration.

The bill was introduced this morning as a result of the conferences held between representatives of Union township and city council. The bill does not refer specifically to Union township, but instead provides for connections from all districts bordering the city.

The bill says that the property owner must apply for permission to connect, and submit a survey and description of the property. A recording fee must be paid and a rental of $7.20 per year shall be charged for each connection. The rental charge can be paid in four installments.

If one desires to open a sewer, a permit must be secured.

If repairs are to be made to the sanitary sewer system the charge can be increased. Branch sewers must be kept in good condition and the property owner shall construct all connections between the property and the city system, the bill states.

If the city should annex the land the system will become part of the sewer system of the city. The bill further prescribes also that, the owner of the property must conform to the zoning code and also the building code. Under provisions of the bill the permit for the connection can be revoked by city council.

Pittsburgh Man Held By Police

Admits To Accidental Shooting Of Wife With Pistol, Victim Critical

(International News Service)

PITTSBURGH, Nov. 9.—While the condition of Mrs. Carrie Ritter, 41, remained critical today, police said the husband, William Ritter, admitted accidentally shooting her in the head while twirling a pistol on his finger. Ritter is being held on the charge of felonious shooting that followed his arrest by officers summoned by neighbors.

FORMER LOCAL MAN MAKING GOOD

Friends of Verne Aubel, son of William H. Aubel, of Smithfield street, will be interested to learn that Mr. Aubel is now general superintendent of the Solvay Products Company, of Syracuse, N. Y., with which firm he has been associated for the past eight years. He is a graduate of New Castle high school.

RATES REDUCED

(International News Service)

HARRISBURG, Nov. 9.—The Palmerton Telephone company today filed with the public service commission a new tariff, effective December 1, which makes reductions ranging from $12 to $9 a year for residence telephone service and from $18 to $12 for business telephones.

The Palmerton company was the first of 50 utilities to file reduced rates as requested by the commission last month.

YOUTH'S DEATH IN AUTO ACCIDENT IS INVESTIGATED

(Continued from Page One)

machine, stated that the party had left New Castle after the football game between New Kensington and New Castle high schools. They had stopped for a few minutes at the home of some people in New Castle, who were known to members of their party, and then had started for home.

Tells of Crash

It was still light when the accident occurred, but the witness did not know the exact time. They were traveling at a speed of approximately 30 to 35 miles per hour, and were following another car containing friends, when suddenly they came upon the curve at the top of the hill. When the driver applied his brakes, the car seemed to swerve a little and then overturned.

The window on the side of the machine on which Schafers was riding was open, he stated, and as the car overturned, they were piled over onto that side of the car on top of Schafers. He had been riding with his head out of the window at times, Allen stated, but he did not remember whether this was the case when the machine overturned, or not.

The car did not roll over, but skidded along on its side for some little distance, the witness stated, finally coming to rest with the front end pointing uphill.

John Neuwirth, who was riding in the car which preceded the machine driven by Antoine, stated that they had been traveling just ahead of the accident car all the way from New Castle.

Saw Youth Caught

He said they had slowed up at the curve going into Harlansburg. The driver of the machine asked him to look back and see if the other car was coming. As he did so, he saw the other machine swerve. Schafer's head was out of the window when the car overturned and the youth was caught between the machine and the side of the road. He said he called to the driver of the machine to stop and they all got out and went back.

He ran back and tried to lift the car off Schafer's body, along with the others in the party, but it was too much for them, and finally a party of hunters came along and the car was finally righted. The girls went to a nearby home and later were taken back to New Kensington. He went to a phone and called the highway police and the parents of Schafers in New Kensington.

Patrolman Hoyman, of the state highway patrol stated he was called to the accident scene about 5 o'clock on Saturday evening, November 3. It was approximately 5:30 when he arrived. He described the accident scene and the condition of the machine. Marks on the road showed the car had skidded about 100 feet. The machine had been properly inspected.

Girls Testify

The two girls, Pauline Stelmech and Anna Orzulak, told practically the same story as the preceding witnesses. They stated that the car had not been going at a rapid rate of speed, and that Antoine had applied his brakes when he came to the hill.

Elmer Dean, proprietor of the garage at Harlansburg told of examining the car after the accident. He stated that it seemed in good working condition, except that one rear wheel was bent a little and the steering wheel seemed sprung.

He had been called to take his towing car to the scene to right the machine, but it had already been lifted when he got there, he stated. Schafers was lying in the rear seat when he arrived. He examined the marks on the highway which showed the car had rounded the curve and was on the short straight section of the road before the second curve.

Antoine, the driver, gave the same version of the accident as had the occupants of the car who had previously testified. He has only been driving a machine four months, he stated. When he applied the brakes as they came to the curve, the rear right brake seemed to catch and pull the car around, Antoine stated.

The jury which heard the testimony was composed of U. S. Dean, Jr., Frank C. Moorehead, C. E. Allen, Leslie T. McCracken, Clair S. Brown and G. H. Cunningham.

Group Gives Study To Far East Policy

Cause And Cure Of War Unit Talks U. S. Stand At Meeting In Y. W.

A profitable evening's roundtable discussion on "The Foreign Policy of the U. S. in the Far East" was enjoyed by members of the Lawrence County unit of the Cause and Cure of War at their meeting in the Y. W. C. A., last night. Arthur C. White conducted the discussion.

The group, now pursuing a study series provided by the national council of the Cause and Cure of War organization, learned that the principles of the United States' foreign policy and our policy in the Far East is a projection of our desire for "equality of opportunity," into international policies.

For Japan to precipitate war, they concluded, would be worse than crime. It would be a blunder. Since Japan now has control of Manchuria, the American military forces are not operating against Japan in China and should there come a war between Japan and the U. S., Japan, they feel, would be crushed economically and financially.

The council here will bring Madam Caref, French lecturer, here for an address in the near future. She is in the United States studying in preparation for a lecture tour she contemplates making back home.

Johnstown Young Man Being Held

Johnstown Man Held For Fatal Blow Struck During Election Argument

(International News Service)

JOHNSTOWN, Pa., Nov. 9.—John Gorman, 30, was free and his brother, James, 21, was held in the county jail on a charge of involuntary manslaughter today following a hearing on the brother's responsibility in the death of John L. Simler, 48, in an election day brawl.

Simler, a storekeeper, died from a fractured skull, received when he was knocked to the sidewalk. The younger Gorman, police said, admitted striking the blow.

The one thing that reconciles Americans to a privileged class is the hope of belonging to it.

Coyne's Re-Trial To Start Tuesday

Prosecution And Defense Counsel Adding Finishing Touches To Case

(International News Service)

PITTSBURGH, Nov. 9.—Prosecution and defense counsel today were adding finishing touches to their folios in preparation to the scheduled start Tuesday of the federal retrial of State Senator James J. Coyne and three others for alleged fraud in the November, 1932, general election.

Thomas Coyne, a brother of the Senator, is another defendant as are Patrick J. "Pat" O'Malley, Republican chairman in the "Strip" district, and Walter Butler.

The first trial that ended in the first week of last June resulted in a disagreement by the jury and since that time two of the original defendants, Assemblyman P. J. Maloney and Frank J. O'Halloran, have been dropped as trial characters due to the government's move in entering not presses on the grounds they had insufficient evidence.

Ask More Streets For Sled Riders

Council Hears Requests Of Delegation Of Parent-Teachers' Association

SEEK TO BLOCK OFF SOME STREETS

Representatives of the Parent-Teachers association met with members of council in City hall today and discussed proposed thoroughfares which the representatives desire council to set aside for sled riders' use this winter.

Following the discussion a bill prohibiting sled riding on certain streets was introduced by streets director B. F. Butler.

Those present were: Mrs. C. R. Brenner, Mrs. Archibald Davis, Mrs. Rachel Taylor, Mrs. Leonard Cramer, Mrs. C. M. England. Thomas Meyers appeared as a property owner and spoke in favor of allowing sled riding in certain sections.

Several days council announced that sled riding would not be closed in certain thoroughfares and named streets and avenues which they believed would be most suitable for the winter sport. The thoroughfares were as follows:

Lthrop street, east of Washington to William streets.

Stanton avenue, from Rose avenue south.

Delaware avenue, Moody to Park avenue.

Leasure avenue, Albert street to Highland avenue.

"Snakes Rest" hill, leading from Wilmington avenue into the hollow.

Locust street, from Moody avenue south.

West Rebecca way, east to Harbor street.

West North street.

Mrs. Brenner spoke of safety for the sled-riders. Council informed her that the city could not close thoroughfares to traffic but could adopt safety measures such as a speed limit.

She informed the councilmen that in the list favored no provision had been made for children in the vicinity of the Oak street and Arthur McGill schools where there are numerous children

Want Albert And Sheridan

Mrs. Davis said there were some "sore spots," one of which was at the corner of Albert street and Sheridan avenue. She requested council to set aside portions of both thoroughfares for the sled-riders.

She related that all property owners excepting one on those thoroughfares were in favor of sled riding. She said she did not believe Leasure avenue a safe place owing to the liklihood of sled-riders entering Highland avenue.

Mayor Mayne informed the women that the city proposed to make a "breaker" of ashes which satisfied the women, after which Councilman Davies said he did not believe it wise to allow sled-riding on both Albert street and Sheridan avenue. He said that Sheridan avenue is a through thoroughfare from North Mercer street to Highland avenue and that Albert street, a main thoroughfare north from Sheridan avenue to the city line. He said sled-riders would meet at that junction.

In response to a question relative to parking, it was stated that council proposed to allow parking on one side of Sheridan avenue. The women said this would be dangerous unless one half the street was barricaded.

Council informed the delegation that this could not be done. Mrs. Rachel Taylor told the council she lived in the neighborhood, favored sled-riding and believed that on days when snow fell both sides of both Albert street and Sheridan avenue should be closed.

She said that autoists did not heed the Stop sign at the intersection of Sheridan Avenue and Albert street to which Mayor Mayne responded that the city charged $3 whenever anyone was caught violating Stop signs.

Favors Coasting Streets

Thomas Meyers, a property owner in the North Hill district said he favored designated streets and believed that autoists would be willing to stay off the streets where sled-riding was permitted.

He said that during summer time the children have baseball, tennis, swimming and other spots to permit the boys and girls to expand excess energy but very few outdoor proclivities during the winter time. He favored the setting aside of Albert St. for sled riding, he said.

Mrs. Cramer of the Oak Street school district suggested that Court street, above Ray street, which is a dirt thoroughfare be set aside and that sled-riding be made reasonably safe.

Mayor Mayne and colleagues informed the delegates that the city council would do everything legally possible to protect the sled-riders and that the sled-riding lanes would be officially designated soon.

Mrs. Brenner said that the heads of the Boy Scouts here has promised to have their Eagle scouts take care of the sled-riders if the city was willing. Council said the offer was appreciated and would be accepted.

After the discussion the bill was introduced. Streets where sled-riding is prohibited will be designated in the bill which is in a tentative form, and thoroughfares where it is not prohibited (lanes the city favor for sled-riding) will be made public by council.

The city will make no move which would involve the city in damages in case of damages, councilmen stated.

Before the women left they suggested that council also take some action to set streets aside for the same purpose in the Croton district and the Seventh Ward.

Two Philadelphia Girls Face Term For Killing Baby

Mildred Kindon, 19, And Sister Elizabeth, 17, Confess Killing Of New-Born Baby

(International News Service)

PHILADELPHIA, Nov. 9.—A 19-year-old girl pleaded guilty in quarter sessions court here today to the brutal murder of her newborn baby. Her 17-year-old sister pleaded guilty to the same charge.

After hearing the state's brief summary of its evidence in the case, Judge Horace Stern deferred until next Thursday imposition of sentence on the young sisters, Mildred Kindon, 19, and Elizabeth, 17.

"This is a very unusual case and I do not want to pass a snap judgment," the judge said.

Brutally stabbed and slashed, the tiny body of the newborn infant was found hidden in a clump of bushes on a vacant lot on the night of last July 1.

Baby Stabbed

The child's mother, Mildred, and her sister, Elizabeth, wept profusely. Having spent more than four months in jail, both girls betrayed intense nervousness. They were on the verge of collapse as Assistant District Attorney Vincent A. Carroll recounted to the court the evidence the state has accumulated.

Carroll said that immediately after the baby was born its mother stabbed the infant with a pair of scissors, while Elizabeth slashed the child with a razor.

The block never was found. The monument, called "one of the most stupendous works of man", is 555 feet 5¼ inches high, and 55 feet 1½ inches square at the base. The mound and slopes at the base were constructed under the supervision of Brig. Gen. John M. Wilson of the U. S. army engineering corps.

Fifty Year Lap In Composing Room

Chester Times Foreman Rounds Out Half Century In Newspaper Offices

(International News Service)

CHESTER, Pa., Nov. 9.—"Monte" S. Montague, foreman of the Chester Times' News composing room, is on his second fifty-year "lap" as a master printing craftsman.

Montague has worked at his trade in nearly every large city in the nation. In 1930, when the Chester Times was rated in the N. W. Ayer and Sons' newspaper typography contest third out of 1400 newspapers from every city in the United States, Montague headed the mechanical department of the paper. The contest was based on advertising layout, news make-up, perfection of printing and press-work.

A native of Milton, Pa., Montague started work in 1884 when only 12 years old, with the Milton Economist, serving there for nearly four years.

Later, as a journeyman printer, he worked on large papers in Milwaukee, Chicago, New York, Pittsburgh, New Orleans, Augusta, New Haven and Boston.

Montague started in the days of hand-set type. If handset type were used today with the publishing of the Chester Times, 150 men would be needed to put out an edition, it is estimated.

The mound and slopes at the base were constructed under the supervision of Brig. Gen. John M. Wilson of the U. S. army engineering corps.

WONDER IF MULE CARRIED A GUN?

SHAMOKIN, Pa., Nov. 9.—John Lenker, 58, Gowen City farmer, insisted he was kicked by a mule at work when he was found bleeding from the left ear by a physician, but an X-ray examination at the Shamokin hospital disclosed a bullet lodged in his head near the brain.

A revolver, with one bullet fired, was found in Lenker's clothing as he was being prepared for an examination. Police ordered an investigation

Fifty Year Lap In Composing Room

Chester Times Foreman Rounds Out Half Century In Newspaper Offices

(International News Service)

CHESTER, Pa., Nov. 9.—"Monte" S. Montague, foreman of the Chester Times' News composing room, is on his second fifty-year "lap" as a master printing craftsman.

Montague has worked at his trade in nearly every large city in the nation. In 1930, when the Chester Times was rated in the N. W. Ayer and Sons' newspaper typography contest third out of 1400 newspapers from every city in the United States, Montague headed the mechanical department of the paper. The contest was based on advertising layout, news make-up, perfection of printing and press-work.

A native of Milton, Pa., Montague started work in 1884 when only 12 years old, with the Milton Economist, serving there for nearly four years.

Later, as a journeyman printer, he worked on large papers in Milwaukee, Chicago, New York, Pittsburgh, New Orleans, Augusta, New Haven and Boston.

Montague started in the days of hand-set type. If handset type were used today with the publishing of the Chester Times, 150 men would be needed to put out an edition, it is estimated.

Business Ready To Aid Recovery

Expect Plan Of Co-operation With Administration To Be Agreed Upon

JONES URGES AID OF BUSINESS MEN

By WILLIAM S. NEAL
International News Service Staff Correspondent
Copyright, 1934, By International News Service

WASHINGTON, Nov. 9.—Organized business is prepared today to say "let's go" on a sound plan of cooperation with the administration to achieve recovery.

This was strongly indicated by business leaders today as election bitterness waned and all doubt as to the control of the "New Deal" was removed.

The outcome may be the offer by organized industry of a truce similar to that proposed by the American Bankers Association. High administration officials have indicated that such a truce would be welcomed.

Within 24 hours after Chairman Jesse H. Jones of the RFC sounded an optimistic note and urged business to "quit holding back," Robert L. Lund of St. Louis, chairman of the national association of manufacturers, said adoption of sound policies would lead to recovery.

In a message to International News Service, Lund said:

"Industry has welcomed the statements in recent weeks from President Roosevelt and other high officials that recovery is to be sought through sound methods of cooperation that will build confidence.

"If this policy is followed by congress, we shall soon be on our way to recovery. There is an abundance of private credit and purchasing power stored up awaiting the driving force of such a program."

Rudolph S. Hecht of New Orleans, president of the American Bankers' association, said that "the offer of association officials to cooperate in recovery has no relation to political events one way or the other."

The bankers' association now has committees at work cooperating with the Administration Export-Import bank in an effort to promote foreign trade.

Henry I. Harriman, president of the United States Chamber of Commerce, decided to make no comment on the election, at least until after a board meeting here next week.

Action by the board of directors looking to cooperation with the administration was forecast. Some of the directors of the chamber admittedly are friendly to the NRA. Harriman himself backed the major part of the original recovery measure.

The chief stumbling blocks in the path of an open offer of cooperation by business were the administration's plan for making NRA permanent, agitation for a 30-hour week, inflation and labor controversies.

Both the National Association of Manufacturers and the United States Chamber of Commerce are expected to offer legislative proposals to the administration.

The chamber plans to map a policy on the NRA. The manufacturers' association will hold a convention in New York early in December at which time it will take a stand on proposed legislation.

The administration, it is believed, would welcome a truce in the guerilla warfare of the past six months. Secretary of Commerce Roper has strongly intimated that the administration is prepared to abandon many forms of business control soon as the spectre of unemployment is minimized.

Hope For Early End To Gas Cuts Is Dashed Today

Stabilization Conferences Break Up Without Agreement

(International News Service)

NEW YORK, Nov. 9.—Hope for an early termination of the eastern gasoline price war was dashed today when stabilization conferences broke up without an agreement.

Failure to agree on differentials between retail prices of major companies and independents was the stalemating factor. Independents held out stubbornly for a differential of 1½ cents a gallon while majors refused to go above a cent.

The result was a resumption of price-cutting, with Socony Vacuum Oil Co., and other majors rescinding advances made early in the week. This involved slashes of 2 cents a gallon at Rochester, 4½ cents at Utica and 5 cents at Danbury, Conn. Refusal of independents to meet the boosts was given as the reason.

On the other hand, there was some improvement in Pennsylvania with Atlantic Refining increasing prices a cent a gallon in Pittsburgh and Allegheny county to 10½ cents, exclusive of taxes.

Contracts Awarded On Four Projects

(International News Service)

HARRISBURG, Nov. 9.— The State Department of Highways today announced the award of contracts for four highway projects upon which bids had previously been received. Included were:

Centre:—.55 of a mile on Route 29: F. D. Kessler, Inc., Northumberland, $55,086.

Erie:—1.7 miles on Route 88; Charles H. Fry Construction Company, Erie, $60,801.

Butler:—.04 of a mile on Route 72: Walter S. Rae, Pittsburgh $6,608.

Daring Bandit Held By Police At Pittsburgh

(International News Service)

PITTSBURGH, Nov. 9—Captured by police after he had "kidnaped" a Squirrel Hill girl and her escort and forced them to drive to East Pittsburgh, an armed bandit who was listed as Eugene Herbert, 35, was held here today.

Meanwhile, another girl, Elizabeth Howard, 26, was robbed of $57 and a coat valued at $78 by two men, but only after she had slugged one of them.

Victims of the "abduction" were Frances Bergan and H. Middleman, Pittsburgh, stepping on to the running board of their car, they said, the bandit forced them to drive to East Pittsburgh, where the victims sighted a police car. Miss Bergan's screams attracted officers who arrested Herbert.

The officers said they recovered jewelry taken from the couple.

MANY VISIT CLINICS

HARRISBURG—During the last two weeks, according to a report submitted to Secretary of Health, Theodore B. Appel, today by Dr. John B. Critchfield, chief of the tuberculosis division, 4895 patients received advice in the 380 clinics. Four thousand two hundred and fifty-eight patients were paid follow-up visits in their homes by State Health Department personnel, as a result of the clinic activity

Kills His Wife Two Children And Hangs Self

(International News Service)

STONEHAM, Mass., Nov. 9.—Indications of insanity, possibly caused by his association with inmates of an insane asylum where he formerly was employed at attendant, and unwarranted jealousy of his young wife, were blamed today by police for the action of Joel E. Lidquist in killing his wife and two babies and then taking his own life.

Mrs. Corinne Elly Elizabeth Lidquist, 26, was strangled with a leather belt; their two-year-old daughter had her throat cut and a 2-days old son was stabbed to death. Lidquist's body was found suspended by a leather belt attached to a chandelier.

Two notes and a long rambling letter to a relative were left by Lidquist. One written with the blood of the daughter read:

"Red human blood to you. The life has been a great adventure, just a dream. The death will be still another one," was written in blood on a postcard.

On the other side, written in ink was "I killed the ones I loved, but why let the innocent children suffer the horrible sufferings life is filled with."

Poppy Sale To Be Conducted

High School Girls Will Distribute American Legion Emblems Here Tomorrow

PLANS COMPLETED BY COMMITTEES

Plans have been completed by the committees of the Perry S. Gaston post, American Legion, for the annual sale of poppies, which they conduct at the Armistice Day season as a means of raising funds for their welfare fund, here Saturday.

Tomorrow morning a young army of pretty high school girls will be stationed at strategic points about the city, and will also visit the residential section, distributing replicas of the Flanders poppy.

The first group of girls will assemble at the First Christian church at seven o'clock, while those who will cover the residential district will start out at nine o'clock.

General Chairman Clarence A. Patterson has the arrangements for the event well in hand, and the usual splendid response to the appeal is expected from the public.

The committee on arrangements, of which R. L. Boyd is chairman, will assemble at the church at 6:45 to make the necessary preparations for the day's activities.

Now It's Curfew Violators Who Get Caster Oil

(International News Service)

EDWORDSVILLE, Pa.—Borough authorities have resorted to an old-fashioned remedy to cure the yearning of children for the night air. It's castor oil.

Burgess Norman James has inaugurated a "castor oil court" to enforce a borough ordinance requiring all children under 14 to be at their homes when the nine o'clock curfew blows at a nearby colliery.

Youngsters found guilty of violating the ordinance are hailed into the "court" where they are given the alternative of taking a generous "shot" of oil or having their parents pay a $5 fine.

Several hundred offenders were rounded up during the first month of the novel experiment. None paid the fine.

STRANGE MALADY CHANGES HIS COLOR

(International News Service)

CAPETOWN, S. A., Nov.—Harold Crosby, has turned a bright pink, suffering from the rare but harmless disease known as chromidosis which causes perspiration of various colors including violet, green yellow and even coal black.

One morning, while dressing, Mr. Crosby noticed that his neck was unusually ping. He put on his collar, but it immediately changed from bright white to bright pink.

The doctor, to whom he reported this strange occurance, had to delve into musty medical records to find another case on record.

MOTHER IS ACCUSER IN FORGERY ARREST

(International News Service)

WASHINGTON, Nov.—Miss Mary F. Sawyer, 22, must stand trial on an indictment charging she forged her mother's name to two checks totaling $33.50.

Mrs. Jane C. Sawyer, the parent, will be the chief prosecuting witness.

She claimed her daughter passed one of the checks, amounting to $20, on a druggist from whom she bought $18 worth of whiskey. The other check was cashed by a department store.

She is shown in three poses above.

Gasoline Prices Goes Back Up In Pittsburgh Area

Gasoline Price Is Back Up Today As End Of Warfare Is Seen

(International News Service)

PITTSBURGH, Nov. 9.—Another hop in gasoline prices brought the cost of the fuel to motorists up to 14½ cents a gallon today in Pittsburgh and the rest of Allegheny county, where all major concerns have been in the grip of a sales war for the past three weeks.

Prices of products of all major companies and many independents during the time have fluctuated anywhere from six cents below the normal level, upward, while consumers stocked up in gas at bargain rates. The current price includes the 4½-cent tax.

Meanwhile, the Independent Gasoline Dealers Association has begun to take steps to correct the condition. Declaring that retailers are "slowly being crushed out of business" by the price battle, Frank H. Ellis, president of the Independents' organization, has called a meeting of members tonight to discuss the matter and seek to place the blame for it.

CHECK GAS SHIPMENTS

HARRISBURG— Shipments of nearly one and one quarter million gallons of liquid fuels were checked by the Pennsylvania-Ohio border patrol unit of the Bureau of Liquid Fuels Tax during September.

The unit noted the source and destination of 1,223,276 gallons. Included in these shipments were 1,122,386 gallons of gasoline of which 643,717 gallons moved from Pennsylvania to Ohio, 447,058 from Ohio to Pennsylvania and 31,611, from Pennsylvania to West Virginia via Ohio.

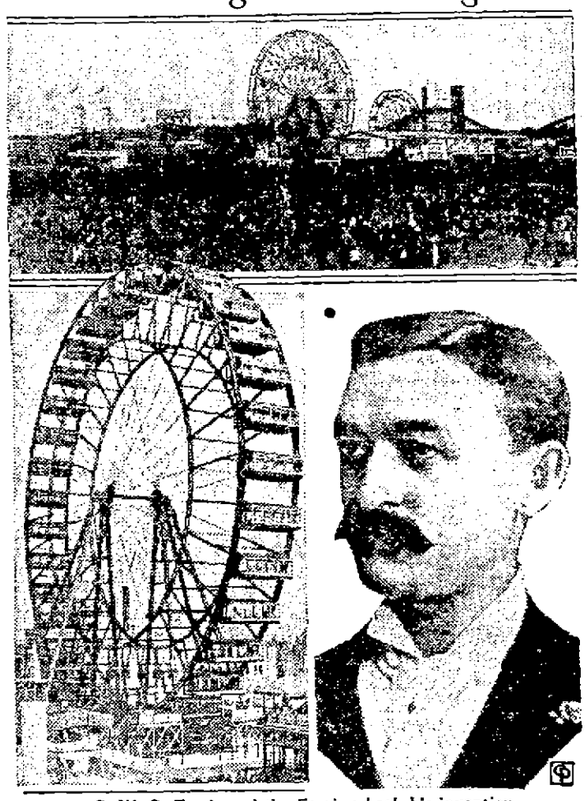
When the Ferris Wheel Was Built
On a Challenge to U. S. Engineers



G. W. G. Ferris and the Ferris wheel, his invention.

CHIEF ATTRACTION among the amusements at the World's Columbian Exposition in Chicago in 1893 was the Ferris wheel. This contraption, a gigantic revolving wheel on which people were carried up into the air, was named after its inventor, George W. G. Ferris, an American engineer and steel bridge builder of Gatesburg, Ill. Ferris conceived the idea after officials of the exposition challenged the engineers of America to design something novel and unusual to rival the Eiffel Tower at the Paris exposition of 1889. The first Ferris wheel was considerably larger than those now seen at recreation resorts. It was 250 feet in diameter, 30 feet wide, and had 36 carriages.

Husband Made Fun Of Piano Playing

(International News Service)

PITTSBURGH, Nov. 9—Although she has a Bachelor of Music degree from a Berlin conservatory, Mrs. Evelyn H. Springham, Springdale, Pa., testified at her divorce hearing here today that her husband, Joseph, of Chicago, made slighting remarks about her piano playing in the presence of other persons.

The music teacher, who charges her husband with non-support, said her husband left her after an argument. She added:

"I had to go to Sunday school and he told me if I went he would go home. And he did."

IGNORE STOP SIGNS

HARRISBURG—Motorists who ignored "Thru Highway Stop" signs and drove dangerously on to main roads, formed the largest group of drivers arrested by the State Highway patrolmen during September. A total of 650 were arrested on this charge, making an aggregate of 6,176 arrests of this sort during the first nine months of the year.

TAXI ACCIDENTS INCREASE

HARRISBURG—An increase of more than 100 per cent in accidents involving taxicabs is reported by the Department of Revenue's Division of Safety.

During the first nine months of this year, taxis figured in 382 accidents, as compared with 174 in the corresponding period of last year.

INSPECT GARAGES

HARRISBURG — In inspecting garages this year, Highway Patrolmen have rechecked 15,813 establishments and have made initial inspections at 1,582. Of the latter, 1,239 were approved and 343 were rejected.

Plans have been completed by the committees of the Perry S. Gaston post, American Legion, for the annual sale of poppies, which they conduct at the Armistice Day season as a means of raising funds for their welfare fund, here Saturday.

Tomorrow morning a young army of pretty high school girls will be stationed at strategic points about the city, and will also visit the residential section, distributing replicas of the Flanders poppy.

The first group of girls will assemble at the First Christian church at seven o'clock, while those who will cover the residential district will start out at nine o'clock.

General Chairman Clarence A. Patterson has the arrangements for the event well in hand, and the usual splendid response to the appeal is expected from the public.

The committee on arrangements, of which R. L. Boyd is chairman, will assemble at the church at 6:45 to make the necessary preparations for the day's activities.

Now It's Curfew Violators Who Get Caster Oil

(International News Service)

EDWORDSVILLE, Pa.—Borough authorities have resorted to an old-fashioned remedy to cure the yearning of children for the night air. It's castor oil.

Burgess Norman James has inaugurated a "castor oil court" to enforce a borough ordinance requiring all children under 14 to be at their homes when the nine o'clock curfew blows at a nearby colliery.

Youngsters found guilty of violating the ordinance are hailed into the "court" where they are given the alternative of taking a generous "shot" of oil or having their parents pay a $5 fine.

Several hundred offenders were rounded up during the first month of the novel experiment. None paid the fine.

STRANGE MALADY CHANGES HIS COLOR

(International News Service)

CAPETOWN, S. A., Nov.—Harold Crosby, has turned a bright pink, suffering from the rare but harmless disease known as chromidosis which causes perspiration of various colors including violet, green yellow and even coal black.

One morning, while dressing, Mr. Crosby noticed that his neck was unusually ping. He put on his collar, but it immediately changed from bright white to bright pink.

The doctor, to whom he reported this strange occurance, had to delve into musty medical records to find another case on record.

MOTHER IS ACCUSER IN FORGERY ARREST

(International News Service)

WASHINGTON, Nov.—Miss Mary F. Sawyer, 22, must stand trial on an indictment charging she forged her mother's name to two checks totaling $33.50.

Mrs. Jane C. Sawyer, the parent, will be the chief prosecuting witness.

She claimed her daughter passed one of the checks, amounting to $20, on a druggist from whom she bought $18 worth of whiskey. The other check was cashed by a department store.

The News, By Mail, One Year, $5.00.

Film Fashion Expert Calls Carole Best Dressed

Placing himself on the spot, Travis Banton, film fashion designer, declares Carole Lombard, above, is the best-dressed woman in the movies. Banton says he based his selection on the fact that Carole is "crazy about clothes, is sure enough of herself to anticipate style trends, and can wear sports clothes and evening things with equal effect". She is shown in three poses above.

Gasoline Prices Goes Back Up In Pittsburgh Area

Gasoline Price Is Back Up Today As End Of Warfare Is Seen

(International News Service)

PITTSBURGH, Nov. 9.—Another hop in gasoline prices brought the cost of the fuel to motorists up to 14½ cents a gallon today in Pittsburgh and the rest of Allegheny county, where all major concerns have been in the grip of a sales war for the past three weeks.

Prices of products of all major companies and many independents during the time have fluctuated anywhere from six cents below the normal level, upward, while consumers stocked up in gas at bargain rates. The current price includes the 4½-cent tax.

Meanwhile, the Independent Gasoline Dealers Association has begun to take steps to correct the condition. Declaring that retailers are "slowly being crushed out of business" by the price battle, Frank H. Ellis, president of the Independents' organization, has called a meeting of members tonight to discuss the matter and seek to place the blame for it.

CHECK GAS SHIPMENTS

HARRISBURG— Shipments of nearly one and one quarter million gallons of liquid fuels were checked by the Pennsylvania-Ohio border patrol unit of the Bureau of Liquid Fuels Tax during September.

The unit noted the source and destination of 1,223,276 gallons. Included in these shipments were 1,122,386 gallons of gasoline of which 643,717 gallons moved from Pennsylvania to Ohio, 447,058 from Ohio to Pennsylvania and 31,611, from Pennsylvania to West Virginia via Ohio.

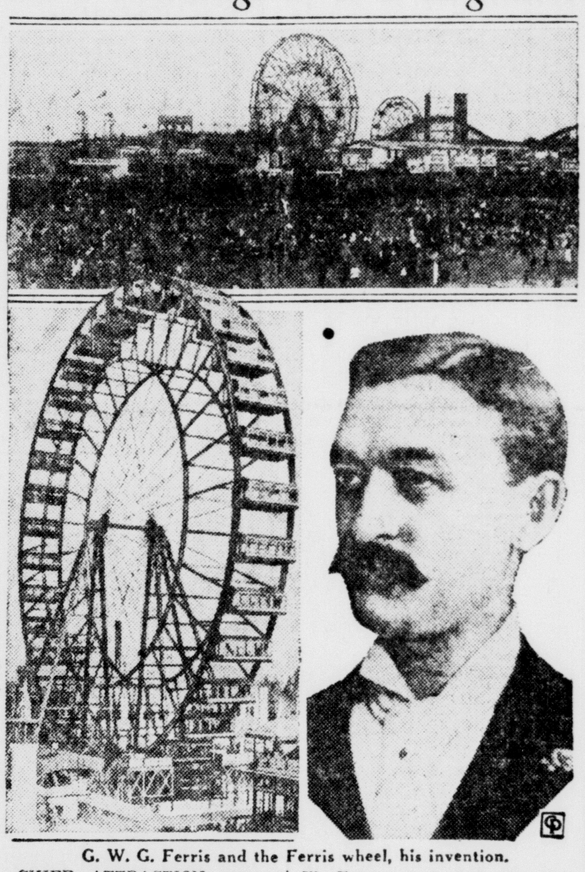
When the Ferris Wheel Was Built On a Challenge to U. S. Engineers



G. W. G. Ferris and the Ferris wheel, his invention.

CHIEF ATTRACTION among the amusements at the World's Columbian Exposition in Chicago in 1893 was the Ferris wheel. This contraption, a gigantic revolving wheel on which people were carried up into the air, was named after its inventor, George W. G. Ferris, an American engineer and steel bridge builder of Galesburg, Ill. Ferris conceived the idea after officials of the exposition challenged the engineers of America to design something novel and unusual to rival the Eiffel Tower at the Paris exposition of 1889. The first Ferris wheel was considerably larger than those now seen at recreation resorts. It was 250 feet in diameter, 30 feet wide, and had 36 carriages.

Husband Made Fun Of Piano Playing

(International News Service)

PITTSBURGH, Nov. 9—Although she has a Bachelor of Music degree from a Berlin conservatory, Mrs. Evelyn H. Springham, Springdale, Pa., testified at her divorce hearing here today that her husband, Joseph, of Chicago, made slighting remarks about her piano playing in the presence of other persons.

The music teacher, who charges her husband with non-support, said her husband left her after an argument. She added:

"I had to go to Sunday school and he told me if I went he would go home. And he did."

IGNORE STOP SIGNS

HARRISBURG—Motorists who ignored "Thru Highway Stop" signs and drove dangerously on to main roads, formed the largest group of drivers arrested by the State Highway patrolmen during September. A total of 650 were arrested on this charge, making an aggregate of 6,176 arrests of this sort during the first nine months of the year.

TAXI ACCIDENTS INCREASE

HARRISBURG—An increase of more than 100 per cent in accidents involving taxicabs is reported by the Department of Revenue's Division of Safety.

During the first nine months of this year, taxis figured in 382 accidents, as compared with 174 in the corresponding period of last year.

INSPECT GARAGES

HARRISBURG — In inspecting garages this year, Highway Patrolmen have rechecked 15,813 establishments and have made initial inspections at 1,582. Of the latter, 1,239 were approved and 343 were rejected.

Princess Marina Chooses Roval Bridesmaids

Three of the bridesmaids chosen by Princess Marina of Greece for her wedding to Prince George of England, at Westminster Abbey, Nov. 29, are pictured with her above. They are Princess Ingrid of Sweden, Princess Juliana of Holland and Princess Kyra of Russia. The bride-to-be also invited other royal bridesmaids but it was uncertain they would be able to accept the honor

Convict Embezzler Is Made Watchman

(International News Service)

MOSCOW, Nov. 9 —One of the paradoxes of Soviet justice is illustrated in the case of a man arrested for embezzling large sums of money.

He has been made night-watchman of a collective farm and gets a day's holiday every fortnight to visit his family.

The idea is that if the criminal is punished harshly he will only get worse. But if given a position of responsibility during his imprisonment he will soon see the error of his former ways.

Guards who watch the convicts employed in building the Moscow-Volga canal are taken from among the criminals themselves. They are even allowed to carry loaded rifles with bayonetts.

Few cases of escape are reported.

BURGLARS CURE HIS PARALYSIS

(International News Service)

WARSAW, Nov. 9—Robbers tried to break into the home of 67-year-old Piotr Milewicz, at Marjaniszki. Piotr has been paralysed for 30 years. But when he heard the robbers, he was so frightened that he jumped out of bed, seized a rifle hanging on the wall and fired.

The robbers fled—and since then Piotr has been able to walk without difficulty.

Scout Troops To Vie In Contests

Field Meet Tomorrow At Washington Field Promises Thrills Galore

It looks today as if the North district Boy Scout troops would succeed in holding their postponed field meet Saturday morning at the George Washington athletic field. Arrangements have been made for Scout Executive William Bradford and two other Butler county scouters to be on hand as judges, and the meet will start at 9:30 o'clock promptly. Events on the program are water boiling, fire by friction, fire by flint and steel, antelope race, firearms carry relay race, semaphore signalling, Morse signalling, tent pitching and knot tying. A number of troops have entered teams for the various events. The trophy banner donated by a local firm has arrived, although the medal awards may have to be presented at the troop meetings or court of honor. The troop having the highest number of points wins the trophy and will defend it against competitors next year.

Commissioner Ralph F. Davis announces that the marksmanship contest for troop teams will have its practice shoot on December 6 and the contest on the 13th. Five-man teams of scouts under 18 years of age will compete, and each member must have memorized the "Marksman's Code" as stated in the merit badge requirements in marksmanship. Scouters who enter a team are themselves entitled to enter an adult match if they so desire. The Lawrence County Sportsmen's club is furnishing the ammunition for the match as a mark of its appreciation for services of scouts at its field day on October 13. Members of Troop F cavalry will act as instructors and judges, the sessions being held in Troop F armory.

Marjorie Content Weds Jean Toomer

Daughter Of Wealthy New Yorker Weds Alleged Negro Novelist And Poet

(International News Service)

NEW YORK, Nov. 9.—New York social circles were buzzing today as a result of the announcement that Marjorie Content, daughter of Harry Content, wealthy broker, had become the bride of Jean Toomer, novelist and poet, who is listed in anthologies as a negro.

News of the couple's marriage which took place in Taos, N. M., last September shortly after Miss Content had obtained a divorce from Leon Fpeischman, former public relations counsel to the French foreign office, was made public yesterday.

RUPTURED?

D. Y. Cunning, specialist in the science of fitting trusses for Hernia (Rupture), with 27 years experience, will be at the LESLIE HOTEL, 34 E. Washington St., Saturday, Nov. 10th—hours 10 to 12 a. m. and 2 to 5 p. m. 7 to 9 evening.

I use the most sanitary, durable, comfortable and effective truss made; the kind used in the BEST fitting parlors, in the larger cities from coast to coast. Do not confuse this type of truss with those fitted and sold by "Mail Order Houses". To fit correctly, one must avoid undue pressure, on Pubic bones, spermatic cords, sacrum joints and the hips.

Good judgment must be exercised as to size and shape of rupture pad and amount of pressure given each individual case. Infants and children require special care, but I welcome such cases because the percentage of cures average about 85%.

Satisfied patients have always been my chief concern. Kindly tell your friends and don't forget the date, SATURDAY, Nov. 10th. (Adv.)

Court Orders Robinson, Sr., To Face Trial

(International News Service)

NASHVILLE, Tenn., Nov. 9.—Removal of Thomas H. Robinson, Sr., to Louisville, Ky., to stand trial for the kidnaping of Mrs. Alice Speed Stoll was ordered here Thursday afternoon by Federal Judge Harry B. Anderson.

The court's order brought to a victorious ending the government's second attempt to extradite the 61-year-old father of the kidnaper of Mrs. Stoll of Kentucky for trial. Two weeks ago United States Commissioner Julian Campbell here denied the government a removal order.

United States District Attorney Thomas J. Sparks of Louisville announced that Robinson and his daughter in law would be put on trial in federal court at Louisville on December 3rd.

Doke Jury Unable To Reach Verdict After Seven Hours

Deliberate Fate Of Coast Man On Trial For Killing Of Rival For Wife's Love

(International News Service)

WOODLAND, Cal., Nov. 9.—Deadlocked after seven hours of deliberation, the jury deciding the fate of Judson C. Doke, accused of murdering Lamar Hollingshead, clandestine lover of Doke's pretty wife, today resumed consideration of the case.

There were two unofficial reports on the jury. One was to the effect the voting stood seven to five for acquittal of the defendant who killed Hollingshead, college poet, over the "white hibiscus" love of pretty Helen Louise Doke.

The other report was that three or four jurors were holding out for acquittal.

'NEW' COIFFURE IS 100 YEARS OLD

BOSTON, Nov. 9—The axiom that there is nothing new under the sun certainly applies to milady's coiffure for, according to prophesies of hairdressers the 1935 style is a copy of that so popular in 1816.

Jack Pride of Liverpool, one of several European stylists among guests at a convention of the Ladies Hairdresser's Association here, said the pattern is taken from the headdress of Mme. Recamier. A portrait of her in the Louvre, Paris, shows hair high on the head, topped by curls with bangs.

Malady Gives Him 'Telescopic' Eye

(International News Service)

CARMEL, Calif., Nov. 9— Suddenly discovering that he had acquired a stereoscopic eye, Perry Newberry, Carmel artist went to oculists and learned he has a very rare "infirmity."

With his right eye closed, his left eye now sees pictures in perfect perspective, with all the three dimensional quality of nature.

He has discovered to his amazement as an artist that many of the Old Masters are in such faulty perspective that a figure which seems to lean with one hand on a table in reality is feet from the table.

DISCHARGE TWO IN POLICE COURT

William Stahlman and Patrick J. Goodman were arrested by city police last night, Stahlman in a car owned by N. L. Gardner, and Goodman at the corner of Croton avenue and South Mill street. Stahlman was accused of trying to start the car and Goodman of standing watch for him. Stahlman denied he intended to take the car and Goodman denied being on watch. The episode occurred at Grove and South Mill street where the Gardner gasoline station is located. Mayor Mayne in police court lectured both youths who had been drinking it was said and released them on their own recognizance.

Ask More Streets For Sled Riders

Council Hears Requests Of Delegation Of Parent-Teachers' Association

SEEK TO BLOCK OFF SOME STREETS

Representatives of the Parent-Teachers association met with members of council in City hall today and discussed proposed thoroughfares which the representatives desire council to set aside for sled riders' use this winter.

Following the discussion a bill prohibiting sled riding on certain streets was introduced by streets director B. F. Butler.

Those present were: Mrs. C. R. Brenner, Mrs. Archibald Davis, Mrs. Rachel Taylor, Mrs. Leonard Cramer, Mrs. C. M. England. Thomas Meyers appeared as a property owner and spoke in favor of allowing sled riding in certain sections.

Several days council announced that sled riding would not be closed in certain thoroughfares and named streets and avenues which they believed would be most suitable for the winter sport. The thoroughfares were as follows:

Lthrop street, east of Washington to William streets.

Stanton avenue, from Rose avenue south.

Delaware avenue, Moody to Park avenue.

Leasure avenue, Albert street to Highland avenue.

"Snakes Rest" hill, leading from Wilmington avenue into the hollow.

Locust street, from Moody avenue south.

West Rebecca way, east to Harbor street.

West North street.

Mrs. Brenner spoke of safety for the sled-riders. Council informed her that the city could not close thoroughfares to traffic but could adopt safety measures such as a speed limit.

She informed the councilmen that in the list favored no provision had been made for children in the vicinity of the Oak street and Arthur McGill schools where there are numerous children

Want Albert And Sheridan

Mrs. Davis said there were some "sore spots," one of which was at the corner of Albert street and Sheridan avenue. She requested council to set aside portions of both thoroughfares for the sled-riders.

She related that all property owners excepting one on those thoroughfares were in favor of sled riding. She said she did not believe Leasure avenue a safe place owing to the likihood of sled-riders entering Highland avenue.

Mayor Mayne informed the women that the city proposed to make a "breaker" of ashes which satisfied the women, after which Councilman Davies said he did not believe it wise to allow sled-riding on both Albert street and Sheridan avenue. He said that Sheridan avenue is a through thoroughfare from North Mercer street to Highland avenue and that Albert street, a main thoroughfare north from Sheridan avenue to the city line. He said sled-riders would meet at that junction.

In response to a question relative to parking, it was stated that council proposed to allow parking on one side of Sheridan avenue. The women said this would be dangerous unless one half the street was barricaded.

Council informed the delegation that this could not be done. Mrs. Rachel Taylor told the council she lived in the neighborhood, favored sled-riding and believed that on days when snow fell both sides of both Albert street and Sheridan avenue should be closed.

She said that autoists did not heed the Stop sign at the intersection of Sheridan Avenue and Albert street to which Mayor Mayne responded that the city charged $3 whenever anyone was caught violating Stop signs.

Favors Coasting Streets

Thomas Meyers, a property owner in the North Hill district said he favored designated streets and believed that autoists would be willing to stay off the streets where sled-riding was permitted.

He said that during summer time the children have baseball, tennis, swimming and other spots to permit the boys and girls to expand excess energy but very few outdoor proclivities during the winter time. He favored the setting aside of Albert St. for sled riding, he said.

Mrs. Cramer of the Oak Street school district suggested that Court street, above Ray street, which is a dirt thoroughfare be set aside and that sled-riding be made reasonably safe.

Mayor Mayne and colleagues informed the delegates that the city council would do everything legally possible to protect the sled-riders and that the sled-riding lanes would be officially designated soon.

Mrs. Brenner said that the heads of the Boy Scouts here has promised to have their Eagle scouts take care of the sled-riders if the city was willing. Council said the offer was appreciated and would be accepted.

After the discussion the bill was introduced. Streets where sled-riding is prohibited will be designated in the bill which is in a tentative form, and thoroughfares where it is not prohibited (lanes the city favor for sled-riding) will be made public by council.

The city will make no move which would involve the city in damages in case of damages, councilmen stated.

Before the women left they suggested that council also take some action to set streets aside for the same purpose in the Croton district and the Seventh Ward.

Two Philadelphia Girls Face Term For Killing Baby

Mildred Kindon, 19, And Sister Elizabeth, 17, Confess Killing Of New-Born Baby

(International News Service)

PHILADELPHIA, Nov. 9.—A 19-year-old girl pleaded guilty in quarter sessions court here today to the brutal murder of her newborn baby. Her 17-year-old sister pleaded guilty to the same charge.

After hearing the state's brief summary of its evidence in the case, Judge Horace Stern deferred until next Thursday imposition of sentence on the young sisters, Mildred Kindon, 19, and Elizabeth, 17.

"This is a very unusual case and I do not want to pass a snap judgment," the judge said.

Brutally stabbed and slashed, the tiny body of the newborn infant was found hidden in a clump of bushes on a vacant lot on the night of last July 1.

Baby Stabbed

The child's mother, Mildred, and her sister, Elizabeth, wept profusely. Having spent more than four months in jail, both girls betrayed intense nervousness. They were on the verge of collapse as Assistant District Attorney Vincent A. Carroll recounted to the court the evidence the state has accumulated.

Carroll said that immediately after the baby was born its mother stabbed the infant with a pair of scissors, while Elizabeth slashed the child with a razor.

Chicken Thieves Arouse Village

(International News Service)

POTTSTOWN, Pa., Nov. 9.—With more than 100 chickens stolen from half a dozen different flocks in the village, residents of nearby Sanatoga are organizing a vigilantes' group. On the next visit, villagers said, the hen house raiders will find the farmers armed with shotguns to beom them a "welcome."

When the Washington Monument Was Constructed, A Project Which Required 85 Years to Complete

Brig. Gen. John M. Wilson

Composite sketch of Washington, and night view of monument.

Air view of monument

IT TOOK EXACTLY 85 years to complete a monument to the memory of the first man really to deserve such an honor in the history of the United States. Shortly after the death of the nation's first president, George Washington, in December, 1799, congress passed a resolution providing for the erection of a marble monument in the capital, but it was not until 1884 that the structure was finished. During the interim there were many delays in the plans, due partly to a lack of funds and the theft of a block of marble sent from Rome by the pope to be placed in the monument. The block never was found. The monument, called "one of the most stupendous works of man", is 555 feet 5⅛ inches high, and 55 feet 1⅛ inches square at the base. The mound and slopes at the base were constructed under the supervision of Brig. Gen. John M. Wilson of the U. S. army engineering corps.

WONDER IF MULE CARRIED A GUN?

SHAMOKIN, Pa., Nov. 9.—John Lenker, 58, Gowen City farmer, insisted he was kicked by a mule at work when he was found bleeding from the left ear by a physician, but an X-ray examination at the Shamokin hospital disclosed a bullet lodged in his head near the brain.

A revolver, with one bullet fired, was found in Lenker's clothing as he was being prepared for an examination. Police ordered an investigation

Fifty Year Lap In Composing Room

Chester Times Foreman Rounds Out Half Century In Newspaper Offices

(International News Service)

CHESTER, Pa., Nov. 9.—"Monte" S. Montague, foreman of the Chester Times' News composing room, is on his second fifty-year "lap" as a master printing craftsman.

Montague has worked at his trade in nearly every large city in the nation. In 1930, when the Chester Times was rated in the N. W. Ayer and Sons' newspaper typography contest third out of 1400 newspapers from every city in the United States, Montague headed the mechanical department of the paper. The contest was based on advertising layout, news make-up, perfection of printing and press-work.

A native of Milton, Pa., Montague started work in 1884 when only 12 years old, with the Milton Economist, serving there for nearly four years.

Later, as a journeyman printer, he worked on large papers in Milwaukee, Chicago, New York, Pittsburgh, New Orleans, Augusta, New Haven and Boston.

Montague started in the days of hand-set type. If handset type were used today with the publishing of the Chester Times, 150 men would be needed to put out an edition, it is estimated.

New Castle Schools Teach Citizenship

Good citizenship is one of the objectives of every educator, and the schools and the teachers are constantly striving to raise the standards higher.

In the following article Miss Anna R. Perry, principal of Aiken-Thaddeus-Stevens-Terrace schools, discusses how the schools contribute to good citizenship.

As the public school is practically the child's larger home, it is here that the foundation of our future New Castle citizens must be laid in simple every day habits and wise use of leisure time. Such habits must come through actual living, by wise guidance, by instruction, by practice, and by the application of the qualities which make for good citizenship.

The very nature of a child's every day school life and activities, as regular and punctual attendance, helpfulness to daily associates and teachers, loyalty, co-operation, eagerness to learn, self control, obedience, cleanliness of body and mind, courtesy, truthfulness, honesty and patriotism unconsciously develops good habits, ideals and right attitudes which are the product of the classroom, the playground, the auditorium and the club. Gradually a child comes to realize that he has citizenship responsibility in respecting rights, obeying traffic regulations, keeping premises clean and taking part in school activities.

The history teacher is no longer anxious to have pupils study dates, wars and treaties, but to study to know and understand these fundamentals of progress such as loyalty, devotion to leaders and courageous self sacrifice to mankind which dominated the world in the past and will continue to do so in the future.

The daily salutation of our flag that stands for good citizenship, inculcates into their minds that to disobey our laws is disloyal to that citizenship which every thread in our flag represents.

The children through their experiences in the auditorium have opportunities of expressing and sharing life situations. Here they are trained in the art of self expression by dramatizing plays that they have helped to organize in the English class, by reporting any event that may have happened in the home, the class, the playground or the street, announcing the program, leading the devotionals, and reporting interesting school notes. Through this training they will express themselves unhesitatingly when they come to take their places in community activities, in holding office in an organization, in expressing and defending their convictions before a group, in respecting the rights of others, in following as well as leading, in being courteous to the fellow who has different opinions, in playing the game as a good sport for the sake of the welfare of all, even though his own desires must be put aside for the time being.

In the working out of a specific unity by a special grade the pupils see co-operation at its best inasmuch as all the teachers who have this particular grade at any time unite as one in putting forth their best efforts to produce a finished product, even though the honor of such a production naturally reverts to the organizer of the unit.

As a training for the wise use of leisure time, many teachers have organized clubs of temperance, vocal and instrumental music that meet after school hours.

In some buildings the entire control of the halls and playgrounds is supervised by competent boys who so effectively settle problems of disciplining that seldom must an appeal be made to teacher or principal.

In some schools at the end of each six weeks all the pupils in the hall assemble to accord recognition to the pupil in each grade who has been the most outstanding in any one of the following: Citizenship, effort, courtesy, behavior, academic subjects, cultural subjects and physical work. The best citizen in each grade receives the highest recognition inasmuch as to be chosen the first citizen by common consent in one's grade is regarded as the highest honor that can be attained.

The schools of New Castle are striving to expose the children to such life situations that will awaken guiding impulses that will fill them with the spirit of service in their own little school community of which they now form a member, and from this springs the hope that they will one day recognize their responsibilities and personal obligations and want to extend this present sense of membership outward to the community life of New Castle.

Proud Burglar Notifies Police Of His Success

(International News Service)

DENVER—"Are you the owner of the house," a policeman asked when a voice told him over the telephone that a certain house had been robbed.

"No."

"How do you know that the house has been robbed?" Bills asked.

"I did the job."

Incredulous, Bills ordered radio patrolmen William Boitnott and G. W. Countryman to investigate.

They found James Reid, who lives in the house, watering his lawn.

"Has your house been robbed?" the policemen asked him.

"No. Not that I know anything about," Reid answered.

But they had been ordered to investigate a reported burglary, so the two patrolmen, accompanied by Reid, went inside. They found the entire place ransacked and $190 stolen from a drawer.

Death, Where Is Thy Sting?

(International News Service)

SACRAMENTO, Cal.—Louis D. Conner, 83, waits serenely for death, content in the knowledge that one of the nation's most uniquely inscribed tombstones adorns his burial place.

Proud of his family line, Conner has had his genealogy, back to Patrick Henry, Revolutionary orator, inscribed on the stone.

"I don't mind looking forward to the time when I must go—I am an old man and all my friends are gone—I guess I'm just lonesome—" explained the pioneer gold miner.

Buried in the plot in each side of the vault, Conner has prepared for himself are the bodies of a niece and three others.

"They had befriended me in their lives" he said pointing to a footnote engraved at the end of his genealogical inscription referring to them as "my invited guests."

In a corner of his home is a handsome bier he had built. Lying nearby are the clothing he wishes to be buried in—even to a suit of pajamas.

Houses Of Cork For Burned Nome

(International News Service)

SEATTLE, Wash.—Two cork houses, pronounced by government officials practical for the cold climate are on their way to fire-ravaged Nome.

The houses are declared to be fireproof, soundproof, capable of withstanding 70 mile wind and can support a 10 foot snow fall.

The houses can be erected within a few hours. The three foot cork walls are laid over a steel framework, then the inside is plastered and the outside stuccoed.

Cork houses have been experimented with in the East but are an innovation in the West.

Machado Brother, In Havana Prison, Proxy Bridegroom

By RICHARD ARMSTRONG
International News Service Staff Correspondent

HAVANA, Nov. 9 —Carlos Machado, brother of the deposed and exiled president, who for more than a year has been imprisoned in Cabanas fortress awaiting trial on charges of graft during his brother's administration, is now a married man although he hasn't seen the bride since before the wedding.

Luisa Maria Julia Sanchez, according to reports in the Cuban press, became the bride in a proxy ceremony in which Pablo Llaguna, attorney for the imprisoned politician, served as Machado's proxy.

The wedding ceremony was conducted in strictest secrecy.

In addition to the charges of fraud, Machado is charged with numerous political crimes, some of which, if proven, will call for a sentence of death. His hearing, along with others jailed since the fall of Machado, has been delayed until after the election of the constitutional assembly.

President Mendieta has refused to permit the provisional government to execute a sentence of death, saying that such penalties must be delayed until a constitutional government has been established.

Ohio Sales Tax Opposition Over

COLUMBUS, O.—Ohio apparently is ready to join the 13 other states levying a tax on retail sales.

For three years the Ohio State Council of Retail Merchants has successfully blocked repeated attempts by Gov. George White to have the legislature adopt a sales tax, but now this opposition has been withdrawn.

Because the limit on real estate taxes in the Buckeye state will be reduced by constitutional amendment from 15 to 10 mills in 1935, with an attendant loss of about $40,000,000 in revenue annually, the retail merchants' group now concedes the necessity of a sales tax.

Divorcee's Lack Of Clothes Gives Reno Judge Shock

(International News Service)

RENO, Nev., Nov. 9—Even this city, famous for granting divorces for any cause, ranging from squirting grapefruit juice in a wife's eye to gross infidelity, can be shocked.

Mrs. Mildred Tilton Holmson, of Southampton, N. Y., while fulfilling her six weeks residence requirement prior to obtaining a divorce caused the town to sit up and take notice by walking about the streets attired in shorts, a man's shirt and sometimes stockingless and shoeless.

But she was stopped in the court when she entered dressed in this fashion. Judge B. F. Curler ordered her out until she was clothed properly.

She returned dressed in a black suit, and after a 20 minute session she was granted her decree on charges of cruelty.

SETTLING FEUDS BY 'BLOOD MONEY'

BELGRADE, Nov. 9— A Court of Elders has started to settle the family feuds of the Aldanians of South-western Yugoslavia by cash payments.

Blood feuds have been the rule for centuries in this area, but now the Court of Elders is persuading families to accept $150 "blood money" instead of taking vengeance.

Feuds which have lasted 100 years, and cost as many as 70 lives in a single family, will be settled once and for all by this method, it is hoped.

Most feuds in this region start because a pretty woman runs away with her lover, or is "stolen".

Thirty lives were lost in a recent feud started when a beautiful girl named Ajshina ran away from her husband and her lover was caught and killed.

Perennials, such as larkspurs, popies and phloxes, do not take to indoor transplanting, because they require just the rest that they get by their long undisturbed hibernation outside.

Shock Ends War Vet's Paralysis

LIVERPOOL, Nov. 9 —Death's shadow restored to George Crouch, described as England's youngest soldier in the World's War, the use of both legs after seven years of paralysis.

Crouch, who underwent several operations at the time of the war, had not walked since 1927. Life for him was confined to a wheel chair.

Then he received a severe shock when he and his wheelchair escaped by a hairbreadth from being run down by a motorist.

Since then he has gradually regained the use of his legs and now can walk quite normally.

Machado Brother, In Havana Prison, Proxy Bridegroom

By RICHARD ARMSTRONG
International News Service Staff Correspondent

HAVANA, Nov. 9 —Carlos Machado, brother of the deposed and exiled president, who for more than a year has been imprisoned in Cabanas fortress awaiting trial on charges of graft during his brother's administration, is now a married man although he hasn't seen the bride since before the wedding.

Luisa Maria Julia Sanchez, according to reports in the Cuban press, became the bride in a proxy ceremony in which Pablo Llaguna, attorney for the imprisoned politician, served as Machado's proxy.

The wedding ceremony was conducted in strictest secrecy.

In addition to the charges of fraud, Machado is charged with numerous political crimes, some of which, if proven, will call for a sentence of death. His hearing, along with others jailed since the fall of Machado, has been delayed until after the election of the constitutional assembly.

President Mendieta has refused to permit the provisional government to execute a sentence of death, saying that such penalties must be delayed until a constitutional government has been established.

Ohio Sales Tax Opposition Over

COLUMBUS, O.—Ohio apparently is ready to join the 13 other states levying a tax on retail sales.

For three years the Ohio State Council of Retail Merchants has successfully blocked repeated attempts by Gov. George White to have the legislature adopt a sales tax, but now this opposition has been withdrawn.

Because the limit on real estate taxes in the Buckeye state will be reduced by constitutional amendment from 15 to 10 mills in 1935, with an attendant loss of about $49,000,000 in revenue annually, the retail merchants' group now concedes the necessity of a sales tax.

Divorcee's Lack Of Clothes Gives Reno Judge Shock

(International News Service)

RENO, Nev., Nov. 9—Even this city, famous for granting divorces for any cause, ranging from squirting grapefruit juice in a wife's eye to gross infidelity, can be shocked.

Mrs. Mildred Tilton Holmson, of Southampton, N. Y., while fulfilling her six weeks residence requirement prior to obtaining a divorce caused the town to sit up and take notice by walking about the streets attired in shorts, a man's shirt and sometimes stockingless and shoeless.

But she was stopped in the court when she entered dressed in this fashion. Judge B. F. Curler ordered her out until she was clothed properly.

She returned dressed in a black suit, and after a 20 minute session she was granted her decree on charges of cruelty.

SETTLING FEUDS BY 'BLOOD MONEY'

BELGRADE, Nov. 9— A Court of Elders has started to settle the family feuds of the Aldanians of South-western Yugoslavia by cash payments.

Blood feuds have been the rule for centuries in this area, but now the Court of Elders is persuading families to accept $150 "blood money" instead of taking vengeance.

Feuds which have lasted 100 years, and cost as many as 70 lives in a single family, will be settled once and for all by this method, it is hoped.

Most feuds in this region start because a pretty woman runs away with her lover, or is "stolen".

Thirty lives were lost in a recent feud started when a beautiful girl named Ajshina ran away from her husband and her lover was caught and killed.

Perennials, such as larkspurs, popies and phloxes, do not take to indoor transplanting, because they require just the rest that they get by their long undisturbed hibernation outside.

Shock Ends War Vet's Paralysis

LIVERPOOL, Nov. 9 —Death's shadow restored to George Crouch, described as England's youngest soldier in the World's War, the use of both legs after seven years of paralysis.

Crouch, who underwent several operations at the time of the war, had not walked since 1927. Life for him was confined to a wheel chair.

Then he received a severe shock when he and his wheelchair escaped by a hairbreadth from being run down by a motorist.

Since then he has gradually regained the use of his legs and now can walk quite normally.

Poppy Sale To Be Conducted

High School Girls Will Distribute American Legion Emblems Here Tomorrow

PLANS COMPLETED BY COMMITTEES

Plans have been completed by the committees of the Perry S. Gaston post, American Legion, for the annual sale of poppies, which they conduct at the Armistice Day season as a means of raising funds for their welfare fund, here Saturday.

Tomorrow morning a young army of pretty high school girls will be stationed at strategic points about the city, and will also visit the residential section, distributing replicas of the Flanders poppy.

The first group of girls will assemble at the First Christian church at seven o'clock, while those who will cover the residential district will start out at nine o'clock.

General Chairman Clarence A. Patterson has the arrangements for the event well in hand, and the usual splendid response to the appeal is expected from the public.

The committee on arrangements, of which R. L. Boyd is chairman, will assemble at the church at 6:45 to make the necessary preparations for the day's activities.

Now It's Curfew Violators Who Get Caster Oil

(International News Service)

EDWORDSVILLE, Pa.—Borough authorities have resorted to an old-fashioned remedy to cure the yearning of children for the night air. It's castor oil.

Burgess Norman James has inaugurated a "castor oil court" to enforce a borough ordinance requiring all children under 14 to be at their homes when the nine o'clock curfew blows at a nearby colliery.

Youngsters found guilty of violating the ordinance are hailed into the "court" where they are given the alternative of taking a generous "shot" of oil or having their parents pay a $5 fine.

Several hundred offenders were rounded up during the first month of the novel experiment. None paid the fine.

STRANGE MALADY CHANGES HIS COLOR

(International News Service)

CAPETOWN, S. A., Nov.—Harold Crosby, has turned a bright pink, suffering from the rare but harmless disease known as chromidosis which causes perspiration of various colors including violet, green yellow and even coal black.

One morning, while dressing, Mr. Crosby noticed that his neck was unusually ping. He put on his collar, but it immediately changed from bright white to bright pink.

The doctor, to whom he reported this strange occurance, had to delve into musty medical records to find another case on record.

MOTHER IS ACCUSER IN FORGERY ARREST

(International News Service)

WASHINGTON, Nov.—Miss Mary F. Sawyer, 22, must stand trial on an indictment charging she forged her mother's name to two checks totaling $33.50.

Mrs. Jane C. Sawyer, the parent, will be the chief prosecuting witness.

She claimed her daughter passed one of the checks, amounting to $20, on a druggist from whom she bought $18 worth of whiskey. The other check was cashed by a department store.

The News, By Mail, One Year, $5.00.

Film Fashion Expert Calls Carole Best Dressed

Placing himself on the spot, Travis Banton, film fashion designer, declares Carole Lombard, above, is the best-dressed woman in the movies. Banton says he based his selection on the fact that Carole is "crazy about clothes, is sure enough of herself to anticipate style trends, and can wear sports clothes and evening things with equal effect". She is shown in three poses above.

Gasoline Prices Goes Back Up In Pittsburgh Area

Gasoline Price Is Back Up Today As End Of Warfare Is Seen

(International News Service)

PITTSBURGH, Nov. 9.—Another hop in gasoline prices brought the cost of the fuel to motorists up to 14½ cents a gallon today in Pittsburgh and the rest of Allegheny county, where all major concerns have been in the grip of a sales war for the past three weeks.

Prices of products of all major companies and many independents during the time have fluctuated anywhere from six cents below the normal level, upward, while consumers stocked up in gas at bargain rates. The current price includes the 4½-cent tax.

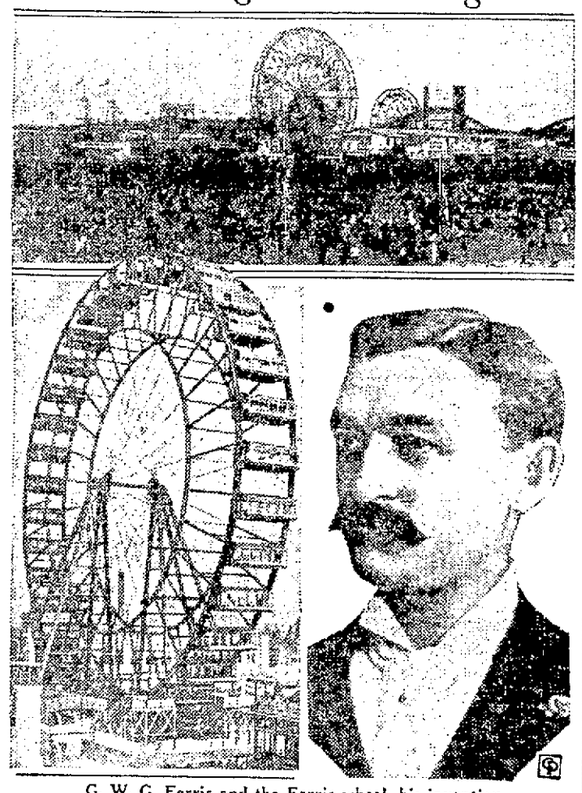
Meanwhile, the Independent Gasoline Dealers Association has begun to take steps to correct the condition. Declaring that retailers are "slowly being crushed out of business" by the price battle, Frank H. Ellis, president of the Independents' organization, has called a meeting of members tonight to discuss the matter and seek to place the blame for it.

CHECK GAS SHIPMENTS

HARRISBURG— Shipments of nearly one and one quarter million gallons of liquid fuels were checked by the Pennsylvania-Ohio border patrol unit of the Bureau of Liquid Fuels Tax during September.

The unit noted the source and destination of 1,223,276 gallons. Included in these shipments were 1,122,386 gallons of gasoline of which 643,717 gallons moved from Pennsylvania to Ohio, 447,058 from Ohio to Pennsylvania and 31,611, from Pennsylvania to West Virginia via Ohio.

OUR YESTERDAYS
When the Ferris Wheel Was Built On a Challenge to U. S. Engineers



G. W. G. Ferris and the Ferris wheel, his invention.

CHIEF ATTRACTION among the amusements at the World's Columbian Exposition in Chicago in 1893 was the Ferris wheel. This contraption, a gigantic revolving wheel on which people were carried up into the air, was named after its inventor, George W. G. Ferris, an American engineer and steel bridge builder of Galesburg, Ill. Ferris conceived the idea after officials of the exposition challenged the engineers of America to design something novel and unusual to rival the Eiffel Tower at the Paris exposition of 1889. The first Ferris wheel was considerably larger than those now seen at recreation resorts. It was 250 feet in diameter, 30 feet wide, and had 36 carriages.

Princess Marina Chooses Roval Bridesmaids

Three of the bridesmaids chosen by Princess Marina of Greece for her wedding to Prince George of England, at Westminster Abbey, Nov. 29, are pictured with her above. They are Princess Ingrid of Sweden, Princess Juliana of Holland and Princess Kyra of Russia. The bride-to-be also invited other royal bridesmaids but it was uncertain they would be able to accept the honor.

Husband Made Fun Of Piano Playing

(International News Service)

PITTSBURGH, Nov. 9—Although she has a Bachelor of Music degree from a Berlin conservatory, Mrs. Evelyn H. Springham, Springdale, Pa., testified at her divorce hearing here today that her husband, Joseph, of Chicago, made slighting remarks about her piano playing in the presence of other persons.

The music teacher, who charges her husband with non-support, said her husband left her after an argument. She added:

"I had to go to Sunday school and he told me if I went he would go home. And he did."

IGNORE STOP SIGNS

HARRISBURG—Motorists who ignored "Thru Highway Stop" signs and drove dangerously on to main roads, formed the largest group of drivers arrested by the State Highway patrolmen during September. A total of 650 were arrested on this charge, making an aggregate of 6,176 arrests of this sort during the first nine months of the year.

TAXI ACCIDENTS INCREASE

HARRISBURG—An increase of more than 100 per cent in accidents involving taxicabs is reported by the Department of Revenue's Division of Safety.

During the first nine months of this year, taxis figured in 382 accidents, as compared with 174 in the corresponding period of last year.

INSPECT GARAGES

HARRISBURG — In inspecting garages this year, Highway Patrolmen have rechecked 15,813 establishments and have made initial inspections at 1,582. Of the latter, 1,239 were approved and 343 were rejected.

'NEW' COIFFURE IS 100 YEARS OLD

BOSTON, Nov. 9—The axiom that there is nothing new under the sun certainly applies to milady's coiffure for, according to prophesies of hairdressers the 1935 style is a copy of that so popular in 1816.

Jack Pride of Liverpool, one of several European stylists among guests at a convention of the Ladies Hairdresser's Association here, said the pattern is taken from the headdress of Mme. Recamier. A portrait of her in the Louvre, Paris, shows hair high on the head, topped by curls with bangs.

Overseas Service League Memorial Service Sunday

Various Organizations Will Take Part In Armistice Day Program Sunday

Plans have been completed by the Patriotic committee of the New Castle Unit of the Overseas Service League for the Memorial service to be held in Trinity Episcopal church, Mill and Falls street, at 11 a. m.

The rector, Rev. Phillip C. Pearson, will have a special sermon. Miss Edythe Davidson of Pittsburgh, vice president of the Third Corps Area, and Mrs. Flora McLaughlin, membership chairman of the national Overseas Service League, will be in attendance, as well as women who served overseas from New Brighton, Grove City, Slippery Rock, New Wilmington and Youngstown.

The patriotic organizations from the city who will be represented at the services will include the Gold Star Mothers, Perry S. Gaston Post 343, American Legion, Ellwood City and Mt. Jackson Posts; Veterans of Foreign Wars; Harry L. McBride Post 522, World War Veterans; Sons of the American Legion Squadron; Legion of Honor; Service Star Legion; American Legion Auxiliary; V. F. W. Auxiliary; Reserve Officers' Association of the U. S.; Troop F., Pennsylvania National Guard; Civil War Veterans; Spanish American War Veterans; Ladies of the G. A. R.; Women's Relief Corps; Sons of Veterans, Oscar L. Jackson Post; Daughters of Union Veterans; Sons of Veterans Auxiliary; Spanish American Auxiliary; Sons of American Revolution; Daughters of the American Revolution; Daughters of the American Colonists; and Daughters of 1812.

CENTER CHURCH

PLAN THANK OFFERING

On next Sunday evening the annual thank offering and ingathering will be held at the church at 7:45. The program will consist of devotional services, an anthem by the choir, Bible exercise by the juniors, a quartet by Mrs. Howard Leslie, Mrs. Gilfillan, Mrs. William Zehner Mrs. Weir and Mrs. William Leslie, Mrs. Guy; an address by Mrs. C. G. Johnston, closing with a pageant, "The Decision". Those having part in the pageant are Mrs. Ida Gilfillan, Mrs. J. B. Gibson, Mrs. J. M. Houk, Mrs. G. V. Gibson, Mrs. William Zehner, Mrs. Charles Wellhausen, Mrs. Howard Leslie, Mrs. Charles Hartzel, Mrs. Clarence Black.

CENTER PERSONALS

Mrs. Amy Baldwin, who is in the Ellwood City hospital, is reported to be improving.

Miss Westanna Meeriman of Swissvale visited Miss Pauline Myers on Sunday.

Mrs. Ella McClymonds of New Wilmington has returned home after visiting with friends here.

Mrs. Wesley Rose and daughter, Ruth, Helen, of Cleveland, spent several days with her mother last week. Mr. Rose, Charles Barbison and George Marriott came down over the week-end, going back to Cleveland on Sunday evening.

The Bible school will be at 10 o'clock in the morning and at 11 o'clock Rev. C. G. Johnston will preach.

The Y. P. C. U. will meet at seven o'clock on Sunday evening with Pauline Myers leading. The subject is "My Problem of Sin".

The class giving the play entitled "The Deacon Slips" will go to Slippery Rock, Pa., on next Friday evening to give their entertainment.

Dr. Olive Steinmetz of Homestead, Dillie and Jessie Steinmetz of Braddock, and Carrie Worthington of Swissvale, were guests of Mr. and Mrs. Charles Hartzell recently.

HOME CLEANING TIP

People who clean their own clothes at home with gasoline should beware of the perils of the process. It is best to do the cleaning out of doors and the gasoline itself should be kept in the garage or shed, quite protected from the rest of the house.

Conceited people don't enjoy sermons. They suffer when anybody else is talking and they can't interrupt.

Special Program At New Wilmington

Students Of Schools To Observe Armistice Day—Other News Of Town

(Special To The News)

NEW WILMINGTON, Nov. 9—Students of New Wilmington high and grade schools will gather at the Community House on Monday evening to pay fitting tribute to those who made the supreme sacrifice. An Armistice Day program has been arranged by Prof. Walt Whitman and Miss Elizabeth Rose. Plays will be given under supervision of Miss Olive Pope.

Two plays will be presented by the students of the school. The first play "Uncle Sam's Choice" will include such amateur local Thespians as William Morgan, Jean Thompson, Paul Shaffer, Gordon Pitzer, Mary Lafferty, Ada Hunt, Inez Cox, Ruth Johns, Mary Beth McLaughry, Robert Eagleson, Guy McCrumb, Lloyd McKean, Stewart Gibson.

The other play, entitled, "To The Unknown Soldier" will carry the following cast: Marian Thompson, Ruth Sewall, Wallace McConnell, John Galbreath, Jean Nevin, William Clark.

Malady Gives Him 'Telescopic' Eye

(International News Service)

CARMEL, Calif., Nov. 9— Suddenly discovering that he had acquired a stereoscopic eye, Perry Newberry, Carmel artist went to oculists and learned he has a very rare "infirmity."

With his right eye closed, his left eye now sees pictures in perfect perspective, with all the three dimensional quality of nature.

He has discovered to his amazement as an artist that many of the Old Masters are in such faulty perspective that a figure which seems to lean with one hand on a table in reality is feet from the table.

DISCHARGE TWO IN POLICE COURT

William Stahlman and Patrick J. Goodman were arrested by city police last night, Stahlman in a car owned by N. L. Gardner, and Goodman at the corner of Croton avenue and South Mill street. Stahlman was accused of trying to start the car and Goodman of standing watch for him. Stahlman denied he intended to take the car and Goodman denied being on watch. The episode occurred at Grove and South Mill street where the Gardner gasoline station is located. Mayor Mayne in police court lectured both youths who had been drinking it was said and released them on their own recognizance.

New Castle Schools Teach Citizenship

Good citizenship is one of the objectives of every educator, and the schools and the teachers are constantly striving to raise the standards higher.

In the following article Miss Anna R. Perry, principal of Aiken-Thaddeus-Stevens-Terrace schools, discusses how the schools contribute to good citizenship.

As the public school is practically the child's larger home, it is here that the foundation of our future New Castle citizens must be laid in simple every day habits and wise use of leisure time. Such habits must come through actual living, by wise guidance, by instruction, by practice, and by the application of the qualities which make for good citizenship.

The very nature of a child's every day school life and activities, as regular and punctual attendance, helpfulness to daily associates and teachers, loyalty, co-operation, eagerness to learn, self control, obedience, cleanliness of body and mind, courtesy, truthfulness, honesty and patriotism unconsciously develops good habits, ideals and right attitudes which are the product of the classroom, the playground, the auditorium and the club. Gradually a child comes to realize that he has citizenship responsibility in respecting rights, obeying traffic regulations, keeping premises clean and taking part in school activities.

The history teacher is no longer anxious to have pupils study dates, wars and treaties, but to study to know and understand these fundamentals of progress such as loyalty, devotion to leaders and courageous self sacrifice to mankind which dominated the world in the past and will continue to do so in the future.

The daily salutation of our flag that stands for good citizenship, inculcates into their minds that to disobey our laws is disloyal to that citizenship which every thread in our flag represents.

The children through their experiences in the auditorium have opportunities of expressing and sharing life situations. Here they are trained in the art of self expression by dramatizing plays that they have helped to organize in the English class, by reporting any event that may have happened in the home, the class, the playground or the street, announcing the program, leading the devotionals, and reporting interesting school notes. Through this training they will express themselves unhesitatingly when they come to take their places in community activities, in holding office in an organization, in expressing and defending their convictions before a group, in respecting the rights of others, in following as well as leading, in being courteous to the fellow who has different opinions, in playing the game as a good sport for the sake of the welfare of all, even though his own desires must be put aside for the time being.

In the working out of a specific unity by a special grade the pupils see co-operation at its best inasmuch as all the teachers who have this particular grade at any time unite as one in putting forth their best efforts to produce a finished product, even though the honor of such a production naturally reverts to the organizer of the unit.

As a training for the wise use of leisure time, many teachers have organized clubs of temperance, vocal and instrumental music that meet after school hours.

In some buildings the entire control of the halls and playgrounds is supervised by competent boys who so effectively settle problems of disciplining that seldom must an appeal be made to teacher or principal.

In some schools at the end of each six weeks all the pupils in the hall assemble to accord recognition to the pupil in each grade who has been the most outstanding in any one of the following: Citizenship, effort, courtesy, behavior, academic subjects, cultural subjects and physical work. The best citizen in each grade receives the highest recognition inasmuch as to be chosen the first citizen by common consent in one's grade is regarded as the highest honor that can be attained.

The schools of New Castle are striving to expose the children to such life situations that will awaken guiding impulses that will fill them with the spirit of service in their own little school community of which they now form a member, and from this springs the hope that they will one day recognize their responsibilities and personal obligations and want to extend this present sense of membership outward to the community life of New Castle.

Proud Burglar Notifies Police Of His Success

(International News Service)

DENVER—"Are you the owner of the house," a policeman asked when a voice told him over the telephone that a certain house had been robbed.

"No."

"How do you know that the house has been robbed?" Bills asked.

"I did the job."

Incredulous, Bills ordered radio patrolmen William Boitnott and G. W. Countryman to investigate.

They found James Reid, who lives in the house, watering his lawn.

"Has your house been robbed?" the policemen asked him.

"No. Not that I know anything about," Reid answered.

But they had been ordered to investigate a reported burglary, so the two patrolmen, accompanied by Reid, went inside. They found the entire place ransacked and $190 stolen from a drawer.

Death, Where Is Thy Sting?

(International News Service)

SACRAMENTO, Cal.—Louis D. Conner, 83, waits serenely for death, content in the knowledge that one of the nation's most uniquely inscribed tombstones adorns his burial place.

Proud of his family line, Conner has had his genealogy, back to Patrick Henry, Revolutionary orator, inscribed on the stone.

"I don't mind looking forward to the time when I must go—I am an old man and all my friends are gone—I guess I'm just lonesome—" explained the pioneer gold miner.

Buried in the plot in each side of the vault, Conner has prepared for himself are the bodies of a niece and three others.

"They had befriended me in their lives" he said pointing to a footnote engraved at the end of his genealogical inscription referring to them as "my invited guests."

In a corner of his home is a handsome bier he had built. Lying nearby are the clothing he wishes to be buried in—even to a suit of pajamas.

Houses Of Cork For Burned Nome

(International News Service)

SEATTLE, Wash.—Two cork houses, pronounced by government officials practical for the cold climate are on their way to fire-ravaged Nome.

The houses are declared to be fireproof, soundproof, capable of withstanding 70 mile wind and can support a 10 foot snow fall.

The houses can be erected within a few hours. The three foot cork walls are laid over a steel framework, then the inside is plastered and the outside stuccoed.

Cork houses have been experimented with in the East but are an innovation in the West.

Machado Brother, In Havana Prison, Proxy Bridegroom

By RICHARD ARMSTRONG
International News Service Staff Correspondent

HAVANA, Nov. 9 —Carlos Machado, brother of the deposed and exiled president, who for more than a year has been imprisoned in Cabanas fortress awaiting trial on charges of graft during his brother's administration, is now a married man although he hasn't seen the bride since before the wedding.

Luisa Maria Julia Sanchez, according to reports in the Cuban press, became the bride in a proxy ceremony in which Pablo Llaguna, attorney for the imprisoned politician, served as Machado's proxy.

The wedding ceremony was conducted in strictest secrecy.

In addition to the charges of fraud, Machado is charged with numerous political crimes, some of which, if proven, will call for a sentence of death. His hearing, along with others jailed since the fall of Machado, has been delayed until after the election of the constitutional assembly.

President Mendieta has refused to permit the provisional government to execute a sentence of death, saying that such penalties must be delayed until a constitutional government has been established.

Ohio Sales Tax Opposition Over

COLUMBUS, O.—Ohio apparently is ready to join the 13 other states levying a tax on retail sales.

For three years the Ohio State Council of Retail Merchants has successfully blocked repeated attempts by Gov. George White to have the legislature adopt a sales tax, but now this opposition has been withdrawn.

Because the limit on real estate taxes in the Buckeye state will be reduced by constitutional amendment from 15 to 10 mills in 1935, with an attendant loss of about $40,000,000 in revenue annually, the retail merchants' group now concedes the necessity of a sales tax.

Divorcee's Lack Of Clothes Gives Reno Judge Shock

(International News Service)

RENO, Nev., Nov. 9—Even this city, famous for granting divorces for any cause, ranging from squirting grapefruit juice in a wife's eye to gross infidelity, can be shocked.

Mrs. Mildred Tilton Holmson, of Southampton, N. Y., while fulfilling her six weeks residence requirement prior to obtaining a divorce caused the town to sit up and take notice by walking about the streets attired in shorts, a man's shirt and sometimes stockingless and shoeless.

But she was stopped in the court when she entered dressed in this fashion. Judge B. F. Curler ordered her out until she was clothed properly.

She returned dressed in a black suit, and after a 20 minute session she was granted her decree on charges of cruelty.

SETTLING FEUDS BY 'BLOOD MONEY'

BELGRADE, Nov. 9— A Court of Elders has started to settle the family feuds of the Albanians of South-western Yugoslavia by cash payments.

Blood feuds have been the rule for centuries in this area, but now the Court of Elders is persuading families to accept $150 "blood money" instead of taking vengeance.

Feuds which have lasted 100 years, and cost as many as 70 lives in a single family, will be settled once and for all by this method, it is hoped.

Most feuds in this region start because a pretty woman runs away with her lover, or is "stolen".

Thirty lives were lost in a recent feud started when a beautiful girl named Ajshina ran away from her husband and her lover was caught and killed.

Perennials, such as larkspurs, popies and phloxes, do not take to indoor transplanting, because they require just the rest that they get by their long undisturbed hibernation outside.

Shock Ends War Vet's Paralysis

LIVERPOOL, Nov. 9 —Death's shadow restored to George Crouch, described as England's youngest soldier in the World's War, the use of both legs after seven years of paralysis.

Crouch, who underwent several operations at the time of the war, had not walked since 1927. Life for him was confined to a wheel chair.

Then he received a severe shock when he and his wheelchair escaped by a hairbreadth from being run down by a motorist.

Since then he has gradually regained the use of his legs and now can walk quite normally.

South Secures Stranglehold On Congress

Democratic Victories Bring South Into Control Of Major Posts

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Nov. 9.—The smashing Democratic victories in two successive national elections today had given the south a stranglehold control of the new congress.

The south will fill 16 out of 20 important house chairmanships, including the "big three"—rules, appropriations and ways and means—and put southerners into the chairmanships of 13 out of the senate's 19 most important committees. In addition, Vice President Garner presides over the senate, and another southerner undoubtedly will be elected speaker of the house.

The wholesale slaughter of eastern Republicans left western insurgents and liberals "riding high" in the senate. They will dominate the minority blocs on virtually every senate committee. Also, when the senate becomes Republican again, under seniority rules, westerners would be in line for 13 chairmanships of the 19 most important senatorial committees. Westerners, in fact, would head five of the "big six" senate committees—agriculture, finance, foreign relations, banking and currency, and judiciary. The appropriations chairmanship would go to the east.

The one bright spot for eastern Republicans lay in the house. If the Republicans can capture the house in two or four years, easterners would become chairmen of the house's ten most important committees, including the "big three". Only ten less important chairmanships would go to western Republicans. All this, naturally, will depend on the survival of the incumbent representatives and the house going Republican eventually.

The south's control of the new congress, however, was definite and immediate. Senator Joe T. Robinson of Arkansas once more will be majority leader of the senate. Rep Joseph W. Byrns of Tennessee will be the majority leader of the house, unless elected speaker.

The "big three" of the house committees will have these southern chairmen: Appropriations, James P. Buchanan of Texas; rules, William B. Bankhead of Alabama; ways and means, Robert L. Doughton of North Carolina.

It will be a like story in the senate. The "big six" committees all will be headed by southerners or westerners. They are: Appropriations, Carter Glass, Virginia; finance, Pat Harrison, Mississippi; foreign relations, Key Pittman, Nevada; banking and currency, Duncan U. Fletcher, Florida; judiciary, Henry F. Ashurst, Arizona, and agriculture, Ellison D. Smith, South Carolina.

Fly-Eating Plant Running Up Bills

(International News Service)

SEATTLE, Wash., Nov. 9—N. W. Nye's pet cobra plant is causing him a lot of financial worry. It eats too much.

Nye, a mining executive, found the plant several years ago high in the mountains, and gradually acclimated it so it could be moved to sea level here. The plant has a wide mouth with thousands of fine vegetable hairs which trap flies and other insects and fed on them.

Flies quit hanging around his house, having learned better, and the plant began to starve. So Nye fed it hamburger.

Now 'Cobra' has such an appetite for hamburger that the Nye family meat bill is increasing to alarming proportions.

The miner is renaming the plant 'Wimpy."

COMPLETE WORK

MERCER, Nov. 9—The Northern Pipe line company has completed the work of encasing the pipe lines with cement at the Simpson Pump Station on the Perry Highway, a few miles south of Mercer. The procedure, an unusual one, is to protect the pipes in the low swampy regions.

KOPPEL

CLASS HAS MEETING

Mrs. William H. Hall, Third avenue, was a pleasing hostess to members of the Ladies Bible class of the Koppel M. E. Sunday school on Tuesday evening.

The business meeting was conducted by Mrs. V. Wade Stewart, president. Mrs. Margaret Linzey was in charge of the devotional period. Following the business meeting the evening was given over to the entertainment committee who had arranged a program of games, contests, and diversions. Miss Viola Welsh rendered several selections on the accordion.

The evening came to a fitting close with the hostess serving a tempting lunch in "depression fashion."

SEWING CLUB MEETING

Mrs. Charles B. Rogers was hostess to twelve members of the Koppel sewing club at her summer cottage near New Galilee on Wednesday as they met for their regular monthly meeting.

The meeting was opened at noon with a delightful covered dish dinner. The remainder of the day was spent in sewing and informal chat.

KOPPEL NOTES

Dr. Alfred Colaizzi is attending a meeting of the Western Pennsylvania Dental association in Pittsburgh on Friday.

Mr. and Mrs. Fred Allerton of Cleveland, O., were in Koppel for several days where they visited with relatives and friends.

Miss Loretta Reheer, Second avenue, has been removed to her home from the New Castle hospital where she underwent an operation several days ago.

Mrs. William Roberts and Mrs. George Roberts, of First avenue, were in Lisbon, O., on Tuesday where they visited with friends.

CZECH IS HUMAN POWER STATION

PRAGUE, Nov. 9—Vaclav Holek, a 30-year-old furrier at Kladno in Bohemia, ought to save on his electric light bills. When he holds a bulb in his hand, it glows. When he strokes it with his other hand, it turns violet.

Holek has made experiments with bulbs of different strengths. He finds that the larger the bulb, the stronger the light his hand communicates.

Electricians and doctors are to examine his strange power, which he discovered accidentally. He cannot account for it himself.

Similar cases recently have been reported in other parts of the world.

Nye, a mining executive, found the plant several years ago high in the mountains, and gradually acclimated it so it could be moved to sea level here. The plant has a wide mouth with thousands of fine vegetable hairs which trap flies and other insects and fed on them.

Flies quit hanging around his house, having learned better, and the plant began to starve. So Nye fed it hamburger.

Now 'Cobra' has such an appetite for hamburger that the Nye family meat bill is increasing to alarming proportions.

The miner is renaming the plant 'Wimpy."

COMPLETE WORK

MERCER, Nov. 9—The Northern Pipe line company has completed the work of encasing the pipe lines with cement at the Simpson Pump Station on the Perry Highway, a few miles south of Mercer. The procedure, an unusual one, is to protect the pipes in the low swampy regions.

KOPPEL

CLASS HAS MEETING

Mrs. William H. Hall, Third avenue, was a pleasing hostess to members of the Ladies Bible class of the Koppel M. E. Sunday school on Tuesday evening.

The business meeting was conducted by Mrs. V. Wade Stewart, president. Mrs. Margaret Linzey was in charge of the devotional period. Following the business meeting the evening was given over to the entertainment committee who had arranged a program of games, contests, and diversions. Miss Viola Welsh rendered several selections on the accordion.

The evening came to a fitting close with the hostess serving a tempting lunch in "depression fashion."

SEWING CLUB MEETING

Mrs. Charles B. Rogers was hostess to twelve members of the Koppel sewing club at her summer cottage near New Galilee on Wednesday as they met for their regular monthly meeting.

The meeting was opened at noon with a delightful covered dish dinner. The remainder of the day was spent in sewing and informal chat.

KOPPEL NOTES

Dr. Alfred Colaizzi is attending a meeting of the Western Pennsylvania Dental association in Pittsburgh on Friday.

Mr. and Mrs. Fred Allerton of Cleveland, O., were in Koppel for several days where they visited with relatives and friends.

Miss Loretta Reheer, Sectond avenue, has been removed to her home from the New Castle hospital where she underwent an operation several days ago.

Mrs. William Roberts and Mrs. George Roberts, of First avenue, were in Lisbon, O., on Tuesday where they visited with friends.

CZECH IS HUMAN POWER STATION

PRAGUE, Nov. 9—Vaclav Holek, a 30-year-old furrier at Kladno in Bohemia, ought to save on his electric light bills. When he holds a bulb in his hand, it glows. When he strokes it with his other hand, it turns violet.

Holek has made experiments with bulbs of different strengths. He finds that the larger the bulb, the stronger the light his hand communicates.

Electricians and doctors are to examine his strange power, which he discovered accidentally. He cannot account for it himself.

Similar cases recently have been reported in other parts of the world.

Sharon Has Big Powerful Team

Sharon High May Upset New Castle At Sharon Saturday Afternoon

KICKOFF TOMORROW WILL BE AT 2:30

It would not be surprising to see New Castle high school "Red Hurricane" football team run into storm signals and a mighty powerful Sharon high team Saturday afternoon at the newly completed Sharon High Stadium. The battle will start at 2:30 o'clock.

Sharon has been bowling over some tough opponents, as to-wit, Oil City high's unbeaten and untied eleven last week felt the wrath of the Stewart coached combination to the tune of 21 to 6.

Sharon high would like nothing better than to take the measure of the Lawrence Countians. The last time that Sharon defeated New Castle was on the Old Carnegie Steel Mill field with Dick Booth the Sharon fullback and later All-American at Pitt, the big gun. It has been about 15 years since that game Sharon has had to wait a long time. They may realize their ambition tomorrow afternoon ere the sun has gone down in the dear old west.

New Castle Crippled

New Castle is taking a badly crippled team to Sharon with Charles "Man o' War" Fleming nursing a charley-horse. Captain Walter Raskowski is none too good this week after the bruising New Ken high game last week, neither is Leroy "Lightning" Cox, the colored halfback, or Eddie Donegan, the speed merchant from George Washington Junior high. Wilbur Stritz, the sensational young left end, who was kicked in the head last week, may not start the Sharon game.

Coach Phil Bridenbaugh has had to make many replacements this week.

There are no reserved seats at the Sharon high field, and first come first served is the manner of things, so better get there early. The admission in case you don't know, is 40 cents per adult. The students will be admitted for a quarter. By taking the West Middlesex road through to the Mercer-Sharon road at Hickory Corners and turning left you can't miss the Sharon high school and stadium.

Japanese Fans Yell With Joy As Ruth Homers

(International News Service)

SENDAI, Japan, Nov. 9.—Forty thousand freezing spectators roared with enthusiasm when Babe Ruth knocked out his first home run of his Japanese tour today, and then the crowd went stark, screaming mad with joy when he hit another homer in the same game.

Never before in his long career that ended this season had Ruth seen a demonstration like the Sendai fans produced when the Babe obliged with the home runs that Tokyo and Hakodate had yelled for in vain.

The Americans won, 7 to 0, in a game that, to the Japanese, was the best yet played here. They had enough home runs to talk about for the rest of their lives. Besides Ruth's two, Jimmy Foxx, Charley Gehringer and Bing Miller each smashed homers.

Tragedy Overtakes Football Team On Way To Do Battle

Co-Captain And Assistant Coach Of North Dakota Teachers College, Killed

(International News Service)

CARRINGTON, N. D., Nov. 9.—A tragedy of the highways left the Minot Teachers' college football team riddled with death and injuries today.

The bus carrying the squad to Valley City, N. D., to play the Valley City Teachers skidded off the snow-covered road on a curve near Heaton late yesterday, killing two persons and injuring 22 others.

Allan Aufforth, co-captain of the team, and Ora Marcan, assistant coach, were killed in the crash.

HERE AND THERE IN SPORTS' LAND

Scenes from yesteryear's sport events were presented last night by Bob Latera when he had Johnny Kilbane and Jimmy Dunn bring here motion pictures of several titular fights. Among the films witnessed were the Attel-Kilbane 20 round fight in which Kilbane won the championship at 122 pounds and the Frush-Kilbane battle which ended in Kilbane knocking the Englishman out in the seventh round. The first fight occurred about 22 years ago and the latter in 1921. Pictures showing the different styles of Kilbane, Benny Leonard and Kid McCoy, the latter two lightweight champion and middleweight champion respectively, years ago were also shown after which came the Carnera-Sharkey pictures. The Kilbane who won the featherweight title from Abe Attel was 100 percent better than when he dropped Frush. Kilbane's style was far different from that of Leonard while McCoy's was different from either.

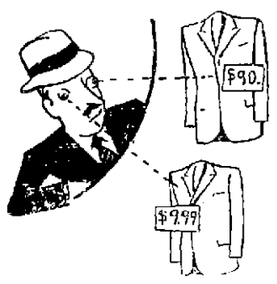
Lawrence County Baseball league officials have set a date for the Baseball players banquet. It will be held November 22. The place will be designated by President Alec Samuels within the next day or two.

Trapshooting will be held at the New Castle fair grounds Saturday afternoon. The Lawrence County Sportsmen's association was donated ground free for the range and they built the range. Anyone who likes trapshooting is invited to shoot.

Oran Marcan, Minot assistant coach and Allan Aufforth, Kenmare, (N. D.) captain of the Minot Teachers' College team were killed and six others injured when their bus overturned near Haton, N. D.

Jack Dempsey will referee the Jim Londos-Vic Christie wrestling match next Thursday night at Pittsburgh. Londos is the heavyweight champ and Jack wore the heavyweight boxing title until Gene Tunney beat him at Philadelphia.

A four run first inning rally climaxed by Earl Averill's homer, gave the United States invaders a 5-2 baseball victory over the Nippon All stars at Hakodate, Japan, yesterday. Babe Ruth singled once, walked once and flied out twice. Aoshiba and Kuji pitched for the Japs and Inokawa caught. Gomes, Foxx and Hayes was the battery for the invaders.



First he looked high . . . then he looked low . . . and then he came to WINTER'S.

This particular customer was particular, indeed . . . . set in his views on style . . . . knew what he wanted in fabrics.

First he looked at a high priced suit but felt that it was too much money for the suit.

Then he considered a "cheap" garment . . . . but decided it was too little suit for the money.

Then he came here and saw hundreds of fine suits at $25 that met his eye for color and his appetite for fashion.

The same opportunity is open to you today.

Unbeaten Grid Elevens Facing Hard Opponents

Stanford Vs. Washington, Syracuse Vs. Michigan State, Minnesota Vs. Indiana

IRISH FAVORED TO SINK NAVY

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Nov. 9.—Out at Palo Alto, two unbeaten teams, Stanford and Washington, will play tomorrow for the coast conference championship and the Rose Bowl bid. Up at Syracuse, two more, Syracuse and Michigan State, will go at it with more than a possibility that greater things than sectional prestige are at stake. Down in the southwest, it will be Rice and Akransas, a brawl that is typical of that violent section.

The east, meantime, has little to offer and considerably less to do, the same being reasonably true of the mid-west, although there seems to be no tse-tse flies on that Chicago-Ohio State thing at Columbus nor on the Navy-Notre Dame meeting at Cleveland. However, in rebuttal, I'll mention Michigan, which has scored two touchdowns all season, versus Wisconsin, which hasn't scored in the last three games.

Probably I'm wrong again, but this looks like the immovable force and the resistible body.

Irish Favored

Nevertheless, it's to be the usual Saturday in college football, except maybe for Washington, Syracuse, the Navy and Tulane. They haven't been beaten before. But it's my impression that this condition is about to be altered. In other words, Stanford figures against Washington, particularly at Palo Alto and in view of the fact that the Notre Dame system seems to be losing its authority. Maybe that's why I'm picking Notre Dame over the Navy. Maybe I just have dandruff. Anyhow, it's fast becoming a question of who is going to give up on Notre Dame first, me or Notre Dame.

Tulane? I think it's due to blow one to Colgate, the best game in the east, what with Pittsburgh, probably the best team in the east, headed for Lincoln. Tulane has had 30 points scored against it by Florida, Georgia and Georgia Tech; therefore, it ought to yield more than one touchdown to a team that has scored 121 points in four games. I suspect that more than one will be too many.

Likes Pitt

Syracuse? Well, in the first place, it's not supposed to be physically ready for Michigan State and all I wish to state in this connection is that the team that isn't physically ready for Michigan State is liable to finish up somewhere in the shrubbery. Actually, they figure so close you could shave them with the same razor.

So do Pitt and Nebraska at Lincoln but I'll take Pitt. The huskers have been pulling out too many close ones and I think they're about due to miss.

Minnesota-Indiana

Others of the unbeaten flight are going to bat tomorrow but the pitching looks pretty weak. You have to take Minnesota against Indiana, for instance, and Illinois against Northwestern; also Alabama against Clemson. By the way, did you ever notice how undependable this Alabama team is? That's funny; neither did we.

Princeton against Lehigh, I won't even go into—and after the first period, neither will Lehigh. Rice has picked up a live one in Arkansas and may not survive. I think it will. So will Temple against Carnegie Tech, although you never can tell. I've picked Temple to lose when it wins. Maybe it'll lose now. The world is full of unreasonable people.

Shenango-Union Battling Today

Shenango High and Union High football teams are battling today at Shenango High field in their annual county league engagement. The game got under way at 3 p. m. Both teams were primed for the contest this afternoon. Union Hi has not won a game this year and hoped to upset Shenango, while Shenango has had a fair season, and hoped to add Union to the list of victims.

It was the final game of the season for the Shenango High team coached by Eddie Raney. Union has one game yet, meeting Sandy Lake at Union High on Friday, November 16.

Two Junior Grid Games On Sunday

Two games will be played in the Junior football league Sunday afternoon. The games will start at 2:30 o'clock.

The Canaries will play at the West Side field, Lee avenue, with the West Side A. C. team. The Milton street team will remain idle Sunday. The Groton and Williams teams will play the Fall Track.

Westminster Squad Leaves

Will Play Waynesburg College Team On Saturday Afternoon

BLUE AND WHITE IN BEST OF SHAPE

(Special To The News)

NEW WILMINGTON, Pa., Nov. 9—A squad of 24 Westminster College football players left by bus early this afternoon for Washington, Pa., where the Titans will make their headquarters until tomorrow, when they meet the strong Waynesburg team at Waynesburg.

Coaches Bill and Tom Gilbane and Trainer Jack Hulme declared that all men were in the best of shape as the team left and that Waynesburg's conceded edge in tomorrow's battle may be overcome if the men play the ball of which they are capable.

The Gilbane brothers plan to start the same team which faced Grove City. This includes Arrowsmith, Sweeney, Laraway, and Staples in the backfield, and Austen, Watt, Burry, Young, Helmick, Straw and Franklin on the line.

Two complete teams and two extra backs composed the squad which the Titan mentors took on the trip.

DeCarbo Impresses Coach Elmer Layden

Mike DeCarbo, Former New Castle High Gridder, At Notre Dame

One of the outstanding Freshmen gridders at Notre Dame this year, is Mike DeCarbo, of East Lutton St., former New Castle high lineman.

DeCarbo who has been scrimmaging against the varsity eleven, has impressed Coach Elmer Layden, according to Peter P. Capitola, of East Leasure avenue. Mr. Capitola is in receipt of a letter in which the local sportsman learned that DeCarbo has been placed on what is known as the Pitt squad. The outstanding recruits on the squad make up this eleven.

Titan Basketball Stars Are On Floor

(Special To The News.)

NEW WILMINGTON, Pa., Nov. 9. — Basketball players have been called out at Westminster College, and Coach John D. Lawther plans three drills each week until the latter part of this month when the squad will drill each night. Included in the squad of 16 men now out are five lettermen from last year.

The first contest in the pre-season campaign will be a game with the strong Willig Club of McKeesport which will be played in the Sharon high school gymnasium on Friday evening, Nov. 30. This game will be for the benefit of the Mercer County Boy Scout council. The Willigs, victors over the best independent teams in the country, should give the Titans plenty of competition for the opener.

The first regular game is scheduled on the home floor on Monday, December 17, when Wittenberg College of Ohio, journeys here to oppose the Titans. An eastern trip, with three games carded in the New York city district, will be taken Dec. 28, 29, 31.

Among the veterans of last season who have reported are Wesley Bennett, Akron, O., center; Henry Hunneke, Baldwin, L. I., guard; John Wilhelm, Kittanning, guard; Peter Leyshock, Farrell, forward; and John Willits, Ford City, forward. Ray Sweeney, Youngstown, O., another forward, will report to the squad when football season is over. Only Captain Bill Douglass of last year's team was lost by graduation.

Last year the Titans won 22 games and lost four. In Tri-State Conference competition, the Lawthermen won 10 straight games to win the sixth championship in eight seasons. This year's schedule will probably include about 23 contests. Among these will be games with such strong teams as Geneva, Waynesburg, Pitt. Tech, City College of New York and St. Johns of Brooklyn.

In the pre-season benefit game at Sharon, Westminster will face such former college stars as Janosik and Currie of Waynesburg; Rice and Slijander of Westminster; Smith and Lawry of Pitt; Minnick of Duquesne, and Burke of Grove City. Other Willig stars are Crum and Kostolansky.

Crimson To Play Morris-Harvey In Final Home Game

Binder And Beres Will Play Final Game At Grove City Saturday Afternoon

GROVE CITY, Nov. 9.—Saturday's game with Morris-Harvey College will be the final appearance on a Grove City gridiron for the nine of the Crimson regulars. Graduation next June will take two guards, three ends, a center, two halfbacks and a fullback, all of who have earned their letters in varsity competition this season. Of nine, five have won letters in four years of play, making the varsity as freshmen.

Despite the fact that most of the varsity players are seniors, Coach Amos has put them through an intensive program this week, brushing upon fundamentals which they have had for four hard seasons. The Grover coach anticipates difficulty in defeating Morris-Harvey, and is determined that the squad will not be over-confident. The miserable blocking and tackling so evident in the Westminster game last week is showing improvement under a series of two-hour drills this week, in which all of the regulars were required to take part.

Bobby Gross, offensive star of 1933, who has been hampered by shoulder and ankle injuries this year, when he has played in only part of any game, may not start Saturday, and Coach Amos is uncertain about his tackles and ends. Hank Johns of Sharon has been showing so much stuff at end that he may get the starting call over Soich or Tomko, veterans of four years of varsity play, and several lads have been used at tackle during the week's preparation. Beres and Binder, veteran guards; Glasgow, center, and Smith and Orris backs, are certain to start, with Wilson and Waleski likely to be in the backfield.

ALLEGHENY TO PLAY GROVE CITY BOOTERS

The Allegheny College soccer team meets the Grove City booters at Grove City this Friday in the second game of a home agreement. In the previous meeting of the two teams which took place in Meadville the Grovers took a 2-1 decision in a nip and tuck game.

Coach Way expects that his team will be up for the coming game with most of the encouragement coming from a 2-0 win over the strong Slippery Rock team which had previously drubbed them 5-0. The Blue and Gold attack has acquired considerable polish in the last week and a half as a result of much time spent in passing and dribbling.

Sharon Has Big Powerful Team

Sharon High May Upset New Castle At Sharon Saturday Afternoon

KICKOFF TOMORROW WILL BE AT 2:30

It would not be surprising to see New Castle high school "Red Hurricane" football team run into storm signals and a mighty powerful Sharon high team Saturday afternoon at the newly completed Sharon High Stadium. The battle will start at 2:30 o'clock.

Sharon has been bowling over some tough opponents, as to-wit, Oil City high's unbeaten and untied eleven last week felt the wrath of the Stewart coached combination to the tune of 21 to 6.

Sharon high would like nothing better than to take the measure of the Lawrence Countians. The last time that Sharon defeated New Castle was on the Old Carnegie Steel Mill field with Dick Booth the Sharon fullback and later All-American at Pitt, the big gun. It has been about 15 years since that game Sharon has had to wait a long time. They may realize their ambition tomorrow afternoon ere the sun has gone down in the dear old west.

New Castle Crippled

New Castle is taking a badly crippled team to Sharon with Charles "Man o' War" Fleming nursing a charley-horse. Captain Walter Raskowski is none too good this week after the bruising New Ken high game last week, neither is Leroy "Lightning" Cox, the colored halfback, or Eddie Donegan, the speed merchant from George Washington Junior high. Wilbur Stiritz, the sensational young left end, who was kicked in the head last week, may not start the Sharon game.

Coach Phil Bridenbaugh has had to make many replacements this week.

There are no reserved seats at the Sharon high field, and first come first served is the manner of things, so better get there early. The admission in case you don't know, is 40 cents per adult. The students will be admitted for a quarter. By taking the West Middlesex road through to the Mercer-Sharon road at Hickory Corners and turning left you can't miss the Sharon high school and stadium.

Japanese Fans Yell With Joy As Ruth Homers

(International News Service)

SENDAI, Japan, Nov. 9.—Forty thousand freezing spectators roared with enthusiasm when Babe Ruth knocked out his first home run of his Japanese tour today, and then the crowd went stark, screaming mad with joy when he hit another homer in the same game.

Never before in his long career that ended this season had Ruth seen a demonstration like the Sendai fans produced when the Babe obliged with the home runs that Tokyo and Hakodate had yelled for in vain.

The Americans won, 7 to 0, in a game that, to the Japanese, was the best yet played here. They had enough home runs to talk about for the rest of their lives. Besides Ruth's two, Jimmy Foxx, Charley Gehringer and Bing Miller each smashed homers.

Tragedy Overtakes Football Team On Way To Do Battle

Co-Captain And Assistant Coach Of North Dakota Teachers College, Killed

(International News Service)

CARRINGTON, N. D., Nov. 9.—A tragedy of the highways left the Minot Teachers' college football team riddled with death and injuries today.

The bus carrying the squad to Valley City, N. D., to play the Valley City Teachers skidded off the snow-covered road on a curve near Heaton late yesterday, killing two persons and injuring 22 others.

Allan Aufforth, co-captain of the team, and Ora Marean, assistant coach, were killed in the crash.

Here And There In Sports' Land

Scenes from yesteryear's sport events were presented last night by Bob Latera when he had Johnny Kilbane and Jimmy Dunn bring here motion pictures of several titular fights. Among the films witnessed were the Attel-Kilbane 20 round fight in which Kilbane won the championship at 122 pounds and the Frush-Kilbane battle which ended in Kilbane knocking the Englishman out in the seventh round. The first fight occurred about 22 years ago and the latter in 1921. Pictures showing the different styles of Kilbane, Benny Leonard and Kid McCoy, the latter two lightweight champion and middleweight champion respectively, years ago were also shown after which came the Carnera-Sharkey pictures. The Kilbane who won the featherweight title from Abe Attel was 100 percent better than when he dropped Frush. Kilbane's style was far different from that of Leonard while McCoy's was different from either.

Lawrence County Baseball league officials have set a date for the Baseball players banquet. It will be held November 22. The place will be designated by President Alec Samuels within the next day or two.

Trapshooting will be held at the New Castle fair grounds Saturday afternoon. The Lawrence County Sportsmen's association was donated ground free for the range and they built the range. Anyone who likes trapshooting is invited to shoot.

Oran Marean, Minot assistant coach and Allan Aufforth, Kenmare, (N. D.) captain of the Minot Teachers' College team were killed and six others injured when their bus overturned near Haton, N. D.

Jack Dempsey will referee the Jim Londos-Vic Christie wrestling match next Thursday night at Pittsburgh. Londos is the heavyweight champ and Jack wore the heavyweight boxing title until Gene Tunney beat him at Philadelphia.

A four run first inning rally climaxed by Earl Averill's homer, gave the United States invaders a 5-2 baseball victory over the Nippon All stars at Hakodate, Japan, yesterday. Babe Ruth singled once, walked once and flied out twice. Aoshiba and Kuji pitched for the Japs and Inokawa caught. Gomes, Foxx and Hayes was the battery for the invaders.

Unbeaten Grid Elevens Facing Hard Opponents

Stanford Vs. Washington, Syracuse Vs. Michigan State, Minnesota Vs. Indiana

IRISH FAVORED TO SINK NAVY

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Nov. 9.—Out at Palo Alto, two unbeaten teams, Stanford and Washington, will play tomorrow for the coast conference championship and the Rose Bowl bid. Up at Syracuse, two more, Syracuse and Michigan State, will go at it with more than a possibility that greater things than sectional prestige are at stake. Down in the southwest, it will be Rice and Akransas, a brawl that is typical of that violent section.

The east, meantime, has little to offer and considerably less to do, the same being reasonably true of the mid-west, although there seems to be no tse-tse flies on that Chicago-Ohio State thing at Columbus nor on the Navy-Notre Dame meeting at Cleveland. However, in rebuttal, I'll mention Michigan, which has scored two touchdovns all season, versus Wisconsin, which hasn't scored in the last three games.

Probably I'm wrong again, but this looks like the immovable force and the resistible body.

Irish Favored

Nevertheless, it's to be the usual Saturday in college football, except maybe for Washington, Syracuse, the Navy and Tulane. They haven't been beaten before. But it's my impression that this condition is about to be altered. In other words, Stanford figures against Washington, particularly at Palo Alto and in view of the fact that the Notre Dame system seems to be losing its authority. Maybe that's why I'm picking Notre Dame over the Navy. Maybe I just have dandruff. Anyhow, it's fast becoming a question of who is going to give up on Notre Dame first, me or Notre Dame.

Tulane? I think it's due to blow one to Colgate, the best game in the east, what with Pittsburgh, probably the best team in the east, headed for Lincoln. Tulane has had 30 points scored against it by Florida, Georgia and Georgia Tech; therefore, it ought to yield more than one touchdown to a team that has scored 121 points in four games. I suspect that more than one will be too many.

Likes Pitt

Syracuse? Well, in the first place, it's not supposed to be physically ready for Michigan State and all I wish to state in this connection is that the team that isn't physically ready for Michigan State is liable to finish up somewhere in the shrubbery. Actually, they figure so close you could shave them with the same razor.

So do Pitt and Nebraska at Lincoln but I'll take Pitt. The huskers have been pulling out too many close ones and I think they're about due to miss.

Minnesota-Indiana

Others of the unbeaten flight are going to bat tomorrow but the pitching looks pretty weak. You have to take Minnesota against Indiana, for instance, and Illinois against Northwestern; also Alabama against Clemson. By the way, did you ever notice how undependable this Alabama team is? That's funny; neither did we.

Princeton against Lehigh, I won't even go into—and, after the first period, neither will Lehigh. Rice has picked up a live one in Arkansas and may not survive. I think it will. So will Temple against Carnegie Tech, although you never can tell. I've picked Temple to lose when it wins. Maybe it'll lose now. The world is full of unreasonable people.

Shenango-Union Battling Today

Shenango High and Union High football teams are battling today at Shenango High field in their annual county league engagement. The game got under way at 3 p. m. Both teams were primed for the contest this afternoon. Union Hi has not won a game this year and hoped to upset Shenango, while Shenango has had a fair season, and hoped to add Union to the list of victims.

It was the final game of the season for the Shenango High team coached by Eddie Raney. Union has one game yet, meeting Sandy Lake at Union High on Friday, November 16.

Two Junior Grid Games On Sunday

Two games will be played in the Junior football league Sunday afternoon. The games will start at 2:30 o'clock.

The Canaries will play at the West Side field, Lee avenue, with the West Side A. C. team. The Milton street team will remain idle Sunday. The Croton and Williams teams will play the Fall Track.

Westminster Squad Leaves

Will Play Waynesburg College Team On Saturday Afternoon

BLUE AND WHITE IN BEST OF SHAPE

(Special To The News)

NEW WILMINGTON, Pa., Nov. 9—A squad of 24 Westminster College football players left by bus early this afternoon for Washington, Pa. where the Titans will make their headquarters until tomorrow, when they meet the strong Waynesburg team at Waynesburg.

Coaches Bill and Tom Gilbane and Trainer Jack Hulme declared that all men were in the best of shape as the team left and that Waynesburg's conceded edge in tomorrow's battle may be overcome if the men play the ball of which they are capable.

The Gilbane brothers plan to start the same team which faced Grove City. This includes Arrowsmith, Sweeney, Laraway, and Staples in the backfield, and Austen, Watt, Burry, Young, Helmick, Straw and Franklin on the line.

Two complete teams and two extra backs composed the squad which the Titan mentors took on the trip

DeCarbo Impresses Coach Elmer Layden

Mike DeCarbo, Former New Castle High Gridder, At Notre Dame

One of the outstanding Freshmen gridders at Notre Dame this year, is Mike DeCarbo, of East Lutton St., former New Castle high lineman.

DeCarbo who has been scrimmaging against the varsity eleven, has impressed Coach Elmer Layden, according to Peter P. Capitola, of East Leasure avenue. Mr. Capitola is in receipt of a letter in which the local sportsman learned that DeCarbo has been placed on what is known as the Pitt squad. The outstanding recruits on the squad make up this eleven.

Titan Basketball Stars Are On Floor

(Special To The News.)

NEW WILMINGTON, Pa., Nov. 9. — Basketball players have been called out at Westminster College, and Coach John D. Lawther plans three drills each week until the latter part of this month when the squad will drill each night. Included in the squad of 16 men now out are five lettermen from last year.

The first contest in the pre-season campaign will be a game with the strong Willig Club of McKeesport which will be played in the Sharon high school gymnasium on Friday evening, Nov. 30. This game will be for the benefit of the Mercer County Boy Scout council. The Willigs, victors over the best independent teams in the country, should give the Titans plenty of competition for the opener.

The first regular game is scheduled on the home floor on Monday, December 17, when Wittenberg College of Ohio, journeys here to oppose the Titans. An eastern trip, with three games carded in the New York city district, will be taken Dec. 28, 29, 31.

Among the veterans of last season who have reported are Wesley Bennett, Akron, O., center; Henry Hunneke, Baldwin, L. I., guard; John Wilhelm, Kittanning, guard; Peter Leyshock, Farrell, forward; and John Willits, Ford City, forward. Ray Sweeney, Youngstown, O., another forward, will report to the squad when football season is over. Only Captain Bill Douglass of last year's team was lost by graduation.

Last year the Titans won 22 games and lost four. In Tri-State Conference competition, the Lawthermen won 10 straight games to win the sixth championship in eight seasons. This year's schedule will probably include about 23 contests. Among these will be games with such strong teams as Geneva, Waynesburg, Pitt, Tech, City College of New York and St. Johns of Brooklyn.

In the pre-season benefit game at Sharon, Westminster will face such former college stars as Janosik and Currie of Waynesburg; Rice and Siljander of Westminster; Smith and Lawry of Pitt; Minnick of Duquesne, and Burke of Grove City. Other Willig stars are Crum and Kostolansky.

Crimson To Play Morris-Harvey In Final Home Game

Binder And Beres Will Play Final Game At Grove City Saturday Afternoon

GROVE CITY, Nov. 9.—Saturday's game with Morris-Harvey College will be the final appearance on a Grove City gridiron for the nine of the Crimson regulars. Graduation next June will take two guards, three ends, a center, two halfbacks and a fullback, all of who have earned their letters in varsity competition this season. Of nine, five have won letters in four years of play, making the varsity as freshmen.

Despite the fact that most of the varsity players are seniors, Coach Amos has put them through an intensive program this week, brushing upon fundamentals which they have had for four hard seasons. The Grover coach anticipates difficulty in defeating Morris-Harvey, and is determined that the squad will not be over-confident. The miserable blocking and tackling so evident in the Westminster game last week is showing improvement under a series of two-hour drills this week, in which all of the regulars were required to take part.

Bobby Gross, offensive star of 1933, who has been hampered by shoulder and ankle injuries this year, when he has played in only part of any game, may not start Saturday, and Coach Amos is uncertain about his tackles and ends. Hank Johns of Sharon has been showing so much stuff at end that he may get the starting call over Soich or Tomko, veterans of four years of varsity play, and several lads have been used at tackle during the week's preparation. Beres and Binder, veteran guards; Glasgow, center, and Smith and Orris backs, are certain to start, with Wilson and Waleski likely to be in the backfield.

ALLEGHENY TO PLAY GROVE CITY BOOTERS

The Allegheny College soccer team meets the Grove City booters at Grove City this Friday in the second game of a home agreement. In the previous meeting of the two teams which took place in Meadville the Grovers took a 2-1 decision in a nip and tuck game.

Coach Way expects that his team will be up for the coming game with most of the encouragement coming from a 2-0 win over the strong Slippery Rock team which had previously drubbed them 5-0. The Blue and Gold attack has acquired considerable polish in the last week and a half as a result of much time spent in passing and dribbling.

Selection Of Frick Pleases Sport Scribes

Frick May Do Much Toward Easing Tension Of Club Owners And Scribes

(International News Service)
By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Nov. 8.—The election of Ford Frick as president of the National League was seen today as a handshake between baseball and the press.

The boyish-appearing Frick—he won't be 40 until December 19—has promised close cooperation between himself as president of the league and his former co-workers, the sports writers of the country.

There have been times in the past when many a sports writer did not hesitate to sink a typewriter in a baseball skull. And there have been other occasions when the baseball people could cheerfully have crowned the sports writers with a bat.

Frick's election will go far toward erasing any friction and the friendly Frick may even have Bill Terry and the sports writers singing together over their steins. And that, my friends, will be an event worthy of the history books when and if it happens.

Still, I wouldn't gamble that Ford can't turn the trick. Like other famous Hoosiers before him—George Ade, James Whitcomb Riley, George Barr McCutcheon, Lew Wallace and Meredith Nicholson—Ford has a way of getting things done.

Tall, slender and dark, he has a friendly grin and a friendlier word for everybody.

Turned To Radio

In 1921 we find him on a paper in Colorado Springs and covering the Pueblo flood so well that he attracted the attention of Arthur Brisbane, No. 1 man of the newspaper world, who brought Ford to New York as a sports writer.

Ford took up sports broadcasting as a sideline and his friendly Hoosier voice at once made him a hit with the radio fans. Incidentally, between his writing and broadcasting, Ford's annual stipend climbed above the $50,000 a year mark, which wasn't considered chicken feed even before the depression.

AGAINST LIQUOR SALES

MERCER, Pa., Nov. 9—Voting on whether liquor licenses should be issued, a large majority voiced an emphatic "No" in the referendum conducted in 22 districts.

Among those reported today as voting in favor of issuing licenses were Sandy Lake borough, French Creek, Fairview, West Jefferson and Pine Townships.

In Poison Mystery

Possibility that a modern Borgia poisoned five children of a Fairport N. Y., family, is being investigated by police. Florence Corkish, 7 (above), her brother Frankie, 3 (below), their sister and two brothers, were found stricken when their parents returned from a shopping trip. Florence died. The others will recover.

Pitt Favored Over Nebraska

Temple Picked To Upset Tech, Westminster Plays At Waynesburg Saturday

W. & J. WILL PLAY BUCKNELL

By WARREN "FATS" HELLER
All-American Halfback In 1932.
(Copyright, 1934, By International News Service)

PITTSBURGH, Nov. 9.—Saturday lifts the curtain on the seventh performance of the most bewildering season of football in Pennsylvania's history.

There aren't many games this week-end that would make a prognosticator's life a bed of roses either. Looking over the various schedules, I can pick out only a few in which the winners are in any way near certain.

Pitt Favored.

What's more, there are plenty of tough ones. Right on top of this list is Pitt's game with Nebraska. Pitt has gone to Lincoln four or five times. Each time they took very good teams and all they could score was a seven-point win once. Regardless of this mournful background for the contest, I think Pitt should take them, although it will be a close battle.

Albright is well prepared for their fight with Lasalle but I think their preparations will be in vain. Washington and Jefferson looks good over Bucknell, although the Presidents took a licking last week and Bucknell came through with a close victory. Those boys at Little Washington will come out with fire in their eyes.

Temple Vs. Tech.

Coach Howard Harpster takes his Carnegie Tech charges to Philadelphia where they battle "Pop" Warner's Temple squad. It looks this year as though "Pop" will take the ball back that Harpster brought to Pittsburgh a year ago. Pennsylvania Military college's Gunners are bound for Atlantic City this week where they will shoot down the all-but-defenseless Delaware team.

Drexel showed unexpected power in holding the powerful Ursinus squad to a tie last week and should administer a defeat to Susquehanna when they meet at Philadelphia.

Duquesne deserts the Mazdas this Saturday to come out into the rays of an autumnal sun for the first time this season when they meet Oklahoma A. & M. The Dukes have been getting better as the season progresses and now, holding top-scoring honors in the country, will be too strong for the Aggies.

Gettysburg has invited the Dickinson team over to see their battlefield. I am picking the Gettysburg eleven to best the lads from Carlisle. Franklin and Marshall has a breather in Moravian at Lancaster, and Haverford should be defeated by Hamilton when the scarlet and black take to the road to journey to Clinton, N. Y.

Lafayette-Rutgers.

Salem should lose to St. Vincent on Monday when the two squads clash at Greensburg in a post Armistice Day contest. Waynesburg looks as though they have regained its stride and should be able to take their contest away from Westminster. However, it will be close.

Lafayette has a very good team this year. They meet another very good squad in Rutgers at New Brunswick, N. J. It will be a close match with Rutgers taking the ball when the final whistle blows. Lebanon Valley, after letting Juniata tie them, will come back into the wars this week to dish out a close win over St. Josephs at Lebanon.

Lehigh will travel into New Jersey to be defeated when they meet Princeton. Ursinus slipped a little when they let Drexel tie them but I think they will still have enough steam left to jump the hurdle placed in their path by Muhlenberg this week-end.

Penn State's eleven has taken two lickings in a row. They will have blood in their eyes and be thirsting for revenge when they meet Pennsylvania at Philadelphia. They should give the latter squad a beating. St. Thomas is another team that will put mileage beneath them this week, traveling to Springfield where they should give the home squad a beating.

Geneva, a team that pulls victories seemingly out of the magician's hat, meets Bethany on the latter's home gridiron. If its eleven plays the brand of ball of which they are capable, the Genevans should return home as the conquerors. Grove City should likewise have an easy time defeating the Morris Harvey squad which will visit in Mercer county, while Thiel should give Allegheny a trouncing at Greenville. Lock Haven travels to Clarion where their taste of victory will be sweet.

Croton-Ryantown Will Play Sunday

Croton A. C. football team will play the strong Ryantown team in a game at the George Washington Junior High field at 2:30 o'clock on Friday afternoon, it was announced by "Lundy" Aven today.

There is quite a galaxy of stars on the Croton team, all of them old timers and veterans at the game, including—Coach "Hop" Colaluca, Jimmie Yargo, Mick, George "Cagle" Kneram, Bob Kneram, Bill Grimmes, Louis Malls, Fuzzy Seward, Lemer, Nick Cavaller and "Hib" Reynolds. This is expected to be one of the best games of the year. All of the Crotons are asked to meet Friday night at the school grounds at 7 o'clock.

TO CLOSE MONDAY

The New Castle free public library and all its branches will be closed on Monday in observance of Armistice Day. Although the Armistice anniversary falls on Sunday, it is being celebrated on Monday.

New Brighton Hi Here On Saturday

Great Battle Looms As Rejuvenated Ellwood High Team Plays Roarkmen

BENEDICT UNSETTLED ON STARTING LINEUP

ELLWOOD CITY, Nov. 9—A real football game at Lincoln field on Saturday afternoon is the dish for local fans, when a rejuvenated Ellwood City High eleven endeavors to atone for its miserable showing of last week, when they meet a greatly improved New Brighton high team.

Has Three Veterans

To compare the two teams seems difficult. One week they will make a poor showing and the following Saturday they will rise to great heights and nearly create an upset. Their rise and fall has been similar in many respects. Butler, which was held scoreless by Ellwood obtained a 12-0 verdict over New Brighton. The following week the latter nearly created an upset as W. P. I. A. L. champions Ambridge High eked out a 60-0 victory. The victors were outplayed in this game and were fortunate to have the score. The Crimson started the season with a 13-0 victory over the Alumni, then lost to Butler and Ambridge, and then won three games in a row with victories over Bessemer 19-0, Rochester 19-0 and Beaver 28-0. New Brighton also played Midland to scoreless tie.

Coach Roark has built his 1934 machine around three veterans. Teddy Mujwit, star end, who has been converted into a dangerous backfield man, Steve Radatovich tackle, and Mike Hornick fullback. Laposki, halfback and Martin quarterback, round out the backfield. The line has Armstrong and McCutcheon at the ends, Tanner and Radatovich at the tackles, Craig and Kalcevic at the guards and Mentz at the pivot position.

Fight For Positions

The Ellwood teams has been the object of severe criticism and ridicule by the local sports fans, which has raised their ire to a pitch that bodes no good for somebody. A talk by Coach Benedict on Monday following the Aliquippa game added further fire to this. The locals are primed for New Brighton and are anxious to get in action and redeem themselves. There has been quite a battle on this week in the workouts for starting positions. There seems to be a revival of the confidence, spirit, and zip, that marked the early play of the Tubers. The only certain starters are Red Rocco stalwart right tackle who has been a Gibraltar of defense, and Jack Steckman, right guard. Dodds and Hughes have again been getting the nod over Jeannetta and Bettoni at the terminals, although the latter have showed a return to old form. Markus has been pressed at his left tackle position by Flannagan. Frisk and Pishioneri have had a merry battle on for the left guard post. Kraynak seems to have nosed out Pratt for the starting snapper-back position this week.

In the backfield Bill Young has been able to retain his place at left half. Alex Robuck has flashed some of his old form and has been getting the call over Luxenberg for the signal barking post. Chet Bognosky has again hit his stride and seems to have won back his position from Dario Ottavanio. Dom Mazzano has continued to improve at the fullback post and seems to have won it permanently away from Tony Scopelite, who has been in a slump of late. August Metz, substitute left half back in view of his showing of last week, is expected to see plenty of action. Metz is a hard driving runner.

Local fans are hoping that the Tubers get out of their slump and play the type of football they are really capable of.

Probable line-up:

Ellwood		New Brighton
Jeannette	L E	McCutcheon
Markus	L T	Radatovitch
Pishioneri	L G	Craig
Kraynak	C	Mentz
Steckman	R G	Kalcevic

Streets Will Be Decorated For Christmas Season

City To Place Streamer Lights In Principal Streets For Holidays

ELLWOOD CITY, Nov. 9.—Principal streets in Ellwood City will be beautifully decorated for the Christmas holidays according to an action taken by the borough council at its regular meeting in the City building last night.

As a result of a recommendation of the electric light committee, council voted to place streamer lights on Lawrence avenue from fourth to eighth street and on Fifth street between Spring and Crescent avenue. This will be from December 14 to January 2.

The committee announced that it granted a request for a street light on Madison avenue extension, and turned down requests on the New Castle road and Circle Way.

400 Club To Have Dance This Evening

Senior Class Of High School Having Independent Function At Country Club

ELLWOOD CITY, Nov. 9.—The 400 Club of this city, which in reality is the Senior class of the local high school, is holding a dance and entertainment at the Ellwood City Country Club for the members of the class and their friends, this evening.

This is an independent function of the school and is being held without the sanction of school authorities, who insisted that the name of the school be not used. The class feeling that they could hold a creditable school event of their own, decided to do so at the Country Club.

The place has been decorated and elaborate arrangements have been completed for the affair. A good orchestra has been secured and a floor show planned. A number of committees have taken care of all the details to insure the success of the affair. Many friends, remembering the success of a similar event last year, will be present, on this occasion.

Friendship Class At Gillespie Home

ELLWOOD CITY, Nov. 9.—Misses Ruthanna and Barbara Gillespie proved to be charming hostesses last evening when they entertained members of the Friendship class of the Providence Baptist church at their home on the New Brighton road last evening. Seventeen members and three guests, Nine and Ethel Mains and Elwin Hazen, participated.

The devotional and business periods were conducted by Miss Mabel Koach. A period of games and contests followed with prizes being awarded Mabel Koach, Scotty Stevenson, Lewis Slavich, Bobby Nye and Harry Sommers.

Mrs. Gillespie assisted by her daughters, served a dainty luncheon and adjournment was taken to meet again the second Friday of December.

Missionary Group At Brellock Home

ELLWOOD CITY, Nov. 9.—With pleasing hospitality Mrs. Edward Brellock received members of the Women's Missionary society of the Providence Baptist church of North Sewickley at her home on the Beaver Falls road yesterday. Fourteen members and three guests, Mrs. John Baxter, Mrs. George Rader and Mrs. Merle Stewart, participated.

The day was devoted to sewing and quilting and the completion of white cross work. At noon the group partook of a tempting luncheon.

A brief business and devotional meeting was held and adjournment taken to meet again on Thursday, December 13, at the home of Mrs. Eugene Weisz of the New Brighton road.

Mrs. Lloyd Badger Entertains Group

ELLWOOD CITY, Nov. 9.—Members of the N. O. N. club were entertained in a pleasing manner last evening when they gathered at the home of Mrs. Lloyd Badger of Hazel avenue for the regular meeting. Mrs. Edward Butler was a special guest.

Two tables of 500 were in play during the evening and prizes went to Mrs. Clarence Druschel for high score and Mrs. Elmer McMunn for low score. The hostess served a delectable collation.

The group will be entertained again in two weeks at the home of Mrs. Clarence Druschel of Hazel avenue.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Jesse Weingartner announce the birth of a daughter at their home on the Ellwood-New Castle road Thursday morning.

Regular Meeting Held By Council

Routine Matters Transacted At Monthly Meeting In City Building Thursday

ELLWOOD CITY, Nov. 9.—An ordinance extending Madison avenue in Ewing Park was passed on first reading last night at the regular monthly meeting of the Ellwood City Borough Council in the city building on Sixth street.

Former tax collector, E. B. Moyer reported a collection of $728.08 in 1932 taxes for October. Former tax collector, Mervin Cunningham reported a collection of $1,187.69 in 1933 taxes in October. Tax Collector T. A. E. McConahy reported a collection of $776.77. Upon recommendation of the finance committee Council accepted the exoneration list of Mr. Cunningham for 1932 personal taxes to the amount of $283.61.

There were two fires in the city the past month for which their services firemen received $44. The monthly report of the police department showed that there were seven arrests, of which one was discharged and 5 forfeited. Total fines and forfeits were $63.75.

There were two cases of scarlet fever, one of tuberculosis, and one of measles, reported in the city the past month.

The fire and water committee reported that repairs to the fire building will be completed in about two weeks, and also painting of the fire trucks is about through.

Secretary E. B. Moyer announced that bids for the sale of borough property on the corner of Second street and Pittsburgh Circle, and Second street and Crescent avenue have again been advertised for, and that the bids are scheduled to be opened on Nov. 15. The matter will be taken care of by the Rules and Regulations Committee, which will report back to council.

The request of the Jesse L. Babcock Auxiliary of the Spanish-American War Veterans, and the Sons of Union Veterans Auxiliary for use of the fire building as a meeting place in the near future, was referred to the Fire and Water and Rules and Regulations committees.

Council again took up a discussion of the parking problem here upon the suggestion of J. E. Powell. There seemed to be a tendency to favor the angular parking. It was resolved to try it out again on Lawrence avenue between Fourth and Fifth streets. The angle will not be made so abrupt this time.

The recommendation of the special committee for the RWD program for council to sponsor a campaign to advertise it, and pay for phone and office equipment. The purpose of this office will be to interest people in the National Housing drive. At this time Burgess Judd C. Turner announced that those interested in this can be further enlightened at a meeting at The Cathedral, New Castle, on Nov. 19. Chas. Edison, will be the principal speaker.

A communication from Attorney M. J. Kraus of this city, asking for an amicable settlement for injuries suffered by Mrs. J. L. Caplan on an alleged defective sidewalk on Seventh street and Lawrence avenue, was referred to the borough solicitor and street committee for an investigation and report.

Past Matrons Club Gathers Thursday

Home Of Mrs. J. G. Ferguson On Fourth Street Is Scene Of Interesting Meeting

ELLWOOD CITY, Nov. 9.—Past Matrons club of the O. E. S. held an interesting meeting Thursday afternoon at the home of Mrs. J. G. Ferguson on Fourth street.

After a delicious dinner at which covers were laid for nine at one table, the day was spent in sewing and fancy work. The next meeting will be held on Dec 13 at the home of Mrs. George Fordyce on Third street.

Mary Rugh Group At Stewart Home

ELLWOOD CITY, Nov. 9.—Seventeen members of the Mary Rugh Missionary society of the Hickory Knell Church of God were pleasingly entertained on Wednesday when they gathered at the home of Mrs. Thomas Stewart of near North Sewickley for the regular meeting. Mrs. Adam McQuiston and Mrs Warren Hessler were special guests.

Quilting was the diversion of the day and at noon a delicious dinner was served by the hostess assisted by Mrs. Wilford White and Mrs. Jay McDonald.

Mrs. Cecil conducted the devotional meeting and Mrs. Frank Dunbar was in charge of the business meeting with plans being made for a number of future activities.

Next meeting will be held on Wednesday, December 5, at the home of Mrs. Jay McDonald of Riverview.

EVANGELISTIC MEETINGS

ELLWOOD CITY, Nov. 9.—Evangelistic meetings in the Knox Presbyterian church continue to grow in interest. Dr. Barr of Beaver Falls, used for his text last evening, Jesus prayer that his disciples "be kept from the evil that is in the world." Dr. Barr will again bring the message this evening.

The meetings begin with an inspiring song service ably conducted by Joseph Ford at 7:45.

Tuberculine Test Is Given Pupils

Urge Parents To Have Children Follow Up With X-ray Test In Schools

ELLWOOD CITY, Nov. 9.—Teachers and pupils whose parents signed consent slips have been given the Tuberculin Test by Dr. Evans in the last two days in the Medical Room of the Lincoln Building.

This test will be given again in a few weeks giving parents an opportunity to get slips from the school nurse and consulting their family physician about any questions that may have arisen.

All those with a positive reaction to the test should have an X-Ray taken at once. Without the X-Ray, a conclusive diagnosis of the childhood type of Tuberculosis can rarely be made. Many children have the childhood type of Tuberculosis without manifesting any symptoms that can be ascribed to the disease, although they may have a progressive lession and the X-Ray is the only means of diagnosing. Either childhood or adult type of Tuberculosis may be found in overweight, average weight, or underweight children. Those in apparently good general condition may have a progressive form of disease.

All pupils with a positive reaction to the Tuberculin Test last year or now, should bring their dollar to the school nurse and arrange to have an X-Ray. This is our bargain sale and you are urged to attend. Don't put it off, come now. Any pupil who did not take the test, but wants to have an X-Ray taken may do so by bringing their dollar.

Grangers Have Regular Meeting

ELLWOOD CITY, Nov. 9.—Members of the Pleasant Hill grange assembled last evening at their hall on the Ellwood-Portersville road for the regular semi-monthly meeting with a majority of members participating.

The following program was enjoyed:

Song, "Dear Old Farm"—Grangers.
Reading—Howard Aiken.
Recitation—Phyllis Boots.
Reading—Mrs. John Boots.
Riddles—Mrs. Harry Boots.
Penny march.

Raymond Marshall of Pittsburgh and Paul and Marian Peffer of Jackson grange, and Lester and Faye Wagner of Ellwood were special guests.

The election of officers will take place at the next regular meeting to be held on Thursday, November 22.

Mrs. John Wilson Pleasing Hostess

ELLWOOD CITY, Nov. 9.— Mrs. John Wilson proved to be a charming hostess last evening when she opened her home on the Ellwood-New Castle road to members of the Happy Hour class of the Slippery Rock Presbyterian church who gathered for the regular meeting.

Thirty-eight members and one special guest, Mrs. Ella Hennon, participated.

Mrs. Robert Newton conducted the devotional period and Mrs. Joe Houk the business meeting. Plans were completed for the annual fathers and sons banquet to be held Friday evening, November. Sheriff Edward Pritchard has been secured as the principal speaker.

An amusing program of games and contests followed with prizes being awarded Mrs. Arthur Welman and Mrs. John Welman. The hostess assisted by Mrs. C. W. Price, Mrs. Jesse Harper and Mrs. Kenneth Brown served an appetizing repast.

White Elephant Party Thursday

ELLWOOD CITY, Nov. 9.—A "white elephant" party with Mrs. A. H. Fox as the auctioneer was a unique feature of the regular monthly meeting of the Women's Service club of Wurtemburg held last evening in their club room at Ellport. Twenty five members and two visitors, Mrs. O. W. Hooker and Mrs. Lucienda Duncan, attended.

During the business meeting plans were made to hold a bingo party on Monday evening, December 3, in their club room. A social period followed with a number of amusing games and prizes were awarded to Mesdames Robert Faleu, Clifford Vinroe and Homer Ford.

A seasonable luncheon was served by Mesdames Dale Lewis, Howard Wiley, Gertrude Reno and Stella Palm. Adjournment was taken to meet again on Thursday, December 15, when a Christmas party will be featured.

ASSOCIATION MEETING

ELLWOOD CITY, Nov. 9.—Members of the North Sewickley cemetery association will hold their yearly meeting at the cemetery tomorrow afternoon at 2 o'clock. An election of officers will take place at this meeting.

SUNSHINE CLASS

ELLWOOD CITY, Nov. 9.— This evening Mrs. Thomas Baird will entertain members of the Sunshine and Young Men's Bible classes of the North Sewickley Presbyterian church at her home at North Sewickley.

Shelby To Hold Another Fight Show Nov. 27

Matchmaker Joe Latiano Plans To Match Leo Sweeney With Joey Evans

ELLWOOD CITY, Nov. 9.—Announcement was made today that another amateur fight show will be held at the Shelby auditorium on Tuesday, Nov. 27. This will be the last until early next spring.

Matchmaker Joe Latiano has begun to line up an excellent card. He plans to have Leo Sweeney, Pittsburgh, A. A. U. lightweight champion, fight Joey Evans of Ellport, Western Pennsylvania featherweight champion, in the main bout. If the bout is arranged Sweeney will have to come down a number of pounds. Seven other good bouts will be arranged.

School Board Holds Meeting

Repair Work Authorized At Monthly Meeting; Township Gives Indebtedness Certificate

ELLWOOD CITY, Nov. 9.—No action was taken on a number of exoneration lists presented at the monthly meeting of the Ellwood City School board in their rooms of the Lincoln school, last night. Vice-president H. M. Cresswell presided in the absence of President H. W. Smith.

The contract for fireproofing the boiler room in the West End school was awarded to D. K. Cole of this city. His was lowest of four bidders. The board also approved the purchase of a gate for the west end of the stage for the auditorium. It was decided that there will be some alterations made in the transformer house, because of the new wing added to the high school. A trough will also be installed, in the Lincoln school.

The board voted to accept a certificate of indebtness from the township districts in settlement of delinquent tuition at 5 per cent interest instead of six. The board also voted to pay a bill of Albert Dahl out of the general fund.

In his report Supt. Vaughn R. DeLong expressed dissatisfaction in the manner in which the Legion auxiliary play was run last week. He pointed out that children were permitted to roam all over the building. He also asserted that a number of rules were violated.

Supt. DeLong also told of the hearing examinations conducted in the school. This will be completed in January, as only the first eight grades and the Senior A class were examined. The audiometer had to be returned before the examinations could be completed. Proper courses are being taken in working with children with defective hearing. Local teachers were also examined. Parents of children received the reports of the examination.

He gave a short talk on the preparation of Ellwood City teachers and their rating in the state and with other districts.

Supt. DeLong stated that a number of RWD projects had been presented to proper officials in New Castle, and since this will take mostly skilled labor, they will have to wait a period until the common labor projects are completed. The projects submitted were mostly those that have not been previously completed.

Selection Of Frick Pleases Sport Scribes

Frick May Do Much Toward Easing Tension Of Club Owners And Scribes

(International News Service)
By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Nov. 8.—The election of Ford Frick as president of the National League was seen today as a handshake between baseball and the press.

The boyish-appearing Frick—he won't be 40 until December 19—has promised close cooperation between himself as president of the league and his former co-workers, the sports writers of the country.

There have been times in the past when many a sports writer did not hesitate to sink a typewriter in a baseball skull. And there have been other occasions when the baseball people could cheerfully have crowned the sports writers with a bat.

Frick's election will go far toward erasing any friction and the friendly Frick may even have Bill Terry and the sports writers singing together over their steins. And that, my friends, will be an event worthy of the history books when and if it happens.

Still, I wouldn't gamble that Ford can't turn the trick. Like other famous Hoosiers before him—George Ade, James Whitcomb Riley, George Barr McCutcheon, Lew Wallace and Meredith Nicholson—Ford has a way of getting things done.

Tall, slender and dark, he has a friendly grin and a friendlier word for everybody.

Turned To Radio

In 1921 we find him on a paper in Colorado Springs and covering the Pueblo flood so well that he attracted the attention of Arthur Brisbane, No. 1 man of the newspaper world, who brought Ford to New York as a sports writer.

Ford took up sports broadcasting as a sideline and his friendly Hoosier voice at once made him a hit with the radio fans. Incidentally, between his writing and broadcasting, Ford's annual stipend climbed above the $50,000 a year mark, which wasn't considered chicken feed even before the depression.

AGAINST LIQUOR SALES

MERCER, Pa., Nov. 9—Voting on whether liquor licenses should be issued, a large majority voiced an emphatic "No" in the referendum conducted in 22 districts.

Among those reported today as voting in favor of issuing licenses were Sandy Lake borough, French Creek, Fairview, West Jefferson and Pine Townships.

In Poison Mystery

Possibility that a modern Borgia poisoned five children of a Fairport, N. Y., family, is being investigated by police. Florence Corkish, 7 (above), her brother Frankie, 8 (below), their sister and two brothers, were found stricken when their parents returned from a shopping trip. Florence died. The others will recover.

Pitt Favored Over Nebraska

Temple Picked To Upset Tech, Westminster Plays At Waynesburg Saturday

W. & J. WILL PLAY BUCKNELL

By WARREN "FATS" HELLER
All-American Halfback In 1932.
(Copyright, 1934, By International News Service)

PITTSBURGH, Nov. 9.—Saturday lifts the curtain on the seventh performance of the most bewildering season of football in Pennsylvania's history.

There aren't many games this week-end that would make a prognosticator's life a bed of roses either. Looking over the various schedules, I can pick out only a few in which the winners are in any way near certain.

Pitt Favored.

What's more, there are plenty of tough ones. Right on top of this list is Pitt's game with Nebraska. Pitt has gone to Lincoln four or five times. Each time they took very good teams and all they could score was a seven-point win once. Regardless of this mournful background for the contest, I think Pitt should take them, although it will be a close battle.

Albright is well prepared for their fight with Lasalle but I think their preparations will be in vain. Washington and Jefferson looks good over Bucknell, although the Presidents took a licking last week and Bucknell came through with a close victory. Those boys at Little Washington will come out with fire in their eyes.

Temple Vs. Tech.

Coach Howard Harpster takes his Carnegie Tech charges to Philadelphia where they battle "Pop" Warner's Temple squad. It looks this year as though "Pop" will take the ball back that Harpster brought to Pittsburgh a year ago. Pennsylvania Military college's Gunners are bound for Atlantic City this week where they will shoot down the all-but-defenseless Delaware team.

Drexel showed unexpected power in holding the powerful Ursinus squad to a tie last week and should administer a defeat to Susquehanna when they meet at Philadelphia.

Duquesne deserts the Mazdas this Saturday to come out into the rays of an autumnal sun for the first time this season when they meet Oklahoma A. & M. The Dukes have been getting better as the season progresses and now, holding top-scoring honors in the country, will be too strong for the Aggies.

Gettysburg has invited the Dickinson team over to see their battlefield. I am picking the Gettysburg eleven to best the lads from Carlisle. Franklin and Marshall has a breather in Moravian at Lancaster, and Haverford should be defeated by Hamilton when the scarlet and black take to the road to journey to Clinton, N. Y.

Lafayette-Rutgers.

Salem should lose to St. Vincent on Monday when the two squads clash at Greensburg in a post Armistice Day contest. Waynesburg looks as though they have regained its stride and should be able to take their contest away from Westminster. However, it will be close.

Lafayette has a very good team this year. They meet another very good squad in Rutgers at New Brunswick, N. J. It will be a close match with Rutgers taking the ball when the final whistle blows. Lebanon Valley, after letting Juniata tie them, will come back into the wars this week to dish out a close win over St. Josephs at Lebanon.

Lehigh will travel into New Jersey to be defeated when they meet Princeton. Ursinus slipped a little when they let Drexel tie them but I think they will still have enough steam left to jump the hurdle placed in their path by Muhlenberg this week-end.

Penn State's eleven has taken two lickings in a row. They will have blood in their eyes and be thirsting for revenge when they meet Pennsylvania at Philadelphia. They should give the latter squad a beating. St. Thomas is another team that will put mileage beneath them this week, traveling to Springfield where they should give the home squad a beating.

Geneva, a team that pulls victories seemingly out of the magician's hat, meets Bethany on the latter's home gridiron. If its eleven plays the brand of ball of which they are capable, the Genevans should return home as the conquerors. Grove City should likewise have an easy time defeating the Morris Harvey squad which will visit in Mercer county, while Thiel should give Allegheny a trouncing at Greenville. Lock Haven travels to Clarion where their taste of victory will be sweet.

Croton-Ryantown Will Play Sunday

Croton A. C. football team will play the strong Ryantown team in a game at the George Washington Junior High field at 2:30 o'clock on Friday afternoon, it was announced by "Lundy" Aven today.

There is quite a galaxy of stars on the Croton team, all of them old timers and veterans at the game, including—Coach "Hop" Colaluca, Jimmie Yargo, Mick, George "Cagle" Kneram, Bob Kneram, Bill Grimmes, Louis Malls, Fuzzy Seward, Lemer, Nick Cavalier and "Hib" Reynolds. This is expected to be one of the best games of the year. All of the Crotons are asked to meet Friday night at the school grounds at 7 o'clock.

TO CLOSE MONDAY

The New Castle free public library and all its branches will be closed on Monday in observance of Armistice Day. Although the Armistice anniversary falls on Sunday, it is being celebrated on Monday.

New Brighton Hi Here On Saturday

Great Battle Looms As Rejuvenated Ellwood High Team Plays Roarkmen

BENEDICT UNSETTLED ON STARTING LINEUP

ELLWOOD CITY, Nov. 9—A real football game at Lincoln field on Saturday afternoon is the dish for local fans, when a rejuvenated Ellwood City High eleven endeavors to atone for its miserable showing of last week, when they meet a greatly improved New Brighton high team.

Has Three Veterans

To compare the two teams seems difficult. One week they will make a poor showing and the following Saturday they will rise to great heights and nearly create an upset. Their rise and fall has been similar in many respects. Butler, which was held scoreless by Ellwood obtained a 12-0 verdict over New Brighton. The following week the latter nearly created an upset as W. P. I. A. L. champions Ambridge High eked out a 60-0 victory. The victors were outplayed in this game and were fortunate to have the score. The Crimson started the season with a 13-0 victory over the Alumni, then lost to Butler and Ambridge, and then won three games in a row with victories over Bessemer 19-0, Rochester 19-0 and Beaver 28-0. New Brighton also played Midland to scoreless tie.

Coach Roark has built his 1934 machine around three veterans, Teddy Mujwit, star end, who has been converted into a dangerous backfield man, Steve Radatovich tackle, and Mike Hornick fullback. Laposki, halfback and Martin quarterback, round out the backfield. The line has Armstrong and McCutcheon at the ends, Tanner and Radatovich at the tackles, Craig and Kalcevic at the guards and Mentz at the pivot position.

Fight For Positions

The Ellwood teams has been the object of severe criticism and ridicule by the local sports fans, which has raised their ire to a pitch that bodes no good for somebody. A talk by Coach Benedict on Monday following the Aliquippa game added further fire to this. The locals are primed for New Brighton and are anxious to get in action and redeem themselves. There has been quite a battle on this week in the workouts for starting positions. There seems to be a revival of the confidence, spirit, and zip, that marked the early play of the Tubers. The only certain starters are Red Rocco stalwart right tackle who has been a Gilbraltar of defense, and Jack Steckman, right guard. Dodds and Hughes have again been getting the nod over Jeannette and Bettoni at the terminals, although the latter have showed a return to old form. Markus has been pressed at his left tackle position by Flannagan. Frisk and Pishioneri have had a merry battle on for the left guard post. Kraynak seems to have nosed out Pratt for the starting snapper-back position this week.

In the backfield Bill Young has been able to retain his place at left half. Alex Robuck has flashed some of his old form and has been getting the call over Luxenberg for the signal barking post. Chet Bognosky has again hit his stride and seems to have won back his position from Dario Ottavanio. Dom Mazzano has continued to improve at the fullback post and seems to have won it permanently away from Tony Scopelite, who has been in a slump of late. August Metz, substitute left half back in view of his showing of last week, is expected to see plenty of action. Metz is a hard driving runner.

Local fans are hoping that the Tubers get out of their slump and play the type of football they are really capable of.

Probable line-up:

Ellwood		New Brighton
Jeannette	L E	McCutcheon
Markus	L T	Radatovitch
Pishioneri	L G	Craig
Kraynak	C	Mentz
Steckman	R G	Kalcevic
Rocco	R T	Tanner
Bettoni	R E	Armstrong
Robuck	Q	Martin
W. Young	L H	Mujwit
Bognosky	R H	Laposki
Mazzano	F	Hornick

Streets Will Be Decorated For Christmas Season

City To Place Streamer Lights In Principal Streets For Holidays

ELLWOOD CITY, Nov. 9.—Principal streets in Ellwood City will be beautifully decorated for the Christmas holidays according to an action taken by the borough council at its regular meeting in the City building last night.

As a result of a recommendation of the electric light committee, council voted to place streamer lights on Lawrence avenue from fourth to eighth street and on Fifth street between Spring and Crescent avenue. This will be from December 14 to January 2.

The committee announced that it granted a request for a street light on Madison avenue extension, and turned down requests on the New Castle road and Circle Way.

400 Club To Have Dance This Evening

Senior Class Of High School Having Independent Function At Country Club

ELLWOOD CITY, Nov. 9.—The 400 Club of this city, which in reality is the Senior class of the local high school, is holding a dance and entertainment at the Ellwood City Country Club for the members of the class and their friends, this evening.

This is an independent function of the school and is being held without the sanction of school authorities, who insisted that the name of the school be not used. The class feeling that they could hold a creditable school event of their own, decided to do so at the Country Club.

The place has been decorated and elaborate arrangements have been completed for the affair. A good orchestra has been secured and a floor show planned. A number of committees have taken care of all the details to insure the success of the affair. Many friends, remembering the success of a similar event last year, will be present, on this occasion.

Friendship Class At Gillespie Home

ELLWOOD CITY, Nov. 9.—Misses Ruthanna and Barbara Gillespie proved to be charming hostesses last evening when they entertained members of the Friendship class of the Providence Baptist church at their home on the New Brighton road last evening. Seventeen members and three guests, Nine and Ethel Mains and Elwin Hazen, participated.

The devotional and business periods were conducted by Miss Mabel Koach. A period of games and contests followed with prizes being awarded Mabel Koach, Scotty Stevenson, Lewis Slavich, Bobby Nye and Harry Sommers.

Mrs. Gillespie assisted by her daughters, served a dainty luncheon and adjournment was taken to meet again the second Friday of December.

Missionary Group At Brellock Home

ELLWOOD CITY, Nov. 9.—With pleasing hospitality Mrs. Edward Brellock received members of the Women's Missionary society of the Providence Baptist church of North Sewickley at her home on the Beaver Falls road yesterday. Fourteen members and three guests, Mrs. John Baxter, Mrs. George Rader and Mrs. Merle Stewart, participated.

The day was devoted to sewing and quilting and the completion of white cross work. At noon the group partook of a tempting luncheon.

A brief business and devotional meeting was held and adjournment taken to meet again on Thursday, December 13, at the home of Mrs. Eugene Weisz of the New Brighton road.

Mrs. Lloyd Badger Entertains Group

ELLWOOD CITY, Nov. 9.—Members of the N. O. N. club were entertained in a pleasing manner last evening when they gathered at the home of Mrs. Lloyd Badger of Hazel avenue for the regular meeting. Mrs. Edward Butler was a special guest.

Two tables of 500 were in play during the evening and prizes went to Mrs. Clarence Druschel for high score and Mrs. Elmer McMunn for low score. The hostess served a delectable collation.

The group will be entertained again in two weeks at the home of Mrs. Clarence Druschel of Hazel avenue.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Jesse Weingartner announce the birth of a daughter at their home on the Ellwood-New Castle road Thursday morning.

Regular Meeting Held By Council

Routine Matters Transacted At Monthly Meeting In City Building Thursday

ELLWOOD CITY, Nov. 9.—An ordinance extending Madison avenue in Ewing Park was passed on first reading last night at the regular monthly meeting of the Ellwood City Borough Council in the city building on Sixth street.

Former tax collector, E. B. Moyer reported a collection of $728.08 in 1932 taxes for October. Former tax collector, Mervin Cunningham reported a collection of $1,187.69 in 1933 taxes in October. Tax Collector T. A. E. McConahy reported a collection of $776.77. Upon recommendation of the finance committee Council accepted the exoneration list of Mr. Cunningham for 1932 personal taxes to the amount of $283.61.

There were two fires in the city the past month for which their services firemen received $44. The monthly report of the police department showed that there were seven arrests, of which one was discharged and 5 forfeited. Total fines and forfeits were $63.75.

There were two cases of scarlet fever, one of tuberculosis, and one of measles, reported in the city the past month.

The fire and water committee reported that repairs to the fire building will be completed in about two weeks, and also painting of the fire trucks is about through.

Secretary E. B. Moyer announced that bids for the sale of borough property on the corner of Second street and Pittsburgh Circle, and Second street and Crescent avenue have again been advertised for, and that the bids are scheduled to be opened on Nov. 15. The matter will be taken care of by the Rules and Regulations Committee, which will report back to council.

The request of the Jesse L. Babcock Auxiliary of the Spanish-American War Veterans, and the Sons of Union Veterans Auxiliary for use of the fire building as a meeting place in the near future, was referred to the Fire and Water and Rules and Regulations committees.

Council again took up a discussion of the parking problem here upon the suggestion of J. E. Powell. There seemed to be a tendency to favor the angular parking. It was resolved to try it out again on Lawrence avenue between Fourth and Fifth streets. The angle will not be made so abrupt this time.

The recommendation of the special committee for the RWD program for council to sponsor a campaign to advertise it, and pay for phone and office equipment. The purpose of this office will be to interest people in the National Housing drive. At this time Burgess Judd C. Turner announced that those interested in this can be further enlightened at a meeting at The Cathedral, New Castle, on Nov. 19. Chas. Edison, will be the principal speaker.

A communication from Attorney M. J. Kraus of this city, asking for an amicable settlement for injuries suffered by Mrs. J. L. Caplan on an alleged defective sidewalk on Seventh street and Lawrence avenue, was referred to the borough solicitor and street committee for an investigation and report.

Past Matrons Club Gathers Thursday

Home Of Mrs. J. G. Ferguson On Fourth Street Is Scene Of Interesting Meeting

ELLWOOD CITY, Nov. 9.—Past Matrons club of the O. E. S. held an interesting meeting Thursday afternoon at the home of Mrs. J. G. Ferguson on Fourth street.

After a delicious dinner at which covers were laid for nine at one table, the day was spent in sewing and fancy work. The next meeting will be held on Dec 13 at the home of Mrs. George Fordyce on Third street.

Mary Rugh Group At Stewart Home

ELLWOOD CITY, Nov. 9.—Seventeen members of the Mary Rugh Missionary society of the Hickory Knell Church of God were pleasingly entertained on Wednesday when they gathered at the home of Mrs. Thomas Stewart of near North Sewickley for the regular meeting. Mrs. Adam McQuiston and Mrs Warren Hessler were special guests.

Quilting was the diversion of the day and at noon a delicious dinner was served by the hostess assisted by Mrs. Wilford White and Mrs. Jay McDonald.

Mrs. Cecil conducted the devotional meeting and Mrs. Frank Dunbar was in charge of the business meeting with plans being made for a number of future activities.

Next meeting will be held on Wednesday, December 5, at the home of Mrs. Jay McDonald of Riverview.

EVANGELISTIC MEETINGS

ELLWOOD CITY, Nov. 9.—Evangelistic meetings in the Knox Presbyterian church continue to grow in interest. Dr. Barr of Beaver Falls, used for his text last evening, Jesus prayer that his desciples "be kept from the evil that is in the world." Dr. Barr will again bring the message this evening.

The meetings begin with an inspiring song service ably conducted by Joseph Ford at 7:45.

Tuberculine Test Is Given Pupils

Urge Parents To Have Children Follow Up With X-ray Test In Schools

ELLWOOD CITY, Nov. 9.—Teachers and pupils whose parents signed consent slips have been given the Tuberculin Test by Dr. Evans in the last two days in the Medical Room of the Lincoln Building.

This test will be given again in a few weeks giving parents an opportunity to get slips from the school nurse and consulting their family physician about any questions that may have arisen.

All those with a positive reaction to the test should have an X-Ray taken at once. Without the X-Ray, a conclusive diagnosis of the childhood type of Tuberculosis can rarely be made. Many children have the childhood type of Tuberculosis without manifesting any symptoms that can be ascribed to the disease, although they may have a progressive lession and the X-Ray is the only means of diagnosing. Either childhood or adult type of Tuberculosis may be found in overweight, average weight, or underweight children. Those in apparently good general condition may have a progressive form of disease.

All pupils with a positive reaction to the Tuberculin Test last year or now, should bring their dollar to the school nurse and arrange to have an X-Ray. This is our bargain sale and you are urged to attend. Don't put it off, come now. Any pupil who did not take the test, but wants to have an X-Ray taken may do so by bringing their dollar.

Grangers Have Regular Meeting

ELLWOOD CITY, Nov. 9.—Members of the Pleasant Hill grange assembled last evening at their hall on the Ellwood-Portersville road for the regular semi-monthly meeting with a majority of members participating.

The following program was enjoyed:

Song, "Dear Old Farm"—Grangers.
Reading—Howard Aiken.
Recitation—Phyllis Boots.
Reading—Mrs. John Boots.
Riddles—Mrs. Harry Boots.
Penny march.

Raymond Marshall of Pittsburgh and Paul and Marian Peffer of Jackson grange, and Lester and Faye Wagner of Ellwood were special guests.

The election of officers will take place at the next regular meeting to be held on Thursday, November 22.

Mrs. John Wilson Pleasing Hostess

ELLWOOD CITY, Nov. 9.— Mrs. John Wilson proved to be a charming hostess last evening when she opened her home on the Ellwood-New Castle road to members of the Happy Hour class of the Slippery Rock Presbyterian church who gathered for the regular meeting.

Thirty-eight members and one special guest, Mrs. Ella Hennon, participated.

Mrs. Robert Newton conducted the devotional period and Mrs. Joe Houk the business meeting. Plans were completed for the annual fathers and sons banquet to be held Friday evening, November. Sheriff Edward Pritchard has been secured as the principal speaker.

An amusing program of games and contests followed with prizes being awarded Mrs. Arthur Wehman and Mrs. John Wehman. The hostess assisted by Mrs. C. W. Price, Mrs. Jesse Harper and Mrs. Kenneth Brown served an appetizing repast.

White Elephant Party Thursday

ELLWOOD CITY, Nov. 9.— A "white elephant" party with Mrs. A. H. Fox as the auctioneer was a unique feature of the regular monthly meeting of the Women's Service club of Wurtemburg held last evening in their club room at Ellport. Twenty five members and two visitors, Mrs. O. W. Hooker and Mrs. Lucienda Duncan, attended.

During the business meeting plans were made to hold a bingo party on Monday evening, December 3, in their club room. A social period followed with a number of amusing games and prizes were awarded to Mesdames Robert Falen, Clifford Vinroe and Homer Ford.

A seasonable luncheon was served by Mesdames Dale Lewis, Howard Wiley, Gertrude Reno and Stella Palm. Adpournment was taken to meet again on Thursday, December 15, when a Christmas party will be featured.

ASSOCIATION MEETING

ELLWOOD CITY, Nov. 9.—Members of the North Sewickley cemetery association will hold their yearly meeting at the cemetery tomorrow afternoon at 2 o'clock. An election of officers will take place at this meeting.

SUNSHINE CLASS

ELLWOOD CITY, Nov. 9.— This evening Mrs. Thomas Baird will entertain members of the Sunshine and Young Men's Bible classes of the North Sewickley Presbyterian church at her home at North Sewickley.

Shelby To Hold Another Fight Show Nov. 27

Matchmaker Joe Latiano Plans To Match Leo Sweeney With Joey Evans

ELLWOOD CITY, Nov. 9.—Announcement was made today that another amateur fight show will be held at the Shelby auditorium on Tuesday, Nov. 27. This will be the last until early next spring.

Matchmaker Joe Latiano has begun to line up an excellent card. He plans to have Leo Sweeney, Pittsburgh, A. A. U. lightweight champion, fight Joey Evans of Ellport, Western Pennsylvania featherweight champion, in the main bout. If the bout is arranged Sweeney will have to come down a number of pounds. Seven other good bouts will be arranged.

School Board Holds Meeting

Repair Work Authorized At Monthly Meeting; Township Gives Indebtedness Certificate

ELLWOOD CITY, Nov. 9.—No action was taken on a number of exoneration lists presented at the monthly meeting of the Ellwood City School board in their rooms of the Lincoln school, last night. Vice-president H. M. Cresswell presided in the absence of President H. W. Smith.

The contract for fireproofing the boiler room in the West End school was awarded to D. K. Cole of this city. His was lowest of four bidders. The board also approved the purchase of a gate for the west end of the stage for the auditorium. It was decided that there will be some alterations made in the transformer house, because of the new wing added to the high school. A trough will also be installed, in the Lincoln school.

The board voted to accept a certificate of indebtness from the township districts in settlement of delinquent tuition at 5 per cent interest instead of six. The board also voted to pay a bill of Albert Dahl out of the general fund.

In his report Supt. Vaughn R. DeLong expressed dissatisfaction in the manner in which the Legion auxiliary play was run last week. He pointed out that children were permitted to roam all over the building. He also asserted that a number of rules were violated.

Supt. DeLong also told of the hearing examinations conducted in the school. This will be completed in January, as only the first eight grades and the Senior A class were examined. The audiometer had to be returned before the examinations could be completed. Proper courses are being taken in working with children with defective hearing. Local teachers were also examined. Parents of children received the reports of the examination.

He gave a short talk on the preparation of Ellwood City teachers and their rating in the state and with other districts.

Supt. DeLong stated that a number of RWD projects had been presented to proper officials in New Castle, and since this will take mostly skilled labor, they will have to wait a period until the common labor projects are completed. The projects submitted were mostly those that have not been previously completed.

South Secures Stranglehold On Congress

Democratic Victories Bring South Into Control Of Major Posts

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Nov. 9.—The smashing Democratic victories in two successive national elections today had given the south a stranglehold control of the new congress.

The south will fill 16 out of 20 important house chairmanships, including the "big three"—rules, appropriations and ways and means—and put southerners into the chairmanships of 13 out of the senate's 19 most important committees. In addition, Vice President Garner presides over the senate, and another southerner undoubtedly will be elected speaker of the house.

The wholesale slaughter of eastern Republicans left western insurgents and liberals "riding high" in the senate. They will dominate the minority blocs on virtually every senate committee. Also, when the senate becomes Republican again, under seniority rules, westerners would be in line for 13 chairmanships of the 19 most important senatorial committees. Westerners, in fact, would head five of the "big six" senate committees—agriculture, finance, foreign relations, banking and currency, and judiciary. The appropriations chairmanship would go to the east.

The one bright spot for eastern Republicans lay in the house. If the Republicans can capture the house in two or four years, easterners would become chairmen of the house's ten most important committees, including the "big three". Only ten less important chairmanships would go to western Republicans. All this, naturally, will depend on the survival of the incumbent representatives and the house going Republican eventually.

The south's control of the new congress, however, was definite and immediate. Senator Joe T. Robinson of Arkansas once more will be majority leader of the senate. Rep Joseph W. Byrns of Tennessee will be the majority leader of the house, unless elected speaker.

The "big three" of the house committees will have these southern chairmen: Appropriations, James P. Buchanan of Texas; rules, William B. Bankhead of Alabama; ways and means, Robert L. Doughton of North Carolina.

It will be a like story in the senate. The "big six" committees all will be headed by southerners or westerners. They are: Appropriations, Carter Glass, Virginia; finance, Pat Harrison, Mississippi; foreign relations, Key Pittman, Nevada; banking and currency, Duncan U. Fletcher, Florida; judiciary, Henry F. Ashurst, Arizona, and agriculture, Ellison D. Smith, South Carolina.

Weds Same Wife For Fourth Time

(International News Service)

BUDAPEST, Nov. 9—A farmer of Kisfa is going to marry his wife for the fourth time. She divorced him three times in 8 years. "The reason why she divorced me is my drinking habit which always restarted at our marriage festivals. Now I have solemnly promised her not to touch a drop of liquor at our wedding banquet," he said.

COMPLIMENTED ON MAKING MISTAKE

(International News Service)

MADRID, Nov. 9—How a rifle was leveled at the president of the Republic during the recent revoultionary rising by a sentry who failed to recognize him has just been revealed.

The president, Alcala Zamora, was walking in the palace grounds with his two daughters, when a member of the extra guard on duty, jumped from behind a tree and challenged the party with leveled rifle.

Noticeing what had happened, an officer rushed up and revealed who it was. The confused soldier implored the President's pardon.

Next day Sr. Zamora called the man to his private office and gave him a memento to mark the occasion.

"You did your duty well," the President told him.

Fly-Eating Plant Running Up Bills

(International News Service)

SEATTLE, Wash., Nov. 9—N. W. Nye's pet cobra plant is causing him a lot of financial worry. It eats too much.

Nye, a mining executive, found the plant several years ago high in the mountains, and gradually acclimated it so it could be moved to sea level here. The plant has a wide mouth with thousands of fine vegetable hairs which trap flies and other insects and fed on them.

Flies quit hanging around his house, having learned better, and the plant began to starve. So Nye fed it hamburger.

Now 'Cobra' has such an appetite for hamburger that the Nye family meat bill is increasing to alarming proportions.

The miner is renaming the plant "Wimpy."

COMPLETE WORK

MERCER, Nov. 9—The Northern Pipe line company has completed the work of encasing the pipe lines with cement at the Simpson Pump Station on the Perry Highway, a few miles south of Mercer. The procedure, an unusual one, is to protect the pipes in the low swampy regions.

KOPPEL

CLASS HAS MEETING

Mrs. William H. Hall, Third avenue, was a pleasing hostess to members of the Ladies Bible class of the Koppel M. E. Sunday school on Tuesday evening.

The business meeting was conducted by Mrs. V. Wade Stewart, president. Mrs. Margaret Linzey was in charge of the devotional period. Following the business meeting the evening was given over to the entertainment committee who had arranged a program of games, contests, and diversions. Miss Viola Welsh rendered several selections on the accordion.

The evening came to a fitting close with the hostess serving a tempting lunch in "depression fashion."

SEWING CLUB MEETING

Mrs. Charles B. Rogers was hostess to twelve members of the Koppel sewing club at her summer cottage near New Galilee on Wednesday as they met for their regular monthly meeting.

The meeting was opened at noon with a delightful covered dish dinner. The remainder of the day was spent in sewing and informal chat.

KOPPEL NOTES

Dr. Alfred Colaizzi is attending a meeting of the Western Pennsylvania Dental association in Pittsburgh on Friday.

Mr. and Mrs. Fred Allerton of Cleveland, O., were in Koppel for several days where they visited with relatives and friends.

Miss Loretta Reheer, Second avenue, has been removed to her home from the New Castle hospital where she underwent an operation several days ago.

Mrs. William Roberts and Mrs. George Roberts, of First avenue, were in Lisbon, O., on Tuesday where they visited with friends.

CZECH IS HUMAN POWER STATION

PRAGUE, Nov. 9—Vaclav Holek, a 30-year-old furrier at Kladno in Bohemia, ought to save on his electric light bills. When he holds a bulb in his hand, it glows. When he strokes it with his other hand, it turns violet.

Holek has made experiments with bulbs of different strengths. He finds that the larger the bulb, the stronger the light his hand communicates.

Electricians and doctors are to examine his strange power, which he discovered accidentally. He cannot account for it himself.

Similar cases recently have been reported in other parts of the world.

THERE and HERE

In Algiers the people who have something to sell cry their wares from a little stall in the market place. And those who buy saunter from stall to stall making their purchases.

But in New Castle we arrange things somewhat better. The purchaser can review every offer from his easy-chair, simply by reading the brief, pointed descriptions in the Classified Columns.

Same perennials, if they are not too large, thrive under winter care. Instead of having their growth retarded, they continue to gain in strength for future blossoming. These are of the kind that grow or bloom more or less continuously, such as the Gerbera or African daisy, the blanket flower or Gaillardia, aristata, the snapdragons, the Dianthus or pinks, and any stalks of the hardy chrysanthemums that have not bloomed.

THERE and HERE

In Algiers the people who have something to sell cry their wares from a little stall in the market place. And those who buy saunter from stall to stall making their purchases.

But in New Castle we arrange things somewhat better. The purchaser can review every offer from his easy-chair, simply by reading the brief, pointed descriptions in the Classified Columns.

Same perennials, if they are not too large, thrive under winter care. Instead of having their growth retarded, they continue to gain in strength for future blossoming. These are of the kind that grow or bloom more or less continuously, such as the Gerbera or African daisy, the blanket flower or Gaillardia, aristata, the snapdragons, the Dianthus or pinks, and any stalks of the hardy chrysanthemums that have not bloomed.

Sharon Has Big Powerful Team

Sharon High May Upset New Castle At Sharon Saturday Afternoon

KICKOFF TOMORROW WILL BE AT 2:30

It would not be surprising to see New Castle high school "Red Hurricane" football team run into storm signals and a mighty powerful Sharon high team Saturday afternoon at the newly completed Sharon High Stadium. The battle will start at 2:30 o'clock.

Sharon has been bowling over some tough opponents, as to-wit, Oil City high's unbeaten and untied eleven last week felt the wrath of the Stewart coached combination to the tune of 21 to 6.

Sharon high would like nothing better than to take the measure of the Lawrence Countians. The last time that Sharon defeated New Castle was on the Old Carnegie Steel Mill field with Dick Booth the Sharon fullback and later All-American at Pitt, the big gun. It has been about 15 years since that game Sharon has had to wait a long time. They may realize their ambition tomorrow afternoon ere the sun has gone down in the dear old west.

New Castle Crippled

New Castle is taking a badly crippled team to Sharon with Charles "Man o' War" Fleming nursing a charley-horse. Captain Walter Raskowski is none too good this week after the bruising New Ken high game last week, neither is Leroy "Lightning" Cox, the colored halfback, or Eddie Donegan, the speed merchant from George Washington Junior high. Wilbur Stirtz, the sensational young left end, who was kicked in the head last week, may not start the Sharon game.

Coach Phil Bridenbaugh has had to make many replacements this week.

There are no reserved seats at the Sharon high field, and first come first served is the manner of things, so better get there early. The admission in case you don't know, is 40 cents per adult. The students will be admitted for a quarter. By taking the West Middlesex road through to the Mercer-Sharon road at Hickory Corners and turning left you can't miss the Sharon high school and stadium.

Japanese Fans Yell With Joy As Ruth Homers

(International News Service)

SENDAI, Japan, Nov. 9.—Forty thousand freezing spectators roared with enthusiasm when Babe Ruth knocked out his first home run of his Japanese tour today, and then the crowd went stark, screaming mad with joy when he hit another homer in the same game.

Never before in his long career that ended this season had Ruth seen a demonstration like the Sendai fans produced when the Babe obliged with the home runs that Tokyo and Hakodate had yelled for in vain.

The Americans won, 7 to 0, in a game that, to the Japanese, was the best yet played here. They had enough home runs to talk about for the rest of their lives. Besides Ruth's two, Jimmy Foxx, Charley Gehringer and Bing Miller each smashed homers.

Tragedy Overtakes Football Team On Way To Do Battle

Co-Captain And Assistant Coach Of North Dakota Teachers College, Killed

(International News Service)

CARRINGTON, N. D., Nov. 9.—A tragedy of the highways left the Minot Teachers' college football team riddled with death and injuries today.

The bus carrying the squad to Valley City, N. D., to play the Valley City Teachers skidded off the snow-covered road on a curve near Heaton late yesterday, killing two persons and injuring 22 others.

Allan Aufforth, co-captain of the team, and Ora Marean, assistant coach, were killed in the crash.

HERE AND THERE IN SPORTS' LAND

Scenes from yesteryear's sport events were presented last night by Bob Latera when he had Johnny Kilbane and Jimmy Dunn bring here motion pictures of several titular fights. Among the films witnessed were the Attel-Kilbane 20 round fight in which Kilbane won the championship at 122 pounds and the Frush-Kilbane battle which ended in Kilbane knocking the Englishman out in the seventh round. The first fight occurred about 22 years ago and the latter in 1921. Pictures showing the different styles of Kilbane, Benny Leonard and Kid McCoy, the latter two lightweight champion and middleweight champion respectively, years ago were also shown after which came the Carnera-Sharkey pictures. The Kilbane who won the featherweight title from Abe Attel was 100 percent better than when he dropped Frush. Kilbane's style was far different from that of Leonard while McCoy's was different from either.

Lawrence County Baseball league officials have set a date for the Baseball players banquet. It will be held November 22. The place will be designated by President Alec Samuels within the next day or two.

Trapshooting will be held at the New Castle fair grounds Saturday afternoon. The Lawrence County Sportsmen's association was donated ground free for the range and they built the range. Anyone who likes trapshooting is invited to shoot.

Oran Marean, Minot assistant coach and Allan Aufforth, Kenmare, (N. D.) captain of the Minot Teachers' College team were killed and six others injured when their bus overturned near Haton, N. D.

Jack Dempsey will referee the Jim Londos-Vic Christie wrestling match next Thursday night at Pittsburgh. Londos is the heavyweight champ and Jack wore the heavyweight boxing title until Gene Tunney beat him at Philadelphia.

A four run first inning rally climaxed by Earl Averill's homer, gave the United States invaders a 5-2 baseball victory over the Nippon All stars at Hakodate, Japan, yesterday. Babe Ruth singled once, walked once and flied out twice. Aoshiba and Kuji pitched for the Japs and Inokawa caught. Gomes, Foxx and Hayes was the battery for the invaders.

Unbeaten Grid Elevens Facing Hard Opponents

Stanford Vs. Washington, Syracuse Vs. Michigan State, Minnesota Vs. Indiana

IRISH FAVORED TO SINK NAVY

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Nov. 9.—Out at Palo Alto, two unbeaten teams, Stanford and Washington, will play tomorrow for the coast conference championship and the Rose Bowl bid. Up at Syracuse, two more, Syracuse and Michigan State, will go at it with more than a possibility that greater things than sectional prestige are at stake. Down in the southwest, it will be Rice and Akransas, a brawl that is typical of that violent section.

The east, meantime, has little to offer and considerably less to do, the same being reasonably true of the mid-west, although there seems to be no tse-tse flies on that Chicago-Ohio State thing at Columbus nor on the Navy-Notre Dame meeting at Cleveland. However, in rebuttal, I'll mention Michigan, which has scored two touchdowns all season, versus Wisconsin, which hasn't scored in the last three games.

Probably I'm wrong again, but this looks like the immovable force and the resistible body.

Irish Favored

Nevertheless, it's to be the usual Saturday in college football, except maybe for Washington, Syracuse, the Navy and Tulane. They haven't been beaten before. But it's my impression that this condition is about to be altered. In other words, Stanford figures against Washington, particularly at Palo Alto and in view of the fact that the Notre Dame system seems to be losing its authority. Maybe that's why I'm picking Notre Dame over the Navy. Maybe I just have dandruff. Anyhow, it's fast becoming a question of who is going to give up on Notre Dame first, me or Notre Dame.

Tulane? I think it's due to blow one to Colgate, the best game in the east, what with Pittsburgh, probably the best team in the east, headed for Lincoln. Tulane has had 30 points scored against it by Florida, Georgia and Georgia Tech; therefore, it ought to yield more than one touchdown to a team that has scored 121 points in four games. I suspect that more than one will be too many.

Likes Pitt

Syracuse? Well, in the first place, it's not supposed to be physically ready for Michigan State and all I wish to state in this connection is that the team that isn't physically ready for Michigan State is liable to finish up somewhere in the shrubbery. Actually, they figure so close you could shave them with the same razor.

So do Pitt and Nebraska at Lincoln but I'll take Pitt. The huskers have been pulling out too many close ones and I think they're about due to miss.

Minnesota-Indiana

Others of the unbeaten flight are going to bat tomorrow but the pitching looks pretty weak. You have to take Minnesota against Indiana, for instance, and Illinois against Northwestern; also Alabama against Clemson. By the way, did you ever notice how undependable this Alabama team is? That's funny; neither did we.

Princeton against Lehigh. I won't even go into—and, after the first period, neither will Lehigh. Rice has picked up a live one in Arkansas and may not survive. I think it will. So will Temple against Carnegie Tech, although you never can tell. I've picked Temple to lose when it wins. Maybe it'll lose now. The world is full of unreasonable people.

Shenango-Union Battling Today

Shenango High and Union High football teams are battling today at Shenango High field in their annual county league engagement. The game got under way at 3 p. m. Both teams were primed for the contest this afternoon. Union Hi has not won a game this year and hoped to upset Shenango, while Shenango has had a fair season, and hoped to add Union to the list of victims.

It was the final game of the season for the Shenango High team coached by Eddie Raney. Union has one game yet, meeting Sandy Lake at Union High on Friday, November 16.

Two Junior Grid Games On Sunday

Two games will be played in the Junior football league Sunday afternoon. The games will start at 2:30 o'clock.

The Canaries will play at the West Side field, Lee avenue, with the West Side A. C. team. The Milton street team will remain idle Sunday. The Croton and Williams teams will play the Fall Track.

Titan Basketball Stars Are On Floor

(Special To The News.)

NEW WILMINGTON, Pa., Nov. 9. — Basketball players have been called out at Westminster College, and Coach John D. Lawther plans three drills each week until the latter part of this month when the squad will drill each night. Included in the squad of 16 men now out are five lettermen from last year.

The first contest in the pre-season campaign will be a game with the strong Willig Club of McKeesport which will be played in the Sharon high school gymnasium on Friday evening, Nov. 30. This game will be for the benefit of the Mercer County Boy Scout council. The Willigs, victors over the best independent teams in the country, should give the Titans plenty of competition for the opener.

The first regular game is scheduled on the home floor on Monday, December 17, when Wittenberg College of Ohio, journeys here to oppose the Titans. An eastern trip, with three games carded in the New York city district, will be taken Dec. 28, 29, 31.

Among the veterans of last season who have reported are Wesley Bennett, Akron, O., center; Henry Hunneke, Baldwin, L. I., guard; John Wilhelm, Kittanning, guard; Peter Leyshock, Farrell, forward; and John Willits, Ford City, forward. Ray Sweeney, Youngstown, O., another forward, will report to the squad when football season is over. Only Captain Bill Douglass of last year's team was lost by graduation.

Last year the Titans won 22 games and lost four. In Tri-State Conference competition, the Lawthermen won 10 straight games to win the sixth championship in eight seasons. This year's schedule will probably include about 23 contests. Among these will be games with such strong teams as Geneva, Waynesburg, Pitt, Tech, City College of New York and St. Johns of Brooklyn.

In the pre-season benefit game at Sharon, Westminster will face such former college stars as Janosik and Currie of Waynesburg; Rice and Siljander of Westminster; Smith and Lawry of Pitt; Minnick of Duquesne, and Burke of Grove City. Other Willig stars are Crum and Kostolansky.

Crimson To Play Morris-Harvey In Final Home Game

Binder And Beres Will Play Final Game At Grove City Saturday Afternoon

GROVE CITY, Nov. 9.—Saturday's game with Morris-Harvey College will be the final appearance on a Grove City gridiron for the nine of the Crimson regulars. Graduation next June will take two guards, three ends, a center, two halfbacks and a fullback, all of who have earned their letters in varsity competition this season. Of nine, five have won letters in four years of play, making the varsity as freshmen.

Despite the fact that most of the varsity players are seniors, Coach Amos has put them through an intensive program this week, brushing upon fundamentals which they have had for four hard seasons. The Grover coach anticipates difficulty in defeating Morris-Harvey, and is determined that the squad will not be over-confident. The miserable blocking and tackling so evident in the Westminster game last week is showing improvement under a series of two-hour drills this week, in which all of the regulars were required to take part.

Bobby Gross, offensive star of 1933, who has been hampered by shoulder and ankle injuries this year, when he has played in only part of any game, may not start Saturday, and Coach Amos is uncertain about his tackles and ends. Hank Johns of Sharon has been showing so much stuff at end that he may get the starting call over Solch or Tomko, veterans of four years of varsity play, and several lads have been used at tackle during the week's preparation. Beres and Binder, veteran guards; Glasgow, center, and Smith and Orris backs, are certain to start, with Wilson and Waleski likely to be in the backfield.

ALLEGHENY TO PLAY GROVE CITY BOOTERS

The Allegheny College soccer team meets the Grove City booters at Grove City this Friday in the second game of a home agreement. In the previous meeting of the two teams which took place in Meadville the Grovers took a 2-1 decision in a nip and tuck game.

Coach Way expects that his team will be up for the coming game with most of the encouragement coming from a 2-0 win over the strong Slippery Rock team which had previously drubbed them 5-0. The Blue and Gold attack has acquired considerable polish in the last week and a half as a result of much time spent in passing and dribbling.

Career Shadowed

Injury at base of brain, possibly due to diving, may end competitive sports career of Georgia Coleman Gilson, of Boston, Olympic diving champion. Three-hour operation was performed to relieve injury. *(Central Press)*

9B 7'S WIN GAME

By taking the measure of the 9B 2's Wednesday the 9B 7 team of the Ben Franklin Class basketball league went into the league lead with a 27 to 7 victory in a fast and well played game. The big guns of the game were Strasbaugh, Ross, Koszella, Mancine and Nativio.

FARDALES CLAIM TITLE

Fardale Stars claim the midget championship of the city of New Castle in football. The Fardales won 35 out of 46 grid games played. The stars of the Fardales were—Charles Toscano, James Zingaro and John Sabina.

Westminster Squad Leaves

Will Play Waynesburg College Team On Saturday Afternoon

BLUE AND WHITE IN BEST OF SHAPE

(Special To The News)

NEW WILMINGTON, Pa., Nov. 9—A squad of 24 Westminster College football players left by bus early this afternoon for Washington, Pa., where the Titans will make their headquarters until tomorrow, when they meet the strong Waynesburg team at Waynesburg.

Coaches Bill and Tom Gilbane and Trainer Jack Hulme declared that all men were in the best of shape as the team left and that Waynesburg's conceded edge in tomorrow's battle may be overcome if the men play the ball of which they are capable.

The Gilbane brothers plan to start the same team which faced Grove City. This includes Arrowsmith, Sweeney, Laraway, and Staples in the backfield, and Austen, Watt, Burt, Young, Helmick, Straw and Franklin on the line.

Two complete teams and two extra backs composed the squad which the Titan mentors took on the trip.

DeCarbo Impresses Coach Elmer Layden

Mike DeCarbo, Former New Castle High Gridder, At Notre Dame

One of the outstanding Freshmen gridders at Notre Dame this year, is Mike DeCarbo, of East Lutton St., former New Castle high lineman.

DeCarbo who has been scrimmaging against the varsity eleven, has impressed Coach Elmer Layden, according to Peter P. Capitola, of East Leasure avenue. Mr. Capitola is in receipt of a letter in which the local sportsman learned that DeCarbo has been placed on what is known as the Pitt squad. The outstanding recruits on the squad make up this eleven.

Market Makes Strong Effort To Renew Rally, But Profit-Taking Occurs

(International News Service)

NEW YORK, Nov. 9.—The stock market made a renewed effort to resume with Wednesday's rally, but again met with only moderate success as the profit taking carried over into today's session.

Building shares were the best performers today with John Manville, U. S. Gypsum and American Radiator in consistent demand at advancing prices.

Railroad shares were laggards, with only Atchison receiving any appreciable sponsorship. New York Central, Pennsylvania, Baltimore & Ohio and Southern Railway were unable to make much headway.

In utility shares Consolidated Gas, Water Works held in a narrow range.

United States Steel, Bethlehem and other industrial shares pointed slightly higher, but trading was comparatively light.

Auto equipments were in good demand with Briggs Manufacturing going through to a new high for the year.

Oils worked moderately higher, while liquors, aviations and specialties marked time.

Commodity markets were mixed with cotton down slightly while grain firmed.

SEVENTH WARD NEWS

Many Parents Visit School

Thursday was "parents' day" at Mahoning school. Mothers, fathers, relatives and friends visited the classes throughout the morning and afternoon. They found great interest in watching the students at their usual daily routine work.

CLOSED ON MONDAY

Mrs. Gladys Johnston, branch librarian, announces that the Mahoningtown library will be closed next Monday in observance of Armistice Day. The main library will be closed also. Not until next Thursday will the local library be in operation.

INJURES EYE

Howard Baith of North Beaver township received a severe laceration of the eyelid Thursday in an accident which occurred when he was cranking an automobile. The glasses he was wearing were shattered.

VISITING HERE

Mrs. Mary Allen of Beaver Falls is spending a few days with her son and daughter-in-law, Mr. and Mrs. Theodore Allen, Liberty street.

STOP SIGN DOWN

An important stop sign which has been located at the Mahoning avenue intersection of North Liberty street was no where to be seen Thursday afternoon. As this is a dangerous corner the sign will likely be replaced soon.

QUEEN ESTHER CLASS

A meeting of the Queen Esthers of the Mahoningtown M. E. church will take place at Mrs. J. M. Conn's home on West Madison avenue this evening.

WESTMINSTER GUILD

The Westminster Guild of the Mahoningtown Presbyterian church will meet at 2:30 p. m. Saturday at the home of Miss Neurissa Thompson, Eighth street.

AUXILIARY MEETS

A well attended meeting of the G. I. A. to B. of L. E. took place in the city building Thursday afternoon.

Of special interest were the plans made for a tureen dinner at 12 o'clock noon on December 13. It is believed that a large crowd will assemble on that date.

S. C. W. GATHERS

Mrs. G. H. Cook, of Newell avenue, extended the hospitality of her home to the S. C. W. Bible class members in the Mahoningtown Presbyterian church last evening.

Twenty one guests were present and took part in a short business meeting conducted by Mrs. Charles Dungan. A social hour followed during which a tasty lunch was served by Mrs. Cook, assisted by Miss Gwin and Mrs. Dungan.

RE-REGISTER SCOUTS

Scoutmaster Billotte, of the Mahoningtown troop 4 is anxious to have as many as possible, re-registered with the troop for the new year and asks that scouts who have not as yet done so, will try to get their re-registrations this coming week. Dr. R. Hamilton is heading up the troop committee re-registration, and during the coming year the troop expects to strengthen its leadership considerably.

SEVENTH WARD PERSONALS

Mr. and Mrs. Hiram H. Coates of Maywood, Ill., are visiting the former's parents, Alderman and Mrs. H. G. Coates, North Liberty street. They expect to leave for their home in Maywood Saturday. They came here from Oakmont, where they visited Mrs. Coates' parents, Mr. and Mrs. W. Lee Gilmore.

Thomas Dickson of Mahoning township was in seventh ward Thursday.

Conductor's Bride

Mrs. Arthur Rodzinski

Arthur Rodzinski, conductor of the Cleveland Symphony orchestra, surprised the city by bringing a bride home from his summer journey to his native Poland. Mrs. Rodzinski was the former Miss Halina Lilpop Wieniawski, granddaughter of Henri Wieniawski, famous Polish violinist and composer, who was the solo violinist to the czar of Russia 75 years ago. The Rodzinskis were married in Warsaw in July. Rodzinski, prior to being called to Cleveland, was the conductor of the Los Angeles Symphony orchestra. Previously he had been assistant conductor of the Philadelphia Symphony orchestra.

Selection Of Frick Pleases Sport Scribes

Frick May Do Much Toward Easing Tension Of Club Owners And Scribes

(International News Service)
By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Nov. 8.—The election of Ford Frick as president of the National League was seen today as a handshake between baseball and the press.

The boyish-appearing Frick—he won't be 40 until December 19—has promised close cooperation between himself as president of the league and his former co-workers, the sports writers of the country.

There have been times in the past when many a sports writer did not hesitate to sink a typewriter in a baseball skull. And there have been other occasions when the baseball people could cheerfully have crowned the sports writers with a bat.

Frick's election will go far toward erasing any friction and the friendly Frick may even have Bill Terry and the sports writers singing together over their steins. And that, my friends, will be an event worthy of the history books when and if it happens.

Still, I wouldn't gamble that Ford can't turn the trick. Like other famous Hoosiers before him—George Ade, James Whitcomb Riley, George Barr McCutcheon, Lew Wallace and Meredith Nicholson—Ford has a way of getting things done.

Tall, slender and dark, he has a friendly grin and a friendlier word for everybody.

Turned To Radio

In 1921 we find him on a paper in Colorado Springs and covering the Pueblo flood so well that he attracted the attention of Arthur Brisbane, No. 1 man of the newspaper world, who brought Ford to New York as a sports writer.

Ford took up sports broadcasting as a sideline and his friendly Hoosier voice at once made him a hit with the radio fans. Incidentally, between his writing and broadcasting, Ford's annual stipend climbed above the $50,000 a year mark, which wasn't considered chicken feed even before the depression.

AGAINST LIQUOR SALES

MERCER, Pa., Nov. 9—Voting on whether liquor licenses should be issued, a large majority voiced an emphatic "No" in the referendum conducted in 22 districts.

Among those reported today as voting in favor of issuing licenses were Sandy Lake borough, French Creek, Fairview, West Jefferson and Pine Townships.

In Poison Mystery

Possibility that a modern Borgia poisoned five children of a Fairport, N. Y., family, is being investigated by police. Florence Corkish, 7 (above), her brother Frankie, 8 (below), their sister and two brothers, were found stricken when their parents returned from a shopping trip. Florence died. The others will recover.

Pitt Favored Over Nebraska

Temple Picked To Upset Tech, Westminster Plays At Waynesburg Saturday

W. & J. WILL PLAY BUCKNELL

By WARREN "FATS" HELLER
All-American Halfback In 1932.
(Copyright, 1934, By International News Service)

PITTSBURGH, Nov. 9.—Saturday lifts the curtain on the seventh performance of the most bewildering season of football in Pennsylvania's history.

There aren't many games this week-end that would make a prognosticator's life a bed of roses either. Looking over the various schedules, I can pick out only a few in which the winners are in any way near certain.

Pitt Favored.

What's more, there are plenty of tough ones. Right on top of this list is Pitt's game with Nebraska. Pitt has gone to Lincoln four or five times. Each time they took very good teams and all they could score was a seven-point win once. Regardless of this mournful background for the contest, I think Pitt should take them, although it will be a close battle.

Albright is well prepared for their fight with Lasalle but I think their preparations will be in vain. Washington and Jefferson looks good over Bucknell, although the Presidents took a licking last week and Bucknell came through with a close victory. Those boys at Little Washington will come out with fire in their eyes.

Temple Vs. Tech.

Coach Howard Harpster takes his Carnegie Tech charges to Philadelphia where they battle "Pop" Warner's Temple squad. It looks this year as though "Pop" will take the ball back that Harpster brought to Pittsburgh a year ago. Pennsylvania Military college's Gunners are bound for Atlantic City this week where they will shoot down the all-but-defenseless Delaware team.

Drexel showed unexpected power in holding the powerful Ursinus squad to a tie last week and should administer a defeat to Susquehanna when they meet at Philadelphia.

Duquesne deserts the Mazdas this Saturday to come out into the rays of an autumnal sun for the first time this season when they meet Oklahoma A. & M. The Dukes have been getting better as the season progresses and now, holding top-scoring honors in the country, will be too strong for the Aggies.

Gettysburg has invited the Dickinson team over to see their battlefield. I am picking the Gettysburg eleven to best the lads from Carlisle. Franklin and Marshall has a breather in Moravian at Lancaster, and Haverford should be defeated by Hamilton when the scarlet and black take to the road to journey to Clinton, N. Y.

Lafayette-Rutgers.

Salem should lose to St. Vincent on Monday when the two squads clash at Greensburg in a post Armistice Day contest. Waynesburg looks as though they have regained its stride and should be able to take their contest away from Westminster. However, it will be close.

Lafayette has a very good team this year. They meet another very good squad in Rutgers at New Brunswick, N. J. It will be a close match with Rutgers taking the ball when the final whistle blows. Lebanon Valley, after letting Juniata tie them, will come back into the wars this week to dish out a close win over St. Josephs at Lebanon.

Lehigh will travel into New Jersey to be defeated when they meet Princeton. Ursinus slipped a little when they let Drexel tie them but I think they will still have enough steam left to jump the hurdle placed in their path by Muhlenberg this week-end.

Penn State's eleven has taken two lickings in a row. They will have blood in their eyes and be thirsting for revenge when they meet Pennsylvania at Philadelphia. They should give the latter squad a beating. St. Thomas is another team that will put mileage beneath them this week, traveling to Springfield where they should give the home squad a beating.

Geneva, a team that pulls victories seemingly out of the magician's hat, meets Bethany on the latter's home gridiron. If its eleven plays the brand of ball of which they are capable, the Genevans should return home as the conquerors. Grove City should likewise have an easy time defeating the Morris Harvey squad which will visit in Mercer county, while Thiel should give Allegheny a trouncing at Greenville. Lock Haven travels to Clarion where their taste of victory will be sweet.

Croton-Ryantown Will Play Sunday

Croton A. C. football team will play the strong Ryantown team in a game at the George Washington Junior High field at 2:30 o'clock on Friday afternoon, it was announced by "Lundy" Aven today.

There is quite a galaxy of stars on the Croton team, all of them old timers and veterans at the game, including—Coach "Hop" Colaluca, Jimmie Yargo, Mick, George "Cagle" Kneram, Bob Kneram, Bill Grimmes, Louis Malls, Fuzzy Seward, Lemer, Nick Cavalier and "Hib" Reynolds. This is expected to be one of the best games of the year. All of the Crotons are asked to meet Friday night at the school grounds at 7 o'clock.

TO CLOSE MONDAY

The New Castle free public library and all its branches will be closed on Monday in observance of Armistice Day. Although the Armistice anniversary falls on Sunday, it is being celebrated on Monday.

New Brighton Hi Here On Saturday

Great Battle Looms As Rejuvenated Ellwood High Team Plays Roarkmen

BENEDICT UNSETTLED ON STARTING LINEUP

ELLWOOD CITY, Nov. 9—A real football game at Lincoln field on Saturday afternoon is the dish for local fans, when a rejuvenated Ellwood City High eleven endeavors to atone for its miserable showing of last week, when they meet a greatly improved New Brighton high team.

Has Three Veterans

To compare the two teams seems difficult. One week they will make a poor showing and the following Saturday they will rise to great heights and nearly create an upset. Their rise and fall has been similar in many respects. Butler, which was held scoreless by Ellwood obtained a 12-0 verdict over New Brighton. The following week the latter nearly created an upset as W. P. I. A. L. champions Ambridge High eked out a 60-0 victory. The victors were outplayed in this game and were fortunate to have the score. The Crimson started the season with a 13-0 victory over the Alumni, then lost to Butler and Ambridge, and then won three games in a row with victories over Bessemer 19-0, Rochester 19-0 and Beaver 28-0. New Brighton also played Midland to scoreless tie.

Coach Roark has built his 1934 machine around three veterans, Teddy Mujwit, star end, who has been converted into a dangerous backfield man, Steve Radatovich tackle, and Mike Hornick fullback. Laposki, halfback and Martin quarterback, round out the backfield. The line has Armstrong and McCutcheon at the ends, Tanner and Radatovich at the tackles, Craig and Kalcevic at the guards and Mentz at the pivot position.

Fight For Positions

The Ellwood teams has been the object of severe criticism and ridicule by the local sports fans, which has raised their ire to a pitch that bodes no good for somebody. A talk by Coach Benedict on Monday following the Aliquippa game added further fire to this. The locals are primed for New Brighton and are anxious to get in action and redeem themselves. There has been quite a battle on this week in the workouts for starting positions. There seems to be a revival of the confidence, spirit, and zip, that marked the early play of the Tubers. The only certain starters are Red Rocco stalwart right tackle who has been a Gibraltar of defense, and Jack Steckman, right guard. Dodds and Hughes have again been getting the nod over Jeannette and Bettoni at the terminals, although the latter have showed a return to old form. Markus has been pressed at his left tackle position by Flannagan. Frisk and Pishionerl have had a merry battle on for the left guard post. Kraynak seems to have nosed out Pratt for the starting snapper-back position this week.

In the backfield Bill Young has been able to retain his place at left half. Alex Robuck has flashed some of his old form and has been getting the call over Luxenberg for the signal barking post. Chet Bognosky has again hit his stride and seems to have won back his position from Dario Ottavanio. Dom Mazzano has continued to improve at the fullback post and seems to have won it permanently away from Tony Scopelite, who has been in a slump of late. August Metz, substitute left half back in view of his showing of last week, is expected to see plenty of action. Metz is a hard driving runner.

Local fans are hoping that the Tubers get out of their slump and play the type of football they are really capable of.

Probable line-up:

Ellwood		New Brighton
Jeannette	L E	McCutcheon
Markus	L T	Radatovitch
Pishioneri	L G	Craig
Kraynak	C	Mentz
Steckman	R G	Kalcevic
Rocco	R T	Tanner
Bettoni	R E	Armstrong
Robuck	Q	Martin
W. Young	L H	Mujwit
Bognosky	R H	Laposki
Mazzano	F	Hornick

Streets Will Be Decorated For Christmas Season

City To Place Streamer Lights In Principal Streets For Holidays

ELLWOOD CITY, Nov. 9.—Principal streets in Ellwood City will be beautifully decorated for the Christmas holidays according to an action taken by the borough council at its regular meeting in the City building last night.

As a result of a recommendation of the electric light committee, council voted to place streamer lights on Lawrence avenue from fourth to eighth street and on Fifth street between Spring and Crescent avenue. This will be from December 14 to January 2.

The committee announced that it granted a request for a street light on Madison avenue extension, and turned down requests on the New Castle road and Circle Way.

400 Club To Have Dance This Evening

Senior Class Of High School Having Independent Function At Country Club

ELLWOOD CITY, Nov. 9.—The 400 Club of this city, which in reality is the Senior class of the local high school, is holding a dance and entertainment at the Ellwood City Country Club for the members of the class and their friends, this evening.

This is an independent function of the school and is being held without the sanction of school authorities, who insisted that the name of the school be not used. The class feeling that they could hold a creditable school event of their own, decided to do so at the Country Club.

The place has been decorated and elaborate arrangements have been completed for the affair. A good orchestra has been secured and a floor show planned. A number of committees have taken care of all the details to insure the success of the affair. Many friends, remembering the success of a similar event last year, will be present, on this occasion.

Friendship Class At Gillespie Home

ELLWOOD CITY, Nov. 9.—Misses Ruthanna and Barbara Gillespie proved to be charming hostesses last evening when they entertained members of the Friendship class of the Providence Baptist church at their home on the New Brighton road last evening. Seventeen members and three guests, Nine and Ethel Mains and Elwin Hazen, participated.

The devotional and business periods were conducted by Miss Mabel Koach. A period of games and contests followed with prizes being awarded Mabel Koach, Scotty Stevenson, Lewis Slavich, Bobby Nye and Harry Sommers.

Mrs. Gillespie assisted by her daughters, served a dainty luncheon and adjournment was taken to meet again the second Friday of December.

Missionary Group At Brellock Home

ELLWOOD CITY, Nov. 9.—With pleasing hospitality Mrs. Edward Brellock received members of the Women's Missionary society of the Providence Baptist church of North Sewickley at her home on the Beaver Falls road yesterday. Fourteen members and three guests, Mrs. John Baxter, Mrs. George Rader and Mrs. Merle Stewart, participated.

The day was devoted to sewing and quilting and the completion of white cross work. At noon the group partook of a tempting luncheon.

A brief business and devotional meeting was held and adjournment taken to meet again on Thursday, December 13, at the home of Mrs. Eugene Weisz of the New Brighton road.

Mrs. Lloyd Badger Entertains Group

ELLWOOD CITY, Nov. 9.—Members of the N. O. N. club were entertained in a pleasing manner last evening when they gathered at the home of Mrs. Lloyd Badger of Hazel avenue for the regular meeting. Mrs. Edward Butler was a special guest.

Two tables of 500 were in play during the evening and prizes went to Mrs. Clarence Druschel for high score and Mrs. Elmer McMunn for low score. The hostess served a delectable collation.

The group will be entertained again in two weeks at the home of Mrs. Clarence Druschel of Hazel avenue.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Jesse Weingartner announce the birth of a daughter at their home on the Ellwood-New Castle road Thursday morning.

Regular Meeting Held By Council

Routine Matters Transacted At Monthly Meeting In City Building Thursday

ELLWOOD CITY, Nov. 9.—An ordinance extending Madison avenue in Ewing Park was passed on first reading last night at the regular monthly meeting of the Ellwood City Borough Council in the city building on Sixth street.

Former tax collector, E. B. Moyer reported a collection of $728.08 in 1932 taxes for October. Former tax collector, Mervin Cunningham reported a collection of $1,187.69 in 1933 taxes in October. Tax Collector T. A. E. McConahy reported a collection of $776.77. Upon recommendation of the finance committee Council accepted the exoneration list of Mr. Cunningham for 1932 personal taxes to the amount of $283.61.

There were two fires in the city the past month for which their services firemen received $44. The monthly report of the police department showed that there were seven arrests, of which one was discharged and 5 forfeited. Total fines and forfeits were $63.75.

There were two cases of scarlet fever, one of tuberculosis, and one of measles, reported in the city the past month.

The fire and water committee reported that repairs to the fire building will be completed in about two weeks, and also painting of the fire trucks is about through.

Secretary E. B. Moyer announced that bids for the sale of borough property on the corner of Second street and Pittsburgh Circle, and Second street and Crescent avenue have again been advertised for, and that the bids are scheduled to be opened on Nov. 16. The matter will be taken care of by the Rules and Regulations Committee, which will report back to council.

The request of the Jesse L. Babcock Auxiliary of the Spanish-American War Veterans, and the Sons of Union Veterans Auxiliary for use of the fire building as a meeting place in the near future, was referred to the Fire and Water and Rules and Regulations committees.

Council again took up a discussion of the parking problem here upon the suggestion of J. E. Powell. There seemed to be a tendency to favor the angular parking. It was resolved to try it out again on Lawrence avenue between Fourth and Fifth streets. The angle will not be made so abrupt this time.

The recommendation of the special committee for the RWD program for council to sponsor a campaign to advertise it, and pay for phone and office equipment. The purpose of this office will be to interest people in the National Housing drive. At this time Burgess Judd C. Turner announced that those interested in this can be further enlightened at a meeting at The Cathedral, New Castle, on Nov. 19. Chas. Edison, will be the principal speaker.

A communication from Attorney M. J. Kraus of this city, asking for an amicable settlement for injuries suffered by Mrs. J. L. Caplan on an alleged defective sidewalk on Seventh street and Lawrence avenue, was referred to the borough solicitor and street committee for an investigation and report.

Past Matrons Club Gathers Thursday

Home Of Mrs. J. G. Ferguson On Fourth Street Is Scene Of Interesting Meeting

ELLWOOD CITY, Nov. 9.—Past Matrons club of the O. E. S. held an interesting meeting Thursday afternoon at the home of Mrs. J. G. Ferguson on Fourth street.

After a delicious dinner at which covers were laid for nine at one table, the day was spent in sewing and fancy work. The next meeting will be held on Dec. 13 at the home of Mrs. George Fordyce on Third street.

Mary Rugh Group At Stewart Home

ELLWOOD CITY, Nov. 9.—Seventeen members of the Mary Rugh Missionary society of the Hickory Knell Church of God were pleasingly entertained on Wednesday when they gathered at the home of Mrs. Thomas Stewart of near North Sewickley for the regular meeting. Mrs. Adam McQuiston and Mrs Warren Hessler were special guests.

Quilting was the diversion of the day and at noon a delicious dinner was served by the hostess assisted by Mrs. Willford White and Mrs. Jay McDonald.

Mrs. Cecil conducted the devotional meeting and Mrs. Frank Dunbar was in charge of the business meeting with plans being made for a number of future activities.

Next meeting will be held on Wednesday, December 5, at the home of Mrs. Jay McDonald of Riverview.

EVANGELISTIC MEETINGS

ELLWOOD CITY, Nov. 9.—Evangelistic meetings in the Knox Presbyterian church continue to grow in interest. Dr. Barr of Beaver Falls, used for his text last evening, Jesus prayer that his desciples "be kept from the evil that is in the world." Dr. Barr will again bring the message this evening.

The meetings begin with an inspiring song service ably conducted by Joseph Ford at 7:45.

Tuberculine Test Is Given Pupils

Urge Parents To Have Children Follow Up With X-ray Test In Schools

ELLWOOD CITY, Nov. 9.—Teachers and pupils whose parents signed consent slips have been given the Tuberculin Test by Dr. Evans in the last two days in the Medical Room of the Lincoln Building.

This test will be given again in a few weeks giving parents an opportunity to get slips from the school nurse and consulting their family physician about any questions that may have arisen.

All those with a positive reaction to the test should have an X-Ray taken at once. Without the X-Ray, a conclusive diagnosis of the childhood type of Tuberculosis can rarely be made. Many children have the childhood type of Tuberculosis without manifesting any symptoms that can be ascribed to the disease, although they may have a progressive lession and the X-Ray is the only means of diagnosing. Either childhood or adult type of Tuberculosis may be found in overweight, average weight, or underweight children. Those in apparently good general condition may have a progressive form of disease.

All pupils with a positive reaction to the Tuberculin Test last year or now, should bring their dollar to the school nurse and arrange to have an X-Ray. This is our bargain sale and you are urged to attend. Don't put it off, come now. Any pupil who did not take the test, but wants to have an X-Ray taken may do so by bringing their dollar.

Grangers Have Regular Meeting

ELLWOOD CITY, Nov. 9.—Members of the Pleasant Hill grange assembled last evening at their hall on the Ellwood-Portersville road for the regular semi-monthly meeting with a majority of members participating.

The following program was enjoyed:

Song, "Dear Old Farm"—Grangers.
Reading—Howard Aiken.
Recitation—Phyllis Boots.
Reading—Mrs. John Boots.
Riddles—Mrs. Harry Boots.
Penny march.

Raymond Marshall of Pittsburgh and Paul and Marian Peffer of Jackson grange, and Lester and Faye Wagner of Ellwood were special guests.

The election of officers will take place at the next regular meeting to be held on Thursday, November 22.

Mrs. John Wilson Pleasing Hostess

ELLWOOD CITY, Nov. 9.— Mrs. John Wilson proved to be a charming hostess last evening when she opened her home on the Ellwood-New Castle road to members of the Happy Hour class of the Slippery Rock Presbyterian church who gathered for the regular meeting.

Thirty-eight members and one special guest, Mrs. Ella Hennon, participated.

Mrs. Robert Newton conducted the devotional period and Mrs. Joe Houk the business meeting. Plans were completed for the annual fathers and sons banquet to be held Friday evening, November. Sheriff Edward Pritchard has been secured as the principal speaker.

An amusing program of games and contests followed with prizes being awarded Mrs. Arthur Wehman and Mrs. John Wehman. The hostess assisted by Mrs. C. W. Price, Mrs. Jesse Harper and Mrs. Kenneth Brown served an appetizing repast.

White Elephant Party Thursday

ELLWOOD CITY, Nov. 9.— A "white elephant" party with Mrs. A. H. Fox as the auctioneer was a unique feature of the regular monthly meeting of the Women's Service club of Wurtemburg held last evening in their club room at Elliott. Twenty five members and two visitors, Mrs. O. W. Hooker and Mrs. Lucienda Duncan, attended.

During the business meeting plans were made to hold a bingo party on Monday evening, December 3, in their club room. A social period followed with a number of amusing games and prizes were awarded to Mesdames Robert Falen, Clifford Vinroe and Homer Ford.

A sensonable luncheon was served by Mesdames Dale Lewis, Howard Wiley, Gertrude Reno and Stella Palm. Adjournment was taken to meet again on Thursday, December 15, when a Christmas party will be featured.

ASSOCIATION MEETING

ELLWOOD CITY, Nov. 9.—Members of the North Sewickley cemetery association will hold their yearly meeting at the cemetery tomorrow afternoon at 2 o'clock. An election of officers will take place at this meeting.

SUNSHINE CLASS

ELLWOOD CITY, Nov. 9.— This evening Mrs. Thomas Baird will entertain members of the Sunshine and Young Men's Bible classes of the North Sewickley Presbyterian church at her home at North Sewickley.

Shelby To Hold Another Fight Show Nov. 27

Matchmaker Joe Latiano Plans To Match Leo Sweeney With Joey Evans

ELLWOOD CITY, Nov. 9.—Announcement was made today that another amateur fight show will be held at the Shelby auditorium on Tuesday, Nov. 27. This will be the last until early next spring.

Matchmaker Joe Latiano has begun to line up an excellent card. He plans to have Leo Sweeney, Pittsburgh, A. A. U. lightweight champion, fight Joey Evans of Ellport, Western Pennsylvania featherweight champion, in the main bout. If the bout is arranged Sweeney will have to come down a number of pounds. Seven other good bouts will be arranged.

School Board Holds Meeting

Repair Work Authorized At Monthly Meeting; Township Gives Indebtedness Certificate

ELLWOOD CITY, Nov. 9.—No action was taken on a number of exoneration lists presented at the monthly meeting of the Ellwood City School board in their rooms of the Lincoln school, last night. Vice-president H. M. Cresswell presided in the absence of President H. W. Smith.

The contract for fireproofing the boiler room in the West End school was awarded to D. K. Cole of this city. His was lowest of four bidders. The board also approved the purchase of a gate for the west end of the stage for the auditorium. It was decided that there will be some alterations made in the transformer house, because of the new wing added to the high school. A trough will also be installed, in the Lincoln school.

The board voted to accept a certificate of indebtness from the township districts in settlement of delinquent tuition at 5 per cent interest instead of six. The board also voted to pay a bill of Albert Dahl out of the general fund.

In his report Supt. Vaughn R. DeLong expressed dissatisfaction in the manner in which the Legion auxiliary play was run last week. He pointed out that children were permitted to roam all over the building. He also asserted that a number of rules were violated.

Supt. DeLong also told of the hearing examinations conducted in the school. This will be completed in January, as only the first eight grades and the Senior A class were examined. The audiometer had to be returned before the examinations could be completed. Proper courses are being taken in working with children with defective hearing. Local teachers were also examined. Parents of children received the reports of the examination.

He gave a short talk on the preparation of Ellwood City teachers and their rating in the state and with other districts.

Supt. DeLong stated that a number of RWD projects had been presented to proper officials in New Castle, and since this will take mostly skilled labor, they will have to wait a period until the common labor projects are completed. The projects submitted were mostly those that have not been previously completed.

PONDER FUTURE OF REPUBLICAN PARTY IN STATE

Different Views Held By Leaders

Some Forsee Establishment Of New Party Alignments In Nation

CONSERVATIVES AND RADICALS LINEUP

By WILLIAM J. KELLY
International News Service Staff Correspondent

PITTSBURGH, Nov. 9.—The "new deal" brought to Pennsylvania by sweeping Democratic victory today caused a wave of speculation as to how Republicans can rise from the mass of wreckage under which they were buried when citidels of a half century crashed.

Few expected such a collapse of the pillars of Republican supremacy. Now the rulers of that once powerful Pennsylvania kingdom—the Republican party—find it difficult to gaze at the unholy sight.

Not only was a powerful seat in the United States senate pulled from its grasp, but all state-wide offices, except treasurer, vent to the Democrats. In addition, the state house of representatives is controlled by the Democrats increased their power in the state senate.

Must Revive Elephant

On the heels of this chance, devastating to the G. O. P. came many expressions of opinion as to what must be done to breathe new life into the Republican elephant. Many leaders saw the organization of a new national party while others think the desired results can be obtained by purging the existing organization of "undesirables." The general belief was that the time is now ripe for leaders of the Republican party to have a better understanding with the rank and file of the voters.

Gov. Gifford Pinchot, independent who campaigned in behalf of the G. O. P., pointed out one avenue for revival, many observers believe, when he asserted the Republican party must go "progressive or stay bust."

Staunch supporters of the G. O. P. think only continual disaster faces the party if present policies are retained. They suggest and confidently expect radical changes.

Sees New National Party

William H. Coleman, chairman of the Republican party in Allegheny county where the Democrats received the decisive vote Tuesday, observed:

"In my opinion ther'll be a new national party come out of it all. There will be one party for the conservatives and another for the radicals.

"Many of the southern Democrats who do not approve of the present Democratic policies and Republicans will join together. The southerners present will not subscribe to the Republican name, so the new party will probably have a new name."

But General Edward Martin, former Republican state chairman, had a different view. He thinks the G. O. P. will stage a come-back.

"If the new deal policies now in force are successful a new party will not be required," Martin said.

"On the other hand, if they do not meet the continued approval of the American people, after further practice, there will be a natural drift to a party in opposition and the Republican party will be that party."

John S. Herron, former Republican mayor of Pittsburgh, who lost to a Democrat last year, saw a necessity for "leaders of the Republican party to have a better understanding with the rank and file of the voters."

Today

Thine The Prophet's Vision.
No Man On Horseback Here.
California Says No EPIC.
Florida's Pleasant News.
By ARTHUR BRISBANE

DEARLY beloved, WHAT an election!

This nation of considerable size and power turning toward the Roosevelt residence, Hyde Park or the White House, exclaims, wit' Longfellow:

"Thine was the prophet's vision, thine
The exaltation, the diven
Insanity of noble minds,
That never falters nor abates,
But labors and endures and waits,
Till all that it foresees it finds
Or what it cannot find creates."

POLITICALLY speaking, water runs uphill. Pennsylvania goes Democratic, and Postmaster General Farley, who worked for it and predicted it, proves again that he knows politics.

Pennsylvania has been the Republican fortress for sixty years. On election after election, Democrats have read above the door to the polls:

"Leave hope behind, all ye (Democrats) that enter here."

WOODROW WILSON could not capture that fortress with the big war to help.

But Franklin D. Roosevelt with the big depression war has captured Pennsylvania and now becomes "Roosevelt the Great."

The Democratic landslide was a Franklin D. Roosevelt landslide. People voted "for Roosevelt" or "against Roosevelt," and the old ballad writer's "child that is unborn" might have guessed what would happen.

THIS ELECTION is far more important than the election of 1932. It is such a tribute to Franklin D. Roosevelt as no man has ever received from a great nation in time of peace.

In 1932 F. D. Roosevelt was elected to try any experiment he chose. He has tried the experiment for two years, and a gigantic vote shouts approval.

For another man than President Roosevelt such overwhelming applause, encouragement and vindication might be dangerous.

A great nation's invitation, "here we are, do with us as you please," might, for some other man that Roosevelt, offer a tempting door to dictatorship and fascism.

It was a feeble demonstration, in comparison, that changed the second Napoleon from president of the French republic to emperor of the French nation.

THE DICTATOR'S door seems to be wide open, but President Roosevelt, who knows the American people, will present to this nation no "man on horseback."

He knows that the highest peak is the most dangerous spot in a mountain range.

His ideas and beliefs date back a long way in his United States ancestry, to the men that built this country on the theory that men should govern themselves.

Anybody offering him the sword of a Boulanger or the castor oil bottle of a Mussolini would hear a polite:

"Much obliged, but no, thanks!"

UPTON SINCLAIR and his "End Poverty in California" have been rejected by California voters. Perhaps Sinclair, well meaning and sincere, is not much disappointed now.

Thee days hence he may be glad. The cold necessity of making good difficult promises disappears from his horizon. He need not give a life pension of fifty dollars a month to everybody over fifty years of age, or face the problem of making profitable farms and factories that former owners could not keep running.

Kipling's butterfly that frightened his wife with threats to stamp his foot and bring a giant magician that would lift the caterpillars' garden high in air was terribly embarrassed when his wife said:

"Go on, stamp your foot, let see your magician."

Mr. Sinclair, though well meaning, might have been embarrassed had California said,

"Go, on, let's see you end poverty in California."

In his first surprise and disappointment, Mr. Sinclair predicts "public discontent amounting to fury," and promises to have the elected Governor, Merriam, recalled by popular vote, predicting for California a deficit of more than $100,000,000 next year.

Mr. Sinclair says "the reactionaries will be chiefly concerned with putting down strikes and starting fascism," but they may be wiser than that. "Reactionaries" have often shown surprisingly good judgment in emergencies.

PLEASANT NEWS from Florida announces passage, two to one, of a sensible, humane bill. Col. Frank B. Shutts, Miami newspaper owner wires:

"The five thousand dollar homstead exemption amendment has been adopted by more than two to one vote, your cooperation in this matter very helpful and it is appreciated. The large financial interests of the state opposed it. The press was almost unanimously against it."

Col. Shutts adds that a constitutional amendment exempting moving picture enterprises from all taxes and assessments for fifteen years was also adopted. This is less important to Hollywood than it would have been had not Mr. Sinclair been defeated.

A SIMILAR telegram signed John E. Cecil, executive secretary, Home Owners' League of Florida, announcing passage of the bill "exempting small homes and farms up to one hundred and sixty acres, together with all improvements thereon, from taxation," says.

"Your excellent editorials were a large factor and were extensively quoted by papers, large and small, throughout the state. Opposing papers made a strong but futile effort to discredit statements made by you."

It is pleasing to have had a hand in making it possible for Americans, in one state at least to say:

"I own a roof and a piece of land that tax gatherers cannot take away from me or my children."

THE NEW YORK State voters agreed with Mrs. Franklin D. Roosevelt that the latter's good friend, Mrs. Caroline O'Day, would make a first class congressman-at-large from New York. They gave her a plurality of more than six hundred thousand.

HERBERT H. LEHMAN, New York Governor running for re-election, carried the state by nearly a million.

When former Commissioner Dorman, of New York, sent word to this writer that he would like to have a contribution for Mr. Lehman's campaign, the answer was:

Gov. Lehman doesn't need any contributions and needs no campaigning. He will be re-elected by at least 600,600."

Lehman added about 300,000 to that estimate.

THERE and HERE

In Algiers the people who have something to sell cry their wares from a little stall in the market place. And those who buy saunter from stall to stall making their purchases.

But in New Castle we arrange things somewhat better. The purchaser can review every offer from his easy-chair, simply by reading the brief, pointed descriptions in the Classified Columns.

Some perennials, if they are not too large, thrive under winter care. Instead of having their growth retarded, they continue to gain in strength for future blossoming. These are of the kind that grow or bloom more or less continuously, such as the Gerbera or African daisy, the blanket flower or Gaillardia, aristata, the snapdragons, the Dianthus or pinks, and any stalks of the hardy chrysanthemums that have not bloomed.

Guard Caffery Close In Cuba

Fear American Ambassador In Constant Danger Of Being Assassinated

TERRORISTS ARE BECOMING ACTIVE

By KINGSBURY SMITH
International News Service Staff Correspondent
Copyright, 1934, By International News Service

WASHINGTON, Nov. 9—Ambassador Jefferson Caffry, at Havana is in constant danger of assassination by Cuban terrorists.

The danger has become so grave that he is constantly guarded by Cuban detectives and soldiers. His motor car is always preceded by a government machine carrying detectives or soldiers. Government troops are constantly on guard at the American embassy.

Terrorists Active

Terrorists have fired on the American embassy several times, wounding a soldier guard on one occation.

Those who have recently visited Caffery stated today his staff fear he may bme assassinated if terroristic conditions continue to prevail. The state department is worried.

However, the danger lies not from the fact that there is any personal animosity toward him. On the contrary, the witty diplomat from Louisiana is considered well liked by the Cuban populace as a whole. It is because of his position. Officials here feel the same situation would apply to any American ambassador appointed to Havana at the present time.

Different Elements

The danger lies from terrorists belonging to three different political elements all of whom are vehemently opposed to the existing government of President Carlos Mendieta. These three factions are followers of former President Grau San Martin; dissatisfied members of the dreaded A. B. C. powerful secret political organization: and communistic elements.

All three groups wish to see the overthrow of the Mendieta government. By maintaining unrest through terroristic activities, they hope to cause popular dissatisfaction with the Mendieta government and thus pave the way for its overthrow.

American Support

The greatest danger to Caffery is believed to be from the Grau San Martin and A. B. C. elements, both of whom are seeking to create the belief that the Mendieta government is being maintained in power solely by American support.

Fear prevails here that these political factions might believe the assassination of the ambassador would cause the downfall of the Mendieta government and pave the way for their rise to power.

'HOPELESS CRIPPLE' BARRED BY POLICE

International News Service)

PRAGUE, Nov. 9.—Josef Prochazka has only one leg—but the police have just given him orders forbidding him to enter the town of Olomouc, owing to his "violent behaviour."

A quarrel some years ago caused Josef's loss of his leg. The loss has done nothing to lessen his love of a fight. Now Josef, having provoked a quarrel, quickly unscrews his wooden leg and uses it as a weapon.

The police ban is the sequel of Josef's sixteenth appearance in court charged with inflicting grievous bodily harm. Josef's defense was that he had been insulted as a "helpless cripple."

SHOWS IMPROVEMENT

Joseph Owrey, aged 3 of Harbor street, who is in the New Castle hospital, continues to show improvement. The youngster was burned when he fell into a bonfire near his home recently.

New Faces In United States Senate Are All Democrats

Fourteen new faces will appear in the United States senate when congress convenes January 3 and every one belongs to a Democrat, owing to the greatest political triumph since the Civil war in an off-year election. The Democrats actually gain 10 seats in the senate, increasing their total to 70. The new senators are (1) Walter D. Chavez, N. M.; (2) Joseph F. Guffey, Pa.; (3) Edward R. Burke, Neb.; (4) A. Harry Moore, N. J.; (5) Sherman Minton, Ind.; (6) Francis T. Maloney, Conn.; (7) George W. Radcliffe, Md.; (8) Vic Donahey, O.; (9) James E. Murray, Mont. (short term); (10) Rush D. Holt, W. Va.; (11) Lewis B. Schwellenbach, Wash.; (12) Theodore G. Bilbo, Miss.; (13) Peter G. Gerry, R. I., and (14) Harry S. Truman, Mo.

Killer, 19, Faces Trial Third Time

(International News Service)

COLORADO SPRINGS, Nov. 9—Walter Reppin, 19-year-old Newark, N. J. orphan, who pleaded guilty to the murder of Vincent Regan, Colorado college student and taxicab driver, will be tried for his life for the third time here.

At his first trial Reppin was sentenced to be executed in the lethal gas chamber at the State penitentiary. Three days before the date on which he was to die, Phillip Hornbein and David Rosner, Denver attorneys who voluntarily took his case, filed an appeal. The second trial, held here in August, resulted in a jury disagreement.

The only question the jury is to dicide is whether Reppin will die or be sentenced to life imprisonment, as he has already pleaded guilty to the murder.

Rings For Toes Is London Style

(International News Service)

LONDON—Glass sandals for milady's evening wear are among exhibits at the Shoe and Leather Fair. They are made of finely spun glass woven into a fabric of heavy silk. They are shown in all colors.

Another innovation is the colored ring to be worn on the small toe of sandals. The ring's color is intended to mach the nail polish of the wearer.

MIDWIVES BUSY

HARRISBURG — Two hundred and thirty-nine babies were born under midwife supervision during the last month, according to a report released today by Secretary of Health Appel. There were no maternal deaths involved.

Members of the State Health Department's nursing bureau made 349 follow-up visits in the homes, which is a routine procedure when births are supervised by midwives.

Profit-Taking Halts Market

Market Makes Strong Effort To Renew Rally, But Profit-Taking Occurs

(International News Service)

NEW YORK, Nov. 9.—The stock market made a renewed effort to resume with Wednesday's rally, but again met with only moderate success as the profit taking carried over into today's session.

Building shares were the best performers today with John Manville, U. S. Gypsum and American Radiator in consistent demand at advancing prices.

Railroad shares were laggards, with only Atchison receiving any appreciable sponsorship. New York Central, Pennsylvania, Baltimore & Ohio and Southern Railway were unable to make much headway.

In utility shares Consolidated Gas, Water Works held in a narrow range.

United States Steel, Bethlehem and other industrial shares pointed slightly higher, but trading was comparatively light.

Auto equipments were in good demand with Briggs Manufacturing going through to a new high for the year.

Oils worked moderately higher, while liquors, aviations and specialties marked time.

Commodity markets were mixed with cotton down slightly while grain firmed.

Entries Root for Twins as Maternity Marathon Nears Finish

With $500,000 bequest of Charles V. Millar for Toronto's most prolific mother at stake at least two contestants are hoping for definite leadership through the birth of twins soon. They are Mrs. Grace Bagnato (left) and Mrs. Matthew Kenny, 10 of whose 13 children have been born since 1926. Mrs. Bagnato is the mother of 22, of whom 8 have been born since the contest started with the filing of Millar's strange will. Dark horses are Mrs. William Jasper whose 7 children, all girls, born since 1926 are shown above, and Mrs. Stefano Darrigo, shown lower with her husband and 12 of their 16 children, of whom 7 were born since the "maternity marathon" got under way.

PLAYTHINGS THAT PUT THE CHILDREN TO WORK WILL MAKE THEM HAPPY

Left, construction toys; center, playing business; right, keeping house.

If you want your children to be happy, put them to work. That is the psychology of successful toy buying. The youthful cowboy at the left is doing his bit to back up the president's building program with the latest models in construction toys. In the center a boy and girl are playing business, with real executive desk, dial typewriter and miniature telephone. While right, Sally Blane is showing her policeman brother, Bob, what an efficient housekeeper she is with the newest home making playthings.
